

Tax Year 2022 Employer Report Status Tutorial

Users can check wage report status or view errors for wage reports submitted for their companies by a third party. This option is available only to users who have the View File/Wage Report Status, Errors, and Error Notices role in their registration profile.

Step-By-Step Instructions

1. Select **Business & Government** tab on the “Social Security” home page, then select **Business Services** menu to go to the “Business Services” page. On the “Business Services” page, select **Log in or Use Business Services Online** button to go to the “[Business Services Online](#)” page.

Business Services Online

Welcome

The [Business Services Online Suite of Services](#) allows organizations, businesses, individuals, employers, attorneys, non-attorneys representing Social Security claimants, and third-parties to exchange information with Social Security securely over the internet. You must register and create your own password to access Business Services Online.

Alert

Effective September 19, 2022, the registration process for Business Services Online (BSO) will change. After you register to use BSO, or for any new BSO service, we will mail an activation code to complete the process. This includes those submitting W-2 and W-2C reports. This extra layer of security is to ensure your information is safe and secure.

The activation code is **MAILED** to the employer whose Employer Identification Number you are using, at the employer’s business address registered with the IRS. Your employer will usually receive it within two (2) weeks. You will not be able to report wages to us until you have entered the activation code to complete the registration process.

We recommend registering for BSO before W-2 reporting season in January. This will ensure you are in compliance before submitting W-2s.

We appreciate your patience.

Alert

W-2 Online and W-2c Online are temporarily unavailable for a system enhancement.

The [Complete Phone Registration](#) option is provided to individuals who began their Business Services Online registration by phone and need to create a password.

Please check all SSNs to ensure that: a) the SSN agrees with the individual's SSN exactly as it is shown on the individual's Social Security card; b) the SSN is nine (9) numeric characters and does not contain letters, blanks, spaces, hyphens, prefixes or suffixes; c) the SSN does not begin with "666" or "9"; and d) the SSN is not in reverse order.
