INTRODUCTION

The Title XVI Crossover Training Guide for Title II Claims Specialists (CS) is a resource guide for CSs who are learning the Title XVI program. You will receive the complete CS Basic Training materials, but the actual course will cover training on only selected topics. While it is not all-inclusive of the Basic Title XVI Course, it will provide you with the information you need for Crossover training. As a Title II CS, you should be familiar with Social Security in general and even with some aspects of the Title XVI program. Due to your systems experience and overall familiarity with Social Security, the Crossover Course will be taught at a more advanced pace than the Title XVI Basic Course.

The Crossover guide is organized into lessons referred to as modules just as the Title XVI Basic Training Guide. Each module in the Crossover Guide will list the objectives, off-air activities and exercises that will be covered during the Crossover training. The activities and exercises highlighted in this Crossover Training Guide will help to reinforce the information you have learned during your training.
GENERAL INFORMATION

Course Layout

This is a hybrid course. You will be completing Video on Demands (VOD) of the live IVT broadcasts as well as online objectives. For modules with all online objectives, you will complete the online objectives along with VOD’s of workshops and supplemental instructions. The online objectives will not have course materials but will have resources built within the objective pages that you will access to complete them.

Test Access

You will access the test in Blackboard under the TXVI Crossover Course.

Below is a facsimile of the TXVI Crossover onDemand Blackboard page.

On the left side of the page, you will select the “Content” tab. This will open all of the tests for the course.

Course Completion and Certification

When you complete your final test for the course, you will need to complete the evaluation survey and the course certification. You will access this under the Special Instructions for the final test. You will complete the evaluation survey first. Then you will self-certify your
completion of the course. If you do not complete the certification, you will not be added to ePAD.

Below is a facsimile of the self-certification page.

(b) (2)
MOD-1: TITLE XVI BASICS

MOD-01/CH-01 SSI Overview
Trainees will read this lesson on their own and complete the off-air activities and exercises.

MOD-01/CH-02 Introduction to MSSICS
Trainees will read this lesson on their own and complete the off-air activities and exercises.

MOD-01/CH-03 General Applications
Trainees will view the VOD and complete the off-air activities and exercises.

MOD-01/CH-04 Proof of Age
Trainees will complete the online objective. This does not have a course materials text. All associated material for the objective are housed within the objective page.
