Program Mission: The mission of Van Gogh’s Palette, Inc. is to assist, promote and celebrate individuals recovering from mental illnesses in their effort to improve social and vocational skills and become employed in the community. This will be accomplished with the input of the individual, utilizing his/her talents while demonstrating respect, encouragement and dignity.

Hours of Operation: Monday – Friday: 8:00am – 4:00pm

Saturday and Sunday: 9:00am – 1:00pm

Persons recovering from mental illnesses are able to relearn vocational and social skills by participating in a training program known as the “work-ordered day.” Persons that choose to participate in the clubhouse are able to perform certain duties in the work units (food service, business and employment) as a way to relearn how to interact with other people and how to complete simple tasks, thus learning basic work skills. Membership to Vincent House is open to the public. The prequalifications for participation are a history of mental illness and a desire to participate.
