# SOCIAL SECURITY 

April 12, 2017

Dear
I am responding to your February 6, 2015 Freedom of Information Act (FOIA) request for the following:

1. Any and all correspondence among officials at the Social Security Administration (SSA) and the Department of Justice (DOJ) between October 19, 2014 and February 6, 2015 that mentions and/or discusses the No Social Security for Nazis Act (H.R. 5739) and how the two agencies planned to meet the requirements of the new law.
2. Any and all correspondence that mentions or discusses separate versions of legislation that would terminate Social Security benefits for Nazi War crime suspects.
3. Any and all correspondence between officials at SSA and members of Congress and its staff that mentions or discusses Social Security benefits for Nazi war crime suspects and legislation that would terminate or alter these benefits.
4. Any and all internal SSA correspondence by SSA officials and employees related to H.R. 5739 and other legislation that would repeal benefits for those individuals and
5. Any and all correspondence by SSA officials and SSA employees that mentions or discusses AP coverage of Nazi war crime suspects receiving Social Security benefits.

We reviewed your request under FOIA (5 U.S.C. § 552) and we located approximately 846 pages of responsive documents. We are releasing the agency's final records in connection with this request and withholding the remaining documents under FOIA Exemptions 5 and 6, as described below.

## FOIA Exemption 5

We are withholding documents based on FOIA Exemption 5 that protects the deliberative process. FOIA Exemption 5 protects advice, opinions, recommendations, predecisional discussion, and evaluative remarks that are part of the government decision-making process. Release of such predecisional advisory communications would harm the quality of agency decision-making and the policy of encouraging frank, open discussion among agency personnel before making a decision (5 U.S.C. §552 (b)(5)).

The most commonly invoked privilege within Exemption 5 is the deliberative process privilege. The general purposes of this privilege are to prevent injury to the quality of agency decisions and to protect government agencies' decision-making processes. The deliberative process privilege allows agencies to freely explore alternative avenues of action and to engage in internal debates without fear of public scrutiny (Missouri ex rel. Shorr v. United States Army Corps of Engineers, 147 F.3d 708, 710 ( ${ }^{\text {th }}$ Cir. 1998)). Exemption 5 protects not merely documents, but also the integrity of the deliberative process itself, where the exposure of that process could result in harm.

We are also withholding documents containing attorney-client information under FOIA Exemption 5 (5 U.S.C. § 552(b)(5)). The underlying purpose of this privilege is to protect confidential communications between the attorney and the client. The attorneyclient privilege applies to facts divulged by a client to his attorney, and to opinions given by an attorney to his client based on those facts. Schlefer v. United States, 702 F.2d 233, 245 (D.C. Cir. 1983).

## FOIA Exemption 6

When we receive a request from a member of the public to release personal information about another individual from our records, we must balance the individual's privacy interest in withholding the information against the public interest in disclosing the information. We must determine whether disclosure would affect a personal privacy interest. Individuals clearly have a substantial personal privacy interest in the personal details furnished to the Government. On the other hand, the only public interest we must consider is whether the information sought would shed light on the way an agency performs its statutory duties. We may not consider the identity of the requester or the purpose for which the information is requested. While the public has an interest in knowing how the Social Security Administration administers the Social Security Act, disclosing records containing personal information about named individuals would not shed light on how the agency performs its statutory duties. Therefore, disclosing the names and contact information of certain individuals would be a clearly unwarranted invasion of personal privacy, and FOIA Exemption 6 (5 U.S.C. § 552(b)(6)) does not require disclosure.

If you would like further assistance with your request, you may contact our FOIA Public Liaison by email at ^FOIA.Public.Liaison@ ssa.gov; by phone at 410-965-1727, by choosing Option 2; or facsimile at 410-965-0869. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road - OGIS, College Park, MD 20740-6001; email at ogis@ nara.gov; telephone at 202-741-5770; toll-free at 1-877-684-6448; or facsimile at 202-741-5769.

If you disagree with this decision, you may file a written appeal with the Executive Director for the Office of Privacy and Disclosure, Social Security Administration, 617 Altmeyer Building, 6401 Security Boulevard, Baltimore, Maryland 21235. Your appeal must be postmarked or electronically transmitted to ^FOIA.PA.Officers@ ssa.gov within 90 days of the date of our response to your initial request. Please mark the envelope or subject line with "Freedom of Information Appeal."

Sincerely,

Monica Chyn Acting Freedom of Information Officer

WASHINGTON, DC 20510

December 1, 2014

## VIA ELECTRONIC TRANSMISSION

The Honorable Carolyn W. Colvin
Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, Maryland 21235-6401
Dear Commissioner Colvin:
A recent news report revealed that the United States has paid millions of dollars in Social Security to former Nazis living abroad. This is happening because the Department of Justice (DOJ) is allegedly allowing former Nazis to retain their Social Security benefits in exchange for renouncing U.S. citizenship and leaving the country voluntarily. ${ }^{1}$ Under law, participating in Nazi persecution is a deportable offense. ${ }^{2}$ However, former Nazis who leave the U.S. voluntarily may maintain their Social Security benefits because Nazi participation is not ground for benefit termination unless it is first used as a ground for deportation. 3

These beneficiaries include people who committed egregious crimes during the Holocaust, such as SS guards from some of the Holocaust's most notorious death camps and a Nazi collaborator who was responsible for the execution of thousands of Jews. 4 According to the Associated Press, "at least 38 of 66 suspects... kept their Social Security benefits." ${ }^{5}$

[^1]The Social Security Administration (SSA) and the State Department objected to the DOJ practice of allowing ex-Nazis to continue receiving Social Security benefits. ${ }^{6}$ In 1997, SSA Acting Commissioner John Callahan stated: "Social Security benefits cannot, and should not, be used as a bargaining tool."7

Even with these objections, DOJ has continued the practice to this day. a 90 year old former Auschwitz guard who later became an American citizen, collects approximately $\$ 1,500$ per month in Social Security payments. ${ }^{8}$ (b) (6) has long since renounced his American citizenship and now lives in Germany, yet the payments continue. At least three other ex-Nazis are still alive and continue to receive Social Security benefits abroad. 9

Furthermore, newly discovered Nazi suspects who currently live in the U.S. could retain their Social Security benefits if they are removed to another country. Alleged SS commander ${ }^{(b)}$ (6) currently lives in Minnesota and is under investigation in Germany for ordering his unit to attack a Polish village, killing dozens of women and children. ${ }^{10}$ Like ${ }^{(b)(6)} \quad{ }^{(b)}$ could potentially retain his Social Security benefits even if he leaves the U.S.

In addition, this case raises important questions regarding the accuracy and consistency of SSA record-keeping. The Associated Press states that information provided by SSA was "directly inconsistent" with information contained in prior communications to the AP. ${ }^{11}$ Specifically, SSA stated in 2013 that ${ }^{(b)}$ (6) a suspected Nazi who returned to Germany in 2007, received his last Social Security payment in 2008 after he returned to Germany. ${ }^{12}$ But in a 2014 disclosure, SSA said that (b) (6) received his last payment in 2007 while still living in the United States. ${ }^{13}$

The Associated Press also found discrepancies in the information retained by SSA's FOIA department and its press department. The AP reported that SSA's FOIA office could not identify certain individuals, although the SSA Press Office had previously identified the "exact same individuals using the exact same information" provided by the AP in the FOIA request. ${ }^{14}$ It appears that SSA is not tracking this

information carefully or ensuring that all departments within the agency have the correct records.

We have introduced bi-partisan, bi-cameral legislation to close the Social Security loophole in order to prevent this practice in the future and hope that it will become law soon. However, there remain questions about DOJ's actions and what will be done in current cases if the law is not passed before they are resolved. Therefore, we ask that you please provide the following information:

1. What is the total number of Nazi suspects who received Social Security benefits after leaving the United States? How many suspected Nazis currently receive Social Security benefits and live outside the country?
2. What is the total dollar amount of Social Security benefits that have been paid to date to suspected Nazis residing outside the US?
3. If ${ }^{(b) \text { (6) }}$ leaves the United States and renounces citizenship will he be permitted to retain his Social Security benefits?
4. What communications does SSA have with DOJ regarding suspected Nazis who have left the US? When SSA objected to DOJ's practice, what was DOJ's response?
5. When did ${ }^{(b)(6)}$ receive his last Social Security payment? Why was the AP provided contradictory information about him and 6 other suspected Nazis?
6. Does SSA have procedures in place to ensure the accuracy of records regarding Social Security payments? If so, what are they? If not, why not?
7. Does SSA have procedures in place in order to ensure that all divisions of the agency retain the same information? If so, what are they? If not, why not?
8. Please explain why separate divisions within SSA provided differing information to the AP, and whether SSA has taken any steps to address it.

