Description
Some Employee Wage Records in the wage report contain Names and/or Social Security Numbers (SSNs) that do not agree with our records. This may be due to a data processing error. Check the structure of the wage report to ensure that Names and SSNs are in the proper positions in the RW Records. Also, please check all names to ensure that: a) the first name and/or the last name fields are not blank; b) the name agrees with the individual's name exactly as it is shown on the individual's Social Security card; c) the first name, middle name and last name are provided in separate fields; d) the individual's title (Mr., Mrs., etc.) is not included in any of the name fields. Please check all SSNs to ensure that: a) the SSN agrees with the individual's SSN exactly as it is shown on the individual's Social Security card; b) the SSN is nine (9) numeric characters and does not contain letters, blanks, spaces, hyphens, prefixes or suffixes; c) the SSN does not begin with "666" or "9"; and d) the SSN is not in reverse order.
