APPOINTMENT OF CONFEREES ON
H.R. 4277, SOCIAL SECURITY AD-
MINISTRATIVE REFORM ACT OF
1994

Mr. JACOBS. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the bill (H.R. 4277) to establish the Social Security Administration as an independent agency and to make other improvements in the Old-Age, Survivors, and Disability Insurance Program, with a Senate amendment thereto, disagree to the Senate amendment, and agree to the conference asked by the Senate.

The SPEAKER pro tempore (Mr. CLEMENT). Is there objection to the request of the gentleman from Indiana?

There was no objection.

NOTION TO INSTRUCT CONFEREES OFFERED BY
MR. SANTORUM

Mr. SANTORUM. Mr. Speaker, I offer a motion.

The Clerk read as follows:

Mr. SANTORUM moves that the managers on the part of the House at the conference on the disagreeing votes of the two Houses on the bill H.R. 4277 be instructed to insist upon section 231 of the House bill.

The SPEAKER pro tempore. The gentleman from Pennsylvania [Mr. SANTORUM] will be recognized for 30 minutes, and the gentleman from Indiana [Mr. JACOBS] will be recognized for 30 minutes.

The Chair recognizes the gentleman from Pennsylvania [Mr. SANTORUM].

Mr. SANTORUM. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise to offer this motion to instruct on a provision that is agreed to that was formulated in the committee by the gentleman from

Texas [Mr. PICKLE] and myself as a result of hearings that were held in the Oversight Subcommittee.

Mr. Speaker, I want to commend the work done by the Oversight Subcommittee in ferreting out what was another example of how fraud-ridden the SSI program is and how much work needs to be done to deal with, I believe, the most fraud-ridden program in the Federal Government.

Mr. PICKLE and the gentleman from New York [Mr. HOUGHTON] held a hearing, I believe, in February of this year which exposed a scandal in California, or reported the scandal here to Washington, having to do with third-party translators, people who were translators for individuals who were seeking disability benefits.

These translators were Vietnamese in this case who were going out on the street, recruiting people to come in and claim disabilities when, in fact, they were not disabled. They went in and set up a clinic with a doctor who was willing to cooperate in this fraud, got certificates that these people were, in fact, disabled, six-page reports that were done with a 2-minute examination, witnessed by undercover cameras.

They went to the disability office, and the disability office and the officer did not have a translator available from the disability office, so they used this recruiter as the translator who promptly answered all the questions, and the person receiving the disability or applying had no knowledge of even what the discussion was that was taking place.

This was a terrible situation that was exposed by MediCal and brought to this subcommittee, and this legislation is an attempt by the subcommittee to quickly respond to this problem.

I want to commend the chairman of that subcommittee, the gentleman from Texas [Mr. PICKLE], for doing an outstanding job in doing so, and we have attacked a couple of very specific areas in this proposal that was inserted in the bill in committee.

Let me review a couple of what I think the most important ones are: No. 1, what we found in this case was, even though this fraud was perpetrated and 14 people were indicted by California in this fraud case, there were 2,000 people, 2,000 people who started to receive benefits in 1993, 39 million dollars' worth of benefits as of February when we had this hearing were involved in the fraud, and yet the Social Security Administration failed to do one redetermination, failed to do one redetermination on any one of these 2,000 people who were involved in this fraud case.

We subsequently, through the work of the subcommittee, convinced Social Security that redeterminations should be done when people who are put on SSI are suspected to be on there fraudulently. You would think that that would be an obvious case, but it, in fact, took the work of the subcommittee to get them to do it.

Now we are going to put in statute that anytime you have a suspicious of fraud of someone who gets on the SSI rolls, that we will have an immediate redetermination by the Social Security Administration.

Second, another almost amazing consequence of this investigation: We found that MediCal was doing this investigation and had done an extensive job and had the names of all the people who were implicated in this fraudulent scheme, and when we asked the Social Security Administration why they had not been trying to get redeterminations, their response was, well, we do not have the names of these people and the Social Security numbers and, therefore, we cannot get them. We asked the question: "Well, did you bother to ask for the names?" And the person from MediCal in the back stood up and said, "No. They never bothered to ask."

So what we do in this law is require the inspector general, who cooperated with MediCal in this case, to turn over the names of the people suspected of fraud to the Social Security Administration so the Social Security Administration does not have an excuse not to investigate people who are conducting fraud.

But this is the kind, unfortunately, of detail that we have to deal with here in the Congress because we have a Social Security Administration that is not willing to pursue fraudulent claims as vigorously as I think the public demands.

Again, I want to compliment the gentleman from Texas [Mr. PICKLE] and the gentleman from New York [Mr. HOUGHTON] for the outstanding work done on the Oversight Subcommittee in coming up with this investigation.

Mr. Speaker, I reserve the balance of my time.

Mr. JACOBS. Mr. Speaker, first of all, we accept the motion to instruct. It makes eminently good sense.

Mr. Speaker, I yield 4 minutes and 33 seconds, to the gentleman from Texas [Mr. PICKLE].

(Mr. PICKLE asked and was given permission to revise and extend his remarks.)

Mr. PICKLE. Mr. Speaker, on May 5 of this year, the Oversight Subcommittee of Ways and Means, which I chair, issued a bipartisan report on reform to address the supplemental security income fraud and abuse that has been taking place.

We held our meeting in conjunction with the Subcommittee on Human Resources chaired by the gentleman from Tennessee [Mr. FORD], and we passed a resolution that would, we thought, correct. We did find that there potentially were many fraud cases and abuse cases going on in this area.

To address the problem, I offered an amendment in behalf of the gentleman from Tennessee [Mr. FORD], the gentleman from New York [Mr. HOUGHTON], and the gentleman from Pennsylvania [Mr. SANTORUM], which was

unanimously adopted by the full committee.

In order to have us have a clear view of it, let me list three things it does. No. 1, it ensures accurate translation of the interviews conducted by SSA officials during the SSI application process. We just want to be sure the translators are giving us a true, accurate, and certifiable translation.

Second, we established a streamlined procedure enabling the SSA, the Social Security Administration, to expeditiously terminate fraudulently obtained SSI benefits. I can advise the House the Social Security is actually under way now in trying to go back and find those old cases and see if they can file suit against those people getting SSI benefits fraudulently. So that process is under way.

And, third, we increased both civil and criminal sanctions available to SSA in SSI fraud cases.

So as the chairman said, I support this amendment that the gentleman from Pennsylvania has offered, and I will assure him that I will work diligently to see this agreement is kept in the conference agreement.

Mr. SANTORUM. Madam Speaker, I yield 2 minutes to the gentleman from New York [Mr. HOUGHTON], the ranking member of the Subcommittee on Oversight.

□ 1600

Mr. HOUGHTON. Madam Speaker, I thank the chairman, the gentleman from Texas [Mr. PICKLE], who has done a wonderful job and is a very fair chairman, bipartisan chairman, and we need more of that in this day and age.

Madam Speaker, I rise to support the motion. I think it is important. There is a particular section I would like to talk about. But the reason it is important is because I do not think the Senate has dealt sufficiently with the fraud issue. Therefore, in order to have this be an important element in the conference, we ought to take this thing up and we ought to support the gentleman from Pennsylvania [Mr. SANTORUM] and the gentleman from Texas [Mr. PICKLE].

Madam Speaker, section 231 of the House contains the bipartisan in what they have said.

Madam Speaker, section 231 of the House contains the bipartisan fraud amendment. What it does is it requires four things. It requires Social Security to obtain information, to move quickly. To focus the limited resources on areas it thinks are important and also to use its new penalty authority.

As others have said, this does not come right in over the transom; this has been a yearlong investigation. The investigation has uncovered a variety of different things. One of the things the gentleman from Pennsylvania [Mr. SANTORUM] mentioned is the horrible use of these middlemen, I mean preying upon new citizens coming into this country who do not know any better, and then the skimming process takes

place. It is clearly obvious that this thing is going on all over the place and is costing the American taxpayers billions of dollars.

So we have differences, I am sure, as to how to reform the welfare system, but we do not have any difference on this.

Madam Speaker, I would urge my colleagues and all our colleagues here to support the motion to instruct and restore taxpayers' confidence.

Mr. JACOBS. Madam Speaker, I yield 3 minutes to the distinguished and handsome gentleman from Tennessee [Mr. FORD].

Mr. FORD of Tennessee. I thank the gentleman for yielding this time to me.

Madam Speaker, I join with my colleagues in strong support of this bipartisan amendment. My good friend and colleague, the gentleman from Pennsylvania [Mr. SANTORUM], I would like to refer to the amendment as the Pickle-Ford-Santorum amendment that was offered in the subcommittee and added to this particular bill.

You know, Madam Speaker, it was clear that it was early on that a response to this problem that we were faced with, with the SSI program, is, I like to say, thanks to both the staff of the Subcommittee on Human Resources and the Subcommittee on Oversight, who investigated this matter.

On February 24 there was a joint session of the Oversight Subcommittee and the Human Resources Subcommittee that conducted hearings. It was the intent of both of those committees, and we did act on the amendment and put it into this particular bill.

Madam Speaker, I join with my colleagues in a bipartisan effort to say "yes" as a conferee. I see Mr. SANTORUM is a conferee also. We will make sure both sides of the aisle will be protected, Democrats and Republicans, to keep this provision in the bill.

I just wanted the Republican side to know that it was a concerted effort, it was not one person's idea. This was a full investigation conducted by two subcommittees and a bipartisan effort in the full committee to bring this provision about.

Mr. SANTORUM. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. JACOBS. Madam Speaker, I have no further requests for time, I yield back the balance of my time, and I move the previous question on the motion to instruct conferees.

The previous question was ordered.

The SPEAKER pro tempore (Ms. DANNER). The question is on the motion to instruct conferees offered by the gentleman from Pennsylvania [Mr. SANTORUM].

The motion to instruct was agreed to.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Without objection, the Chair appoints the fol-

lowing conferees: Messrs. GIBBONS, ROSTENKOWSKI, PICKLE, JACOBS, FORD of Tennessee, ARCHER, BUNNING, and SANTORUM.

There was no objection.

c. Deputy Commissioner of Social Security

Under current SSA practice, there are six deputy commissioners, (for operations; programs; finance, assessment and management; policy and external affairs; systems; and human resources). None of these are statutory positions. In addition, a Principal Deputy Commissioner is designated to serve as Acting Commissioner in the absence of the Commissioner.

A Deputy Director of Social Security would be appointed by, and serve at the pleasure of, the Executive Director.

The Deputy Director would perform such duties and exercise such powers as are assigned by the Executive Director, and serve as Acting Executive Director during the absence or disability of the Executive Director. The Deputy Director would also serve as Acting Executive Director in

d. General Counsel

SSA receives legal services from the Office of General Counsel of HHS through a component headed by a Chief Counsel for Social Security.

No formal position of this nature exists within SSA.

The annual report of the Board would include a description of the activities of the beneficiary ombudsman.

g. Administrative Law Judges

The Social Security Act requires SSA to conduct hearings to consider appeals of SSA decisions by beneficiaries and applicants for benefits. These hearings are conducted by administrative law judges (ALJs). Although not required by law, the agency follows the procedures of the Administrative Procedures Act (APA) with respect to the appointment of ALJs and the conduct of hearings. The ALJs are located organizationally within the Office of Hearings and Appeals, headed by an associate commissioner who reports to the deputy commissioner for programs.

An Office of Chief Administrative Law Judge, headed by a chief ALJ appointed by the Board, would be created within SSA to administer the affairs of SSA's ALJs in a manner so as to ensure that hearings and other business are conducted by the ALJs in accordance with applicable law and regulations. The chief ALJ would report directly to the Board.

2. Restrict Disability Insurance and Supplemental Security Income Disability Payments to Substance Abusers (Sec. 201 of the House bill and secs. 301-305 of the Senate amendment)

To be eligible for Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) disability benefits, an individual must have a medically determinable physical or mental impairment that has lasted or is expected to last for 12 months or is expected to result in death, and the individual must be unable to perform substantial gainful activity because of the impairment.

Under SSA regulations, drug addiction and alcoholism must be medically determinable impairments. The law requires disabled SSI beneficiaries who are medically determined to be drug addicts or alcoholics to undergo treatment when available at approved facilities. They must also comply with the terms of their treatment program and comply with monitoring and testing provided by the Secretary. In addition, the law requires that these SSI recipients receive their payments through

Under OASDI, a representative payee is appointed when it is in the interest of the individual, regardless of the legal competence or incompetence of the individual.

Community-based nonprofit social service agencies in existence on October 1, 1988, and serving as representative payees for five or more recipients are allowed to collect a monthly fee for their services. The fee is collected from the SSDI or SSI payment, and cannot exceed the lesser of ten percent of the benefit or \$25 per month. The authority for qualified organizations to charge a fee for representative payee services expires July 1, 1994.

The law is silent with regard to assigning an order

(a) the cost, feasibility, and equity of requiring all SSDI and SSI beneficiaries who suffer from alcoholism or drug addiction (including those whose addiction did not contribute materially to the determination of disability) to have a representative payee, (b) the feasibility of, and appropriate timetable for, providing benefits through non-cash means (e.g., vouchers, debit cards, electronic benefit transfer systems), (c) the extent to which child recipients are afflicted by drug addiction or alcoholism and ways of addressing such affliction, including the feasibility of requiring treatment and (d) the extent to which children's representative payees are afflicted by drug addiction or alcoholism, and methods to identify these afflicted individuals and to ensure that benefits continue to be provided to beneficiaries appropriately.

3. **Require Issuance of
Physical Documents in the
Form of Bonds, Notes, or
Certificates to the Social
Security Trust Funds**
(Sec. 202 of the House
bill)

In general, section 201(d) of the Social Security Act requires the Secretary of the Treasury to invest annual surpluses of the Social Security Trust Funds in interest bearing obligations of the U.S. government. Under current Treasury practice, these holdings are recorded as entries on a ledger. No physical documents are required to be issued to the Trust Funds evidencing these obligations.

The provision would require that each obligation issued for purchase by the Social Security Trust Funds be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness issued by the Secretary of the Treasury. This physical document would state the principal amount, date of maturity, and interest rate of the obligation. It would also state on its face that: "...the obligation shall be incontestable in the hands of the Trust Fund to which it is issued, that the obligation is supported by the full faith and credit of the United States, and that the United States is pledged to the payment of the obligation with respect to both principal and interest."

4. Make More Explicit the Requirement for Public Telephone Access to Local Social Security Offices
(Sec. 203 of House bill)

The Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508), requires SSA to: (a) maintain telephone access to local offices at the level generally available as of September 30, 1989, and (b) relist the numbers of affected offices in local telephone directories. P.L. 101-508 also required the General Accounting Office to report to Congress on the level of public telephone access to local offices following enactment of these requirements.

In September 1991, the GAO reported that SSA had generally complied with the requirement that it relist

The provision would add the following sentence to the current statutory requirement that SSA maintain public access to its local offices at the level generally available on September 30, 1989: "In carrying out the requirements of the preceding sentence, the Secretary shall reestablish and maintain in service at least the same number of telephone lines to each such local office as was in place as of such date, including telephone sets for connections to such lines."

5. Increase Social Security Exclusion for Election Workers (Sec. 204 of House bill)

Election workers who earn less than \$100 per year are subject to three Social Security exclusions: (a) at the option of a State, they may be excluded from the State's voluntary coverage agreement with the Secretary of Health and Human Services (HHS); (b) they are excluded from the requirement that State and local workers hired after March 31, 1986, pay the hospital insurance portion of the Social Security tax (1.45

Effective date.--The provision would apply to services performed on or after January 1, 1995. Modifications of State voluntary agreements to reflect the higher exclusion for election workers would be effective with respect to services performed in and after the calendar year in which the modification is mailed or delivered by other means to the Secretary.

6. Permit Use of Social Security Numbers for Jury Selection (Sec. 205 of House bill)

Currently, courts utilize jury source lists within their jurisdiction to select jurors. Source lists (most commonly made up of lists of licensed drivers and registered voters) are usually computer tapes merged by the courts to form one pool--or master list--from which jurors are selected.

States which are permitted under current law to collect Social Security numbers for purposes such as driver's licenses and voter registration are not allowed to use those Social Security numbers for other purposes such as refining jury selection master lists to identify and eliminate duplicate names, unless the court was using the Social Security number for that purpose before the Privacy Act took effect.

7. Authorize Social Security Coverage of Police Officers and Firefighters
(Sec. 206 of House bill)

In general, employees of State and local governments who participate in a public retirement system can be brought under Social Security by means of voluntary agreements entered into with the States with the Secretary of Health and Human Services.

However, the State option to obtain Social Security coverage for police officers and firefighters who are under a public retirement system applies only in 24 States that are named in the Social Security Act. (An additional option applies with respect to firefighters only: any State may obtain coverage for them if the governor certifies that it would improve the overall benefit protection of firefighters in the coverage

The provision would extend to all States the option to provide police officers and firefighters who participate in a public retirement system with Social Security coverage under their voluntary agreements with the Secretary of HHS. 8. Provide Limited Exemption from SECA for American Ministers Working and Resident in Canada
(Sec. 207 of House bill)

Section 233(c)(1) of the Social Security Act authorizes the President to enter into "totalization agreements" with foreign countries to coordinate entitlement to Social Security benefits in the U.S. with pension benefits in those foreign countries. considered self-employed by the United States who are American citizens but are residents of Canada are covered only under the Canadian Pension Plan.

Under the Social Security Act, an individual who is a duly ordained, commissioned, or licensed minister of a church or a member of a religious order is generally considered self-employed for Social Security payroll tax purposes and subject to SECA taxes.

The Canadian social insurance program treats ministers as employees of the church rather than self-employed.

Prior to the 1984 totalization agreement with Canada, duly ordained and licensed ministers who were American citizens, but residents of Canada, were required to pay SECA taxes to the United States and Social Security taxes to Canada.

In some cases, ministers who were American citizens, but residents of Canada, failed to file tax returns or pay SECA tax believing that they were not required to do so because they were paying into the Canadian Pension Plan

as residents of Canada. The Internal Revenue Service has assessed taxes and penalties against those ministers who failed to file a return and pay the required taxes prior to the 1984 agreement.