Thank you for your attention to this matter. We would appreciate a response by December 15, 2014. If you have any questions, please do not hesitate to contact Tegan Millspaw at (202) 224-5225 or Kim Brandt at (202) 224-4515.

# United States Selate 

WASHINGTON, DC 20510-0609

October 29, 2014

The Honorable Eric Holder Attorney General U.S. Department of Justice 950 Pennsylvania Avenue Washington, DC 20530

Acting Commissioner Carolyn Colvin Social Security Administration 6401 Security Boulevard Baltimore, MD 21235-0001

Dear Attorney General Holder and Acting Commissioner Colvin:
I write to express my deep concern about recent reports that the U.S. government may have used Social Security payments as a means of encouraging former Nazi officials to leave the country and that several of these individuals are still receiving benefits.

As you know, the Associated Press recently reported that the U.S. government may have used the prospect of continuing Social Security payments as leverage to encourage former Nazi officials to leave the country and renounce their citizenship rather the undergoing the deportation process. Because these individuals weren't formally deported, they were still able to receive their Social Security benefits after they left the country.

According to the AP, since 1979, "at least 38 of 66 suspects removed from the United States kept their Social Security benefits." At least four of these individuals are alive and still collecting benefits. Furthermore, the AP found that as of 1999, "28 suspected Nazi criminals had collected $\$ 1.5$ million in Social Security payments after their removal from the U.S."

It's extremely disturbing to learn that the U.S. taxpayer has supported individuals who participated in the worst genocide in modern history. Although I understand the need to act expeditiously to remove these individuals from the U.S. so that they can face trial, the receipt of Social Security benefits should not have served as a "bargaining chip" in the removal process. Even worse, according to the AP report, it appears that many of these individuals did not even stand trial once they left the United States.

As Congress considers legislation to prevent these individuals from receiving Social Security benefits, it is my hope the Department of Justice and the Social Security Administration can provide further information. Specifically:

- Can the Department of Justice and the Social Security Administration verify the accuracy of the AP's reporting? For instance, can your respective agencies specify the number of former Nazi officials who have received Social Security benefits? And how much in benefits did they ultimately receive?
- Do Social Security benefits continue to play any role during the removal process? If not, when did this practice end?
- When a former Nazi official left the U.S. prior to deportation and continued to receive benefits, did the Department of Justice seek to notify the country to which the individual traveled? Did the Department of Justice encourage the country to which the former Nazi official traveled to try the individual?
- When a former Nazi official left the U.S. prior to deportation and continued to receive Social Security benefits, did the Department of Justice monitor whether the individual ultimately stood trial?

I understand that many of these proceedings and discussions occurred over the course of several decades and that it may be difficult to ascertain specific facts and details. It's nonetheless important for the American people and for our historic record to understand how individuals who played a role in the Holocaust could have possibly retained their Social Security benefits even after they've left the country.

Thank you for your attention to this matter.

U.S. Department of Justice

Criminal Division

Washingıon, D.C. 20530
December 30, 2014

# Carolyn W. Colvin 

Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, Maryland 21235-0001
Dear Acting Commissioner Colvin:
Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.

## Sincerely,

David M. Bitkower
Deputy Assistant Attorney General

I am responding to your October 16, 2014 Freedom of Information Act appeal of Ms. Dawn S. Wiggins' decision regarding individuals suspected of Nazi war crimes and their social security records.

After careful review, I agree with Ms. Wiggins' decision not to release information about living individuals to you. Although, you requested non-identifying information about living individuals, we determined that we could not provide this information on living individuals in our records as the number is too small. Considering all the information we have already provided to you about these 66 individuals, combined with other information that you have provided, it may be possible to identify living individuals. Therefore, pursuant to the Privacy Act of 1974 (5 U.S.C. § 552a) and the Freedom of Information Act (5 U.S.C. § 552) I am withholding information on individuals on your chart who are not shown deceased in our records.

You also referenced several concerns regarding our initial response as follows:
(1) You noted that you received conflicting information regarding the date of last benefits paid that we sent you on January 10, 2013 regarding seven suspected Nazi war criminals who were also named in our initial response of September 16, 2014. After reviewing the information sent to you in January 2013 and the information sent in our initial response in September 2014, in our January 2013 response, we inadvertently provided you the termination date of benefits not the date of last benefits paid for these seven individuals. Therefore, in the case for Paul Henss, his last benefit paid was in November 2007 not in March 2008. His benefits were terminated in March 2008, which is the month he died. Please see the attached chart with the updated information for these seven individuals.
(2) You noted that we changed the scope of your request for the amount of Social Security benefits paid since the person's departure from the United States to the deportation date. Since Social Security Administration (SSA) does not track information on individuals
who voluntarily depart the United States, we provided the only last benefit paid information we had which was the deportation date. We apologize for not making this clear in our original response and regret any misunderstanding.
(3) You questioned our inability to find 20 individuals on your chart. We searched our records again with the information you provided and were unable to locate any records for 16 individuals. Please note that these individuals may have never applied for a Social Security number or they may have given us different information at the time they applied for a number. However, we were able to locate two additional deceased individuals' records, Johann Leprich and Michael Gorshkow, whose records were not located at the time of our initial search. For consistency, we are providing the same information for Mr. Leprich and Mr. Gorshkow as we did for the other deceased individuals in our initial response. Please see the attached updated chart.

In addition, we were able to find two more living individuals' records listed on your chart bringing the total living individuals to four. However, as stated above, we cannot release any information about these individuals as the number is too small and it may be possible to identify living individuals.

As requested, according to our records, Orest Galan's date of death is May 1, 2007.
Regarding the suspected Nazi war criminals that may have voluntarily left the country, SSA has reached out to the Department of Justice (DOJ) and is working with DOJ to obtain and verify information regarding these individuals. To the extent you are requesting records related to these efforts, at this time, we cannot release this information. Until we collect and verify information from DOJ, FOIA Exemption 5 protects this information as predecisional. Exemption 5 and the deliberative process privilege protect advice, opinions, recommendations, predecisional discussion, and evaluative remarks that are part of the government decision-making process. Release of such predecisional advisory communications would harm the quality of agency decision-making and the policy of encouraging frank, open discussion among agency personnel before making a decision (5 U.S.C. §552 (b)(5)).

The most commonly invoked privilege within exemption 5 is the deliberative process privilege. The general purposes of this privilege are to prevent injury to the quality of agency decisions and to protect government agencies' decision-making processes. The deliberative process privilege allows agencies to freely explore alternative avenues of action and to engage in internal debates without fear of public scrutiny (Missouri ex rel. Shorr v. United States Army Corps of Engineers, 147 F.3d 708, 710 ( $8^{\text {th }} \mathrm{Cir}$. 1998)). Exemption 5 protects not merely documents, but also the integrity of the deliberative process itself, where the exposure of that process could result in harm.

This is the agency's final decision in this matter. If you still believe the decision is incorrect, you can seek review in a United States district court. Rather than seeking review in district court, you can contact the Office of Government Information Services (OGIS) for mediation services. Using OGIS services does not affect your right to pursue litigation at a later time.

