Mental Health Professionals provide mobile crisis counseling, consultation, assessment, emergency medicine; referral for hospitalization or further evaluation; and consultation with concerned others where appropriate. In addition, COPE works closely with Community Support Programs (CSPs). Cope's goal is to manage crises within the person's place of residence and decrease the need to refer clients out of their homes for emergency care.

Organization: **Community Support Services Programs (CSPs)**

Address: Seven Sites Available. See site listings below.

Description: Hennepin County contracts with four providers to deliver psychosocial rehabilitation services at seven geographically accessible CSP sites. These programs provide easy access to services for persons with serious and persistent mental illness who have a history of, or serious risk of, crisis and destabilization and who need ongoing assistance to maintain community stability. Individuals may need services for both mental health and chemical health issues.

Services include access and outreach, adult rehabilitative mental health services (ARMHS), housing support, and individual and group training in basic living and social skills. CSPs are the sites for the Mental Health Initiative Teams that provide team-based intensive case management services. CSPs also provide Rule 79 case management for persons ready to leave intensive case management services.

Description: Health Insurance District residents have several health care insurance options, depending on their age and income level.

Under 65 and Low Income

The DC Healthy Families program provides free health care coverage for uninsured children less than 19 years of age and their parents or guardians. For individuals age 19 to 65 who are not eligible for Medicaid, DC Healthcare Alliance may provide free or low cost coverage if you meet low-income levels. Medicaid provides coverage for a number of needy groups, including elderly, disabled, HIV sufferers, and certain immigrants who meet specific low income levels. Use the online Social Service Benefits Interview to find out if you might be eligible for free or low-cost health insurance, free or low-cost prescription coverage, or other health programs from the District.

Under 65 and High Income

Many employers provide health insurance for their employees, often offering several options. Learn about the factors to consider when you are choosing among a variety of health care insurance options. District residents can also purchase private health insurance. Learn about insurance companies that offer health care insurance to District residents.

65 and Over

Medicare provides a basic level of coverage, with supplemental coverage and Medicare/HMO coverage available for additional fees. Additional coverage is available for prescription drugs for seniors.

The District's Office on Aging also provides free health insurance counseling to help seniors select the coverage that best meets their needs.