Effective date.--The provision would be effective for individuals who meet the requirements of the statute and who file a certificate with the Internal Revenue Service within 180 days after the IRS issues regulations implementing this provision. The certificate shall be effective for taxable years 1979 through 1984.

The Social Security benefit for current Social Security beneficiaries who file certificates under this provision, would be recomputed for months following approval of the certificate of exemption.

country with which the U.S. has such an agreement, but has not worked long enough to qualify for a benefit, a totalization agreement allows the individual's coverage under both systems to be combined, or "totalized," in order for one country (or both) to pay a benefit. Benefits paid under a totalization agreement are generally prorated to take account of the fact that the person did not work for an entire career under the system that is paying benefits.

The windfall elimination provision (WEP) is applied to the computation of Social Security benefits for workers who are eligible for both Social Security and a pension from work not covered by Social Security. Under the WEP, a different benefit formula yielding a lower amount is used to calculate the worker's Social Security benefit.

With respect to individuals who have worked under Social Security systems in both the United States and a foreign country with which the United States has a totalization agreement, the WEP applies: 1) in the computation of some U.S. totalization benefits, and 2)

Effective date.--The provision would be effective with respect to benefits payable for months after January, 1995.

10. Exclude Certain Military Reservists from Application of the Government Pension Offset and the Windfall Elimination Provision
(Sec. 209 of House bill)

The Government Pension Offset (GPO) and the Windfall Elimination Provision (WEP) are intended to reduce Social Security benefits payable to an individual who qualifies for both a Social Security benefit and a pension based on employment not covered by Social Security.

The WEP reduces a worker's Social Security retirement or disability benefit in cases where the worker is receiving both a Social Security benefit and a pension based on employment not covered by Social Security. The WEP is designed to eliminate the windfall resulting from the weighted Social Security benefit formula which is intended to replace a higher

proportion of wages for low-earning workers than for high-earning workers.

Active military service became covered under Social Security in 1957. Inactive duty by reservists (such as weekend drills) became covered under Social Security in 1988. A pension based on either type of service (active or inactive), if performed before 1957, does not trigger the WEP. The only military pension which triggers the WEP is a pension based on inactive duty after 1956 and before 1988.

Under the GPO, spouse's and widow(er)'s benefits received by an individual based on his or her spouse's Social Security-covered work are reduced by two-thirds of the amount of any government pension to which the individual is entitled based on his or her own work in a government job not covered under Social Security.

11. Repeal Facility-of-Payment Provision (Sec. 210 of House bill)

As a general rule, when an individual receiving benefits as the dependent of a worker has a deduction in his or her benefits--for example, due to his or her own earnings exceeding the earnings test exempt amount--and the Maximum Family Benefit rule applies, the withheld benefits are redistributed and paid to other dependents.. (The Maximum Family Benefit, or MFB, is a limit on the total amount of benefits which can be paid on a worker's record to the worker and his or her dependents.)

However, if all of the dependents are living in the same household, the affected individual's benefit check is not actually withheld; instead, the individual receives a notice from the Social Security Administration accompanying the benefit check. This notice explains that the beneficiary is subject to a benefit deduction and should not actually receive the benefit check. However, the benefit is being paid with the understanding that it is for the use and benefit of the other dependent beneficiaries. This procedure

The facility-of-payment provision would be repealed. As a result, a beneficiary who is subject to a deduction would have his or her benefits withheld, and the withheld amount would be redistributed and paid directly to the other dependents.

is known as the facility-of-payment provision.

In cases where all the dependent beneficiaries are not residing in the same household, the facility-of-payment provision does not apply and the withheld benefits are redistributed and paid directly to the remaining dependents.

Effective date.--The provision would be effective for benefits payable for months after December, 1995.

12. Maximum Family Benefits in Guarantee Cases (Sec. 211 of House bill)

A guarantee is provided for workers who receive disability benefits, then stop receiving disability benefits, and subsequently become reentitled to benefits due to death, retirement or disability. This "subsequent entitlement guarantee" provides that the basic benefit amount (the Primary Insurance Amount, or PIA) of a worker who becomes reentitled to benefits or dies (thereby entitling his or her survivors) cannot be less than the PIA in effect in the last month of the worker's prior entitlement to disability benefits.

The provision would make a conforming change in the Maximum Family Benefit, so that the guaranteed PIA would be the basis for calculating the guaranteed Maximum Family Benefit.

Senate Amendment

Due to a drafting error in the 1977 Social Security Amendments, the guarantee does not extend to the Maximum Family Benefit (MFB) payable on the worker's record, which is determined based upon the PIA. (The MFB is a limit on the total amount of benefits which may be paid on a worker's record to the worker and his or her dependents.) As a result, the MFB which is payable when the worker becomes reentitled to benefits or dies may be less than the MFB payable in the last month of the worker's prior entitlement to disability benefits.

13. Disclosure of Social Security Administration Information for Epidemiological Research
(Sec. 212 of House bill)

Current law prohibits Federal agencies from releasing personal information contained in an individual file without the written consent of the individual.

Prior to the 1989 Supreme Court decision *United States Department of Justice v. Reporters Committee for Freedom of the Press* (Reporters Committee), the Social Security Administration (SSA) would permit disclosure of personally identifiable information to epidemiological researchers believing that it was permitted to do so under the Freedom of Information Act (FOIA). Disclosure of personal information is permitted under FOIA when the public interest served by the disclosure outweighs the privacy interest served by withholding and information.

In the Reporters Committee decision, the Supreme Court restricted disclosures of personally identifiable information under FOIA, ruling that disclosure of personal information serves the public interest only when the

The provision would require SSA, under certain circumstances, to disclose limited personally identifiable information for epidemiological research purposes only, and it would permit the Secretary of the Treasury to provide such information to SSA for purposes of complying with such requirement.

Under the provision, SSA would be required to comply with requests for information showing whether an individual is alive or deceased. The requester would be required to meet two conditions:

(1) the information would be used for epidemiological or similar research which the Secretary determined showed a reasonable promise of contributing to a national health interest; and

(2) the requester agrees to reimburse the Secretary for providing such information and agree to comply with limitations on safeguarding and rerelease or redisclosure of such information, as specified by the Secretary. The

As a result of the Reporters Committee decision, SSA has discontinued the practice of disclosing information from its files to epidemiological researchers.

Amounts collected by the Secretary are deposited as miscellaneous receipts of the Treasury of the United States.

The bill would establish a civil penalty of not more than \$5,000 per violation (or not more than \$25,000 in the case of a broadcast or telecast). In addition, the bill would establish a criminal penalty of not more than \$10,000 (or not more than \$50,000 in the case of a broadcast or telecast) or imprisonment of not more than one year, or both, in any case in which the prohibition is knowingly violated. Each year, the Social Security Administration (SSA) receives and maintains earnings information, including the names and addresses of employers, on over 130 million working Americans in its computer system. Employers are required to file annually with the Social Security Administration copies of their workers' W-2 statements. The statements contain the worker's Social Security numbers and the amount of wages the workers received during the year. The list is used to keep track of grocery store operators who have been sanctioned for violation under the Food Stamp Act.

The provision would permit the Secretary of Agriculture to share the list of names and identifying numbers with other Federal agencies which otherwise have access to Social Security account numbers for the purpose of effective administration and enforcement of the Food Stamp Act of 1977 or for investigating violations of other Federal laws, or enforcement of such laws. **25. Disregard Deemed Income
and Resources of
Ineligible Spouse in
Determining Continued
Eligibility under Section
1619(b)** (Sec. 224 of House
bill)

Under section 1619(a) of the Social Security Act, SSI benefits continue for those working and earning above the substantial gainful activity level, which is currently \$500 per month, as long as there is no medical improvement in the disabling condition. Benefits decline at a rate of \$1 for each additional \$2 earned after disregarding the first \$65 of earned income and the first \$20 of unearned income. In general, the point at which a recipient, who has at least \$20 in monthly unearned income, would be ineligible for cash SSI benefits in a month would be the sum of \$85 plus twice the sum of the Federal benefit and State supplement, if any. In 1994, this "breakeven point" for an individual was \$977 per month without a State supplement. For States with a supplement, the breakeven point increases by \$2 for every \$1 in State supplement.

In determining an individual's eligibility for Medicaid pursuant to section 1619(b), there would be disregarded (in addition to amounts disregarded under current law): (1) the net income of the individual's ineligible spouse to the extent the spouse's net income does not exceed twice the threshold amount determined for the individual, and (2) the ineligible spouse's resources up to the State's spousal impoverishment resource amount (as defined in section 1924(f)(2) of the Social Security Act).

Under section 1619(b), SSI recipients can continue on Medicaid even if their

Senate Amendment

Conference Agreement

earnings cause their income to exceed the breakeven point and they no longer receive cash SSI benefits. In some States, so-called 209(b) States, this does not apply. However, in most States, Medicaid continues as long as the SSI recipient: (1) continues to be blind or disabled; (2) except for earnings, continues to meet all of the eligibility requirements (other than income); (3) is seriously inhibited from continuing work by termination of eligibility of Medicaid; and (4) has earnings insufficient to provide a reasonable equivalent to cash SSI benefits, Medicaid, and publicly funded attendant care that would have been available if he or she did not have earnings.

In making determinations on the fourth criterion above, SSA compares the individual's gross earnings to a "threshold" amount. The threshold amount is the sum of the breakeven level for gross earnings of cash benefits for an individual with no other income living in his or her own household plus the average Medicaid expenditures for disabled SSI cash recipients for the State of residence. If the recipient's gross earnings exceed the threshold, an

Senate Amendment

individualized threshold is calculated which considers the person's actual Medicaid use, State supplement rate, and publicly funded attendant care.

Under current regulations, twice the "threshold" amount would vary from about \$22,000 to about \$63,000 annually and the spousal impoverishment resource limits would vary from a minimum of \$14,532 to a maximum of \$72,660.

An eligible spouse's income and resources are deemed to include the income and resources of his or her ineligible spouse with whom he or she lives. In some cases, SSI recipients who are working and are eligible for Medicaid under section 1619(b) may become ineligible for Medicaid because they marry a person who has sufficient income to render the SSI recipient ineligible for Medicaid. In other cases, the SSI recipient's ineligible spouse might receive additional income which makes the SSI recipient ineligible for Medicaid under the deeming rules.

(Sec. 225 of House
bill)

Under a plan to achieve self-support (PASS) certain income and resources are not taken into account in determining eligibility for or the amount of SSI benefits. An approved PASS allows a person who is blind or disabled to set aside the income and resources needed to achieve a work goal. The funds set aside can be used to pay for education, vocational training, or starting a business. The recipient must have a feasible work goal, a specific savings and spending plan, and must provide for a clearly identifiable accounting for the funds which are set aside. The individual must then follow the plan and negotiate revisions as needed.

SSA regulations provide the basic rules for a PASS. Under these rules, the individually designed plan can be for an initial period of at most 18 months, but an 18-month extension can be obtained. For participants engaged in lengthy education or training programs, an additional 12-month extension

A PASS allows an SSI recipient to shelter income and resources from limits if the funds are set aside to help him or her achieve a work goal. Funds may be set aside for education, vocational training, or starting a business.

Plans for achieving self-support would be expanded to include housing goals in addition to the current work goals under a 42-month demonstration.

A report on activities under this authority would be due within 12 months after the end of the 5-year period that begins on January 1, 1995.

Effective date.--January 1, 1995.

Completion of Plans for
Achieving Self-Support**
(Sec. 227 of House
bill)

Under current PASS regulations, an SSI recipient with a PASS may be eligible for its income and resource exclusions for 18 months, followed by two possible extensions of 18 and 12 months, respectively. An individual involved in a lengthy education program, could receive a pass for up to 4 years.

SSA would be required to take into account the difficulty of achieving self-support based on individual needs in determining the time limit on a PASS.

Grant, Scholarship, or
Fellowship Income**
(Sec. 228 of House bill)

Grant, scholarship, and fellowship income are treated as unearned income. The portion of this kind of income that is received for use in paying the cost of tuition and fees at any educational institution is excluded from income.

Grant, scholarship, and fellowship income would be treated as earned income without regard to the purpose of its use.

Students Temporarily
Abroad** (Sec. 229 of
House bill)

A recipient who is outside the United States for a full calendar month or more and who is not a child living outside the United States with a parent in the military service, is not eligible for SSI benefits for such month or months. A person who has been outside the United States for 30 consecutive days or more is not considered to be back until he or she has spent 30 consecutive days in the United States. After an absence of 30 consecutive days, SSI eligibility may resume effective with the day following the 30th day of continuous presence in the United States, if the individual continues to meet all other eligibility criteria.

SSI recipients who travel outside the United States would be exempt from the calendar month and 30-day time limit if the absence is (1) temporary, and (2) for the purpose of conducting studies as part of an educational program that is designed to prepare the individual for gainful employment, and is sponsored by a school, college, or university in the United States.

A translation into English by a third party of a statement made in a foreign language by an applicant for or recipient of SSI benefits shall not be regarded as reliable unless the third party, under penalty of perjury, (1) certifies that the translation is accurate, and (2) discloses the nature and scope of the relationship between the third party and the applicant or recipient.

b. Civil monetary penalties in SSI cases involving fraud

Federal law provides broad authority for imposing civil penalties against persons who submit fraudulent claims to the Government. There are two applicable Federal statutes. The Civil False Claims Act (CFCA) requires the Government to use the normal judicial process, whereby the Department of Justice initiates a civil action in Federal Court to impose a penalty. The Program Fraud Civil Remedies Act (PFCRA) authorizes an administrative process under which Federal agencies may impose penalties. These statutes are intended to address fraud from a

The same authority to impose civil penalties as the Secretary of HHS now has under sections 1128A of the Social Security Act involving false claims in the Medicare and Medicaid programs would be provided for the SSI program. SSA would have direct authority, after approval by the Department of Justice, to impose civil penalties when an individual or entity has been involved in submitting or causing to be submitted any statement that the individual knows or should know is false or misleading, or knows or should know omits a material fact. the SSI program would be subject to a penalty of not more than \$5,000 and an assessment, in lieu of damages, of not more than twice the amount of benefits paid as a result of such statement or representation. In addition, medical providers or physicians who commit such offenses with respect to the SSI program could be subject to exclusion from participation in the Medicare and Medicaid programs. The process would be similar to that used under section 1128A with respect to false claims in the Medicare and Medicaid programs. SSA would initiate and investigate cases, refer proposed actions to the Department of Justice for review before proceeding, and adjudicate and impose penalties, assessments, or exclusions. As with section 1128A, any person adversely affected by a determination could obtain a review of such determination in the United States Court of Appeals.

c. SSI Fraud Considered a Felony

SSI fraud is punishable by a fine of no more than \$1,000 or a prison term of no more than one year, a misdemeanor.

SSI fraud would be punishable by a fine as determined under the general criminal fine statutes, by a prison term of not more than five years, or both. This provision conforms the specific

statements or representations, if the violation is committed in the role as, or application to become, a representative payee on behalf of another individual, shall be guilty of a felony and be subject to the same penalties as apply to SSI. In any case in which a court determines that a violation includes a willful misuse of funds by such person or entity, the court may also require that full or partial restitution of funds be made to the individual for whom such person or entity was the representative payee.

An individual or entity convicted of a felony under the representative payee requirements of title XVI may not be certified as a payee under title II.

In the case of the second or subsequent imposition of an administrative or criminal penalty on any person or other entity under section 208 or section 1632 of the Social Security Act (relating to fraud), the Secretary may exclude such person or entity from participation in any program under title II, V, XVI, XVIII, XIX, and XX of the Social Security Act, and any other Federal program as provided by law.

d. Authority to
redetermine eligibility in
disability cases if fraud is
involved and to terminate
benefits if there is
insufficient reliable evidence
of disability.

SSA is only permitted to
terminate SSI benefits under
well-defined conditions,
unless the benefits were
obtained fraudulently. The
statute provides no guidance
on the use of this authority.

An individual's
eligibility for SSI disability
benefits shall be immediately
redetermined, disregarding any
unreliable evidence of
disability, if there is reason
to believe that fraud was
involved in the application for
benefits, unless a U.S.
Attorney or equivalent State
prosecutor certifies, in
writing, that to do so would
create a substantial risk of
jeopardizing any current or
anticipated criminal
proceeding.

e. Availability of
recipient identifying
information from the Inspector
General, Social Security
Administration

There is no current
statutory requirement for the
OIG to provide SSI recipient
identifying information
obtained during a criminal
investigation to the SSA for
administrative action. Such
identifying information is
transmitted to the SSA at such

SSA would be required to request medical information from the Immigration and Naturalization Service and the Centers for Disease Control which they may have with respect to any alien who has applied for SSI benefits to the extent the information is relevant to determining eligibility.

SSA would be required to annually report to the Committee on Ways and Means and the Committee on Finance on the extent to which it has exercised its authority to review SSI cases and the extent to which the cases reviewed were those that involved a high likelihood or probability of fraud.

h. Effective date

In general, these provisions would take-effect on October 1, 1994. The provisions dealing with civil monetary penalties in SSI cases involving fraud, with the treatment of SSI fraud as a felony, and with annual reports of reviews of SSI cases would be effective upon enactment.

33. Disability Reviews for Children 18 Years of Age
(Sec. 232 of House bill)

Under current law, all disabled Social Security beneficiaries are required to undergo periodic reviews to determine whether they continue to be disabled. There is no comparable provision in the SSI program.

SSA would be required to reevaluate under adult disability criteria the eligibility of children receiving SSI after they reach 18 years old and before they are 19 years old.

(A needy child under the age of 18 years old who has an impairment of comparable severity with that of an adult may be considered disabled and eligible for SSI benefits. To be found disabled, a child must have a medically determinable impairment that substantially reduces his or her ability to independently, appropriately, and effectively engage in age-appropriate

activities. This impairment must be expected to result in death or to last for a continuous period of at least 12 months.

Under the adult disability determination process, individuals whose impairments do not "meet or equal" the listings of impairments in regulations are subjected to an assessment of residual functional capacity. SSA determines whether adults are able to do their past work or whether they are able to do any substantial gainful work. If they cannot do either one, then they are disabled.