## WASHINGTON, DC 20510

# VIA ELECTRONICTRANSMISSION 

The Honorable Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-6401

Dear Commissioner Colvin:
A recent news report revealed that the United States has paid millions of dollars in Social Security to former Nazis living abroad. This is happening because the Department of Justice (DOJ) is allegedly allowing former Nazis to retain their Social Security benefits in exchange for renouncing U.S. citizenship and leaving the country voluntarily. ${ }^{1}$ Under law, participating in Nazi persecution is a deportable offense. ${ }^{2}$ However, former Nazis who leave the U.S. voluntarily may maintain their Social Security benefits because Nazi participation is not ground for benefit termination unless it is first used as a ground for deportation. ${ }^{3}$

These beneficiaries include people who committed egregious crimes during the Holocaust, such as SS guards from some of the Holocaust's most notorious death camps and a Nazi collaborator who was responsible for the execution of thousands of Jews. 4 According to the Associated Press, "at least 38 of 66 suspects... kept their Social Security benefits."5

[^5]The Social Security Administration (SSA) and the State Department objected to the DOJ practice of allowing ex-Nazis to continue receiving Social Security benefits. ${ }^{6}$ In 1997, SSA Acting Commissioner John Callahan stated: "Social Security benefits cannot, and should not, be used as a bargaining tool."7

Even with these objections, DOJ has continued the practice to this day. , a 90 year old former Auschwitz guard who later became an American citizen, collects approximately $\$ 1,500$ per month in Social Security payments. $\%$ (b) (6) has long since renounced his American citizenship and now lives in Germany, yet the payments continue. At least three other ex-Nazis are still alive and continue to receive Social Security benefits abroad. 9

Furthermore, newly discovered Nazi suspects who currently live in the U.S. could retain their Social Security benefits if they are removed to another country. Alleged SS commander(b) (6) currently lives in Minnesota and is under investigation in Germany for ordering his unit to attack a Polish village, killing dozens of women and children. ${ }^{10}$ Like ${ }^{(b)(6)}$ (b) (6) could potentially retain his Social Security benefits even if he leaves the U.S.

In addition, this case raises important questions regarding the accuracy and consistency of SSA record-keeping. The Associated Press states that information provided by SSA was "directly inconsistent" with information contained in prior communications to the AP. ${ }^{11}$ Specifically, SSA stated in 2013 that ${ }^{[b])(6)}$ a suspected Nazi who returned to Germany in 2007, received his last Social Security payment in 2008 after he returned to Germany. ${ }^{12}$ But in a 2014 disclosure, SSA said that received his last payment in 2007 while still living in the United States. ${ }^{13}$

The Associated Press also found discrepancies in the information retained by SSA's FOIA department and its press department. The AP reported that SSA's FOIA office could not identify certain individuals, although the SSA Press Office had previously identified the "exact same individuals using the exact same information" provided by the AP in the FOIA request. ${ }^{24}$ It appears that SSA is not tracking this

[^6]information carefully or ensuring that all departments within the agency have the correct records.

We have introduced bi-partisan, bi-cameral legislation to close the Social Security loophole in order to prevent this practice in the future and hope that it will become law soon. However, there remain questions about DOJ's actions and what will be done in current cases if the law is not passed before they are resolved. Therefore, we ask that you please provide the following information:

1. What is the total number of Nazi suspects who received Social Security benefits after leaving the United States? How many suspected Nazis currently receive Social Security benefits and live outside the country?
2. What is the total dollar amount of Social Security benefits that have been paid to date to suspected Nazis residing outside the US?
3. If $(b)$ (6) leaves the United States and renounces citizenship will he be permitted to retain his Social Security benefits?
4. What communications does SSA have with DOJ regarding suspected Nazis who have left the US? When SSA objected to DOJ's practice, what was DOJ's response?
5. When did ${ }^{(b)(6)}$ receive his last Social Security payment? Why was the AP provided contradictory information about him and 6 other suspected Nazis?
6. Does SSA have procedures in place to ensure the accuracy of records regarding Social Security payments? If so, what are they? If not, why not?
7. Does SSA have procedures in place in order to ensure that all divisions of the agency retain the same information? If so, what are they? If not, why not?
8. Please explain why separate divisions within SSA provided differing information to the AP, and whether SSA has taken any steps to address it.

Thank you for your attention to this matter. We would appreciate a response by December 15, 2014. If you have any questions, please do not hesitate to contact Tegan Millspaw at (202) 224-5225 or Kim Brandt at (202) 224-4515.

Sincerely,

## U.S. Department of Justice

Criminal Division

Washinglon, D.C. 20530
December 30, 2014
Carolyn W. Colvin
Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, Maryland 21235-0001

## Dear Acting Commissioner Colvin:

Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.
Sincerely,

David M. Bitkower
Deputy Assistant Attorney General

Enclosure

## Social Security Legislative Bulletin

## Number: 113-31

Date: December 5, 2014

Senate Passes H. R. 5739, the No Social Security for Nazis Act

On December 4, 2014, the Senate passed H. R. 5739, the No Social Security for Nazis Act, without amendment by unanimous consent. The bill would terminate payment of Social Security benefits to additional individuals who participated in Nazi persecution. It also would clarify the timeframe in which the Department of Justice (DOJ) or the Department of Homeland Security (DHS) must notify the Social Security Administration (SSA) of certain actions involving these individuals. The bill now goes to the President for his signature.

Following are provisions of interest to SSA:

- Would terminate the retirement and disability benefits of individuals who, due to their participation in Nazi persecution, have revoked and set aside their citizenship or renounced their status as a United States national. ${ }^{1}$
- In addition to terminating their retirement or disability benefits, the bill would also prohibit such individuals from receiving auxiliary benefits based on the earnings record of another person and Supplemental Security Income benefits.
- Would clarify the timeframe in which DOJ or DHS must notify SSA of an individual's "removal, revocation and setting aside, or renunciation of nationality" based on his or her participation in Nazi persecution from "as soon as practicable after the removal" to no later than seven days after such removal, revocation and setting aside, or renunciation of nationality. Would also require DOJ or DHS to notify SSA of such actions that occurred prior to enactment.

[^19]1 of 2

- Would require that, within 30 days of each notification from DOJ or DHS, the Commissioner of SSA will certify to the House Committee on Ways and Means and the Senate Finance Committee that the individual's benefits have been terminated.
- Would be effective for benefits payable for months beginning after enactment.

Acting Commissioner
Social Security Administration

Dear Acting Commissioner Colvin:
Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.
Sincerely,

David M. Bitkower

Carolyn W. Colvin
Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, MD 21235
Dear Acting Commissioner Colvin:
I write to request information regarding the payment of Social Security benefits to known Nazi war criminals who came to the United States after the conclusion of World War II and were subsequently denaturalized, but never deported. I understand that in several cases, the U.S. Government was unable to deport identified Nazi war criminals because their home countries would not allow them to re-enter. As a result, these people may have voluntarily left the United States. and continued to reccive Social Security benefits. It is egregious that the U.S. taxpayer may be funding the retirement of criminals who helped execute the worst atrocity of the 20th Century. I would like to request any information you can provide regarding the amounts and dates of payments made to individuals engaged in Nazi persecution or genocide who are alive as well as those who have since died.

Specifically, I am requesting the following information:

- For each deceased person, the name, Social Security number, last known location, date of receipt of last SSA benefits and the total amount of benefits paid since the individual's formal departure from the United States;
- For each living person, only the date of last SSA payments and the total amount of benefits paid since the individual's formal departure from the United States.

Please note that I am not requesting any information identifying current beneficiaries.
As a co-author of the Nazi War Crimes Disclosure Act which created the Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group (IWG), I strongly support the release of all records documenting the involvement of the U.S. Government with Nazi war criminals. The IWG was successful in declassifying critical intelligence from various government agencies that helped uncover what the American government knew about the actions and plans of Nazi war criminals during World War II. This transparency has brought some closure to Holocaust survivors and the families of victims, and helps us leam from. and not repeat, past mistakes.

It is in the public interest that this information be disclosed so that the American public understands how its tax dollars are being dispersed and in an effort to make informed policy decisions going forward. Thank you for your attention to this important matter.

Sincerely,

# SOCIAL SECURITY

The Honorable Carolyn B. Maloney<br>United States House of Representatives<br>Washington, DC 20515

## Dear Ms. Maloney:

Thank you for your September 15, 2014 request for information about individuals suspected of Nazi war crimes and their Social Security records. The enclosed chart contains the information that we were able to obtain from our records.

For each deceased person, you requested his or her name, Social Security number, last known country, date of last Social Security benefit, and the amount of Social Security benefits paid after the person's formal departure from the United States. We searched our records and identified 44 deceased individuals matching the criteria in your letter. Please note that in some cases, we could not identify the country of residence.

We searched our records for the amount of Social Security benefits paid to the deceased individuals after the individuals were deported from the United States. For those records where we located a deportation date, we included an actual amount of benefits paid, which was $\$ 0.00$ in all cases. We do not track information on individuals who voluntarily depart from the United States.

Under the Privacy Act of 1974 and the Freedom of Information Act, we generally are unable to provide information on those individuals who are, according to our records, living.

I hope this information is helpful. If I may be of further assistance, please contact me, or your staff may contact Tom Parrott, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030.

