Appointed Representative Access to the Electronic Folder

Overview

This guide provides Social Security Administration (SSA) claimants' appointed representatives with detailed instructions for viewing and downloading documents, as well as downloading multimedia files, in their claimant's electronic folder. It also provides guidance on submitting evidence in electronic format (e.g., briefs and additional disability-related evidence) using the upload feature inside the claimant's electronic file. The goal is to provide cost effective eGovernment services to appointed representatives that will give them the ability to transact securely and easily most of their business with SSA electronically.

Appointed Representatives Requirements for Access to the Electronic Folder

- You must have a User ID, a Rep ID and a self-selected password;
- The claimant's file must be electronic at the Hearing or Appeals Council level; and
- The link **Access Claimant's Electronic Folder** must be displayed on the **Electronic Records Express Home** page under the **Appointed Representative Services** heading.

Logging into the Appointed Representative Services:

Log into Business Services Online at www.socialsecurity.gov/ar

NOTE: You must open a *single* browser session to log into the Appointed Representative Services to access electronic folders. After login, do not open multiple browser sessions to open electronic folders and review or download files.

The User ID and password for the Appointed Representative Services cannot be used on other Social Security Administration website login pages. The login will fail and be considered an invalid attempt. After a certain number of invalid login attempts, your User ID may be suspended.