Under the disability determination process for children, individuals whose impairments do not "meet or equal" the listings of impairments in regulations are subjected to an individualized functional assessment. This assessment examines whether the children can engage in age-appropriate activities effectively. If it is found that the children's impairments are of comparable severity to an adult's, without assessing

**34. Continuing Disability
Reviews for all SSI
Recipients (Sec. 233
of House bill)**

Title II of the Social Security Act requires the Secretary of Health and Human Services to conduct periodic continuing disability reviews (CDRs) of disabled beneficiaries. For those beneficiaries whose impairments are not permanent, CDRs must generally be performed every three years. Beneficiaries with permanent disabilities receive CDRs at such times as the Secretary determines appropriate.

CDRs are funded as part of the Social Security Administration's administrative budget, which is subject to annual appropriations.

The provision would require the Secretary to conduct periodic continuing disability reviews on SSI recipients in the same manner as such reviews are currently required for SSDI beneficiaries.

Effective date.--October 1, 1995.

Title II of the Social Security contains a number of typographical errors, erroneous references, circular cross references, inconsistent margination, incorrect punctuation, and references to outdated versions of the

"(i) commencing with the first month following the month in which such individual is notified by the Secretary of the determination of noncompliance and that the individual's benefits will be suspended, and

"(ii) ending with the month preceding the first month, after the determination of noncompliance, in which such individual demonstrates that he or she has reestablished and maintained compliance with such provisions for the applicable period specified in paragraph (3).

“(5)(A) The Secretary shall provide for the monitoring and testing of individuals who are receiving benefits under this title and who as a condition of payment of such benefits are required to be undergoing treatment under paragraph (1) and complying with the terms, conditions, and requirements thereof as described in paragraph (2)(A), in order to assure such compliance.

“(B) The Secretary, in consultation with drug and alcohol treatment professionals, shall issue regulations—

monthly insurance benefits under this title to which such individual is entitled shall be made in any month only to the extent that the sum of—

“(i) the amount of such past-due benefit paid in such month, and

“(i) alcoholism or drug addiction is a contributing factor material to the Secretary’s determination that such individual is under a disability, and

“(ii) as of the end of the 36-month period beginning with such individual’s first month of entitlement, such individual would not otherwise be disabled but for alcoholism or drug addiction,

the month following such 36-month period shall be deemed, for purposes of section 223(a)(1) or subsection (d)(1)(G)(i), (e)(1), or (f)(1) of section 202 (as applicable), the termination month with respect to such entitlement. Such individual whose entitlement is terminated under this paragraph may not be entitled to benefits based on disability for any month following such 36-month period if, in such following month, alcoholism or drug addiction is a contributing factor material to the Secretary’s determination that such individual is under a disability.

“(B) In determining whether the 36-month period referred to in subparagraph (A) has elapsed—

“(i) a month shall not be taken into account unless the Secretary determines, under regulations of the Secretary, that

treatment required under this subsection is available to the individual for the month, and

“(ii) any month for which a suspension is in effect for the individual under paragraph (1)(B) shall not be taken into account.

“(2) For purposes of this section, a material fact is one which the Secretary may consider in evaluating whether an applicant is entitled to benefits under title II or eligible for benefits or payments under title XVI.

“(b)(1) The Secretary may initiate a proceeding to determine whether to impose a civil money penalty or assessment, or whether to recommend exclusion under subsection (a) only as authorized by the Attorney General pursuant to procedures agreed upon by the Secretary and the Attorney General. The Secretary may not initiate an action under this section with respect to any violation described in subsection (a) later than 6 years after the date the violation was committed. No objection that has not been urged before the Secretary shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

“(2) The findings of the Secretary with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive in the review described in paragraph (1). If any party shall apply to the court for leave to adduce additional evidence and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the hearing before the Secretary, the court may order such additional evidence to be taken before the Secretary and to be made a part of the record. The Secretary may modify such findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and the Secretary shall file with the court such modified or new findings, which findings with respect to questions of fact, if supported by substantial evidence on the record considered as a whole shall be conclusive, and the Secretary’s recommendations, if any, for the modification or setting aside of the Secretary’s original order.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 4277) to establish the Social Security Administration as an independent agency and to make other improvements in the old-age, survivors, and disability insurance program, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment struck all of the House bill after the enacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment that is a substitute for the House bill and the Senate amendment. The differences between the House bill, the Senate amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clerical changes.

1. ESTABLISHMENT OF THE SOCIAL SECURITY ADMINISTRATION AS AN INDEPENDENT AGENCY

(Sec. 101–110 of the House bill, secs. 101–204 of the Senate amendment, and secs. 101–110 of the conference agreement)

a. Status of Agency

Present law

The Social Security Administration (SSA) is a component of the Department of Health and Human Services (HHS).

House bill

SSA would be made an independent agency in the executive branch of the Federal government, with responsibility for administration of the Old-Age, Survivors, and Disability Insurance (OASDI) and Supplemental Security Income (SSI) programs.

Senate amendment

Same as House provision.

Conference agreement

The conference agreement follows the House bill and the Senate amendment, with amendments providing that SSA would continue to perform its current functions in administering the Coal Industry Retirees Health Benefits Act and Part B of the Black Lung Benefits Act.

*b. Agency Leadership and Management**Present law*

The Secretary of HHS has responsibility for administration of the OASDI and SSI programs. Administration of these programs has been delegated to the Commissioner of Social Security. The Commissioner is appointed by the President with the advice and consent of the Senate, but reports to the Secretary.

House bill

SSA would be governed by a three-member, full-time Board, appointed by the President with the advice and consent of the Senate. The Board members would serve 6-year terms, with no more than 2 members being from the same political party. Board members would be chosen on the basis of their integrity, impartiality, and good judgment, and would be individuals who, by reason of education, experience, and attainments, are exceptionally qualified to perform the duties of the Board. Board members could be removed from office by the President only pursuant to a finding of neglect of duty or malfeasance in office. The terms of the first members would expire after two, four and six years.

Recommendations for persons to serve on the Board would be made by the Chairman of the House Committee on Ways and Means and the Senate Committee on Finance. A member could, at the request of the President, serve for up to a year after the member's term expires until a successor has taken office. A member could be appointed for additional terms.

The President would appoint one of the members to be a chairperson of the Board for a 4-year term. The chairperson or two members could call a meeting of the Board with any two members constituting a quorum. Any member alone would be permitted to hold a hearing.

Each member of the Board would be compensated at the rate provided in level II of the Executive Schedule. No member would be permitted to engage in any other business, vocation, profession, or employment.

The Board would:

- Govern OASDI and SSI by regulation;
- Establish the agency and oversee its efficient and effective operation;
- Establish policy and devise long-range plans for the agency;
- Appoint an Executive Director to act as the agency's chief operating officer;

Constitute three members of a new seven-member Board of Trustees of the Social Security Trust Funds, with the chairperson of the agency's Board serving as chairperson of the Board of Trustees (the Secretary of Labor would be dropped as a member of the Board of Trustees);

Prepare an annual budget, which would be presented by the President to Congress without revision, together with the President's annual budget for the agency;

Study and make recommendations to the Congress and President on the most effective methods of providing economic

security through social insurance, SSI, and related programs, as well as on matters related to OASDI and SSI administration;

Provide the Congress and President with ongoing actuarial and other analyses; and

Conduct policy analysis and research.

The Board would be authorized to prescribe rules and regulations. It would also be authorized to establish, alter, consolidate, or discontinue organizational units and components of the agency (other than those provided by statute). Further, it would be permitted to assign duties and delegate (or authorize successive redelegations of) authority to act and to render decisions to such officers and employees as it deems necessary.

Senate amendment

SSA would be governed by a Commissioner appointed by the President, with the advice and consent of the Senate, for a 4-year term coinciding with the term of the President (or until the appointment of a successor). The Commissioner would be compensated at the rate for level I of the Executive Schedule (equivalent to Cabinet officer pay). The Commissioner would be responsible for the exercise of all powers and the discharge of all duties of SSA, have authority and control over all personnel and activities of the agency, and serve as a member of the 5-member Board of Trustees.

The President would be required to appoint a Commissioner within 60 days of the enactment. Upon such appointment and confirmation by the Senate, the Commissioner appointed under this title would assume the duties of the HHS Commission of Social Security until SSA is established as an independent agency.

The Commissioner would be authorized to prescribe rules and regulations; establish, alter, consolidate, or discontinue organizational units and components of the agency (except for those prescribed by law); and assign duties, and delegate, or authorize successive redelegations of, authority to act and to render decisions, to such officers and employees as the Commissioner may find necessary.

The Commissioner and the Secretary of Health and Human Services would be directed to consult with one another on an ongoing basis to assure: (1) the coordination of the Social Security, SSI, and Medicare and Medicaid programs and (2) that adequate information concerning Medicare and Medicaid benefits would be available to the public.

Conference agreement

The conference agreement follows the Senate amendment, modified to provide that the Commissioner would serve a fixed six-year term, except that the initial term of office would terminate January 19, 2001. As in the case of the Board members in the House bill, the Commissioner could be removed from office by the President only pursuant to a finding of neglect of duty or malfeasance in office.

In providing that a single administrator, rather than a bipartisan board, will head the independent agency, the conferees place

high priority on management efficiency, which they see as essential in enabling the independent SSA to address the problems that confront it. At the same time, the conferees are concerned by the high rate of turnover, and resulting instability, that has characterized SSA's top management in recent years. A number of problems in service delivery associated with this instability has been documented in studies by the General Accounting Office and in hearings by the House Committee on Ways and Means and the Senate Committee on Finance. A description of these studies and hearings is contained in both Committees' reports on this legislation.

The conferees expect that the key features of SSA's leadership structure as established in the conference agreement—i.e., independent status, a six-year term and the limitation on removal by the President, and a bipartisan advisory board—will be effective in assuring that policy errors resulting from inappropriate influence from outside the agency such as those occurring in the early 1980s do not recur in the future.

(1) Board of Trustees

Present law

The Board of Trustees of the Federal Old-Age and Survivors Insurance and Disability Insurance Trust Funds consists of the Secretary of the Treasury, the Secretary of Labor, the Secretary of Health and Human Services, and two public trustees. The Commissioner of Social Security serves as the Secretary of the Board.

House bill

The provision would expand the Board of Trustees and alter its membership. As restructured, the Board would consist of the 3 members of the independent agency's board of directors, the Secretary of the Treasury, the Secretary of Health and Human Services, and the two public trustees. The Secretary of Labor would be dropped from the Board. Also, the chairperson of SSA's board of directors would serve as the chairperson of the Board of Trustees. The Executive Director would serve as the Secretary of the Board.

Senate amendment

The Commissioner of the independent agency would serve as a member of the Board of Trustees, and the Secretary of Labor would be dropped from the Board. The Deputy Commissioner would serve as the Secretary of the Board.

Conference agreement

The conference agreement follows the Senate amendment, with an amendment providing that the Secretary of Labor would continue to serve as a member of the Board.

(2) SSA Budget

Present law

SSA's annual budget request is submitted to Congress by the President, as part of his proposal for the overall budget for the executive branch.

House bill

SSA's board of directors would be required to prepare an annual budget for the agency, which would be presented by the President to Congress without revision, together with the President's annual budget for the agency.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill, except that the budget would be prepared and forwarded to the President by the Commissioner, rather than the Board.

(3) Advisory Board

Present law

No provision.

House bill

No provision.

Senate amendment

A 7-member part-time Advisory Board would be appointed for 6-year terms, made up as follows: 3 appointed by the President (no more than 1 from the same political party); 2 each (no more than 1 from the same political party) by the Speaker of the House (in consultation with the Chairman and Ranking Minority Member of the Committee on Ways and Means) and the President pro tempore of the Senate (in consultation with the Chairman and Ranking Minority member of the Committee on Finance). Presidential appointees would be subject to Senate confirmation. Board members would serve staggered terms. The chairman of the Board would be appointed by the President for a 4-year term, coincident with the term of the President, or until the designation of a successor. The Board would meet at least 6 times each year and generally would be responsible for giving advice on policies related to the OASDI and SSI programs.

Compensation of members would be set at a rate equal to 25 percent of the rate for level III of the Executive Schedule (in addition, on meeting days compensation would be equivalent to that of the daily rate of level III of the Executive Schedule). Other benefits (except for health benefits) would not accrue. The Board would be required to appoint a staff director (paid at a rate equivalent to a rate for the Senior Executive Service) and would be authorized to hire necessary staff. The Board would be exempt from the provisions of the Federal Advisory Committee Act.

Specific functions of the Board would include:

Analyzing the nation's retirement and disability system and making recommendations with respect to how the OASDI program and SSI program, supported by other public and private systems, can most effectively assure economic security;

Studying and making recommendations relating to the coordination of programs that provide health security with the

OASDI and SSI programs and with other public and private systems;

Making recommendations to the President and to the Congress with respect to policies that will ensure the solvency of the OASDI program, both in the short-term and long-term;

Making recommendations to the President of candidates to consider in selecting nominees for the position of Commissioner and Deputy Commissioner;

Reviewing and assessing the quality of service that the Administration provides to the public;

Reviewing and making recommendations with respect to policies and regulations regarding the OASDI and SSI programs;

Increasing public understanding of the Social Security system;

In consultation with the Commissioner, reviewing the development and implementation of a long-range research and program evaluation plan for the Administration;

Reviewing and assessing any major studies of Social Security that may come to the attention of the Board; and

Conducting such other reviews and assessments as the Board determines to be appropriate.

Conference agreement

The conference agreement generally follows the Senate amendment, except that Advisory Board members would serve fixed terms, meet at least four times a year (four members, not more than three from the same political party, would constitute a quorum), and serve without compensation, except that, while serving on business of the Board away from their homes or regular places of business, members may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons in the Government employed intermittently.

Specific functions of the Board include:

Analyzing the nation's retirement and disability systems and making recommendations with respect to how the OASDI program and SSI program, supported by other public and private systems, can most effectively assure economic security;

Studying and making recommendations relating to the coordination of programs that provide health security with the OASDI and SSI programs and with other public and private systems;

Making recommendations to the President and to the Congress with respect to policies that will ensure the solvency of the OASDI program, both in the short-term and the long term;

Making recommendations with respect to the quality of service that the Administration provides to the public;

Making recommendations with respect to policies and regulations regarding the OASDI and SSI programs;

Increasing public understanding of the social security system;

Making recommendations with respect to a long-range research and program evaluation plan for the Administration;

Reviewing and assessing any major studies of social security that may come to the attention of the Board; and

Making recommendations with respect to such other matters as the Board determines to be appropriate.

In general, it is expected that the scope of the Advisory Board would be broadly focused, as indicated by its statutory mandate. This would be in contrast to the focus of recent Advisory Councils, which have tended to focus on specific aspects of the program. While the Advisory Board is required to review and assess the quality of service to the public provided by the Administration, the conferees expect that the performance of this or any other duty shall not serve as a basis for the Advisory Board to become involved in the day-to-day operation or management of the agency. Moreover, the conferees do not see the Board's role in evaluating SSA's policies and regulations as extending to the Board any special status with respect to the requirements and procedures related to the Administrative Procedures Act.

While the Board will appoint a staff director and hire required clerical support personnel, any additional staff required by the Board will be provided by the Commissioner of Social Security, who will detail employees to the Board, as agreed by the Commissioner and the Board. It is the intention of the conferees that the Board's staff director and clerical support staff not fall under the cap imposed by the conference agreement on positions that may be exempted from the competitive service at SSA.

To carry out its duties, the Advisory Board must have access to the records of the Social Security Administration. Therefore, it is expected that SSA will furnish information requested by the Advisory Board that, in the Board's judgment, is required for the performance of its duties.

The conferees believe that it is important to emphasize that the Board is advisory in nature, and that its members will meet on a part-time basis rather than serve as a standing body. It is expected that the Commissioner will consider the advice of the Board when formulating agency policy. The conferees anticipate that the Board will be effective in enhancing public confidence in the Social Security system. They believe that the Board's independent status and bipartisan membership make it especially well-suited for this important task.

(4) Executive Director

Present law

No provision.

House bill

An Executive Director would be appointed by the Board to serve as the agency's chief operating officer for a 4-year term. The individual would be permitted to serve up to one additional year until a successor had taken office (at the request of the chairperson of the Board). The Board would be permitted to appoint the Executive Director for additional terms. An Executive Director could be removed from office before completion of his or her term only for

cause found by the Board. Compensation would be set at the rate provided in level II of the Executive Schedule.

The Executive Director would:

Be the chief operating officer responsible for administration;

Maintain an efficient and effective administrative structure;

Implement the long-term plans of the Board;

Report annually to the Board on the program costs of OASDI and SSI; make annual budgetary recommendations for the administrative costs of the agency and defend such recommendations before the board;

Advise the Board and Congress of effects on administration of proposed legislative changes;

Serve as Secretary of the Board of Trustees (for OASDI);

Report to the Board in December of each year, for transmittal to Congress; on administrative endeavors and accomplishments; and

Carry out any additional duties assigned by the Board.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

c. Deputy Commissioner of Social Security

Present law

Under current SSA practice, there are six deputy commissioners (for operations; programs; finance, assessment and management; policy and external affairs; systems; and human resources). None of these is a statutory position. In addition, a non-statutory Principal Deputy Commissioner is designated to serve as Acting Commissioner in the absence of the Commissioner.

House bill

A Deputy Director of Social Security would be appointed by, and serve at the pleasure of, the Executive Director.

The Deputy Director would perform such duties and exercise such powers as are assigned by the Executive Director, and serve as Acting Executive Director during the absence or disability of the Executive Director. The Deputy Director would also serve as Acting Executive Director in the event of a vacancy in the office of Executive Director unless the Board designates another official to fill the post. He or she would be compensated at the rate provided in level III of the Executive Schedule.

Senate amendment

A Deputy Commissioner would be appointed by the President, with the advice and consent of the Senate, for a 4-year term coincident with the term of the Commissioner or until appointment of a qualified successor.

The Deputy Commissioner would perform such duties and exercise such powers as are assigned by the Commissioner, and serve as Acting Commissioner during the absence or disability of the Commissioner (or vacancy of the office) unless the President designates someone else. He or she would be compensated at the rate provided for level II of the Executive Schedule. In addition, the Deputy Commissioner would serve as the Secretary of the Board of Trustees of the OASDI Trust Funds.