Sincerely,

Enclosure

# Linited States Senate 

October 29, 2014

The Honorable Eric Holder Attorney General U.S. Department of Justice 950 Pennsylvania Avenue Washington, DC 20530

Acting Commissioner Carolyn Colvin Social Security Administration<br>6401 Security Boulevard<br>Baltimore, MD 21235-0001

Dear Attorney General Holder and Acting Commissioner Colvin:
I write to express my deep concern about recent reports that the U.S. government may have used Social Security payments as a means of encouraging former Nazi officials to leave the country and that several of these individuals are still receiving benefits.

As you know, the Associated Press recently reported that the U.S. government may have used the prospect of continuing Social Security payments as leverage to encourage former Nazi officials to leave the country and renounce their citizenship rather the undergoing the deportation process. Because these individuals weren't formally deported, they were still able to receive their Social Security benefits after they left the country.

According to the AP, since 1979, "at least 38 of 66 suspects removed from the United States kept their Social Security benefits." At least four of these individuals are alive and still collecting benefits. Furthermore, the AP found that as of 1999, "28 suspected Nazi criminals had collected $\$ 1.5$ million in Social Security payments after their removal from the U.S."

It's extremely disturbing to learn that the U.S. taxpayer has supported individuals who participated in the worst genocide in modern history. Although I understand the need to act expeditiously to remove these individuals from the U.S. so that they can face trial, the receipt of Social Security benefits should not have served as a "bargaining chip" in the removal process. Even worse, according to the AP report, it appears that many of these individuals did not even stand trial once they left the United States.

As Congress considers legislation to prevent these individuals from receiving Social Security benefits, it is my hope the Department of Justice and the Social Security Administration can provide further information. Specifically:

- Can the Department of Justice and the Social Security Administration verify the accuracy of the AP's reporting? For instance, can your respective agencies specify the number of former Nazi officials who have received Social Security benefits? And how much in benefits did they ultimately receive?
- Do Social Security benefits continue to play any role during the removal process? If not, when did this practice end?
- When a former Nazi official left the U.S. prior to deportation and continued to receive benefits, did the Department of Justice seek to notify the country to which the individual traveled? Did the Department of Justice encourage the country to which the former Nazi official traveled to try the individual?
- When a former Nazi official left the U.S. prior to deportation and continued to receive Social Security benefits, did the Department of Justice monitor whether the individual ultimately stood trial?

I understand that many of these proceedings and discussions occurred over the course of several decades and that it may be difficult to ascertain specific facts and details. It's nonetheless important for the American people and for our historic record to understand how individuals who played a role in the Holocaust could have possibly retained their Social Security benefits even after they've left the country.

Thank you for your attention to this matter.

The Commissioner

The Honorable Michael F. Bennet<br>United States Senate<br>Washington, DC 20510

Dear Senator Bennet:
I want to let you know that we received your October 29, 2014 request to Attorney General Eric Holder and me regarding former Nazi persecutors who have received Social Security benefits.

I assure you that your request, which involves reviewing decades of records, is a priority for us. We are working to respond as expeditiously as possible to your question about the number of individuals who were determined to be former Nazi persecutors who received Social Security benefits, as well as the total amount of benefits received. We understand that the Department of Justice will respond separately to your letter.

I want to let you know that I appreciate your patience and understanding. We are gathering and reviewing the information necessary to respond and will have a reply for you as soon as possible.

In the meantime, if you would like to discuss this matter further, please do not hesitate to contact me. Your staff may contact Judy Chesser, our Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030.

## VIA ELECTRONIC TRANSMISSION

The Honorable Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-6401

Dear Commissioner Colvin:
A recent news report revealed that the United States has paid millions of dollars in Social Security to former Nazis living abroad. This is happening because the Department of Justice (DOJ) is allegedly allowing former Nazis to retain their Social Security benefits in exchange for renouncing U.S. citizenship and leaving the country voluntarily. ${ }^{1}$ Under law, participating in Nazi persecution is a deportable offense. ${ }^{2}$ However, former Nazis who leave the U.S. voluntarily may maintain their Social Security benefits because Nazi participation is not ground for benefit termination unless it is first used as a ground for deportation. ${ }^{3}$

These beneficiaries include people who committed egregious crimes during the Holocaust, such as SS guards from some of the Holocaust's most notorious death camps and a Nazi collaborator who was responsible for the execution of thousands of Jews. 4 According to the Associated Press, "at least 38 of 66 suspects... kept their Social Security benefits."5

[^23]The Social Security Administration (SSA) and the State Department objected to the DOJ practice of allowing ex-Nazis to continue receiving Social Security benefits. ${ }^{6}$ In 1997, SSA Acting Commissioner John Callahan stated: "Social Security benefits cannot, and should not, be used as a bargaining tool."7

Even with these objections, DOJ has continued the practice to this day. a 90 year old former Auschwitz guard who later became an American citizen, collects approximately $\$ 1,500$ per month in Social Security payments. ${ }^{8}$ (b) (6) has long since renounced his American citizenship and now lives in Germany, yet the payments continue. At least three other ex-Nazis are still alive and continue to receive Social Security benefits abroad. 9

Furthermore, newly discovered Nazi suspects who currently live in the U.S. could retain their Social Security benefits if they are removed to another country. Alleged SS commander ${ }^{(b)(6)} \quad$ currently lives in Minnesota and is under investigation in Germany for ordering his unit to attack a Polish village, killing dozens of women and children. ${ }^{10}$ Like ${ }^{(b)(6)}$ (b)(6) could potentially retain his Social Security benefits even if he leaves the U.S.

In addition, this case raises important questions regarding the accuracy and consistency of SSA record-keeping. The Associated Press states that information provided by SSA was "directly inconsistent" with information contained in prior communications to the AP. ${ }^{11}$ Specifically, SSA stated in 2013 that ${ }^{(b)(6)}$ a suspected Nazi who returned to Germany in 2007, received his last Social Security payment in 2008 after he returned to Germany. ${ }^{12}$ But in a 2014 disclosure, SSA said that (b) (6) received his last payment in 2007 while still living in the United States. ${ }^{13}$

The Associated Press also found discrepancies in the information retained by SSA's FOIA department and its press department. The AP reported that SSA's FOIA office could not identify certain individuals, although the SSA Press Office had previously identified the "exact same individuals using the exact same information" provided by the AP in the FOIA request. ${ }^{14}$ It appears that SSA is not tracking this

[^24]information carefully or ensuring that all departments within the agency have the correct records.

We have introduced bi-partisan, bi-cameral legislation to close the Social Security loophole in order to prevent this practice in the future and hope that it will become law soon. However, there remain questions about DOJ's actions and what will be done in current cases if the law is not passed before they are resolved. Therefore, we ask that you please provide the following information:

1. What is the total number of Nazi suspects who received Social Security benefits after leaving the United States? How many suspected Nazis currently receive Social Security benefits and live outside the country?
2. What is the total dollar amount of Social Security benefits that have been paid to date to suspected Nazis residing outside the US?
3. If ${ }^{(b)(6)}$ leaves the United States and renounces citizenship will he be permitted to retain his Social Security benefits?
4. What communications does SSA have with DOJ regarding suspected Nazis who have left the US? When SSA objected to DOJ's practice, what was DOJ's response?
5. When did ${ }^{(b)(6)}$ receive his last Social Security payment? Why was the AP provided contradictory information about him and 6 other suspected Nazis?
6. Does SSA have procedures in place to ensure the accuracy of records regarding Social Security payments? If so, what are they? If not, why not?
7. Does SSA have procedures in place in order to ensure that all divisions of the agency retain the same information? If so, what are they? If not, why not?
8. Please explain why separate divisions within SSA provided differing information to the AP, and whether SSA has taken any steps to address it.

Thank you for your attention to this matter. We would appreciate a response by December 15, 2014. If you have any questions, please do not hesitate to contact Tegan Millspaw at (202) 224-5225 or Kim Brandt at (202) 224-4515.

Dear Acting Commissioner Colvin:
As you know, we recently discovered that a small number of known Nazi persecutors had slipped through a loophole in our laws and were receiving Social Security benefits, which was never Congress's intention. The House and Senate have unanimously passed legislation to close the loophole and cut off the benefits, and we expect that the President will sign it into law very shortly.

We appreciate the technical assistance the Social Security Administration provided to help tightly close this loophole, and are writing to urge you to act quickly once the Department of Justice notifies you of the affected individuals. By acting promptly, you will ensure that those who participated in Nazi persecutions will not receive January Social Security benefits.

