The eFolder initially displays with all exhibits hidden. Medical and Vocational Experts have access to three sections of the eFolder:

- **Section A. Payment Documents/ Decisions**: Contains disability determination notices.
- **Section E. Disability Related Development**: Contains the Disability Reports, Vocational Reports, Medical Release forms, and Activities of Daily Living (ADL) forms.
- **Section F. Medical Records**: Contains all exhibited medical evidence from all levels of the disability claim (initial, reconsideration, and hearing).

NOTE: The electronic folder will identify exhibits from a prior folder by adding an asterisk (*) before the exhibit number (#) and “Exhibited From A Prior Folder” in the description after the document name.

Troubleshooting

Unable to Access an eFolder

If you receive an Access Denied or Unable to Process Your Request message after entering the claimant SSN, the reason may be:

- You entered an incorrect SSN
- You are not assigned to this specific case
- The case is NOT electronic or pending at the Hearing level
- The Interrogatory has been received or the Hearing has been held

Verify that you entered the correct SSN and try again. If you receive another error message, we recommend you save a screen shot and email it, along with your contact information, to OHO.ERE.Expert.Support@ssa.gov. Please DO NOT include SSNs in your email.

Access Suspended

We automatically suspend your ERE eFolder access account if you have 10 unsuccessful attempts when entering a claimant SSN. Once suspended, you will have to wait 24 hours for your ERE account to be automatically unlocked.

If you enter an incorrect SSN more than three (3) times, we recommend that you stop and send an email to OHO.ERE.Expert.Support@ssa.gov. Do not include SSN’s in your email correspondence.
**Timing Out**

ERE will automatically log you out:

- After 30 minutes of inactivity - This is a safeguard to protect your ERE eFolder access account and the claimant’s information. If this happens, you will have to sign into ERE again using the specialized link.

- After 2 hours of activity - This is another safeguard. If this happens, you will have to sign into ERE again using the specialized link.

**Common Problems**

- Bookmarks - **Never** bookmark screens within ERE. The **only** bookmark you should use for ERE is for the sign-in screen at [https://secure.ssa.gov/ERECA/MEVE01View](https://secure.ssa.gov/ERECA/MEVE01View).

- Back Button - **DO NOT** use the Back button or “X” out of your Internet browser. You should always use the **Sign Out** button at the top left of the ERE screen.