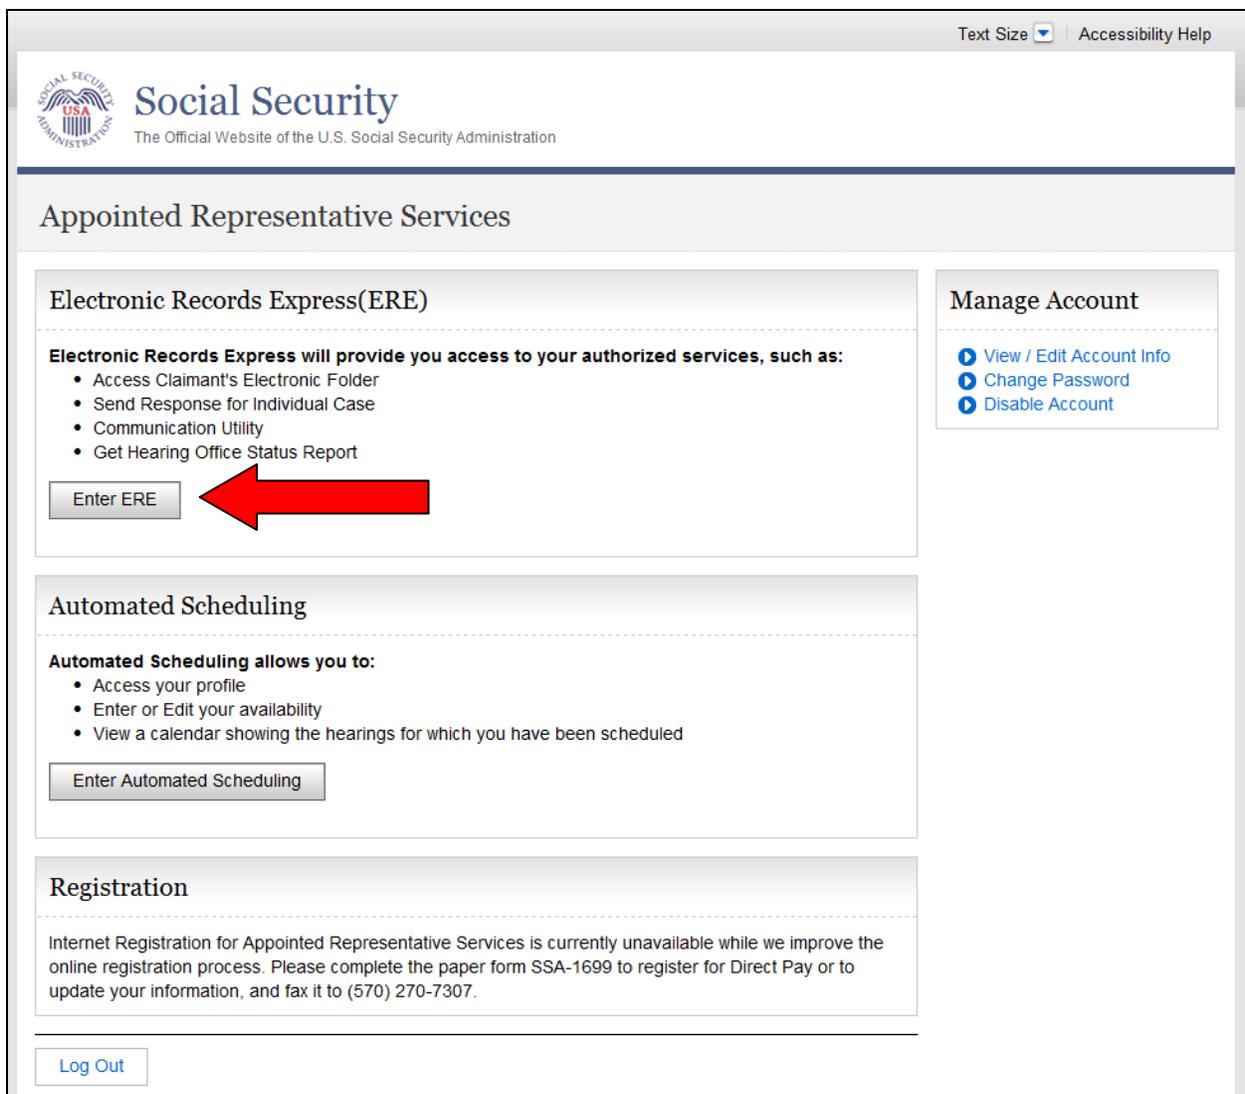

Appointed Representative Services – Main Menu

The **Main Menu** page (Figure 1) displays the following application links:

- **Electronic Records Express (ERE)** - Provides access to eFolder services.
- **Automated Scheduling** - SSA is currently piloting the Automated Scheduling Application (ASA). The pilot is limited to invited participants only. Representatives enrolled with ARS will be notified when the ASA application is available for all representatives for use.

Select **Enter ERE** button.

Figure 1

The screenshot shows the Social Security Administration's website for Appointed Representative Services. At the top, there is a header with the SSA logo and the text "Social Security The Official Website of the U.S. Social Security Administration". To the right of the header are links for "Text Size" and "Accessibility Help". Below the header is a main heading "Appointed Representative Services". The page is divided into three main sections: "Electronic Records Express(ERE)", "Automated Scheduling", and "Registration". The "Electronic Records Express(ERE)" section contains a list of services and a button labeled "Enter ERE", which is highlighted with a red arrow. The "Automated Scheduling" section contains a list of services and a button labeled "Enter Automated Scheduling". The "Registration" section contains a message about the unavailability of online registration and a "Log Out" button.

NOTE: The names and other identifying information contained in this document were created for test scenarios and do not represent actual individuals.

Download Documents to Zip or PDF

- You can choose to download documents to either a Zip or PDF file.
- First, select the document(s) you want to download by using the selection methods noted above.
- Then choose either **Download Selected to Zip** or **Download Selected to PDF** (Figure 12).

NOTES:

- If a single document size is more than 400 pages, **Download Selected as Zip** should be used.

- PDF download requests may be converted to a Zip download if any requested documents are corrupted. The Zip download allows all uncorrupted documents to be opened. The email notification for the download will indicate that a Zip download was provided even though a PDF was requested.

Helpful hint when opening a Zip file:

- Save the Zip file you requested from the **Pickup Files** (Figure 15) page.
- Go to the location where you saved the Zip file and open it by double-clicking.

NOTE: If you have difficulty opening the file you may not have associated Zip software to open the files. Some operating systems, such as Mac OS X, Windows XP and Vista, come with Zip capability. Other systems may have add-on software. If you have difficulty opening the Zip file, you may need to add Zip software to your system, or you may re-download the file to PDF.

- Extract all the files/folders in the Zip file package into one folder to the desired location
- Go to the location where you extracted the files.
- To view the documents, select the index.html file which will open to the **Case Documents Index** or **Exhibit List Index** page.
- To play a multimedia file, see instructions below.

Helpful hints when using the PDF download:

- Save the document(s) first before opening.
- Adobe 8 or higher may be useful if manipulating documents.

Helpful hints when opening and playing a Multimedia file:

- Extracting Zip File Contents:**
 - Save the Multimedia file you requested from the **Pickup Files** (Figure 15) page.
 - Go to "Helpful hint when opening a Zip file" above and follow instructions from step 2 to 4 to extract (unzip) the file.

2. Setup “TheRecord Player” Search Folders:

Once you extracted the Zip file, follow instructions below to specify locations on your computer for “TheRecord Player” to search for audio.

