## Explanation of Form SSA-827,

### "Authorization to Disclose Information to the Social Security Administration (SSA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form SSA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your information from all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any Social Security Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you; SSA can tell you if we identified any sources you didn't tell us about. SSA may use information disclosed prior to revocation to decide your claim.

It is SSA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. SSA makes every reasonable effort to ensure that the information in the SSA-827 is provided to you in your native or preferred language.

### Privacy Act Statement - Collection and Use of Personal Information

Sections 205(a), 233(d)(5)(A), 1614(a)(3)(H)(i), 1631(d)(l) and 1631(e)(l)(A) of the Social Security Act as amended, [42 U.S.C. 405 (a), 433(d)(5)(A), 1382c(a)(3)(H)(i), 1383(d)(l) and 1383(e)(l)(A)] authorize us to collect this information. We will use the information you provide to help us determine your eligibility, or continuing eligibility for benefits, and your ability to manage any benefits received. The information you provide is voluntary. However, failure to provide the requested information may prevent us from making an accurate and timely decision on your claim, and could result in denial or loss of benefits.

We rarely use the information you provide on this form for any purpose other than for the reasons explained above. However, we may use it for the administration and integrity of Social Security programs. We may also disclose information to another person or to another agency in accordance with approved routine uses, including but not limited to the following:

1. To enable a third party or an agency to assist us in establishing rights to Social Security benefits and/or coverage;
2. To comply with Federal laws requiring the release of information from our records (e.g., to the Government Accountability Office, General Services Administration, National Archives Records Administration, and the Department of Veterans Affairs);
3. To make determinations for eligibility in similar health and income maintenance programs at the Federal, State, and local level; and
4. To facilitate statistical research, audit, or investigative activities necessary to assure the integrity and improvement of our programs (e.g., to the U.S. Census Bureau and to private entities under contract with us).

We may also use the information you provide in computer matching programs. Matching programs compare our records with records kept by other Federal, State, or local government agencies. We use the information from these programs to establish or verify a person's eligibility for Federally funded or administered benefit programs and for repayment of incorrect payments or delinquent debts under these programs.

A complete list of routine uses of the information you gave us is available in our Privacy Act Systems of Records Notices entitled, Claims Folder System, 60-0089; Master Beneficiary Record, 60-0090; Supplemental Security Income record and Special Veterans benefits, 60-0103; and Electronic Disability (eDIB) Claims File, 60-0340.