Thank you very much for your prompt attention to this matter.

## U.S. Department of Justice

Criminal Division

WashingIon, D.C. 20530
December 30, 2014

Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-0001<br>Dear Acting Commissioner Colvin:

Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.
Sincerely,

Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-0001

Dear Acting Commissioner Colvin:
Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

# United States $\mathfrak{S e n a t e}$ 

WASHINGTON, DC 20510-0609

October 29, 2014

The Honorable Eric Holder Attorney General
U.S. Department of Justice

950 Pennsylvania Avenue
Washington, DC 20530

Acting Commissioner Carolyn Colvin
Social Security Administration
6401 Security Boulevard
Baltimore, MD 21235-0001

Dear Attorney General Holder and Acting Commissioner Colvin:
I write to express my deep concern about recent reports that the U.S. government may have used Social Security payments as a means of encouraging former Nazi officials to leave the country and that several of these individuals are still receiving benefits.

As you know, the Associated Press recently reported that the U.S. government may have used the prospect of continuing Social Security payments as leverage to encourage former Nazi officials to leave the country and renounce their citizenship rather the undergoing the deportation process. Because these individuals weren't formally deported, they were still able to receive their Social Security benefits after they left the country.

According to the AP, since 1979, "at least 38 of 66 suspects removed from the United States kept their Social Security benefits." At least four of these individuals are alive and still collecting benefits. Furthermore, the AP found that as of 1999, "28 suspected Nazi criminals had collected $\$ 1.5$ million in Social Security payments after their removal from the U.S."

It's extremely disturbing to learn that the U.S. taxpayer has supported individuals who participated in the worst genocide in modern history. Although I understand the need to act expeditiously to remove these individuals from the U.S. so that they can face trial, the receipt of Social Security benefits should not have served as a "bargaining chip" in the removal process. Even worse, according to the AP report, it appears that many of these individuals did not even stand trial once they left the United States.

As Congress considers legislation to prevent these individuals from receiving Social Security benefits, it is my hope the Department of Justice and the Social Security Administration can provide further information. Specifically:

- Can the Department of Justice and the Social Security Administration verify the accuracy of the AP's reporting? For instance, can your respective agencies specify the number of former Nazi officials who have received Social Security benefits? And how much in benefits did they ultimately receive?
- Do Social Security benefits continue to play any role during the removal process? If not, when did this practice end?
- When a former Nazi official left the U.S. prior to deportation and continued to receive benefits, did the Department of Justice seek to notify the country to which the individual traveled? Did the Department of Justice encourage the country to which the former Nazi official traveled to try the individual?
- When a former Nazi official left the U.S. prior to deportation and continued to receive Social Security benefits, did the Department of Justice monitor whether the individual ultimately stood trial?

I understand that many of these proceedings and discussions occurred over the course of several decades and that it may be difficult to ascertain specific facts and details. It's nonetheless important for the American people and for our historic record to understand how individuals who played a role in the Holocaust could have possibly retained their Social Security benefits even after they've left the country.

Thank you for your attention to this matter.

## Social Security Legislative Bulletin

## Number: 113-31

Date: December 5, 2014

Senate Passes H. R. 5739, the No Social Security for Nazis Act

On December 4, 2014, the Senate passed H. R. 5739, the No Social Security for Nazis Act, without amendment by unanimous consent. The bill would terminate payment of Social Security benefits to additional individuals who participated in Nazi persecution. It also would clarify the timeframe in which the Department of Justice (DOJ) or the Department of Homeland Security (DHS) must notify the Social Security Administration (SSA) of certain actions involving these individuals. The bill now goes to the President for his signature.

Following are provisions of interest to SSA:

- Would terminate the retirement and disability benefits of individuals who, due to their participation in Nazi persecution, have revoked and set aside their citizenship or renounced their status as a United States national. ${ }^{1}$
- In addition to terminating their retirement or disability benefits, the bill would also prohibit such individuals from receiving auxiliary benefits based on the earnings record of another person and Supplemental Security Income benefits.
- Would clarify the timeframe in which DOJ or DHS must notify SSA of an individual's "removal, revocation and setting aside, or renunciation of nationality" based on his or her participation in Nazi persecution from "as soon as practicable after the removal" to no later than seven days after such removal, revocation and setting aside, or renunciation of nationality. Would also require DOJ or DHS to notify SSA of such actions that occurred prior to enactment.

[^32]- Would require that, within 30 days of each notification from DOJ or DHS, the Commissioner of SSA will certify to the House Committee on Ways and Means and the Senate Finance Committee that the individual's benefits have been terminated.
- Would be effective for benefits payable for months beginning after enactment.

# U.S. Department of Justice 

Criminal Division

Washingion, D.C. 20530
December 30, 2014

Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-0001<br>Dear Acting Commissioner Colvin:

Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.
Sincerely,

David M. Bitkower
Deputy Assistant Attorney General

Carolyn W. Colvin
Acting Commissioner

Dear Acting Commissioner Colvin:
I write to request information regarding the payment of Social Security benefits to known Nazi war criminals who came to the United States after the conclusion of World War II and were subsequently denaturalized, but never deported. I understand that in several cases, the U.S. Government was unable to deport identified Nazi war criminals because their home countries would not allow them to re-enter. As a result, these people may have voluntarily left the United States, and continued to receive Social Security benefits. It is egregious that the U.S. taxpayer may be funding the retirement of criminals who helped execute the worst atrocity of the 20 th Century. I would like to request any information you can provide regarding the amounts and dates of payments made to individuals engaged in Nazi persecution or genocide who are alive as well as those who have since died.

Specifically, I am requesting the following information:

- For each deceased person, the name, Social Security number, last known location, date of receipt of last SS $\Lambda$ bencfits and the total amount of benefits paid since the individual's fomal departure from the United States;
- For each living person, only the date of last SSA payments and the total amount of benefits paid since the individual's formal departure from the United States.

Please note that I am not requesting any information identifying current beneficiaries.
As a co-author of the Nazi War Crimes Disclosure Act which created the Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group (IWG), I strongly support the release of all records documenting the involvement of the U.S. Government with Nazi war criminals. The IWG was successful in declassifying critical intelligence from various government agencies that helped uncover what the American government knew about the actions and plans of Nazi war criminals during World War II. This transparency has brought some closure to Holocaust survivors and the families of victims, and helps us learn from, and not repeat, past mistakes.

It is in the public interest that this information be disclosed so that the American public understands how its tax dollars are being dispersed and in an effort to make informed policy decisions going forward. Thank you for your attention to this important matter.

Sincerely,

The Honorable Carolyn B. Maloney United States House of Representatives<br>Washington, DC 20515<br>Dear Ms. Maloney:

Thank you for your September 15, 2014 request for information about individuals suspected of Nazi war crimes and their Social Security records. The enclosed chart contains the information that we were able to obtain from our records.

For each deceased person, you requested his or her name, Social Security number, last known country, date of last Social Security benefit, and the amount of Social Security benefits paid after the person's formal departure from the United States. We searched our records and identified 44 deceased individuals matching the criteria in your letter. Please note that in some cases, we could not identify the country of residence.

We searched our records for the amount of Social Security benefits paid to the deceased individuals after the individuals were deported from the United States. For those records where we located a deportation date, we included an actual amount of benefits paid, which was $\$ 0.00$ in all cases. We do not track information on individuals who voluntarily depart from the United States.

Under the Privacy Act of 1974 and the Freedom of Information Act, we generally are unable to provide information on those individuals who are, according to our records, living.

I hope this information is helpful. If I may be of further assistance, please contact me, or your staff may contact Tom Parrott, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030.

The Honorable Eric Holder Attorney General
U.S. Department of Justice

950 Pennsylvania Avenue
Washington, DC 20530

Acting Commissioner Carolyn Colvin
Social Security Administration
6401 Security Boulevard
Baltimore, MD 21235-0001

Dear Attorney General Holder and Acting Commissioner Colvin:
I write to express my deep concern about recent reports that the U.S. government may have used Social Security payments as a means of encouraging former Nazi officials to leave the country and that several of these individuals are still receiving benefits.

As you know, the Associated Press recently reported that the U.S. government may have used the prospect of continuing Social Security payments as leverage to encourage former Nazi officials to leave the country and renounce their citizenship rather the undergoing the deportation process. Because these individuals weren't formally deported, they were still able to receive their Social Security benefits after they left the country.

