

Connecticut

State Supplementation

Mandatory Minimum Supplementation

No recipients.

Optional State Supplementation

Administration: State Department of Social Services.

Effective date: January 1, 1974.

Statutory basis for payment: Connecticut General Statutes, section 17b-600.

Funding

Administration: State funds.

Assistance: State funds.

Passalong method: Maintaining payment levels.

Place of application: Regional offices of state agency.

Scope of coverage: Optional state supplement provided to all aged, blind, and disabled SSI or Title II recipients living alone or with others. No provision is made for essential persons. The only children eligible for supplementation are those who are blind. Blind and disabled recipients are reclassified as aged upon reaching age 65.

Resource limitations: No limit on real property occupied as a home. Equity in real property other than a home must be liquidated. Value of personal property (excluding household and personal effects, car if needed, and tools and equipment or livestock essential to production of income) is limited to \$1,600 for an individual and \$2,400 for a couple. In addition, up to \$1,800 for burial contract is reduced by the value of irrevocable burial arrangements and the face value of life insurance policies of \$1,500 or less.

Income exclusions

Unearned income: For recipients residing in the community, state disregards \$278.00 of any unearned income including SSI; for recipients residing in boarding homes, \$185.70 is disregarded. The disregard is \$345.90 for recipients residing with unrelated persons in the community.

Earned income: The first \$65 and one-half of the remainder for aged and disabled; the first \$85 and one-half of the remainder for the blind. Work-related expenses for the blind, including personal expenses such as Social Security tax, life and health insurance, lunch, and transportation, are excluded. Additional deductions are allowed for the blind and disabled related to plans for self-support. Those who are disabled are also allowed deductions for impairment-related work expenses.

Recoveries, liens, and assignments: Liens secure claims against real property. State has a preferred mandatory claim against an estate to the extent that it is not needed for the support of the surviving spouse, parent, or dependent children of the decedent. Liens may be released upon payment of claim or amount equal to beneficiary's interest. If applicant or recipient owns other nonhome property, he or she must be making a bona fide effort to sell it. During that time, he or she gives the state a security mortgage.

Financial responsibility of relatives: Spouse for spouse.

Interim assistance: State participates.

Payment calculation method: A standard applies that is established by the state for the total SSI payment. The federal SSI payment and any countable income are deducted from the state standard. The remainder is the state supplementation.

Payment levels: See Table 1.

Number of recipients: See Table 2.

Total expenditures¹: The state reported expenditures of \$42,609,009 for calendar year 2010 in state-administered payments to SSI recipients.