1. Click **Start**, point to **All Programs**, then **ForTheRecord** and click **TheRecord Player**.
2. When **TheRecord Player License Agreement** appears, select “Don’t show this screen again” checkbox on the bottom left, and then click “I Agree” button.
3. From **TheRecord Player**, click **Open** icon (first icon on the bottom).
4. From the **Open** dialog box, click **Manage Search Folders** icon (second icon in the top left).
5. From the **Manage Search Folders** dialog box, click **Add Search Folder** (first icon on the right).
6. In the **New Search Folder** dialog box, click **Browse**.
7. In the **Browse For Folder** dialog box, go to the folder that contains the audio file, and then select the audio file (which contains .trm file extension) you wish to add and click **OK**.
8. Click **Next**.
9. In the **Search Folder Name** dialog box, enter a user friendly name (ex. Archive Recordings).
10. Click **Next**.
11. In the **Search Priority** dialog box, set the priority by clicking **Priority Up** and **Priority Down**.
12. Click **Finish**.
13. If a **Manage Search Folder** dialog box appears, click **Close**.

Note: Having multiple search folders can be helpful when attempting to download and play previously downloaded audio. Adding the same audio file, that has been previously downloaded to the same folder, could potentially compromise audio quality.

3. Playing Audio Files:

Once you extracted the Zip file and setup the Search Folders, follow instructions below to play the audio file:

1. Click **Start**, point to **All Programs**, **ForTheRecord** and click **TheRecord Player**.
2. From **TheRecord Player**, click **Open** icon (first icon on the bottom).
3. From the **Open** dialog box, expand the desired Search Folder, date folder and label folder by clicking the plus sign.
4. Once the multimedia file is revealed (where media type contains .trm file), select it and click **Open** button.
5. Click **Play** on “TheRecord Player”.

For more information, please visit [FTR “TheRecord Player”](#).

Uploading Documents

Once inside the electronic file, upload new documents by selecting the **Upload New File** (Figure 16) button.

Attach and Upload Files

Figure 19

The screenshot shows the 'Electronic Records Express' interface. At the top, it says 'Social Security Online' and 'Electronic Records Express Home'. The user is identified as 'BILL APPERSAND' with email 'Bill.Appersand@ssa.gov'. The main heading is 'Send Response for Individual Case' and the sub-heading is 'Attach and Upload Files (Step 2 of 3)'. There are links for 'Log Out', '< Back to Appointed Representative', and 'Services Main Menu'. A 'Destination and request summary' section shows: Destination: MD - Baltimore ODAR [T21], RQID: 13385, DR: F, SSN: 078-06-1201, RF: D, CS: . An 'Edit Summary' button is below. The 'Attach and upload files to this response:' section includes a warning: 'A maximum of 8 files can be added and all files must total less than 50MB. File types accepted: .wpd, .doc, .docx, .jpg, .bmp, .mdi, .txt, .rtf, .xls, .xlsx, .pdf, .tiff, .tif. Please do not upload password-protected files because they cannot be processed.' Below this is a form for 'File 1:' with a 'Browse...' button (indicated by a red arrow), a 'Document Type' dropdown, a 'Document Date' field (mm/dd/yyyy), and a 'Notes' field (40 characters) with a 'Clear File 1' button. An 'Add Another File' button (indicated by a red arrow) is below. At the bottom are 'Cancel', 'Prior Page', and 'Submit' buttons.

- Attach your file by selecting the **Browse** button and locating the document.

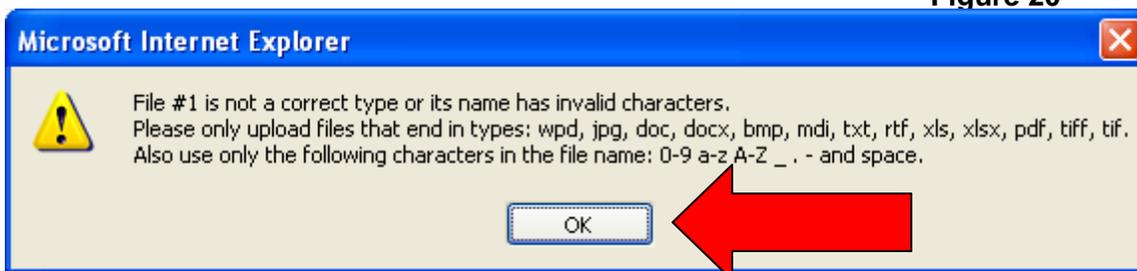

NOTES:

- File types accepted are: **.wpd, .doc, .docx, .jpg, .bmp, .mdi, .txt, .rtf, .xls, .xlsx, .pdf, .tiff, and .tif.**
- Please refer to the section entitled “Reminders and Helpful Tips” on page 25 for more information on acceptable file names.
- **ONLY** upload non-password protected documents.
- Do not upload documents containing macros (i.e., a set of instructions or scripts that automates tasks). They may cause system problems, which will require you to resubmit your documents without macros.
- You can send up to eight files for one claimant using ERE. To add additional files, select the **Add Another File** button and repeat the previous steps.
- When finished, select the **Submit** button. You will receive a tracking number when your documents are sent.