According to the AP, since 1979, "at least 38 of 66 suspects removed from the United States kept their Social Security benefits." At least four of these individuals are alive and still collecting benefits. Furthermore, the AP found that as of 1999, "28 suspected Nazi criminals had collected $\$ 1.5$ million in Social Security payments after their removal from the U.S."

It's extremely disturbing to learn that the U.S. taxpayer has supported individuals who participated in the worst genocide in modern history. Although I understand the need to act expeditiously to remove these individuals from the U.S. so that they can face trial, the receipt of Social Security benefits should not have served as a "bargaining chip" in the removal process. Even worse, according to the AP report, it appears that many of these individuals did not even stand trial once they left the United States.

As Congress considers legislation to prevent these individuals from receiving Social Security benefits, it is my hope the Department of Justice and the Social Security Administration can provide further information. Specifically:

- Can the Department of Justice and the Social Security Administration verify the accuracy of the AP's reporting? For instance, can your respective agencies specify the number of former Nazi officials who have received Social Security benefits? And how much in benefits did they ultimately receive?
- Do Social Security benefits continue to play any role during the removal process? If not, when did this practice end?
- When a former Nazi official left the U.S. prior to deportation and continued to receive benefits, did the Department of Justice seek to notify the country to which the individual traveled? Did the Department of Justice encourage the country to which the former Nazi official traveled to try the individual?
- When a former Nazi official left the U.S. prior to deportation and continued to receive Social Security benefits, did the Department of Justice monitor whether the individual ultimately stood trial?

I understand that many of these proceedings and discussions occurred over the course of several decades and that it may be difficult to ascertain specific facts and details. It's nonetheless important for the American people and for our historic record to understand how individuals who played a role in the Holocaust could have possibly retained their Social Security benefits even after they've left the country.

Thank you for your attention to this matter.

The Commissioner

## VIA ELECTRONICTRANSMISSION

The Honorable Carolyn W. Colvin
Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, Maryland 21235-6401
Dear Commissioner Colvin:
A recent news report revealed that the United States has paid millions of dollars in Social Security to former Nazis living abroad. This is happening because the Department of Justice (DOJ) is allegedly allowing former Nazis to retain their Social Security benefits in exchange for renouncing U.S. citizenship and leaving the country voluntarily. ${ }^{1}$ Under law, participating in Nazi persecution is a deportable offense. ${ }^{2}$ However, former Nazis who leave the U.S. voluntarily may maintain their Social Security benefits because Nazi participation is not ground for benefit termination unless it is first used as a ground for deportation. 3

These beneficiaries include people who committed egregious crimes during the Holocaust, such as SS guards from some of the Holocaust's most notorious death camps and a Nazi collaborator who was responsible for the execution of thousands of Jews. 4 According to the Associated Press, "at least 38 of 66 suspects... kept their Social Security benefits."5

[^53]The Social Security Administration (SSA) and the State Department objected to the DOJ practice of allowing ex-Nazis to continue receiving Social Security benefits. ${ }^{6}$ In 1997, SSA Acting Commissioner John Callahan stated: "Social Security benefits cannot, and should not, be used as a bargaining tool. ${ }^{77}$

Even with these objections, DOJ has continued the practice to this day. (b) (6) a 90 year old former Auschwitz guard who later became an American citizen, collects approximately $\$ 1,500$ per month in Social Security payments. ${ }^{8}{ }^{(b)(6)}$ has long since renounced his American citizenship and now lives in Germany, yet the payments continue. At least three other ex-Nazis are still alive and continue to receive Social Security benefits abroad. 9

Furthermore, newly discovered Nazi suspects who currently live in the U.S. could retain their Social Security benefits if they are removed to another country. Alleged SS commander currently lives in Minnesota and is under investigation in Germany for ordering his unit to attack a Polish village, killing dozens of women and children. ${ }^{10}$ Like ${ }^{(b)(6)}$ (b) (6) could potentially retain his Social Security benefits even if he leaves the U.S.

In addition, this case raises important questions regarding the accuracy and consistency of SSA record-keeping. The Associated Press states that information provided by SSA was "directly inconsistent" with information contained in prior communications to the AP. ${ }^{11}$ Specifically, SSA stated in 2013 that ${ }^{(b)(6)}$ a suspected Nazi who returned to Germany in 2007, received his last Social Security payment in 2008 after he returned to Germany. ${ }^{12}$ But in a 2014 disclosure, SSA said that received his last payment in 2007 while still living in the United States. ${ }^{13}$

The Associated Press also found discrepancies in the information retained by SSA's FOIA department and its press department. The AP reported that SSA's FOIA office could not identify certain individuals, although the SSA Press Office had previously identified the "exact same individuals using the exact same information" provided by the AP in the FOIA request. ${ }^{14}$ It appears that SSA is not tracking this

information carefully or ensuring that all departments within the agency have the correct records.

We have introduced bi-partisan, bi-cameral legislation to close the Social Security loophole in order to prevent this practice in the future and hope that it will become law soon. However, there remain questions about DOJ's actions and what will be done in current cases if the law is not passed before they are resolved. Therefore, we ask that you please provide the following information:

1. What is the total number of Nazi suspects who received Social Security benefits after leaving the United States? How many suspected Nazis currently receive Social Security benefits and live outside the country?
2. What is the total dollar amount of Social Security benefits that have been paid to date to suspected Nazis residing outside the US?
3. If ${ }^{(b)(6)}$ eaves the United States and renounces citizenship will he be permitted to retain his Social Security benefits?
4. What communications does SSA have with DOJ regarding suspected Nazis who have left the US? When SSA objected to DOJ's practice, what was DOJ's response?
5. When did ${ }^{(D)(6)}$ receive his last Social Security payment? Why was the AP provided contradictory information about him and 6 other suspected Nazis?
6. Does SSA have procedures in place to ensure the accuracy of records regarding Social Security payments? If so, what are they? If not, why not?
7. Does SSA have procedures in place in order to ensure that all divisions of the agency retain the same information? If so, what are they? If not, why not?
8. Please explain why separate divisions within SSA provided differing information to the AP, and whether SSA has taken any steps to address it.

Dear Acting Commissioner Colvin:
As you know, we recently discovered that a small number of known Nazi persecutors had slipped through a loophole in our laws and were receiving Social Security benefits, which was never Congress's intention. The House and Senate have unanimously passed legislation to close the loophole and cut off the benefits, and we expect that the President will sign it into law very shortly.

We appreciate the technical assistance the Social Security Administration provided to help tightly close this loophole, and are writing to urge you to act quickly once the Department of Justice notifies you of the affected individuals. December 30, 2014

Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-0001<br>Dear Acting Commissioner Colvin:

Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.

Carolyn W. Colvin<br>Acting Commissioner<br>Social Security Administration<br>6401 Security Boulevard<br>Baltimore, Maryland 21235-0001

Dear Acting Commissioner Colvin:
Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.

## Sincerely,

David M. Bitkower
Deputy Assistant Attorney General

## NOTICE TO THE ACTING COMMISSIONER OF SOCIAL SECURITY PURSUANT TO SECTION 4 OF P.L. 113-270

P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the below chart that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

Should you have any questions or wish to receive further information about the methodology we have employed in identifying the persons listed below, please do not hesitate to contact the Criminal Division.

January 12, 2015

I am responding to your October 16, 2014 Freedom of Information Act appeal of Ms. Dawn S. Wiggins' decision regarding individuals suspected of Nazi war crimes and their social security records.

After careful review, I agree with Ms. Wiggins' decision not to release information about living individuals to you. Although, you requested non-identifying information about living individuals, we determined that we could not provide this information on living individuals in our records as the number is too small. Considering all the information we have already provided to you about these 66 individuals, combined with other information that you have provided, it may be possible to identify living individuals. Therefore, pursuant to the Privacy Act of 1974 (5 U.S.C. § 552a) and the Freedom of Information Act (5 U.S.C. § 552) I am withholding information on individuals on your chart who are not shown deceased in our records.