Conference agreement

The conference agreement follows the Senate amendment, except that the Deputy Commissioner would serve a six-year, rather than a four-year, term. The Deputy Commissioner's term would coincide with that of the Commissioner.

d. General Counsel

Present law

SSA receives legal services from the Office of General Counsel of HHS through a component headed by a Chief Counsel for Social Security.

House bill

A General Counsel would be appointed by and serve at the pleasure of the Board as SSA's principal legal officer. He or she would be compensated at the rate provided in level IV of the Executive Schedule.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision). The conferees anticipate that the agency officers will include a General Counsel.

e. Inspector General

Present law

The Inspector General of HHS is responsible for oversight of SSA.

House bill

An Office of Inspector General would be created within SSA, to be headed by an Inspector General appointed in accordance with the Inspector General Act of 1978. He or she would be compensated at the rate provided in level IV of the Executive Schedule.

Senate amendment

The Inspector General Act of 1978 would be amended to authorize establishment, under that act, of an Inspector General of SSA.

Conference agreement

The conference agreement follows the Senate amendment, with an amendment providing that the Inspector General would be compensated at the rate provided in level IV of the Executive Schedule.

In addition, the conference agreement provides the Commissioner of the independent agency with authority to appoint an interim Inspector General to serve for up to 60 days. If the Commissioner does not make this appointment, the Inspector General of HHS may, if requested by the Commissioner, serve as SSA's Inspector General (while continuing to serve as the Inspector General of HHS) until an Inspector General is appointed for the independent agency.

The bill does not establish in the Administration any positions other than the Commissioner, Deputy Commissioner, Inspector General and Chief Financial Officer. The conferees believe that it is preferable to give the Commissioner the authority to determine the most efficient administrative organization for an independent SSA. However, the conferees believe that an essential element in any administrative organization for SSA is the position of Chief Actuary. While such a position is not mandated legislatively, it is expected that SSA will continue to have a Chief Actuary, and that the Chief Actuary will remain available to consult with the Chairman of the Senate Committee on Finance and the Chairman of the House Ways and Means Committee.

The conferees wish to emphasize the very important role of the Office of the Actuary in assessing the financial condition of the Social Security trust funds and in developing estimates of the financial effects of potential legislative and administrative changes in the Social Security program. The Office of the Actuary has a unique role within the agency in that it serves both the Administration and the Congress. While the conferees expect that the Chief Actuary will report to the Commissioner, this office often must work with the committees of jurisdiction in the development of legislation.

Beginning with the appointment of the first Chief Actuary in 1936, the tradition was for a close and confidential working relationship between the individual who held that office and the committees of jurisdiction in the Congress, a relationship which the Committees value highly. It is important to emphasize that both the Senate Committee on Finance and the House Committee on Ways and Means rely on their ability to seek estimates on a confidential basis from the Chief Actuary, especially when developing new legislation. Thus, the independence of the Office of the Chief Actuary with respect to providing assistance to the Congress is vital in maintaining a trusting and useful relationship.

The conferees believe that it is important for the Office of the Chief Actuary to receive adequate staffing and support from the agency. In this regard, the conferees are concerned that fewer actuarial studies and notes have been published in recent years and that various informal reports and actuarial memoranda that were available in the past are no longer circulated. The conferees consider independent analyses by the Office of the Chief Actuary to be consistent with the general role and responsibilities of the actuarial profession, and in the past have found these analyses to be very

helpful in understanding the factors underlying estimates and trends in the Social Security program.

With respect to adequate staffing, the conferees wish to note that it is essential that the strength of the Office of the Actuary be maintained. The conferees strongly urge that the actuarial staff at SSA be enhanced on an ongoing basis. Toward that end, the conferees believe that, in formulating a comprehensive workforce plan, the Commissioner of Social Security should carefully evaluate the needs of the Office of the Actuary and consider the need for additional Senior Executive Service positions in this office.

Although the conferees have not legislatively established a position of Chief Actuary in the independent agency, the conferees recognize the important role of the Office of the Chief Actuary and expect that in the independent SSA the office will be permitted to function with a high degree of independence and professionalism.

f. Chief Financial Officer

Present law

No provision.

House bill

No provision.

Senate amendment

A Chief Financial Officer would be appointed by the Commissioner in accordance with amendments to Title 31 of the U.S. Code made by the Chief Financial Officers Act of 1990.

Conference agreement

The conference agreement follows the Senate Amendment.

g. Beneficiary Ombudsman

Present law

No formal position of this nature exists within SSA.

House bill

An Office of Beneficiary Ombudsman, headed by a beneficiary ombudsman appointed by the Board, would be created within SSA. The term of office would be 5 years, except for the first ombudsman whose term would end September 30, 2000. The ombudsman would be permitted to serve up to one additional year until a successor had taken office (at the request of the chairperson of the Board), and could be appointed for additional terms. The ombudsman could be removed from office before completion of his or her term only for cause found by the Board. Compensation would be set at the rate provided in level V of the Executive Schedule.

The beneficiary ombudsman would:

Represent the interests and concerns of program beneficiaries within SSA's decision-making process;

Review SSA's policies and procedures for possible adverse effects on beneficiaries;

Recommend within SSA's decision-making process changes in policies which have caused problems for beneficiaries;

Help resolve problems for individual beneficiaries in unusual or difficult circumstances, as determined by the Administration; and

Represent the views of beneficiaries within SSA's decision-making process in the design of forms and issuance of instructions.

The Board would assure that the Office of Beneficiary Ombudsman is sufficiently staffed in regional offices, program centers, and the central office.

The annual report of the Board would include a description of the activities of the beneficiary ombudsman.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

h. Office of Chief Administrative Law Judge

Present law

The Social Security Act requires SSA to conduct hearings to consider appeals of SSA decisions by beneficiaries and applicants for benefits. These hearings are conducted by administrative law judges (ALJs). Although not required by law, the agency follows the procedures of the Administrative Procedures Act (APA) with respect to the appointment of ALJs and the conduct of hearings. The ALJs are located organizationally within the Office of Hearings and Appeals, headed by an associate commissioner who reports to the deputy commissioner for programs.

House bill

An Office of Chief Administrative Law Judge, headed by a chief ALJ appointed by the Board, would be created within SSA to administer the affairs of SSA's ALJs in a manner so as to ensure that hearings and other business are conducted by the ALJs in accordance with applicable law and regulations. The chief ALJ would report directly to the Board.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

i. Interim Authority of the Commissioner

Present law

No provision.

House bill

The President would be required to nominate appointments to the Board not later than April 1, 1995. If all members of the Board are not in office by October 1, 1995, the person then serving as Commissioner of Social Security would continue to serve as head of SSA within HHS, and serve as the head of the newly-established SSA, assuming the powers and duties of the Board and Executive Director.

Senate amendment

No provision.

Conference agreement

The conference agreement generally follows the House bill by providing that the existing Commissioner of Social Security in the Department of HHS would continue to serve in that post until a Commissioner is nominated by the President pursuant to this statute and is confirmed by the Senate. Nomination by the President must occur within 60 days of enactment. Upon confirmation by the Senate (whether before or after the general effective date of this statute), the President's nominee would assume the position of Commissioner of Social Security.

In the event that, as of March 31, 1995, the President has not nominated an individual for appointment to the Office of Commissioner of Social Security, the individual serving as Commissioner of Social Security in the Department of Health and Human Services shall become the Acting Commissioner of Social Security in the independent SSA.

j. Personnel; Budgetary Matters; Facilities and Procurement; Seal of Office

(1) Appointment of Employees by the Commissioner

Present law

No provision.

House bill

The Board would appoint additional officers and employees as it deems necessary (with compensation fixed in accordance with title 5 of the U.S. Code, except as otherwise provided by law), and could procure services of experts and consultants.

Senate amendment

Identical provision.

Conference agreement

The conference agreement follows the House bill and the Senate amendment.

(2) Allotment of Senior Executive Service (SES) Employees

Present law

No provision.

House bill

The Director of the Office of Personnel Management (OPM) would be required to give SSA an allotment of Senior Executive Service (SES) positions that exceeds the number authorized for SSA immediately before enactment of this Act to the extent a larger number is specified in a comprehensive work plan developed by the Board. The total number of such positions could not be reduced at any time below the number SSA held immediately before enactment of this Act.

Senate amendment

The Senate amendment includes the same provision, except that the number of SES positions allotted to SSA must be "substantially" greater than the number allotted to SSA before enactment of this Act.

Conference agreement

The conference agreement follows the Senate amendment, with an amendment requiring the Director of OPM to inform the Committee on Ways and Means and the Committee on Finance of the number of SES positions allotted to SSA within 60 days of the transmittal of the comprehensive work plan to the Director of OPM.

In agreeing to this provision, the conferees wish to note that, at present, the number of SES positions in SSA is low in proportion to the agency's responsibilities and the size of the agency's staff. The conferees expect that SSA's allotment will increase as an independent agency, commensurate with the agency's increased stature and responsibilities.

(3) Executive Level Positions

Present law

No provision.

House bill

In addition to the 8 Executive Schedule positions established by this Act, SSA also would be authorized 6 positions at level IV and 6 positions at level V of the Executive Schedule.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

(4) Positions Exempted From the Competitive Service

Present law

No provision.

House bill

No provision.

Senate amendment

The number of positions which may be excepted from the competitive service because of their confidential or policy-determining character could not exceed the equivalent of 10 full-time positions.

Conference agreement

The conference agreement generally follows the Senate amendment, except that the limit would be set at 20 and would apply only to non-career Senior Executive Service (SES) and schedule C positions. The four SSA positions authorized by this statute—Commissioner, Deputy Commissioner, Inspector General, and Chief Financial Officer—would not be counted toward the limit, nor would the staff hired by the Social Security Advisory Board.

(5) Workforce Plan; Biennial Appropriation

Present law

No provision.

House bill

Appropriation requests for SSA staffing and personnel would be based upon a comprehensive workforce plan, established and revised from time to time by the Board.

Senate amendment

The Senate amendment includes a similar provision, except that the plan would be established by the Commissioner and appropriations would be authorized to be made on a biennial basis.

Conference agreement

The conference agreement follows the Senate amendment.

(6) Contingency Funds

Present law

No provision.

House bill

No provision.

Senate amendment

Appropriated contingency funds would be apportioned upon the occurrence of the stipulated contingency, as determined by the Commissioner and reported to the Congress.

Conference agreement

The conference agreement follows the House bill (i.e., no provision).

(7) Seal of Office

Present law

No provision.

House bill

The Board would create a Seal of Office for SSA, and judicial notice would be taken of it.

Senate amendment

The Commissioner would create a Seal of Office for SSA, and judicial notice would be taken of it.

Conference agreement

The conference agreement follows the Senate amendment.

k. Transfers and Transitional Rules

(1) Transfers of Functions and Staff

Present law

No provision.

House bill

In consultation with the Secretary of HHS, the Board would determine appropriate allocations of personnel and assets be transferred from HHS to SSA. In addition, there would be transferred such number of ALJs as are necessary to carry out the functions transferred by this Act (as determined by the Board in consultation with the Secretary).

Senate amendment

All functions, assets and personnel related to the administration of Social Security programs would be transferred from HHS to SSA. Transfers include all personnel employed in connection with the functions transferred to SSA and the assets, liabilities, contracts, property, records and unexpended balance of appropriations, authorizations, allocations, or other funds employed, held, or used in connection with these functions.

Conference agreement

Under the conference agreement generally follows the Senate amendment, with an amendment providing that the Commissioner and the Secretary will enter into a written interagency transfer arrangement identifying the personnel and resources to be transferred to SSA pursuant to this provision. The Commissioner and the Secretary will also identify support functions which are to be transferred—i.e., payroll, legal, and audit functions.

Under the conference agreement, SSA will continue to perform its current functions in administering the Medicare and Medicaid programs, including the adjudication of Medicare appeals, until such time as the Secretary and the Commissioner agree to a different arrangement. While the Secretary will maintain the ultimate authority for appeal decisions, SSA's ALJ corps will conduct appeal hearings until such time as the Secretary and the Commissioner agree to separate the functions.

The conferees urge the Secretary and the Commissioner to make a joint examination of the most appropriate methodology which could be used to determine the costs to be borne by the Med-

icare trust funds for Medicare-related functions performed by SSA. The conferees request that the Secretary and the Commissioner report their joint findings to the Committee on Ways and Means and Committee on Finance within 36 months.

(2) Terminate 6 Executive Level IV and V Positions

Present law

No provision.

House bill

The Secretary of HHS shall terminate 6 positions in the Department of HHS placed in level IV and 6 positions placed in level V of the Executive Schedule other than positions required by law.

Senate amendment

No provision.

Conference agreement

The conference agreement follows Senate amendment (i.e., no provision).

(3) Employees Performing SSA Work on Date of Transfer

Present law

No provision.

House bill

No provision.

Senate amendment

HHS employees who are employed on the date of enactment of this Act, solely in connection with functions transferred by this title to SSA, and who are so employed on the day before the date SSA is established as an independent agency, shall be transferred from HHS to SSA.

HHS employees who are not employed on the date of the enactment of this Act in connection with functions transferred to SSA, but who are so employed on the day before SSA is established as an independent agency, may be transferred from HHS to SSA by the Commissioner, after consulting with the Secretary of HHS, if the Commissioner determines such transfer to be appropriate.

Conference agreement

The conference agreement follows the House bill (i.e., no provision).

(4) Funds Transferred

Present law

No provision.

House bill

Funds available to any official or component of HHS whose functions are transferred to the Commissioner of Social Security or

the independent SSA may, with the approval of the Director of the Office of Management and Budget, be used to pay compensation of any officers appointed during the transition until funds for that purpose are otherwise available.

Senate amendment

Same as House provision.

Conference agreement

The conference agreement follows the House bill and Senate amendment.

(5) Transfer of Existing Orders, Determinations, Contracts, etc.

Present law

No provision.

House bill

All orders, determinations, rules, regulations, collective bargaining agreements, recognitions of labor organizations, certificates, licenses, and privileges in effect under the authority of the Secretary of HHS at the time of the transition would continue under the independent agency until their expiration or modification by the Board in accordance with law. Further, the change would not alter any pending proceeding before the Secretary, nor any suit nor penalty, except that such proceedings would continue before the Board.

Senate amendment

All orders, rules, regulations, determinations, contracts, collective bargaining agreements (including ongoing negotiations), recognitions of labor organizations, certificates, licenses and privileges in effect under the authority of the Secretary of HHS at the time of the transition would continue under the authority of the independent SSA until modified or terminated by the Commissioner. Suits and penalties commenced prior to enactment would also continue. Collective bargaining agreements would remain in effect until the date of termination specified in such agreement.

Conference agreement

The conference agreement follows the Senate amendment.

(6) Employee Protections; Transfer of Employees

Present law

No provision.

House bill

Transfer to the independent agency would not cause any full-time personnel (except special government employees) or part-time personnel holding permanent positions to be separated or reduced in grade or compensation for one year after such transfer.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical modifications. In addition, the provision stipulates that transferred personnel who were not SSA employees immediately prior to March 31, 1995, would not be subject to directed reassignment to a duty station outside their commuting area for one year after such date, except that such personnel residing in the Baltimore, Maryland, or Washington, D.C., commuting area would not be subject to directed reassignment to duty stations in the Washington, D.C. or Baltimore, Maryland, commuting areas, respectively, for six months after such date. The conferees expect that in implementing this provision, SSA will develop a definition of "commuting area" no later than March 31, 1995.

In establishing these protections, the conferees are seeking to insure that SSA's transition to independent status does not adversely affect any worker's employment, pay, or grade. The conferees also want to protect employees who are transferred as a result of this Act from HHS to SSA, and their families, from having to relocate immediately. The conferees intend these protections to extend only to personnel actions and transfers stemming from the transition of SSA to its new status as an independent agency. They should not be interpreted as preventing SSA from taking personnel actions unrelated to this transition that affect employees' jobs, pay, or grade.

1. TRANSITION DIRECTOR

Present law

No provision.

House bill

No provision.

Senate amendment

SSA's transition to independent status would be led by a Transition Director, who would be selected on the basis of experience and knowledge of the operation of the Federal Government. Within 30 days after enactment, the President would be required to appoint the Transition Director, who would be compensated at the rate provided for level IV of the Executive Schedule.

Before the Commissioner of the independent SSA has been appointed, the Transition Director would be required to consult regularly with the Director of the Office of Management and Budget. Upon such appointment, the Transition Director would work under the direction of the Commissioner of SSA.

Within 120 days of the enactment, the Transition Director and the Commissioner of Social Security would be required to report to the Congress on the status of the transition and on any significant internal restructuring or management improvements that are proposed to be undertaken.

Conference agreement

The conference agreement follows the House bill (i.e., no provision).

*m. Advisory Council**Present law*

An advisory council is appointed by the Secretary of HHS every four years for the purpose of reviewing the status of the Social Security and Medicare programs.

House bill

No provision.

Senate amendment

There would be no quadrennial advisory councils for Social Security, although quadrennial councils would continue to be convened for Medicare.

Conference agreement

The conference agreement follows the Senate amendment, except that the provision does not authorize quadrennial advisory councils for Medicare. Also, the Advisory Council appointed in 1994 would be authorized to complete its work. The conferees expect that the Congress will consider authorizing quadrennial advisory councils for Medicare in future legislation.

*n. Annual Report**Present law*

The Secretary of HHS is required to make an annual report to Congress on the administration of the functions with which the Secretary is charged under the Social Security Act (including OASDI and SSI).

House bill

No provision.

Senate amendment

The requirement for an annual report with respect to OASDI and SSI would be eliminated.

Conference agreement

The conference agreement follows the Senate amendment, with a technical amendment modifying provisions of existing law which require the inclusion of information in SSA's annual report so that this information will be provided to Congress separately.

The conferees do not intend this provision to override any statutory requirements that SSA provide information to Congress. Rather, reports that are mandated by law will continue to be provided. Furthermore, in the absence of the annual report, the conferees expect that SSA will include in its annual statistical supplement basic information similar to that currently included in the annual report on: (1) the OASI, DI, and SSI programs; (2) the struc-

ture of SSA, including numbers of local offices, regional offices, and teleservice centers; (3) the size and distribution of SSA staff; (4) pending workloads at each level of the disability application and appeals process; and (5) representative payees for Social Security and SSI beneficiaries.

o. Data Exchange

Present law

Within the current Department of Health and Human Services, programs administered by the Social Security Administration, the Health Care Financing Administration, the Administration for Children and Families, and other programs may disclose information from their respective systems of records to assist the administration of various HHS programs.