NOTE: If you select **Prior Page**, you will return to the previous page and all information previously entered will be lost.

If an invalid document was attached an alert message (Figure 20) similar to the message shown below is displayed. Select **OK** to re-enter the correct information.

This **Tracking Information** page (Figure 21) acknowledges that SSA has received the uploaded document(s). This page indicates the specific filename and document type of each uploaded file.

The **Tracking Information** page only acknowledges that the transmission has been sent. A notification will be sent by email if there are any errors or problems that prevent SSA from processing the submission.

NOTE:

- You cannot “bookmark” this page.
- You cannot retrieve tracking information after exiting the page so you need to print or save this vital information.

Uploaded Document is Not in eFolder

Documents are added to the eFolder **Case Documents** tab automatically. Once added to the **Case Documents** section, the Hearing or Appeals Council Office must take a manual action to copy a document from the **Case Documents** tab into the **Exhibit List** tab.

Steps to verify document has been added to eFolder

1. Check the **Case Documents** tab (Figure 21) to see if the document has been added.

2. The user that uploaded the document can check on the status of documents he or she submitted using the **Upload New File** or **Send Response for Individual Case** function by selecting the **Track Status of Submissions** link on the **Electronic Records Express Home** page (Figure 22). (More information on using this function is available in the User Instructions for **Track Status of Submissions**.)

Figure 22

If the document is not added within 48 hours, the document should be resubmitted. Verify that the RQID submitted is the exact duplicate of the RQID displayed in the barcode.

Reminders and Helpful Tips:

- **Naming Your Electronic Claimant Records**
The ERE website will accept electronic filenames that contain the following characters:
 - ✓ Numbers
 - ✓ Letters (uppercase and lowercase)
 - ✓ Backslashes “\”
 - ✓ Underscores “_”
 - ✓ Hyphens or Dashes “-”

The following characters will make your electronic file name **invalid**:

- ✗ Punctuation Marks (commas, semicolons, parentheses, etc.)
- ✗ Symbols (*, %, <, >, |, etc.)

IMPORTANT NOTE: ONLY upload non-password protected documents.

- **The wrong RQID was used while submitting a document.** The document goes to a queue that requires manual intervention by Social Security Administration staff. If the document is not added to the electronic folder within 48 hours, resubmit the document using the correct RQID.
- **The wrong document was submitted.** Immediately contact the office that is working on the file. Social Security Administration staff will remove the incorrect document.

- **Receive SSA Communications about ERE outages.** SSA's Office of Systems uses the **Bulletin Board** section of the ERE website to alert registered users of new information, such as any scheduled maintenance or new functionality. You can also be notified by email prior to any scheduled maintenance by selecting the red envelope link, **Get important information about Electronic Records Express availability** (Figure 23). Select the link and follow the instructions.

The page contains a list of terms and conditions, a warning section, and a form for entering the claimant's Social Security Number. A large red arrow points to the input field for the Social Security Number.

By entering this United States Government Website, I agree to the following terms and conditions:

- I will not disclose any information or data about a claimant that I access on this website without the claimant's written, signed consent unless there is a Federal law or regulation authorizing me to disclose this information or data;
- I will not knowingly furnish, or participate in furnishing, false or misleading information to the Social Security Administration;
- I will not enter this website unless I have installed anti-virus software, anti-spyware software, and personal firewalls on my computer;
- I will update my operating system, application software, and security software regularly to maintain the latest data protection;
- I will not store User-IDs and passwords on my computer.