You also referenced several concerns regarding our initial response as follows:
(1) You noted that you received conflicting information regarding the date of last benefits paid that we sent you on January 10, 2013 regarding seven suspected Nazi war criminals who were also named in our initial response of September 16, 2014. After reviewing the information sent to you in January 2013 and the information sent in our initial response in September 2014, in our January 2013 response, we inadvertently provided you the termination date of benefits not the date of last benefits paid for these seven individuals. Therefore, in the case for Paul Henss, his last benefit paid was in November 2007 not in March 2008. His benefits were terminated in March 2008, which is the month he died. Please see the attached chart with the updated information for these seven individuals.
(2) You noted that we changed the scope of your request for the amount of Social Security benefits paid since the person's departure from the United States to the deportation date. Since Social Security Administration (SSA) does not track information on individuals
who voluntarily depart the United States, we provided the only last benefit paid information we had which was the deportation date. We apologize for not making this clear in our original response and regret any misunderstanding.
(3) You questioned our inability to find 20 individuals on your chart. We searched our records again with the information you provided and were unable to locate any records for 16 individuals. Please note that these individuals may have never applied for a Social Security number or they may have given us different information at the time they applied for a number. However, we were able to locate two additional deceased individuals' records, Johann Leprich and Michael Gorshkow, whose records were not located at the time of our initial search. For consistency, we are providing the same information for Mr. Leprich and Mr. Gorshkow as we did for the other deceased individuals in our initial response. Please see the attached updated chart.

In addition, we were able to find two more living individuals' records listed on your chart bringing the total living individuals to four. However, as stated above, we cannot release any information about these individuals as the number is too small and it may be possible to identify living individuals.

As requested, according to our records, Orest Galan's date of death is May 1, 2007.
Regarding the suspected Nazi war criminals that may have voluntarily left the country, SSA has reached out to the Department of Justice (DOJ) and is working with DOJ to obtain and verify information regarding these individuals. To the extent you are requesting records related to these efforts, at this time, we cannot release this information. Until we collect and verify information from DOJ, FOIA Exemption 5 protects this information as predecisional. Exemption 5 and the deliberative process privilege protect advice, opinions, recommendations, predecisional discussion, and evaluative remarks that are part of the government decision-making process. Release of such predecisional advisory communications would harm the quality of agency decision-making and the policy of encouraging frank, open discussion among agency personnel before making a decision (5 U.S.C. §552 (b)(5)).

The most commonly invoked privilege within exemption 5 is the deliberative process privilege. The general purposes of this privilege are to prevent injury to the quality of agency decisions and to protect government agencies' decision-making processes. The deliberative process privilege allows agencies to freely explore alternative avenues of action and to engage in internal debates without fear of public scrutiny (Missouri ex rel. Shorr v. United States Army Corps of Engineers, 147 F.3d 708, 710 ( ${ }^{\text {th }}$ Cir. 1998)). Exemption 5 protects not merely documents, but also the integrity of the deliberative process itself, where the exposure of that process could result in harm.

This is the agency's final decision in this matter. If you still believe the decision is incorrect, you can seek review in a United States district court. Rather than seeking review in district court, you can contact the Office of Government Information Services (OGIS) for mediation services. Using OGIS services does not affect your right to pursue litigation at a later time.

The Honorable Orrin Hatch<br>Chairman, Committee on Finance<br>United States Senate<br>Washington, DC 20510

Dear Mr. Chairman:

Pursuant to section 4 of the No Social Security for Nazis Act (P.L. 113-270), I write to inform you that on December 30, 2014, the Department of Justice provided us with the notification regarding participants in Nazi persecution whose final order of removal, revocation and setting aside of citizenship, or renunciation of nationality occurred before the enactment of P.L. 113270. We determined that four such individuals were receiving benefits from the Social Security Administration as of January 2015.

I hereby certify that we have terminated the benefits of the four individuals, effective with the benefit for the month of January 2015.

I hope this information is helpful. I am also sending a similar letter to Representatives Ryan and Johnson. If you would like to discuss this matter further, please do not hesitate to contact me.
Your staff may contact Judy Chesser, our Deputy Commissioner for Legislation and Congressional Affairs, at (202)-358-6030.

September 15. 2014

Acting Commissioner
Social Security Administration

Dear Acting Commissioner Colvin:
I write to request information regarding the payment of Social Security benefits to known Nazi war criminals who came to the United States after the conclusion of World War II and were subsequently denaturalized, but never deported. I understand that in several cases, the U.S. Government was unable to deport identified Nazi war criminals because their home countries would not allow them to re-enter. As a result, these people may have voluntarily left the United States, and continued to receive Social Security benefits. It is egregious that the U.S. taxpayer may be funding the retirement of criminals who helped execute the worst atrocity of the 20th Century. I would like to request any information you can provide regarding the amounts and dates of payments made to individuals engaged in Nazi persecution or genocide who are alive as well as those who have since died.

Specifically, I am requesting the following information:

- For each deceased person, the name, Social Security number, last known location, date of reecipt of last SSA benefits and the total amount of benefits paid since the individual's formal departure from the United States;
- For each living person, only the date of last SSA payments and the total amount of benefits paid since the individual's formal departure from the United States.

Please note that I am not requesting any information identifying current beneficiaries.
As a co-author of the Nazi War Crimes Disclosure Act which created the Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group (IWG), I strongly support the release of all records documenting the involvement of the U.S. Government with Nazi war criminals. The IWG was successful in declassifying critical intelligence from various government agencies that helped uncover what the American government knew about the actions and plans of Nazi war criminals during World War II. This transparency has brought some closure to Holocaust survivors and the families of victims, and helps us leam from, and not repeat, past mistakes.

It is in the public interest that this information be disclosed so that the American public understands how its tax dollars are being dispersed and in an effort to make informed policy decisions going forward. Thank you for your attention to this important matter.

Sincerely,

Member of Congress

The Honorable Carolyn B. Maloney<br>United States House of Representatives<br>Washington, DC 20515

Dear Ms. Maloney:
Thank you for your September 15, 2014 request for information about individuals suspected of Nazi war crimes and their Social Security records. The enclosed chart contains the information that we were able to obtain from our records.

For each deceased person, you requested his or her name, Social Security number, last known country, date of last Social Security benefit, and the amount of Social Security benefits paid after the person's formal departure from the United States. We searched our records and identified 44 deceased individuals matching the criteria in your letter. Please note that in some cases, we could not identify the country of residence.

We searched our records for the amount of Social Security benefits paid to the deceased individuals after the individuals were deported from the United States. For those records where we located a deportation date, we included an actual amount of benefits paid, which was $\$ 0.00$ in all cases. We do not track information on individuals who voluntarily depart from the United States.

Under the Privacy Act of 1974 and the Freedom of Information Act, we generally are unable to provide information on those individuals who are, according to our records, living.

I hope this information is helpful. If I may be of further assistance, please contact me, or your staff may contact Tom Parrott, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030.

Sincerely,

Acting Commissioner Carolyn Colvin Social Security Administration 6401 Security Boulevard Baltimore, MD 21235-0001

The Honorable Eric Holder Attorney General
U.S. Department of Justice 950 Pennsylvania Avenue Washington, DC 20530

## Dear Attorney General Holder and Acting Commissioner Colvin:

I write to express my deep concern about recent reports that the U.S. government may have used Social Security payments as a means of encouraging former Nazi officials to leave the country and that several of these individuals are still receiving benefits.

As you know, the Associated Press recently reported that the U.S. government may have used the prospect of continuing Social Security payments as leverage to encourage former Nazi officials to leave the country and renounce their citizenship rather the undergoing the deportation process. Because these individuals weren't formally deported, they were still able to receive their Social Security benefits after they left the country.

According to the AP, since 1979, "at least 38 of 66 suspects removed from the United States kept their Social Security benefits." At least four of these individuals are alive and still collecting benefits. Furthermore, the AP found that as of 1999, " 28 suspected Nazi criminals had collected $\$ 1.5$ million in Social Security payments after their removal from the U.S."

It's extremely disturbing to learn that the U.S. taxpayer has supported individuals who participated in the worst genocide in modern history. Although I understand the need to act expeditiously to remove these individuals from the U.S. so that they can face trial, the receipt of Social Security benefits should not have served as a "bargaining chip" in the removal process. Even worse, according to the AP report, it appears that many of these individuals did not even stand trial once they left the United States.

As Congress considers legislation to prevent these individuals from receiving Social Security benefits, it is my hope the Department of Justice and the Social Security Administration can provide further information. Specifically:

- Can the Department of Justice and the Social Security Administration verify the accuracy of the AP's reporting? For instance, can your respective agencies specify the number of former Nazi officials who have received Social Security benefits? And how much in benefits did they ultimately receive?
- Do Social Security benefits continue to play any role during the removal process? If not, when did this practice end?
- When a former Nazi official left the U.S. prior to deportation and continued to receive benefits, did the Department of Justice seek to notify the country to which the individual traveled? Did the Department of Justice encourage the country to which the former Nazi official traveled to try the individual?
- When a former Nazi official left the U.S. prior to deportation and continued to receive Social Security benefits, did the Department of Justice monitor whether the individual ultimately stood trial?

