Annual Earnings Items Completed (millions)	289
Social Security Statements Issued (millions) ⁴	19
Selected Production Workload Measures	
Disability Determination Services Production per Workyear	255
Office of Hearings Operations Production per Workyear	93

¹ In response to the COVID-19 pandemic which began in mid-March of 2020, SSA took steps to protect the public and our employees. This included further encouraging online automated and telephone services, limiting in-person service in field offices, and temporarily suspending certain adverse actions that would normally result in a reduction, suspension, or termination of Social Security of SSI benefits.

² The average processing time data does not include the special processing of iAppeals claims that involve a specific universe of online appeals that claimants abandoned prior to completion.

³ Average processing time for hearings is an annual figure. End of year (September) actual processing time is 355 days for FY 2020.

⁴ The Social Security Statements Issued measure includes paper statements only; it does not include electronic statements issued. In FY 2020, *my* Social Security users accessed their Social Security Statements 64 million times. In FY 2020, we spent approximately \$9.7 million to send approximately 19 million statements to individuals aged 60 and older who were not receiving Social Security benefits.