WARNING

- If you improperly disclose any information or data that you access on this website or fail to take proper measures to protect that information or data from improper disclosure, and your actions result in an improper disclosure, you may be suspended for 1-5 years from representing anyone before the Social Security Administration, or you may be disqualified from representing anyone before the Social Security Administration for an indefinite period of time.
- If you improperly disclose any information or data that you access on this website or fail to take proper measures to protect that information or data from improper disclosure, and your actions result in an improper disclosure, you may be found guilty of a felony and subject to a fine of not more than \$10,000 or imprisonment of not more than 5 years, or both.
- If you knowingly furnish, or participate in furnishing, false or misleading information to the Social Security Administration, you may be subject to civil and/or criminal prosecution.
- Use of the Certified Electronic Folder may be monitored, recorded, and audited. We may disclose unauthorized or improper use to law enforcement personnel investigating or prosecuting a violation of civil or criminal law and to officials of domestic and foreign agencies.

By providing the Claimant's Social Security Number to access his or her Electronic Folder and selecting the "I Agree" button, you certify that you have read, understand and agree to the above statements.

Figure 28

The screenshot shows the 'Electronic Records Express' interface. At the top, it says 'Social Security Online' and 'www.socialsecurity.gov'. The main header is 'Electronic Records Express' with a 'User Instructions' link. The user is identified as 'VIVIENNE HIRSHEY' with a 'Log Out' button. The central message is 'Access Denied' with the Social Security Administration logo. The text reads: 'Your ability to use the Access Claimant's Electronic Folder service has been suspended. Please contact the Social Security Administration at 1-866-691-3061 to reactivate your access to this service.' There is another 'Log Out' button at the bottom.

You will receive the page above (Figure 28) if you attempted to view 10 social security numbers that were denied access within a 24-hour period. Once you receive this message, if you wish to continue accessing social security numbers, you must call 1-866-691-3061 and ask to be reactivated.

Unable to Process Your Request

Figure 29

The screenshot shows the 'Electronic Records Express' interface. At the top, it says 'Social Security Online' and 'www.socialsecurity.gov'. The main header is 'Electronic Records Express' with a 'User Instructions' link. The user is identified as 'CAROL KIME' with 'RepID: ZBR7HYRDQ6' and 'j@s.com', and a 'Log Out' button. There are links for '< Back to Appointed Representative Services' and 'Main Menu'. The central message is 'Unable to Process Your Request' with the Social Security Administration logo. The text reads: 'We are sorry for the inconvenience, but the information you are attempting to obtain is not available through this process. Please contact the local Social Security office to obtain the information.' There are 'New Case Search' and 'Cancel' buttons at the bottom.

You may receive this page for the following reasons:

- The case may not be electronic,
- The case may have closed at the Hearing or Appeals Council Level. Access is only available for a limited time (90 days) after a decision is issued.
- The case may have been remanded, or
- There are multiple cases pending or closed within the past 90 days at SSA and the system cannot determine which one to display.

You must contact the Social Security office handling the case for additional help.

Logout

To end your session and logout of Appointed Representative Services, select the **Logout** button. This button is located on the upper left side of most pages (Figure 30). On the **Case Documents** or **Exhibit List** page, this button is located at the bottom of the page (Figure 31).

Figure 30

The screenshot shows the 'Electronic Records Express Home' page. In the top left corner, under the user name 'KENNETH MOORE' and RepID 'PC7438RVB9', there is a 'Log Out' button. A large red arrow points to this button. Other elements include a 'Bulletin Board' on the right, a list of 'Appointed Representative Services' in the center, and a security notice at the bottom left.

Figure 31

The screenshot shows the 'Access to Electronic Folder' page for claimant Ryan Joseph Theunissen. It features a table of documents categorized into sections A through F. At the bottom of the page, there is a 'Log Out' button highlighted by a red arrow. The table below contains the following data:

Access Keys

This application contains access keys to improve navigation and provide information. You will find a list of these keys in the table below:

Button	Access Key
Cancel	n
Download Selected to PDF	p
Download Selected to Zip	z
ERE Print	p
ERE Home	h
I Agree	i
Log Out	l
New Case Search	s
Upload New File	u

Other keyboard commands, hotkeys or access keys will vary based upon the browser and the version of the browser that you are using. A list of these commands can be found in the Help section of your browser. The Help feature can be located on the Menu bar of your browser. Any assistive devices that you may be using will also have a list of these shortcut keys in their Help section.

Note:

1. To use these keys on Windows-based browsers select the **Alt** button on your keyboard and the access key simultaneously. On the Mac, use the **Ctrl** key.
2. **Internet Explorer Browser Users Only:** In order to trigger the **Browse** button on the Electronic Records Express Submission pages you will need to use the space bar if you are using keyboard access.

