

Summary Measures and Graphs

Category of Change: Level of Monthly Benefits

Proposed Provision: B3.13. For retired worker beneficiaries newly eligible in 2030 (excluding disabled workers), add a new bend point at the wage-indexed equivalent of the 50th percentile of the AIME distribution minus \$100 (for 2015 eligibility) and change the PIA factors to 95/32/15/5. Also move the current-law first bend point from the wage-indexed equivalent of \$1,115 in 2023 to \$1,417 in 2023. Phase this provision in over 10 years (2030-2039). The phase-in would work on a weighted-average basis: 90% of CL formula + 10% of proposal formula for 2030, 80% of CL formula + 20% of proposal formula for 2031, and so on.