I understand that many of these proceedings and discussions occurred over the course of several decades and that it may be difficult to ascertain specific facts and details. It's nonetheless important for the American people and for our historic record to understand how individuals who played a role in the Holocaust could have possibly retained their Social Security benefits even after they've left the country.

Thank you for your attention to this matter.

## Dear Senator Bennet:

I want to let you know that we received your October 29, 2014 request to Attorney General Eric Holder and me regarding former Nazi persecutors who have received Social Security benefits.

I assure you that your request, which involves reviewing decades of records, is a priority for us. We are working to respond as expeditiously as possible to your question about the number of individuals who were determined to be former Nazi persecutors who received Social Security benefits, as well as the total amount of benefits received. We understand that the Department of Justice will respond separately to your letter.

I want to let you know that I appreciate your patience and understanding. We are gathering and reviewing the information necessary to respond and will have a reply for you as soon as possible.

In the meantime, if you would like to discuss this matter further, please do not hesitate to contact me. Your staff may contact Judy Chesser, our Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030.

## VIA ELECTRONIC TRANSMISSION

The Honorable Carolyn W. Colvin
Acting Commissioner
Social Security Administration
6401 Security Boulevard
Baltimore, Maryland 21235-6401
Dear Commissioner Colvin:
A recent news report revealed that the United States has paid millions of dollars in Social Security to former Nazis living abroad. This is happening because the Department of Justice (DOJ) is allegedly allowing former Nazis to retain their Social Security benefits in exchange for renouncing U.S. citizenship and leaving the country voluntarily. ${ }^{\text { }}$ Under law, participating in Nazi persecution is a deportable offense. ${ }^{2}$ However, former Nazis who leave the U.S. voluntarily may maintain their Social Security benefits because Nazi participation is not ground for benefit termination unless it is first used as a ground for deportation. 3

These beneficiaries include people who committed egregious crimes during the Holocaust, such as SS guards from some of the Holocaust's most notorious death camps and a Nazi collaborator who was responsible for the execution of thousands of Jews. 4 According to the Associated Press, "at least 38 of 66 suspects... kept their Social Security benefits." 5

[^60]The Social Security Administration (SSA) and the State Department objected to the DOJ practice of allowing ex-Nazis to continue receiving Social Security benefits. ${ }^{6}$ In 1997, SSA Acting Commissioner John Callahan stated: "Social Security benefits cannot, and should not, be used as a bargaining tool. ${ }^{\prime 7}$

Even with these objections, DOJ has continued the practice to this day. (b) (6) a 90 year old former Auschwitz guard who later became an American citizen, collects approximately $\$ 1,500$ per month in Social Security payments. ${ }^{8}$ (b) (6) has long since renounced his American citizenship and now lives in Germany, yet the payments continue. At least three other ex-Nazis are still alive and continue to receive Social Security benefits abroad. 9

Furthermore, newly discovered Nazi suspects who currently live in the U.S. could retain their Social Security benefits if they are removed to another country. Alleged SS commander ${ }^{(\text {b) (6) }} \quad$ currently lives in Minnesota and is under investigation in Germany for ordering his unit to attack a Polish village, killing dozens of women and children. ${ }^{10}$ Like ${ }^{(b)(6)}$ (b) (6) could potentially retain his Social Security benefits even if he leaves the U.S.

In addition, this case raises important questions regarding the accuracy and consistency of SSA record-keeping. The Associated Press states that information provided by SSA was "directly inconsistent" with information contained in prior communications to the AP. ${ }^{11}$ Specifically, SSA stated in 2013 that suspected Nazi who returned to Germany in 2007, received his last Social Security payment in 2008 after he returned to Germany. ${ }^{12}$ But in a 2014 disclosure, SSA said that (b) (6) received his last payment in 2007 while still living in the United States. ${ }^{13}$

The Associated Press also found discrepancies in the information retained by SSA's FOIA department and its press department. The AP reported that SSA's FOIA office could not identify certain individuals, although the SSA Press Office had previously identified the "exact same individuals using the exact same information" provided by the AP in the FOIA request. ${ }^{24}$ It appears that SSA is not tracking this

[^61]information carefully or ensuring that all departments within the agency have the correct records.

We have introduced bi-partisan, bi-cameral legislation to close the Social Security loophole in order to prevent this practice in the future and hope that it will become law soon. However, there remain questions about DOJ's actions and what will be done in current cases if the law is not passed before they are resolved. Therefore, we ask that you please provide the following information:

1. What is the total number of Nazi suspects who received Social Security benefits after leaving the United States? How many suspected Nazis currently receive Social Security benefits and live outside the country?
2. What is the total dollar amount of Social Security benefits that have been paid to date to suspected Nazis residing outside the US?
3. If ${ }^{(b)}$ (6) leaves the United States and renounces citizenship will he be permitted to retain his Social Security benefits?
4. What communications does SSA have with DOJ regarding suspected Nazis who have left the US? When SSA objected to DOJ's practice, what was DOJ's response?
5. When did ${ }^{(b)(6)}$ receive his last Social Security payment? Why was the AP provided contradictory information about him and 6 other suspected Nazis?
6. Does SSA have procedures in place to ensure the accuracy of records regarding Social Security payments? If so, what are they? If not, why not?
7. Does SSA have procedures in place in order to ensure that all divisions of the agency retain the same information? If so, what are they? If not, why not?
8. Please explain why separate divisions within SSA provided differing information to the AP, and whether SSA has taken any steps to address it.

Thank you for your attention to this matter. We would appreciate a response by December 15, 2014. If you have any questions, please do not hesitate to contact Tegan Millspaw at (202) 224-5225 or Kim Brandt at (202) 224-4515.

The Honorable Carolyn Colvin Acting Commissioner of Social Security<br>Social Security Administration<br>6401 Security Boulevard<br>Woodlawn, MD 21207<br>Dear Acting Commissioner Colvin:

As you know, we recently discovered that a small number of known Nazi persecutors had slipped through a loophole in our laws and were receiving Social Security benefits, which was never Congress's intention. The House and Senate have unanimously passed legislation to close the loophole and cut off the benefits, and we expect that the President will sign it into law very shortly.

We appreciate the technical assistance the Social Security Administration provided to help tightly close this loophole, and are writing to urge you to act quickly once the Department of Justice notifies you of the affected individuals. By acting promptly, you will ensure that those who participated in Nazi persecutions will not receive January Social Security benefits.

Thank you very much for your prompt attention to this matter.

Dear Acting Commissioner Colvin:
Pursuant to the notification provisions of P.L. 113-270, this letter and the enclosed notice provide information regarding alleged participants in World War II-era Nazi-sponsored persecution.

As you know, P.L. 113-270 directs the Department of Justice to notify the Social Security Administration of certain concluded Nazi persecutor cases. The statute states that the Department is to provide the Social Security Administration the names of:

- persons whose citizenship was revoked "based on conduct described in section 212(a)(3)(E)(i) of [the Immigration and Nationality] Act (relating to participation in Nazi persecution)" or due to the persons' concealment or misrepresentations regarding such conduct;
- persons who renounced their citizenship pursuant to a settlement agreement in which they "admitted to conduct" described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act; and
- persons who were removed from the United States based on conduct described in section 212(a)(3)(E)(i) of the Immigration and Nationality Act.

In order to satisfy the statute's notification provisions, the Criminal Division's Human Rights and Special Prosecutions Section, successor to the former Office of Special Investigations, has reviewed available information pertaining to Nazi cases pursued by the Department since 1945. Based on this review, we have prepared the enclosed notice that identifies persons that we believe are encompassed within the above-referenced categories. The Department has previously provided to the Social Security Administration the names, dates and places of birth of these individuals. In compiling this notice, we have included individuals who are deceased and are thus not impacted by the new law.

I am pleased that the outstanding cooperation between our agencies over more than thirty years has resulted in termination or suspension of benefits in scores of Nazi cases. Should you have
any questions or wish to receive further information about the methodology we have employed in identifying the persons listed in the enclosed notice, please do not hesitate to contact the Criminal Division.

If we may be of any further assistance in this matter, please do not hesitate to contact me.
Sincerely,
