#### D. MEASURES OF PROTECTION

#### 1. Coverage

We estimate that about 176 million people will work in OASDI-covered employment in 2021.

We estimate that about 94 percent of workers in paid employment and self-employment are covered under the OASDI program.

## 2. Benefit receipt among the elderly

As of June 30, 2021 we estimate that about 88 percent of the population aged 65 and over were receiving benefits.

# 3. Protection for survivors of young workers

We estimate that about 96 percent of persons aged 20-49 who worked in covered employment in 2020 have acquired survivorship protection for their children under age 18 (and surviving spouses caring for children under age 16).

### 4. Disability protection

We estimate that about 89 percent of persons aged 21-64 who worked in covered employment in 2020 can count on monthly cash benefits if they suffer a severe and prolonged disability.

b Because the benefit amounts for workers and for the various types of family members and survivors are based on different proportions of the worker's benefit, average monthly amounts for groups of these different kinds of beneficiaries are not meaningful.

b See footnote "a" in Table A

<sup>&</sup>lt;sup>c</sup> In most cases, the family includes a widowed parent whose benefits are withheld due to earnings.

a Less than \$50,000,000

<sup>&</sup>lt;sup>b</sup> Benefit payments which were scheduled to be paid on January 3, 2021 were actually paid on December 31, 2020 as required by the statutory provision for early delivery of benefit payments when the normal payment delivery date is a Saturday, Sunday, or legal public holiday. The amount of these payments made on an accelerated basis was approximately \$18.7 billion for the OASI Trust Fund and \$6.1 billion for the DI Trust Fund. For comparability with the values for historical years, the trust fund operations and asset reserves presented here reflect the 12 months of benefits scheduled for payment each year.