House bill

No provision.

Senate amendment

No provision.

Conference agreement

The provision would continue existing data exchanges between HHS and SSA, by requiring the Secretary to disclose to the Commissioner, and the Commissioner to the Secretary, any record or information requested in writing by the others for the purpose of administering any program, if the same type of information was disclosed to SSA or HHS, respectively, before the date of enactment.

Until March 31, 1995, such exchanges may continue to be carried out without need to publish new routine uses under the Privacy Act, and without need for computer matching agreements. Beginning March 31, 1996, additional data exchanges and computer matching agreements shall be made in compliance with the routine uses provision under the Privacy Act.

p. Effective Date

Present law

No provision.

House bill

In general, the provision would take effect October 1, 1995.

Senate amendment

In general, the provision would take effect 180 days after enactment.

Conference agreement

In general, the provision would take effect March 31, 1995. The Secretary and the Commissioner would be required to develop an arrangement for the transfer on March 31, 1995, of SSA personnel, and resources to the independent agency. They would be required

to submit this plan to the Committee on Ways and Means and the Committee on Finance no later than January 1, 1995. No later than February 15, 1995, the General Accounting Office would be required to issue a report to the Committees evaluating this plan.

The conferees expect this plan to be sufficiently detailed that Congress and the GAO can evaluate whether the decisions made by the Secretary and the Commissioner reflect a division of staff and resources that is equitable from the perspective of both agencies. The plan should include the number or portion of staff from each division within the Office of the Secretary that will be transferred to SSA and the method by which those staff will be designated.

In addition, to ensure that the Congress is fully informed of the progress of the transition, the conferees expect GAO to monitor the transition closely and to report frequently to the Committee on Ways and Means and the Committee on Finance on an informal basis. To facilitate GAO's role in the transition, the conferees expect that all participants will furnish the Comptroller General with such information as he determines is necessary to apprise the Committees of the progress of the transition.

Further, the conferees require that, no later than November 1, 1994, the Secretary and the Commissioner report directly to the Committee on Ways and Means and the Committee on Finance on their progress in developing the required joint plan.

2. RESTRICT DISABILITY INSURANCE AND SUPPLEMENTAL SECURITY INCOME DISABILITY PAYMENTS TO SUBSTANCE ABUSERS

(Sec. 201 of the House bill, secs. 301-305 of the Senate amendment, and sec. 201 of the conference agreement)

a. Require that All DI Beneficiaries Receive Payment Through a Representative Payee

Present law

Supplemental Security Income (SSI) recipients whose alcoholism or drug addiction is a contributing factor material to their disability are required to receive payments through a representative payee, who has responsibility for managing their finances. There is no parallel requirement for the Disability Insurance (DI) program.

House bill

DI beneficiaries whose drug addiction or alcoholism is a contributing factor material to their disability would be required to receive payment through a representative payee. Thus, for both DI and SSI, it would be deemed in the best interest of the individual to be paid through a representative payee if alcoholism or drug addiction is a contributing factor material to the determination of disability. Further, the requirement that payment be certified to an alternative representative payee is modified by specifying that this occur, "if the interest of the disabled individual would be served thereby."

The provision would become effective 180 days after enactment for both current and prospective DI beneficiaries.

Senate amendment

DI beneficiaries whose disabilities are based in whole or in part on a medical determination that the individual is a drug addict or alcoholic would be required to receive payments through a representative payee.

Conference agreement

The conference agreement follows the House bill with an amendment providing that, for individuals determined eligible for DI benefits beginning 180 days after enactment, the requirement for a representative payee would become effective with respect to their first benefit check. Notification that the individual is subject to this requirement because alcoholism or drug addiction is a contributing factor material to his or her disability would be included in SSA's award notice informing the individual of entitlement to benefits.

For DI beneficiaries on the rolls, this requirement would become effective the month following the month in which SSA provides notification that alcoholism or drug addiction is a contributing factor material to the individual's disability and that, as a consequence, the individual is required to receive payment through a representative payee.

An exception to these rules would apply in cases where SSA has difficulty locating a suitable representative payee for a DI beneficiary who is on the rolls prior to the effective date of the amendment. In such situations, direct payment to the individual could be made for up to 90 days.

The conferees recognize that requiring SSA to identify those DI beneficiaries on the rolls whose alcoholism or drug addiction is material to their disability is a costly and labor-intensive task. Finding appropriate representative payees for these individuals will also present an enormous challenge to the agency. The conferees are establishing these requirements in spite of their difficulty because of the high priority they place on halting the use of DI and SSI funds to support disabling addictions. They expect that SSA will implement this requirement in stages, giving first priority to newly-adjudicated cases and individuals with primary diagnoses of alcoholism or drug addiction. The conferees place a high priority on accomplishing this task and expect that SSA will make every effort to identify during the 180 days following enactment DI beneficiaries on the rolls who are required to have representative payees and to find suitable representative payees for these beneficiaries as soon as possible.

*b. Studies**Present law*

No provision.

House bill

The Secretary of Health and Human Services would be required to conduct a study of (a) the cost, feasibility, and equity of requiring all DI and SSI beneficiaries who suffer from alcoholism or drug addiction (including those whose addiction did not contrib-

ute materially to the determination of disability) to have a representative payee, (b) the feasibility of, and appropriate timetable for, providing benefits through non-cash means (e.g., vouchers, debit cards, electronic benefit transfer systems), (c) the extent to which child recipients are afflicted by drug addiction or alcoholism and ways of addressing such affliction, including the feasibility of requiring treatment, and (d) the extent to which children's representative payees are afflicted by drug addiction or alcoholism, and methods to identify these afflicted individuals and to ensure that benefits continue to be provided to beneficiaries appropriately.

Not later than April 1, 1995, the Secretary shall transmit to the Committee on Ways and Means and the Committee on Finance a report on the findings and recommendations of the study.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill, except that the study of providing non-cash benefits to alcoholics and drug addicts would focus on issues of cost and equity as well as feasibility and would not include a timetable for implementation. Also, the due date for the study would be December 31, 1995.

c. Preference for Organizations as Representative Payees and Expansion of Qualified Organizations

Present law

The law is silent with regard to assigning an order of preference for the appointment of representative payees. SSA regulations give preference to family members and friends over organizations in both the DI and SSI programs. If the representative payee is determined to have misused any benefits, the Secretary must certify payment to an alternative payee or to the individual.

Community-based nonprofit social service agencies in existence on October 1, 1988, and serving as representative payees for five or more recipients are allowed to collect a monthly fee for their services the fee is collected from the DI or SSI payment, and cannot exceed the lesser of ten percent of the benefit or \$25 per month. The authority for qualified organizations to charge a fee for representative payee services expired July 1, 1994.

House bill

In selecting a representative payee for an individual whose alcoholism or drug addiction is a contributing factor material to his or her disability, preference would be given to qualified organizations, unless the Secretary determines that selection of such an agency would not be appropriate.

Further, the requirement that qualified organizations have been in existence on October 1, 1988, to receive a fee for representative payee services would be repealed, and the list of qualified organizations would be expanded to include:

- (1) Community-based, nonprofit social services agencies;

(2) State or local agencies whose mission is to carry out income maintenance, social service, or health care-related services; and

(3) State or local government agencies with fiduciary responsibilities (or a designee of such an agency if the Secretary deems it appropriate).

The authority for qualified organizations to charge a fee for representative payee services (which expired July 1, 1994) would be reestablished and made permanent, and the monthly fee for services that qualified representative payees of drug addicts and alcoholics receive would be set at ten percent of the monthly benefit.

Senate amendment

Any benefits payable to DI and SSI beneficiaries (including retroactive benefits) based in whole or in part on alcoholism or drug addiction would be payable only pursuant to a certification of such payment to a qualified organization acting as representative payee for the individual. A qualified organization would be further defined to include an agency or instrumentality of a State or a political subdivision of a State.

Conference agreement

The conference agreement follows the House bill, with an amendment that provides an exception to the preference for organizations to serve as representative payees for drug addicts and alcoholics to allow SSA to appoint a family member as representative payee if appointing a family member would be appropriate. However, the conferees intend that in cases where the alcoholic or drug addict is abusive to family members or in cases where family members turn over benefits to the alcoholic or drug addict, a family member would not be found to be an appropriate representative payee. In addition, the conferees believe that there are no circumstances under which bartenders should be permitted to serve as representative payees for the customers they serve.

The fee that organizational representative payees would be permitted to charge drug addicts and alcoholics would be the lesser of 10 percent of the monthly benefit or \$50, indexed to the Consumer Price Index. In addition, the authority for qualified organizations to charge a fee for representative payee services would be made retroactive to July 1, 1994; and the ceiling on fees for organizational representative payees of OASDI and SSI beneficiaries who are not alcoholics or drug addicts—currently \$25—would be indexed to the CPI.

d. Treatment Requirement

Present law

SSI recipients whose alcoholism or drug addiction is a contributing factor material to their disability are required to undergo treatment, when available, at approved facilities. They must also comply with the terms of their treatment program and comply with monitoring and testing provided by the Secretary. There are no parallel requirements for the DI program.

House bill

DI beneficiaries whose drug addiction or alcoholism is a contributing factor material to their disability and who are determined eligible for benefits at least 180 days after enactment would be required to undergo treatment, when available, at approved facilities; to comply with the terms of such treatment programs; and to comply with monitoring and testing provided by the Secretary.

In addition, DI beneficiaries on the rolls with a primary diagnosis of alcoholism or drug addiction would be subject to these requirements.

Senate amendment

DI and SSI beneficiaries whose disability is based in whole or in part on drug addiction or alcoholism would be required to undergo treatment, when available, at approved facilities; to allow their treatment to be monitored; and to comply with monitoring and testing provided by the Secretary.

Conference agreement

The conference agreement generally follows the House bill with respect to new DI beneficiaries. With respect to DI beneficiaries on the rolls as of the effective date of this provision, treatment would be required, if available, for all individuals whose alcoholism or drug addiction is a contributing factor material to their disability.

For individuals determined eligible for DI benefits following the effective date of this provision, the requirement to undergo treatment, if available, would apply beginning with the first month that they receive a benefit check. Notification that the individual is subject to this requirement because alcoholism or drug addiction is a contributing factor material to his or her disability would be included in SSA's award notice informing the individual of entitlement to benefits.

For DI beneficiaries on the rolls, the treatment requirement would become effective the month following the month in which SSA provides notification that alcoholism or drug addiction is a contributing factor material to the individual's disability and that, as a consequence, he or she is required to undergo treatment, if available, as a condition of eligibility.

*e. Appropriate Treatment and Standards for Compliance**Present law*

Under the SSI program, alcoholics and drug addicts must undergo "any treatment which may be appropriate for their condition at an institution or facility approved by the Secretary (so long as such treatment is available)." There is no parallel requirement in the DI program.

House bill

DI and SSI recipients whose alcoholism or drug addiction is a contributing factor material to their disability would be required to undergo any medical or psychological treatment that is appropriate for the individual's addiction and for the stage of the individual's rehabilitation, at an approved facility.

The Secretary, in consultation with drug and alcohol treatment professionals, would be required to issue regulations further defining appropriate treatment and compliance, and to establish guidelines for evaluating compliance, including measures of the progress expected of participants.

Senate amendment

Similar provision, but excludes the requirement that the Secretary issue regulations defining compliance with treatment.

Conference agreement

The conference agreement follows the House bill, except that the requirement to undergo "any medical or psychological treatment" would be replaced with a requirement to undergo "appropriate substance abuse treatment." This change is intended to assure that SSA continues to treat organizations such as Alcoholics Anonymous as qualified treatment providers.

The conferees anticipate that, in addition to issuing regulations, SSA will develop specific guidelines for assessing compliance. These guidelines should be consistent with the thrust of the regulations. However, the conferees expect that the guidelines will be altered from time to time, based on improved medical understanding of addiction.

f. Benefit Suspension for Noncompliance With Treatment

Present law

SSI law requires disabled alcoholics and drug addicts to participate in treatment, if available, as a condition of eligibility. It does not, however, specify the timing and duration of benefit suspensions for failure to comply with this requirement. There is no parallel requirement for the DI program.

House bill

Benefits would be suspended for DI and SSI disability beneficiaries who fail to undergo or comply with required treatment for drug addiction or alcoholism. (Medicare benefits would continue during the period of DI suspension, as would Medicaid benefits for suspended SSI recipients). To qualify for benefit reinstatement, DI and SSI recipients would have to demonstrate compliance with treatment for progressively longer periods—two months, three months, and six months for the first, second, third (and subsequent) instances of noncompliance, respectively. An individual's DI or SSI benefits would be terminated after he or she was suspended for 12 consecutive months. As under current law, terminated individuals could reapply for benefits.

Senate amendment

The individual must demonstrate in such manner as the Secretary requires, including at a continuing disability review not later than 1 year after the determination of disability, that the individual is complying with the terms and conditions of treatment. If the Secretary finds that an individual is not complying, the Secretary, in lieu of termination, may suspend benefits until compli-

ance is reestablished, including compliance with any additional requirements the Secretary determines necessary.

Conference agreement

The conference agreement follows the House bill, except that suspensions would become effective the month following notification by SSA of the noncompliance and resulting suspension, rather than the month of noncompliance. (An individual may be determined as failing to comply for a month only if treatment is available for the month.)

g. Referral and Monitoring Activities and Report on Testing

Present law

The Secretary of HHS must provide for the monitoring and testing of all SSI recipients whose alcoholism or drug addiction is a contributing factor material to their disability. There is no parallel requirement for the DI program.

House bill

The Secretary would be required to establish a referral and monitoring agency for each State. These agencies would identify appropriate placements for DI and SSI recipients who are drug addicts and alcoholics, refer them to such treatment, monitor compliance, and report failures to comply to the Secretary. The Secretary would also be required to provide for the testing of DI beneficiaries, as is currently required under the SSI program.

The Secretary would be required to submit annual reports to Congress on required testing and referral and monitoring activities for DI beneficiaries, as is currently required in the SSI program. These reports would indicate the number and percentage of DI and SSI substance abusers who did not receive regular testing during the year.

Senate amendment

Within 1 year of enactment, the Secretary of HHS would be required to provide for the establishment of referral and monitoring agencies for each State, as well as for the testing of DI beneficiaries, as is currently required under the SSI program.

Conference agreement

The conference agreement follows the House bill with minor drafting modifications and with an amendment replacing the requirement for annual reports with a one-time report, due December 31, 1996. Thereafter, annual reports on testing and referral and monitoring activities would no longer be required under the SSI program.

In requiring SSA to provide drug testing, the conferees intend that this authority be used as a tool for assessing compliance with treatment in those instances where a test is likely to yield important information. This provision should not be interpreted as requiring random drug or alcohol testing of all DI and SSI beneficiaries who are disabled by alcoholism or drug addiction.

*h. 36-Month Limit**Present law*

No provision.

House bill

DI and SSI benefits (including retroactive benefits) for individuals whose drug addition or alcoholism is a contributing factor material to their disability would be terminated after 36 months of entitlement. Once terminated, the individual would not be entitled to any future benefits if alcoholism or drug addition were a contributing factor material to the disability termination. For those beneficiaries on the rolls 180 days after enactment of this provision, the first month ending after 180 days after enactment would be treated as the first month of entitlement for the purpose of determining their 36-month period of entitlement.

Senate amendment

In no event would an individual be entitled to benefits for more than a total of 36 months (excluding periods of suspension) unless upon the termination of the 36th month the individual furnishes evidence that the individual is under a disability which is not related in part to a medical determination that the individual is a drug addict or alcoholic.

Conference agreement

SSI recipients whose alcoholism or drug addiction is a contributing factor material to SSA's determination that they are disabled would be terminated from the rolls after receiving 36 months of benefits unless they are disabled for some reason other than alcoholism or drug addiction. The 36-month limit would be applied to DI substance abusers beginning when treatment becomes available. DI substance abusers would be terminated after receiving benefits in treatment for 36 months, unless they are disabled for some reason other than substance abuse. The conferees expect that SSA will notify DI and SSI beneficiaries well in advance of the 36-month termination that benefits will be ceased, unless the individual provides evidence that he or she is disabled independent of alcoholism or drug addiction.

For SSI recipients determined eligible for benefits after 180 days after enactment, the 36-month limit would begin to toll with the first month for which the individual receives a benefit check. Notification that the individual is subject to the 36-month limit because alcoholism or drug addiction is a contributing factor material to his or her disability would be included in SSA's award notice informing the individual of eligibility for benefits. For SSI recipients on the rolls, the limit would also begin to toll 180 days after enactment; and SSA would be required to notify all affected individuals prior to this date that they are subject to this limit because alcoholism or drug addiction is a contributing factor material to their disability.

For DI beneficiaries (both current and newly-entitled individuals), the limit would begin when treatment becomes available, at

which time SSA would be required to notify the individual that he or she is subject to the limit.

For both groups, only those months for which an individual receives a benefit would be counted toward the 36-month period. (Periods of benefit suspension would be excluded.) An individual whose benefits are terminated as a result of the 36-month limit may not receive benefits for any following month if, in such following month, alcoholism or drug addiction is a contributing factor material to the Secretary's determination that the individual is disabled.

Medicare and Medicaid would be continued beyond the 36-month period so long as the terminated individual continues to be disabled, as would benefits for dependents of terminated DI beneficiaries (see "i").

The provision would sunset the 36-month limit, effective October 1, 2004.

i. Dependents Benefits After 12-Month and 36-Month Termination

Present law

Dependents are entitled to DI benefits only so long as the worker on whose wage record benefits are paid is so entitled.

House bill

Dependents' benefits would be continued for two years after the worker on whose record benefits are paid is terminated from the DI rolls.

Senate amendment

No provision.

Conference agreement

Dependents' benefits would be continued so long as the worker on whose record benefits are paid continues to be disabled.

j. Proration of Retroactive Lump-Sum Benefits

Present law

No provision.

