¹State designation is based primarily on employee residence. See Preface for further explanation.

²Counties are excluded from publication if sampling or disclosure rules resulted in no data for that county.

³Workers of other races and workers for whom race was not reported are included in the U.S. total, State total, County totals, and in the totals for men and women.

⁴Workers with earnings reported in more than one State are counted in each State but are counted only once in the U.S. total.

⁵Workers with earnings in both wage and salary employment and self-employment are counted in each type of employment but only once in the total.

⁶Based on Social Security (OASDI) annual maximum taxable earnings of \$61,200 in 1995.

⁷Includes all employer-employee OASDI and Medicare (HI) contributions. In 1995, earnings up to \$61,200 were subject to both OASDI and HI taxes. For earnings above \$61,200, only HI taxes were payable.

⁸Data not shown to avoid disclosure.

⁹Includes persons employed in American Samoa, Guam, U.S. citizens employed abroad by American employers, and persons employed on oceanborne vessels.
