On March 25, 2023, we updated how you access a BSO account to use the following services:

Wage file upload
W-2/W-2C online
AccuWage online
Social Security Number Verification Service
View wage report name/SSN errors

Important

• You MUST start at the BSO Welcome page www.ssa.gov/bso.

• The first time you access BSO after March 25, 2023, you will need to select the 'Log in' link. If you do not have a Social Security online account, Login.gov or ID.me credential, select the 'Create account' link to verify your identity with one of our credential service providers.

• Please use the ‘Log in’ link when accessing BSO after that.

• Your BSO User ID and password is no longer used to access BSO employer services. You must have a Social Security online account, Login.gov, or ID.me credential to gain access to the BSO application.
Navigate the New Sign In Process!

The initial Social Security sign in screen looks the same for a business and personal account. It is important that you start from the BSO page to access BSO services. You will not be able to access BSO services otherwise.

[www.ssa.gov/bsowelcome.com](http://www.ssa.gov/bsowelcome.com)

If you do not have a Social Security online account, select *Create an account* to verify your identity and create one.

If you already have a Login.gov or ID.me account, you can also use it to sign into BSO.

If you have a Social Security online account, you can enter it here. Note: This is **NOT** your existing BSO User ID and password.