Glossary

Acceptable File Type	<p>Types of files that are compatible with a given computer program or website. The ERE website currently supports the following type of files:</p> <p>wpd, .doc, .docx, .jpg, .bmp, .mdi, .txt, .rtf, .xls, .xlsx, .pdf, .tiff, and .tif.</p>
Barcode	<p>Data is coded in a series of bars and spaces of varying width. This symbol can be read with hand held moving beam scanners by sweeping a horizontal beam down the symbol. To date, industry has utilized a “3 of 9” barcode with varying width vertical bars. Technology is now shifting to a more stable and versatile barcode (2-Dimensional or 2-D), where a checkerboard pattern varies in both width and height.</p> <p>A 2-D barcode determines the ultimate destination (paper folder and/or electronic folder) for the evidence submitted (uploaded). The 2-D barcode acts as a portable database to store the following information: Social Security Number, request ID number, site number (Disability Determination Service or ODAR), and document type (e.g., Medical Evidence of Record, Activities of Daily Living). The request ID number (also known as the turnaround document number or contract number) is SSA’s/ODAR’s unique transaction tracking number, and when received, can be used to generate a tickle in the case processing system. If a Representative fails to submit the bar-coded information, the document must be manually indexed at the ODAR.</p>
.bmp	<p>The filename extension for a bitmap file. Bitmap is a common graphic format used by computers. A graphic or picture is made up of a number of individual dots (bits) to form an image. A bitmap is essentially a map of bits (hence the name). Bitmap files can get very large and if storage space is a factor then it is best to convert the image into a more compressed format such as .jpg.</p>
.doc or .docx	<p>The filename extension for a Microsoft Word document file. “.Docx” is the extension of files created in Microsoft Word 2007 or higher.</p>
Download	<p>The process of transferring a file from a remote computer, server, or webpage to your own computer. Download is the opposite of upload.</p>
ERE	<p>Electronic Records Express. SSA’s secure website used primarily for uploading (sending) electronic medical and other evidence considered in determining disability eligibility.</p>

e-folder	The electronic disability folder (e-folder or EF) is SSA's electronic disability repository of data that is accessible by all components involved in the processing of disability claims. Data housed in the e-folder comes from many different SSA and ODAR systems as well as from external sources (e.g., medical Representatives). The e-folder is not a case processing system. The e-folder allows components to share disability case information without having to move a paper folder between components.
Extract	To obtain selected information from a source; an excerpt of a record.
.jpg	.jpg or .jpeg (pronounced "jay-peg") is a standardized image compression format named after its developers (the Joint Photographic Experts Group) that can compress images to very small file sizes, commonly used on the Internet due to faster image transfer rates. JPEG images can contain thousands of colors that make the format ideal for compressing images such as photographs. The JPEG format can compress images up to around 10% of their original file size without losing too much quality (depending on the image used) although the image will lose its sharpness. JPEG files use both the .jpg and .jpeg file extensions and can be created in most popular graphics applications.
MER	Medical evidence of record (MER) is collected from sources identified by the claimant.
.pdf	The filename extension for a Portable Document Format (PDF) file. PDF is a universal file format developed by Adobe® that preserves all the fonts, formatting, graphics, and color of any source document, regardless of the application and platform used to create it. PDF is a reliable format for electronic document exchange. To view PDF files you need Adobe Reader® that you can download free at http://www.adobe.com/products/acrobat/readstep2.html .
Secure Website	A website that uses encryption and access controls so that personal information sent via the website is not susceptible to interception, loss, or alteration.
.rtf	"Rich Text Format" is a text format developed by Microsoft.
.tif or .tiff	TIF or TIFF is short for "Tagged Image File Format" and refers to a type of image format developed by Aldus and Microsoft that is commonly used within computing. It was designed primarily for faster data interchange. TIFF files are basically Bitmap images; they are not restricted in resolution and can be black and white, grey scale or full color. Most (if not all) image editing software can support the TIFF format and TIFF files typically have the .tif or .tiff file extension.

.txt	The filename extension for a text file.
Upload	The process of transferring a file from a personal computer to a server. This process makes the file available to others. Upload is the opposite of download.
.wpd	The filename extension for a Word Perfect Document.
.xls or .xlsx	The filename extension for a Microsoft Excel file. Microsoft Excel 2007 or later use the extension of “.xlsx.”
.zip	A zipped file is a file that has been compressed making it a smaller file. Compressed files travel faster, therefore taking less time to download to your hard drive or upload to another computer. To return the file to its original size, decompression software is used so that you can view the file. Compression/decompression software is common and may be downloaded from the Internet if it is not already available on your computer.