House bill

Retroactive lump-sum DI and SSI disability benefits for individuals whose alcoholism or drug abuse is a contributing factor material to their disability would be prorated and paid gradually. Each monthly payment would be limited to 200 percent of the normal benefit amount.

Senate amendment

Retroactive lump-sum benefits for individuals whose disabilities are related in whole or in part to alcoholism or drug addiction would be paid to a representative payee, who would be charged with managing the individual's finances.

Conference agreement

The conference agreement follows the House bill, with amendments that:

(1) Create an exception for individuals who are at high risk of homelessness because they incurred debts related to housing while awaiting their eligibility decision. The exception would be limited to the amount of the debt;

(2) Provide that, when a beneficiary dies without having received the full amount of his or her retroactive benefits in prorated payments, the unpaid amount would be treated as an underpayment; and

(3) Provide that, when retroactive benefits are owed to an individual whose entitlement ceases due to 12 months of suspension or the 36-month limit, prorated payments would continue through a representative payee until all retroactive benefits are paid.

The conferees are establishing the first exception to help insure that the restrictions being imposed on lump-sum payments will not result in an increased level of homelessness. They expect representative payees to use any amounts so excepted for the sole purpose of repaying housing-related debts.

The second and third exceptions recognize that, once an individual has been determined eligible for DI and SSI benefits, subsequent events—such as failure to comply with required treatment, the imposition of the 36-month limit, or the individual's death—do not negate his or her previous eligibility and resulting right to past-due benefits.

*k. Illegal Activity and SGA**Present law*

No provision.

House bill

In determining whether an individual is engaging in substantial gainful activity, the Secretary must consider services performed or earnings derived from such services without regard to the legality of such services.

Senate amendment

Any proceeds derived from criminal activity undertaken to support substance abuse would be treated as evidence of the individual's ability to engage in substantial gainful activity.

Conference agreement

The conference agreement follows the House bill.

*l. Demonstration Projects**Present law*

No provision.

House bill

The Secretary of HHS would be required to develop and carry out demonstration projects designed to explore innovative referral, monitoring, and treatment approaches for drug addicts and alcoholics who are subject to a treatment requirement. A report to the Committee on Ways and Means and Committee on Finance would be due no later than December 31, 1997.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill, with an amendment authorizing the Secretary to include individuals who are not DI or SSI beneficiaries in the projects, to the extent that this is necessary to determine the most effective referral, monitoring, and treatment approaches for DI and SSI beneficiaries. The conferees expect that the Department of Health and Human Service (Substance Abuse and Mental Health Services Administration) and the Social Security Commissioner will coordinate their efforts with respect to such projects.

m. Effective Date

In general, the provision would take effect 180 days after enactment.

3. ISSUANCE OF PHYSICAL DOCUMENTS IN THE FORM OF BONDS, NOTES, OR CERTIFICATES TO THE SOCIAL SECURITY TRUST FUNDS

(Sec. 202 of the House bill and sec. 301 of the conference agreement)

Present law

In general, section 201(d) of the Social Security Act requires the Secretary of the Treasury to invest annual surpluses of the Social Security Trust Funds in interest-bearing obligations of the U.S. government. Under current Treasury practice, these holdings are recorded as entries on a ledger. No physical documents are required to be issued to the Trust Funds evidencing these obligations.

House bill

The provision would require that each obligation issued for purchase by the Social Security Trust Funds be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness issued by the Secretary of the Treasury. The physical document would state the principal amount, date of maturity, and interest rate of the obligation. It would also state on its face that: must " * * * the obligation shall be incontestable in the hands of the Trust Fund to which it is issued, that the obligation is supported by the full faith and credit of the United States, and that the United States is pledged to the payment of the obligation with respect to both principal and interest."

In addition, interest on such obligations would be paid to the Trust Funds with paper checks drawn on the general fund.

Effective date.—The provision would apply with respect to obligations issued, and payments made, after 60 days after the date of enactment. No later than 60 days after enactment, the Secretary of the Treasury would be required to issue to the Social Security Trust Funds physical documents in the form of bonds, notes, or certificates of indebtedness for all outstanding Social Security Trust Fund obligations.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would apply with respect to the obligations issued, and payments made, after 60 days after the date of enactment. No later than 60 days after enactment, the Secretary of the Treasury would be required to issue to the Social Security Trust Funds physical documents in the form of bonds, notes, or certificates of indebtedness for all outstanding Social Security Trust Fund obligations.

4. GAO STUDY REGARDING TELEPHONE ACCESS TO LOCAL OFFICES OF THE SOCIAL SECURITY ADMINISTRATION

(Sec. 203 of the House bill and sec. 302 of the conference agreement)

Present law

The Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508), requires SSA to: (a) maintain telephone access to local offices at the level generally available as of September 30, 1989, and (b) relist the numbers of affected offices in local telephone directories. P.L. 101-508 also required the General Accounting Office to report to Congress on the level of public telephone access to local offices following enactment of these requirements.

In September 1991, the GAO reported that SSA had generally complied with the requirement that it relist local office telephone numbers. It also reported that general inquiry lines to the offices to which the provisions of P.L. 101-508 apply had decreased by 30 percent, or 766 lines, below the level that existed on September 30, 1989.

House bill

The provision would add the following sentence to the current statutory requirement that SSA maintain public access to its local offices at the level generally available on September 30, 1989: "In carrying out the requirements of the preceding sentence, the Secretary shall reestablish and maintain in service at least the same number of telephone lines to each such local office as was in place as of such date, including telephone sets for connections to such lines."

In addition, the General Accounting Office would be required to make an independent determination of the number of telephone lines to each SSA local office which are in place as of 90 days after enactment and to report its findings to the House Committee on

Ways and Means and the Senate Committee on Finance no later than 150 days after enactment.

SSA would be required to maintain its toll-free service at a level at least equal to that in effect on the date of enactment.

Senate amendment

No provision.

Conference agreement

The provision would require the General Accounting Office to assess SSA's use of innovative technology (including attendant call and voice mail) to increase public telephone access to local Social Security offices (including a separate assessment of the impact of such technology on offices to which public access was curtailed on October 1, 1989.) The conferees expect that, as part of this assessment, GAO will evaluate the telephone access demonstration projects using attendant call and voice mail that SSA has indicated that it is about to begin. A report to the House Committee on Ways and Means and the Senate Committee on Finance would be due no later than January 31, 1996.

Effective date.—Upon enactment.

5. EXPANSION OF STATE OPTION TO EXCLUDE SERVICE OF ELECTION OFFICIALS OR ELECTION WORKERS FROM COVERAGE

(Sec. 204 of the House bill and sec. 303 of the conference agreement)

Present law

Election workers who earn less than \$100 per year are subject to three Social Security exclusions: (a) at the option of a State, they may be excluded from the State's voluntary coverage agreement with the Secretary of Health and Human Services (HHS); (b) they are excluded from the requirement that State and local workers hired after March 31, 1986, pay the hospital insurance portion of the Social Security tax (1.45 percent); and (c) they are excluded from the requirement in the Omnibus Budget Reconciliation Act of 1990 (P.L. 101-508) that State and local workers who are neither covered by a State or local retirement system or by a voluntary agreement to pay the full Social Security tax (7.65 percent).

House bill

These three exclusions would be modified to apply to election workers with annual earnings of up to \$1,000, rather than the current \$100; and the new exempt amount would be indexed for increases in wages in the economy.

Effective date.—The provision would apply to services performed on or after January 1, 1995. Modifications of State voluntary agreements to reflect the higher exclusion for election workers would be effective with respect to services performed in and after the calendar year in which the modification is mailed or delivered by other means to the Secretary.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill except that there would be no adjustments in the threshold for wage increases before January 1, 2000.

Effective date.—The provision would apply to services performed on or after January 1, 1995. Modifications of State voluntary agreements to reflect the higher exclusion for election workers would be effective with respect to services performed in and after the calendar year in which the modification is mailed or delivered by other means to the Secretary.

6. USE OF SOCIAL SECURITY NUMBERS BY STATES AND LOCAL GOVERNMENTS AND FEDERAL DISTRICT COURTS FOR JURY SELECTION PURPOSES

(Sec. 205 of House bill and sec. 304 of the conference agreement)

Present law

The Privacy Act of 1974 prohibits States from requiring individuals to provide Social Security numbers for identification purposes unless the State was doing so prior to January 1, 1975, or the State is specifically permitted to do so under Federal law. The Social Security Act currently authorizes States to use the Social Security number in administration of any tax, general public assistance and driver's license or motor vehicle registration law within its jurisdiction. Other Federal statutes authorize the State use of the Social Security number for other purposes.

Currently, courts utilize jury source lists within their jurisdiction to select jurors. Source lists (most commonly) made up of lists of licensed drivers and registered voters) are usually computer tapes merged by the courts to form one pool—or master list—from which jurors are selected.

States which are permitted under current law to collect Social Security numbers for purposes such as driver's licenses and voter registration are not allowed to use those Social Security numbers for other purposes such as refining jury selection master lists to identify and eliminate duplicate names, unless the court was using the Social Security number for that purpose before the Privacy Act took effect.

Current law likewise prevents State and Federal Courts from using the Social Security number to run the merged list against computerized lists of convicted felons in order to eliminate these individuals from jury pools.

House bill

States and Federal District Courts would be permitted to use Social Security numbers which have already been collected for purposes permitted under current law to eliminate duplicate names and names of convicted felons from jury source lists. Any Federal law enacted prior to enactment of this provision which is inconsistent with the above policy would be null, void and of no effect.

Effective date.—The provision would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective upon enactment.

7. AUTHORIZATION FOR ALL STATES TO EXTEND COVERAGE TO STATE AND LOCAL POLICE OFFICERS AND FIREFIGHTERS UNDER EXISTING COVERAGE AGREEMENTS

(Sec. 206 of the House bill and sec. 305 of the conference agreement)

Present law

In general, employees of State and local governments who participate in a public retirement system can be brought under Social Security by means of voluntary agreements entered into by the States with the Secretary of Health and Human Services.

However, the State option to obtain Social Security coverage for police officers and firefighters who are under a public retirement system applies only in 24 States that are named in the Social Security Act. (An additional option applies with respect to firefighters only: any State may obtain coverage for them if the governor certifies that it would improve the overall benefit protection of firefighters in the coverage group and a referendum is held among the group under authorization of the State.) The Act also provides that, in the 24 named States, Social Security coverage can be obtained only after a State-sponsored referendum.

House bill

The provision would extend to all States the option to provide police officers and firefighters who participate in a public retirement system with Social Security coverage under their voluntary agreements with the Secretary of HHS. The existing requirement for a referendum held under the authority of the State would continue to apply.

Effectively date.—The provision would apply with respect to modifications filed by States after enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would apply with respect to modifications filed by States after enactment.

8. LIMITED EXEMPTION FOR CANADIAN MINISTERS FROM CERTAIN
SELF-EMPLOYMENT TAX LIABILITY

(Sec. 207 of the House bill and sec. 306 of the conference
agreement)

Present law

Section 233(c)(1) of the Social Security Act authorizes the President to enter into "totalization agreements" with foreign countries to coordinate entitlement to Social Security benefits in the U.S. with pension benefits in those foreign countries. The law requires that international agreements concluded pursuant to that section provide for the elimination of dual coverage of work under the Social Security systems of the United States and another country.

Article V(7) of the totalization agreement between the United States and Canada provides that individuals considered self-employed by the United States who are American citizens but are residents of Canada are covered only under the Canadian Pension Plan.

Under the Social Security Act, an individual who is duly ordained, commissioned, or licensed minister of a church or a member of a religious order is generally considered self-employed for Social Security payroll tax purposes and subject to SECA taxes.

The Canadian social insurance program treats ministers as employees of the church rather than self-employed.

Prior to the 1984 totalization agreement with Canada, duly ordained and licensed ministers who were American citizens, but residents of Canada, were required to pay SECA taxes to the United States and Social Security taxes to Canada.

In some cases, ministers who were American citizens, ut residents of Canada, failed to file tax returns or pay SECA tax believing that they were not required to do so because they were paying into the Canadian Pension Plan as residents of Canada. The Internal Revenue Service has assessed taxes and penalties against those ministers who failed to file a return and pay the required taxes prior to the 1984 agreement.

House bill

The provision would exempt ministers who failed to pay SECA taxes in the United States on earnings from services performed in Canada for a period before the 1984 totalization agreement between the United States and Canada went into effect, and who were required to pay social insurance taxes in Canada on such earnings, from the payment of such taxes or related penalties, owed to the United States.

The ministers' Social Security earnings records would not be credited for years in which the SECA tax was not paid.

Effective date.—The provision would be effective for individuals who meet the requirements of the statute and who file a certificate with the Internal Revenue Service within 180 days after the IRS issues regulations implementing this provision. The certificate shall be effective for taxable years 1979 through 1984.

The Social Security benefit for current Social Security beneficiaries who file certificates under this provision, would be recomputed for months following approval of the certificate of exemption.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective for individuals who meet the requirements of the statute and who file a certificate with the Internal Revenue Service within 180 days after the IRS issues regulations implementing this provision. The certificate shall be effective for taxable years 1979 through 1984.

The Social Security benefit for current Social Security beneficiaries who file certificates under this provision would be recomputed for months following approval of the certificate of exemption.

9. EXCLUSION OF TOTALIZATION BENEFITS FROM THE APPLICATION OF THE WINDFALL ELIMINATION PROVISION

(Sec. 208 of the House bill and sec. 307 of the conference agreement)

Present law

The President is authorized to enter into "totalization agreements" with foreign countries. If an individual has worked under Social Security systems in both the U.S. and a foreign country with which the U.S. has such an agreement, but has not worked long enough to qualify for a benefit, a totalization agreement allows the individual's coverage under both systems to be combined, or "totalized," in order for one country (or both) to pay a benefit. Benefits paid under a totalization agreement are generally prorated to take account of the fact that the person did not work for an entire career under the system that is paying benefits.

The windfall elimination provision (WEP) is applied to the computation of Social Security benefits for workers who are eligible for both Social Security and a pension from work not covered by Social Security. Under the WEP, a different benefit formula yielding a lower amount is used to calculate the worker's Social Security benefit.

With respect to individuals who have worked under Social Security systems in both the United States and a foreign country with which the United States has a totalization agreement, the WEP applies: 1) in the computation of some U.S. totalization benefits, and 2) in the computation of regular U.S. Social Security benefits if the individual receives a foreign totalization benefit.

House bill

The provision would disregard the windfall elimination provision in computing any U.S. totalization benefit, and in computing the amount of a regular U.S. benefit of an individual who (1) receives a foreign totalization benefit based in part on U.S. employment and (2) does not receive any other pension which is based on non-covered employment

Effective date.—The provision would be effective with respect to benefits payable for months after January, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective with respect to benefits payable for months after December, 1994.

10. EXCLUSION OF MILITARY RESERVISTS FROM APPLICATION OF THE GOVERNMENT PENSION OFFSET AND THE WINDFALL ELIMINATION PROVISIONS

(Sec. 209 of the House bill and sec. 308 of the conference agreement)

Present law

The Government Pension Offset (GPO) and the Windfall Elimination Provision (WEP) are intended to reduce Social Security benefits payable to an individual who qualifies for both a Social Security benefit and a pension based on employment not covered by Social Security.

The WEP reduces a worker's Social Security retirement or disability benefit in cases where the worker is receiving both a Social Security benefit and a pension based on employment not covered by Social Security. The WEP is designed to eliminate the windfall resulting from the weighted Social Security benefit formula which is intended to replace a higher proportion of wages for low-earning workers than for high-earning workers.

Active military service became covered under Social Security in 1957. Inactive duty by reservists (such as weekend drills) became covered under Social Security in 1988. A pension based on either type of service (active or inactive), if performed before 1957, does not trigger the WEP. The only military pension which triggers the WEP is a pension based on inactive duty after 1956 and before 1988.

Under the GPO, spouse's and widow(er)'s benefits received by an individual based on his or her spouse's Social Security-covered work are reduced by two-thirds of the amount of any government pension to which the individual is entitled based on his or her own work in a government job not covered under Social Security.

House bill

An individual's receipt of a pension based wholly on service performed as a member of a uniformed service, whether on active or inactive duty and whether performed prior to 1988 or not, would not trigger application of the GPO and WEP to the individual's Social Security benefits.

Effective date.—The provision would be effective with respect to benefits payable for months after January, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective with respect to benefits payable for months after December, 1994.

11. REPEAL OF THE FACILITY-OF-PAYMENT PROVISION

(Sec. 210 of the House bill and sec. 309 of the conference agreement)

Present law

As a general rule, when an individual receiving benefits as the dependent of a worker has a deduction in his or her benefits—for example, due to his or her own earnings exceeding the earnings test exempt amount—and the Maximum Family Benefit rule applies, the withheld benefits are redistributed and paid to other dependents. (The Maximum Family Benefit, or MFB, is a limit on the total amount of benefits which can be paid on a worker's record to the worker and his or her dependents.)

However, if all of the dependents are living in the same household, the affected individual's benefit check is not actually withheld; instead, the individual receives a notice from the Social Security Administration accompanying the benefit check. This notice explains that the beneficiary is subject to a benefit deduction and should not actually receive the benefit check. However, the benefit is being paid with the understanding that it is for the use and benefit of the other dependent beneficiaries. This procedure is known as the facility-of-payment provision.

In cases where all the dependent beneficiaries are not residing in the same household, the facility-of-payment provision does not apply and the withheld benefits are redistributed and paid directly to the remaining dependents.

House bill

The facility-of-payment provision would be repealed. As a result, a beneficiary who is subject to a deduction would have his or her benefits withheld, and the withheld amount would be redistributed and paid directly to the other dependents.

Effective date.—The provision would be effective for benefits payable for months after December, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective for benefits payable for months after December, 1995.

12. MAXIMUM FAMILY BENEFITS IN GUARANTEE CASES

(Sec. 211 of the House bill and sec. 310 of the conference agreement)

Present law

A guarantee is provided for workers who receive disability benefits, then stop receiving disability benefits, and subsequently become reentitled to benefits due to death, retirement or disability. This "subsequent entitlement guarantee" provides that the basic benefit amount (the Primary Insurance Amount, or PIA) of a worker who becomes reentitled to benefits or dies (thereby entitling his or her survivors) cannot be less than the PIA in effect in the last month of the worker's prior entitlement to disability benefits.

