Information for Participating employees on the Purpose and Importance of Special Studies

The special activity study in which you will participate from June 1, 2002 through June 28, 2002 is very important. The collected data will indicate the level of Field Office involvement in determining, approving, and processing Title II-RSDI claimant representative fees to attorneys. This data, plus data from other SSA organizations, will help determine SSA’s costs in administering the current attorney fee process and will be valuable in setting the user fee SSA charges to these attorneys.