Due to a drafting error in the 1977 Social Security Amendments, the guarantee does not extend to the Maximum Family Benefit (MFB) payable on the worker's record, which is determined based upon the PIA. (The MFB is a limit on the total amount of benefits which may be paid on a worker's record to the worker and his or her dependents.) As a result, the MFB which is payable when the worker becomes reentitled to benefits or dies may be less than the MFB payable in the last month of the worker's prior entitlement to disability benefits.

House bill

The provision would make a conforming change in the Maximum Family Benefit, so that the guaranteed PIA would be the basis for calculating the guaranteed Maximum Family Benefit.

Effective date.—The provision would be effective for the MFB of workers who become reentitled to benefits or die (after previously having been entitled) after January, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective for the MFB of workers who become reentitled to benefits or die (after previously having been entitled) after December, 1995.

13. AUTHORIZATION FOR DISCLOSURE OF SOCIAL SECURITY ADMINISTRATION INFORMATION FOR PURPOSES OF PUBLIC OR PRIVATE EPIDEMIOLOGICAL AND SIMILAR RESEARCH

(Sec. 212 of the House bill and sec. 311 of the conference agreement)

Present law

Current law prohibits Federal agencies from releasing personal information contained in an individual file without the written consent of the individual.

Prior to the 1989 Supreme Court decision *United States Department of Justice v. Reporters Committee for Freedom of the Press* (Reporters Committee), the Social Security Administration (SSA) would permit disclosure of personally identifiable information to epidemiological researchers believing that it was permitted to do so under the Freedom of Information Act (FOIA). Disclosure of personal information is permitted under FOIA when the public

interest served by the disclosure outweighs the privacy interest served by withholding and information.

In the Reporters Committee decision, the Supreme Court restricted disclosures of personally identifiable information under FOIA, ruling that disclosure of personal information serves the public interest only when the requested information gives the public insight into the Federal government's performance of its statutory duties.

As a result of the Reporters Committee decision, SSA has discontinued the practice of disclosing information from its files to epidemiological researchers.

Epidemiological research examines specific risk factors (such as exposure to chemical agents or specific medical treatments) that may cause disease by measuring the effect of these factors on a known population.

House bill

The provision would require SSA, under certain circumstances, to disclose limited personally identifiable information for epidemiological research purposes only, and it would permit the Secretary of the Treasury to provide such information to SSA for purposes of complying with such requirement.

Under the provision, SSA would be required to comply with requests for information showing whether an individual is alive or deceased. The requester would be required to meet two conditions:

(1) the information would be used for epidemiological or similar research which the Secretary determined showed a reasonable promise of contributing to a national health interest; and

(2) the requester agrees to reimburse the Secretary for providing such information and agree to comply with limitations on safeguarding and rerelease or redisclosure of such information, as specified by the Secretary. The Secretary would not be required to comply with a request for information if doing so would constitute a violation of a contract entered into with a State for the provision by the State of death information.

The Secretary of the Treasury would be permitted to provide such information to SSA for purposes of complying with such a requirement.

Effective date.—The provision would apply to requests for information made after the date of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would apply to requests for information made after the date of enactment.

14. MISUSE OF SYMBOLS, EMBLEMS OR NAMES IN REFERENCE TO SOCIAL SECURITY ADMINISTRATION, DEPARTMENT OF HEALTH AND HUMAN SERVICES, OR DEPARTMENT THE OF TREASURY

(Sec. 213 of the House bill and sec. 312 of the conference agreement)

Present law

In 1988, Congress enacted a provision prohibiting the use of words, letters, symbols and emblems of the Social Security Administration (SSA) and the Health Care Financing Administration (HCFA) in a manner that the user knows or should know would convey the false impression that such an item was approved, endorsed, or authorized by the Social Security Administration, the Health Care Financing Administration or the Department of Health and Human Services, or that the user has some connection with, or authorization from, these agencies.

The law permits the Secretary of Health and Human Services (HHS) to impose civil monetary penalties not to exceed \$5,000 per violation or, in the case of a broadcast or telecast, \$25,000 per violation. The total amount of penalties which may be imposed is limited to \$100,000 per year.

Amounts collected by the Secretary are deposited as miscellaneous receipts of the Treasury of the United States.

There is no provision in present law prohibiting the use of titles, symbols, emblems, and names of the Department of the Treasury (and its subsidiary agencies) in connection with advertisements, mailings, solicitations, or other business activities.

House bill

The provision would amend current law to:

- (a) eliminate the annual cap on penalties;
- (b) also prohibit the use of words and letters of the Department of Health and Human Services, Supplemental Security Income Program, or Medicaid, and the symbols or emblems of the Department of Health and Human Services;
- (c) define a "violation," with regard to mailings, as each individual piece of mail in a mass mailing;
- (d) Further prohibit the use of names, letters or emblems of SSA, HCFA, or HHS in a manner that reasonably could be interpreted to convey a relationship with these agencies;
- (e) exempt from the prohibition the use by any State agency or instrumentality of a State, or political subdivision of any words, letters, symbols, or emblems which identify an agency or instrumentality of the State or political subdivision;
- (f) repeal the present law requirement that the Department of Health and Human Services obtain a formal declination from the Department of Justice (DOJ) before pursuing a civil monetary penalty case under this provision;
- (g) provide that penalties collected by the Secretary for violations of this provision would be deposited in the Old-Age and Survivors Insurance, Health Insurance or Supplementary Medical Insurance Trust Funds as applicable;

(h) stipulate that no person may reproduce, reprint, or distribute for a fee any form, application, or other publication of the Social Security Administration unless such person has obtained specific written authorization for such activity in accordance with regulations prescribed by the Secretary;

(i) provide that any determination of whether there is a violation of this provision shall be made without regard to a disclaimer;

(j) require the Commissioner of Social Security and the HHS Secretary to issue three reports to the Committee on Ways and Means and the Committee on Finance on the operation of section 1140 as applicable. The report would specify: (1) the number of complaints of violations of section 1140 received by the Social Security Administration or the Department of Health and Human Services during the period covering the report; (2) the number of cases in which a notice of violation of section 1140 was sent by the Social Security Administration or the Department of Health and Human Services during the period covering the report requesting that an individual cease activities in violation of this section; (3) the number of cases in which a civil monetary penalty was formally proposed in a demand letter during the period covering the report by the Social Security Administration or the Department of Health and Human Services; (4) the total amount of civil monetary penalties assessed under this section during the period covered by the report by the Social Security Administration or the Department of Health and Human Services; (5) the number of requests for hearings filed during the period covering the report pursuant to subsection (c)(1) of this section and section 1128A(c)(2) by the Social Security Administration or the Department of Health and Human Services; (6) the disposition during the period covering the report of hearings filed pursuant to sections 1140(c)(1) and 1128A(c)(2), and (7) the total amount of civil monetary penalties collected under this section and deposited into the Federal Old-Age and Survivors Insurance, Health Insurance and Supplementary Medical Insurance Trust Funds, as applicable, during the period covering the report. The reports would be due December 1, 1995, December 1, 1997, and December 1, 1999;

(k) specify that the provisions in section 1140 may be enforced by the Office of Inspector General of the Social Security Administration or the Office of Inspector General of the Department of Health and Human Services. The provisions for Social Security and the Department of Health and Human Services would be effective for violations occurring after March 31, 1995.

The provision would prohibit the use in advertisements, solicitations, and other business activities of words, abbreviations, titles, letters, symbols, or emblems associated with the Department of the Treasury (and services, bureaus, offices or subdivisions of the Department, including the Internal Revenue Service) in a manner which could reasonably be interpreted as conveying a connection with or approval by the Department of the Treasury.

The bill would establish civil penalty of not more than \$5,000 per violation (or not more than \$25,000 in the case of a broadcast or telecast). In addition, the bill would establish a criminal penalty of not more than \$10,000 (or not more than \$50,000 in the case of a broadcast or telecast) or imprisonment of not more than one year,

or both, in any case in which the prohibition is knowingly violated. Any determination of whether there is a violation would be made without regard to the use of a disclaimer of affiliation with the Federal Government. The Secretary of the Treasury would be required to provide to the Committee on Ways and Means and the Committee on Finance, no later than May 1, 1996, a report on enforcement activities relating to the implementation of the provision.

Effective date.—The provisions would apply with respect to violations occurring after the date of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provisions would apply with respect to violations occurring after the date of enactment.

15. INCREASED PENALTIES FOR UNAUTHORIZED DISCLOSURE OF SOCIAL SECURITY INFORMATION

(Sec. 214 of the House bill and sec. 313 of the conference agreement)

Present law

Each year, the Social Security Administration (SSA) receives and maintains earnings information, including the names and addresses of employers, on over 130 million working Americans in its computer system. Employers are required to file annually with the Social Security Administration copies of their workers' W-2 statements. The statements contain the worker's Social Security numbers and the amount of wages the workers received during the year. In addition, each SSA file contains an individual's birth certificate information, such as date of birth, father's name and mother's maiden name. For those receiving Social Security benefits, the file contains a current address and monthly benefit amounts.

The Social Security Act includes provisions which prohibit the unauthorized disclosure of information contained in Social Security Administration files. The Act provides that any person who violates these provisions and makes an unauthorized disclosure can be found guilty of a misdemeanor and, upon conviction, punished by a fine not exceeding \$1,000 or by imprisonment not exceeding one year, or both.

House bill

The provision stipulates that unauthorized disclosure of information and fraudulent attempts to obtain personal information under the Social Security Act would be a felony. Each occurrence of a violation would be punishable by a fine not exceeding \$10,000 or by imprisonment not exceeding five years, or both.

Effective date.—The provision would apply to violations occurring on or after the date of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would apply to violations occurring on or after the date of enactment.

16. INCREASE IN AUTHORIZED PERIOD FOR EXTENSION OF TIME TO
FILE ANNUAL EARNINGS REPORT

(Sec. 215 of the House bill and sec. 314 of the conference agreement)

Present law

In general, individuals under age 70 who receive Social Security retirement or survivors benefits must file an annual report of their earnings with the Social Security Administration for any taxable year in which their earnings or wages exceed the annual exempt amount of earnings under the Social Security earnings test. These reports are due to be filed by the same date as Federal income tax returns, the fifteenth day of the fourth month after the close of the taxable year (normally April 15). Individuals may be granted a reasonable extension of time for filing an earnings report if there is a valid reason for delay, but not more than 3 months. An extension of time for filing an income tax return may be granted for up to 4 months.

House bill

The time for which an extension could be granted for filing an earnings report would be increased to 4 months.

Effective date.—The provision would be effective with respect to reports of earnings for taxable years ending on or after December 31, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective with respect to reports of earnings for taxable years ending on or after December 31, 1994.

17. EXTENSION OF DISABILITY INSURANCE PROGRAM DEMONSTRATION
PROJECT AUTHORITY

(Sec. 216 of the House bill and sec. 315 of the conference agreement)

Present law

Section 505(a) of the Social Security Disability Insurance Amendments of 1980 (P.L. 96-265), as extended by the Omnibus Budget Reconciliation Act of 1989 (P.L. 101-508), authorizes the Secretary of Health and Human Services to waive compliance with the benefit requirements of titles II and XVIII for purposes of conducting work incentive demonstration projects to encourage disabled beneficiaries to return to work. The authority to waive com-

pliance applies to projects initiated prior to June 10, 1993. A final report is due no later than October 1, 1993.

House bill

The Secretary's authority to initiate disability work incentive demonstration projects that waive compliance with benefit provision (as provided in P.L. 96-265) would be extended through June 9, 1996. A final report would be due no later than October 1, 1996.

Effective Date.—The provisions would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provisions would be effective upon enactment.

18. CROSS-MATCHING OF SOCIAL SECURITY ACCOUNT NUMBER INFORMATION AND EMPLOYER IDENTIFICATION NUMBER MAINTAINED BY THE DEPARTMENT OF AGRICULTURE

(Sec. 217 of the House bill and sec. 316 of the conference agreement)

Present law

The Department of Agriculture is allowed to collect and maintain a list of names, Social Security numbers and employer identifications numbers of the owners and officers of retail grocery stores which redeem food stamps. The list is used to keep track of grocery store operators who have been sanctioned for violations under the Food Stamp Act.

House bill

The provision would permit the Secretary of Agriculture to share the list of names and identifying numbers with other Federal agencies which otherwise have access to Social Security account numbers for the purpose of effective administration and enforcement of the Food Stamp Act of 1977 or for investigating violations of other Federal laws, or enforcement of such laws. The Secretary of Agriculture must restrict access to Social Security account numbers obtained pursuant to this provision to officers and employees of United States whose duties or responsibilities require access for such purposes.

Effective date.—The provision would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective upon enactment.

19. CERTAIN TRANSFERS TO RAILROAD RETIREMENT ACCOUNT MADE
PERMANENT

(Sec. 218 of the House bill and sec. 317 of the conference
agreement)

Present law

A portion of the railroad retirement tier 2 benefits are included in gross income of recipients (similar to the treatment accorded recipients of private pensions) for Federal income tax purposes. The proceeds from the income taxation of railroad tier 2 benefits received prior to October 1, 1992, have been transferred from the General Fund of the Treasury to the railroad retirement account. Proceeds from the income taxation of benefits received after September 30, 1992, remain in the General Fund.

House bill

The transfer of proceeds from the income taxation of railroad retirement tier 2 benefits from the General Fund of the Treasury to the railroad retirement account would be made permanent.

Effective date.—The provision would be effective for income taxes on benefits received after September 30, 1992.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective for income taxes on benefits received after September 30, 1992.

20. AUTHORIZATION FOR USE OF SOCIAL SECURITY ACCOUNT NUMBERS
BY DEPARTMENT OF LABOR IN ADMINISTRATION OF FEDERAL WORK-
ERS' COMPENSATION LAWS

(Sec. 219 of the House bill and sec. 318 of the conference
agreement)

Present law

The Privacy Act of 1974 prohibits a Federal agency from using the Social Security number as an identification number unless it is specifically permitted by statute. There is no specific statutory authorization to permit the Department of Labor to use the Social Security number as an identification number.

House bill

The provision would amend section 205 of the Social Security Act to permit the Department of Labor to use the Social Security number as the claim identification number for workers' compensation claims.

Effective date.—The provision would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would be effective upon enactment.

21. COVERAGE UNDER FICA OF FEDERAL EMPLOYEES TRANSFERRED
TEMPORARILY TO INTERNATIONAL ORGANIZATIONS

(Sec. 220 of the House bill and sec. 319 of the conference agreement)

Present law

Federal employees participating in the Civil Service Retirement System are entitled to retain retirement coverage rights and benefits when they are temporarily loaned by a Federal agency to an international organization.

The definition of employment in the Social Security Act prohibits Federal employees participating in the Federal Employees Retirement System (FERS) or the Foreign Service Pension System (FSPS) (which in general provide Federal employees hired on or after January 1, 1984, with both Social Security coverage and a supplemental government pension) from continuing to contribute to Social Security if they transfer to international organizations.

House bill

The provision would amend section 210 of the Social Security Act and section 3121 of the Internal Revenue Code of 1986 to cover, in certain cases, service performed in the employ of an international organization pursuant to a transfer from a Federal agency under the definition of employment. Under this provision, the employing agency would be responsible for reporting the employee's wages and for paying the employer's share of FICA. The employee would be responsible for paying the employee's share.

Effective date.—The provision would apply with respect to service performed after the calendar quarter following the calendar quarter of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would apply with respect to service performed after the calendar quarter following the calendar quarter of enactment.

22. EXTENSION OF THE FICA TAX EXEMPTION AND CERTAIN TAX RULES TO INDIVIDUALS WHO ENTER THE UNITED STATES UNDER A VISA ISSUED UNDER SECTION 101 OF THE IMMIGRATION AND NATIONALITY ACT

(Sec. 221 of the House bill and sec. 320 of the conference agreement)

Present law

The Mutual Educational and Cultural Exchange Act of 1961 (P.L. 87-256) established section 101(a)(15)(J) of the Immigration and Nationality Act under which so-called J visas are authorized to be issued for a limited period of time to aliens who are bona fide students, scholars, trainees, teachers, professors, research assistants, specialists, or leaders in a field of specialized knowledge or skill.

The 1961 Act also provided that wages paid to individuals who enter the country on a J visa would be exempt from FICA, FUTA, and Railroad Retirement Act taxes. In addition, employers who hire J visa holders are not required to receive certification from the Department of Labor that an insufficient number of U.S. workers are available to meet their needs.

The Immigration Act of 1990 added section 101(a)(15)(Q), which provides for the issuance of a visa to "an alien having a residence in a foreign country which he has no intention of abandoning who is coming temporarily (for a period not to exceed 15 months) to the United States as a participant in an international cultural exchange program approved by the Attorney General for the purpose of providing practical training, employment, and the sharing of the history, culture, and traditions of the country of the alien's nationality and who will be employed under the same wages and working conditions as domestic workers."

The Internal Revenue Code presently does not exempt wages paid to individuals who enter the U.S. under Q visas from FICA, FUTA, or Railroad Act taxes.

House bill

The provision amends the Internal Revenue Code to exclude wages paid to aliens holding Q visas from FICA, FUTA, and Railroad Retirement Act taxes, and, for income tax purposes, treats their income in the same manner as income received by aliens holding visas issued pursuant to section 101(a)(15)(J).

Effective date.—The provision would take effect with the calendar quarter following the calendar quarter of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—The provision would take effect with the calendar quarter following the calendar quarter of enactment.

23. STUDY RISING COST OF DISABILITY INSURANCE BENEFITS

(Sec. 222 of the House bill)

Present law

In their 1993 and 1994 annual report to Congress, the Social Security Board of Trustees reported that, under intermediate economic assumptions, the Disability Insurance Trust Fund would become insolvent during 1995. To address this problem, the Trustees recommended a reallocation of the Social Security payroll tax rate from the OASI Trust Fund to the DI Trust Fund.

In addition to the reallocation, the Board recommended that a significant research effort be undertaken to establish whether higher-than-expected DI program costs are a temporary trend or longer-term phenomenon.

House bill

The Secretary of Health and Human Services would be required to conduct a comprehensive study of the reasons for rising costs in the Disability Insurance program. The study would determine the relative importance of: (a) increased numbers of applications for benefits, (b) higher rates of benefit allowances, and (c) decreased rates of benefit terminations in increasing DI program costs. It would also identify, to the extent possible, underlying social, economic, demographic, programmatic, and other trends responsible for changes in DI applications, allowances, and terminations. No later than December 31, 1994, the Secretary would be required to issue a report to the House Committee on Ways and Means and the Senate Committee on Finance summarizing the results of the study and making any recommendations for legislative changes which the Secretary determines appropriate. The study would be due no later than December 31, 1994.

Effective date.—Upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

24. COMMISSION ON CHILDHOOD DISABILITY

(Sec. 223 of House bill and sec. 202 of the conference agreement)

Present law

No provision.

House bill

The Secretary would be directed to appoint a Commission on the Evaluation of Disability in Children, consisting of not less than 9 but not more than 15 members including recognized experts in relevant fields of medicine; recognized experts in psychology, education and rehabilitation, law, administration of disability pro-

grams; social insurance; and other experts determined appropriate by the Secretary.

The Commission would conduct a study, in consultation with the National Academy of Sciences, on the effect of the current Supplemental Security Income definition of disability, as it applies to children under the age of 18 and their receipt of services, including the effect of using an alternative definition.

The study shall include issues of (1) whether the need by families for assistance in meeting the high costs of medical care for children with serious physical or mental impairments might appropriately be met through expansion of Federal health assistance programs; (2) the feasibility of providing benefits to children through non-cash means, including vouchers, debit cards, and electronic benefits transfer systems; (3) the extent to which SSA can involve private organizations in an effort to increase the provision of social services, education, and vocational instruction with the aim of promoting independence and the ability to engage in substantial gainful activity; (4) the feasibility of providing retroactive SSI benefits pursuant to the Zebley decision on a prorated basis or by means of a packaged trust; (5) methods to increase the extent to which benefits are used in the effort to assist the child achieve independence and engage in substantial gainful activity; and (6) such other issues as the Secretary determines appropriate.

The Commission would submit a report on the results of this study, together with any recommendations, to the Committees on Finance and Ways and Means, no later than November 30, 1995.

Effective date.—Upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement generally follows the House bill, but broadens the study to include: (1) the desirability and methods of increasing the extent to which benefits are used in the effort to assist disabled children in achieving independence and engaging in substantial gainful activity, and (2) the effects of the current program on disabled children and their families.

The conferees expect that the Commission, in conducting its study, will hold public hearings to hear the views and perspectives of all parties who are interested in or concerned about the SSI childhood disability program, including parents of children who receive benefits, educators, and representatives of non-profit organizations serving children with physical and mental disabilities.

Effective date.—Upon enactment.

25. DISREGARD OF DEEMED INCOME AND RESOURCES OF INELIGIBLE SPOUSE IN DETERMINING CONTINUED ELIGIBILITY UNDER SECTION 1619

(Sec. 224 of House bill)

Present law

Under section 1619(a) of the Social Security Act, SSI benefits continue for those working and earning above the substantial gain-

ful activity level, which is currently \$500 per month, as long as there is no medical improvement in the disabling condition. Benefits decline at a rate of \$1 for each additional \$2 earned after disregarding the first \$65 of earned income and the first \$20 of unearned income. In general, the point at which a recipient, who has at least \$20 in monthly unearned income, would be ineligible for cash SSI benefits in a month would be the sum of \$85 plus twice the sum of the Federal benefit and State supplement, if any. For 1994, the "breakeven point" for an individual is \$977 per month without a State supplement. For States with a supplement, the breakeven point increases by \$2 for every \$1 in State supplement.

Under section 1619(b), SSI recipients can continue on Medicaid even if their earnings cause their income to exceed the breakeven point and they no longer receive cash SSI benefits. In 209(b) States, this does not apply. However, in most States, Medicaid continues as long as the SSI recipient: (1) continues to be blind or disabled; (2) except for earnings, continues to meet all of the eligibility requirements; (3) is seriously inhibited from continuing work by termination of eligibility of Medicaid; and (4) has earnings insufficient to provide a reasonable equivalent to cash SSI benefits, Medicaid, and publicly funded attendant care that would have been available if he or she did not have earnings.

In making determinations on the fourth criterion above, SSA compares the individual's gross earnings to a "threshold" amount. The threshold amount is the sum of the break even level for gross earnings of cash benefits for an individual with no other income living in his or her own household plus the average Medicaid expenditures for disabled SSI cash recipients for the State of residence. If the recipient's gross earnings exceeds the threshold, an individualized threshold is calculated which considers the person's actual Medicaid use, State supplement rate, and publicly-funded attendant care. In other words, under the fourth criterion, Medicaid eligibility continues until the individual's earnings reach a higher plateau which takes into account the person's ability to afford medical care, as well as his or her normal living expenses.

An eligible spouse's income and resources are deemed to include the income and resources of his or her ineligible spouse with whom he or she lives. In some cases, SSI recipients who are working and are eligible for Medicaid under section 1619(b) may become ineligible for Medicaid because they marry a person who has sufficient income to render the SSI recipient ineligible for Medicaid. In other cases, the SSI recipient's ineligible spouse might receive additional income which makes the SSI recipient ineligible for Medicaid under the deeming rules.

House bill

In determining an individual's eligibility for Medicaid pursuant to section 1619(b), there would be disregarded (in addition to amounts disregarded under current law): (1) the net income of the individual's ineligible spouse to the extent the spouse's net income does not exceed twice the threshold amount determined for the individual, and (2) the ineligible spouse's resources up to the State's spousal impoverishment resource amount (as defined in section 1924(f)(2) of the Social Security Act).

Effective date.—October 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

26. PLANS FOR ACHIEVING SELF-SUPPORT NOT DISAPPROVED WITHIN 60 DAYS TO BE DEEMED APPROVED

(Sec. 225 of House bill)

Present law

Under a plan for achieving self-support (PASS) certain income and resources are not taken into account in determining eligibility for or the amount of SSI benefits. An approved PASS allows a person who is blind or disabled to set aside the income and resources needed to achieve a work goal. The funds set aside can be used to pay for education, vocational training, or starting a business. The recipient must have a feasible work goal, a specific savings and spending plan, and must provide for a clearly identifiable accounting for the funds which are set aside. The individual must then follow the plan and negotiate revisions as needed.

SSA regulations provide the basic rules for a PASS. Under these rules, the individually designed plan can be for an initial period of at most 18 months but an 18-month extension can be obtained. For participants engaged in lengthy education or training programs, an additional 12-month extension can be obtained. All plans must be approved by SSA before the income and resource exclusions can be excluded. If the recipient attains his or her goal, fails to follow the plan, or time expires, the income and resource exclusions are again countable.

House bill

A plan for achieving self-support (PASS) would be deemed to be approved if SSA has not acted upon a recipient's application within 60 days and shall be deemed to be approved until 6 months after subsequent disapproval.

Effective date.—January 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision), but the conferees request that the General Accounting Office conduct a study of the PASS program and procedures since little information is available at this time. The study should include, to the extent available, data for the last five years that show the number and characteristics of individuals who have applied for a plan, the number and characteristics of those whose plans have been approved, the kinds of plans that have been approved and their duration, the success of individuals in fulfilling their

plans, and the extent to which individuals who have completed a PASS have become economically self-sufficient. The GAO should also study whether improvements can or should be made in the PASS program or in the process used to approved proposed plans. Findings and recommendations should be reported to the Committee on Finance and Ways and Means.

27. TEMPORARY AUTHORITY TO APPROVE A LIMITED NUMBER OF PLANS FOR ACHIEVING SELF-SUPPORT THAT INCLUDE HOUSING GOALS

(Sec. 226 of the House bill)

Present law

A PASS allows an SSI recipient to shelter income and resources from limits if the funds are set aside to help him or her achieve a work goal. Funds may be set aside for education, vocational training, or starting a business.

House bill

Plans for achieving self-support would be expanded to include housing goals in addition to the current work goals under a 42-month demonstration.

A report on activities under this authority would be due within 12 months after the end of the 5-year period that begins on January 1, 1995.

Effective date.—January 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

28. REGULATIONS REGARDING COMPLETION OF PASS

(Sec. 227 of the House bill and sec. 203 of the conference agreement)

Present law

Under current plan for achieving self-support (PASS) regulations, an SSI recipient with a PASS may be eligible for its income and resource exclusions for 18 months, followed by two possible extensions of 18 and 12 months, respectively. An individual involved in a lengthy education program, could receive a PASS for up to 4 years.

House bill

SSA would be required to take into account the difficulty of achieving self-support based on individual needs in determining the time limit on a PASS.

Effective date.—January 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill, with a clarification instructing SSA to take into account the length of time the individual will need to reach the individual's employment goal within such reasonable period as the Secretary establishes, and other factors as are determined by the Secretary to be appropriate. Effective date.—January 1, 1995.

29. TREATMENT OF CERTAIN GRANT, SCHOLARSHIP, OR FELLOWSHIP
INCOME

(Sec. 228 of the House bill)

Present law

Grant, scholarship, and fellowship income are treated as unearned income. The portion of this kind of income that is received for use in paying the cost of tuition and fees at any educational institution is excluded from income.

House bill

Grant, scholarship, and fellowship income would be treated as earned income without regard to the purpose of its use.

Effective date.—Applies to eligibility determinations for any month beginning after the second month following the month of enactment.

Senate Amendment

No provision.

Conference agreement

The conference agreement follows the Senate amendment (i.e., no provision).

30. SSI ELIGIBILITY FOR STUDENTS TEMPORARILY ABROAD

(Sec. 229 of the House bill and sec. 204 of the conference agreement)

Present law

A recipient who is outside the United States for a full calendar month or more and who is not a child living outside the United States with a parent in the military service, is not eligible for SSI benefits for such month or months. A person who has been outside the United States for 30 consecutive days or more is not considered to be back until he or she has spent 30 consecutive days, in the United States. After an absence of 30 consecutive days, SSI eligibility may resume effective with the day following the 30th day of continuous presence in the United States, if the individual continues to meet all other eligibility criteria.

House bill

SSI recipients who travel outside the United States would be exempt from the calendar month and 30-day time limit if the absence is (1) temporary, and (2) for the purpose of conducting studies as part of an educational program that is designed to prepare

the individual for gainful employment, and is sponsored by a school, college, or university in the United States.

Effective date.—January 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with an amendment limiting eligibility to a period not to exceed one year and only if the program is not available to the individual in the United States. Because of the difficulty faced by the Social Security Administration in administering the SSI program while recipients are outside the United States, the conferees intend that this provision will be used sparingly. An example of a qualifying educational program under this provision would be intensive study programs that lead to fluency in a foreign language through immersion in the cultural and social milieu of a country where the language is spoken. Less intensive programs, which are generally available in the United States, would not qualify.

Effective date.—January 1, 1995.

31. DISREGARD OF COST-OF-LIVING INCREASES FOR CONTINUED
ELIGIBILITY FOR WORK INCENTIVES

(Sec. 230 of the House bill and sec. 205 of the conference
agreement)

Present law

Under section 504 of the Unemployment Compensation Amendments of 1976 (P.L. 94-566), State Medicaid plans are required to provide medical assistance to an individual if he or she: (1) simultaneously received both Social Security and SSI in some month after April 1977; (2) is currently eligible for and receiving OASDI benefits; (3) is currently ineligible for SSI; and (4) receives income that would qualify him or her for SSI after deducting all OASDI cost-of-living adjustment increases received since the last month in which he or she was eligible for both OASDI and SSI. The provision is intended to protect the individual against the loss of Medicaid coverage in many States because of a cost-of-living increase in Social Security benefits. The provision does not explicitly apply to beneficiaries who have Medicaid eligibility under section 1619(b) of the Social Security Act.

House bill

This provision amends section 1619(b) of the Social Security Act to explicitly extend to SSI beneficiaries receiving Medicaid under section 1619(b) protection against the loss of Medicaid coverage because of a cost-of-living increase in their Social Security benefits.

Effective date.—Applies to eligibility determinations for months after December, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill.

Effective date.—Applies to eligibility determinations for months after December, 1994.

32. EXPANSION OF THE AUTHORITY OF THE SOCIAL SECURITY ADMINISTRATION TO PREVENT, DETECT, AND TERMINATE FRAUDULENT CLAIMS FOR OASDI AND SSI BENEFITS

(Sec. 231 of the House bill, sec. 306 of the Senate amendment, and sec. 206 of the conference agreement)

a. Prevention of fraud in the SSI program by translators of foreign languages

Present law

No provision.

House bill

A translation into English by a third party of a statement made in a foreign language by an applicant for or recipient of SSI benefits shall not be regarded as reliable unless the third party, under penalty of perjury, (1) certifies that the translation is accurate, and (2) discloses the nature and scope of the relationship between the third party and the applicant or recipient.

Effective date.—October 1, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical changes, and is expanded to apply to fraud under the OASDI programs.

Effective date.—October 1, 1994.

b. Civil monetary penalties in SSI and OASDI cases involving fraud

Present law

Federal law provides broad authority for imposing civil penalties against persons who submit fraudulent claims to the Government. There are two applicable Federal statutes. The Civil False Claims Act (CFCA) requires the Government to use the normal judicial process, whereby the Department of Justice initiates a civil action in Federal Court to impose a penalty. The Program Fraud Civil Remedies Act (PFCRA) authorizes an administrative process under which Federal agencies may impose penalties. These statutes are intended to address fraud from a Government-wide perspective, and the process of imposing penalties can be complex and time-consuming. Further, the PFCRA is restricted to initial applications for benefits, in some circumstances, which limits its usefulness for SSI and OASDI purposes.

House bill

The same authority to impose civil penalties as the Secretary of HHS now has under sections 1128A of the Social Security Act involving false claims in the Medicare and Medicaid programs would be provided for the SSI program. SSA would have direct authority, after approval by the Department of Justice, to impose civil penalties when an individual or entity has been involved in submitting or causing to be submitted any statement that the individual knows or should know is false or misleading, or knows or should know omits a material fact. Each offense involving the SSI program would be subject to a penalty of not more than \$5,000 and an assessment, in lieu of damages, of not more than twice the amount of benefits paid as a result of such statement or representation. In addition, medical providers or physicians who commit such offenses with respect to the SSI program could be subject to exclusion from participation in the Medicare and Medicaid programs. The process would be similar to that used under section 1128A with respect to false claims in the Medicare and Medicaid programs. SSA would initiate and investigate cases, refer proposed actions to the Department of Justice for review before proceeding, and adjudicate and impose penalties, assessments, or exclusions. As with section 1128A, any person adversely affected by a determination could obtain a review of such determination in the United States Court of Appeals.

Effective date.—October 1, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical changes, and is expanded to apply to fraud under the OASDI programs.

Effective date.—October 1, 1994.

*c. SSI Fraud Considered a Felony**Present law*

SSI fraud is punishable by a fine of no more than \$1,000 or a prison term of no more than one year, a misdemeanor.

House bill

SSI fraud would be punishable by a fine as determined under the general criminal fine statutes, by a prison term of not more than five years, or both. This provision conforms the specific crime of SSI fraud to the criminal sanctions currently available for Social Security Disability Insurance fraud.

Effective date.—October 1, 1994.

Senate amendment

Same as House bill.

In addition, title II is amended to provide that any person or other entity who is convicted of a violation involving the provision of false statements or representations, if the violation is committed

in the role as, or application to become, a representative payee on behalf of another individual, shall be guilty of a felony and be subject to the same penalties as apply to SSI. In any case in which a court determines that a violation includes a willful misuse of funds by such person or entity, the court may also require that full or partial restitution of funds be made to the individual for whom such person or entity was the representative payee.

An individual or entity convicted of a felony under the representative payee requirements of title XVI may not be certified as a payee under title II.

In the case of the second or subsequent imposition of an administrative or criminal penalty on any person or other entity under section 208 or section 1632 of the Social Security Act (relating to fraud), the Secretary may exclude such person or entity from participation in any program under title II, V, XVI, XVIII, XIX, and XX of the Social Security Act, and any other Federal program as provided by law.

Conference agreement

The conference agreement follows the House bill with an amendment prohibiting persons convicted of SSI fraud from serving as representative payees under title XVI.

Effective date.—The amendments apply to conduct occurring on or after October 1, 1994.

d. Authority to Redetermine Eligibility in Disability Cases if Fraud is Involved And to Terminate Benefits If There is Insufficient Reliable Evidence of Disability

Present law

SSA is only permitted to terminate SSI benefits under well-defined conditions, unless the benefits were obtained fraudulently. The statute provides no guidance on the use of this authority.

House bill

An individual's eligibility for SSI disability benefits shall be immediately redetermined, disregarding any unreliable evidence of disability, if there is reason to believe that fraud was involved in the application for benefits, unless a U.S. Attorney or equivalent State prosecutor certifies, in writing, that to do so would create a substantial risk of jeopardizing any current or anticipated criminal proceeding.

Effective date.—October 1, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical amendments and is also expanded to apply to fraud in the OASDI programs.

Effective date.—October 1, 1994.

*e. Availability of Recipient Identifying Information From the
Inspector General, Social Security Administration*

Present law

There is no current statutory requirement for the OIG to provide SSI recipient identifying information obtained during a criminal investigation to SSA for administrative action. Such identifying information is transmitted to SSA at such time as the OIG believes it appropriate and often not until the conclusion of a criminal investigation or a Federal or State criminal prosecutorial process. Consequently, SSI benefits continue to be paid during an active investigation or prosecution based on those benefits having been obtained through fraud.

House bill

The SSA Inspector General would be required to disclose to SSA recipient identifying information as soon as he has reason to believe that any individual, or group of individuals, have secured SSI benefits in a fraudulent manner. This requirement would not apply if a U.S. Attorney or State prosecutor who has jurisdiction to file a criminal action against any of the parties involved certifies that disclosure of SSI recipient information by the IG would jeopardize the criminal prosecution of the individual who is the subject of the investigation.

Effective date.—October 1, 1994

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical amendments and is also expanded to apply to fraud under the OASDI programs.

Effective date.—October 1, 1994.

*f. Authority To Use Available Pre-admission Immigrant and
Refugee Medical Information*

Present law

No provision.

House bill

SSA would be required to request medical information from the Immigration and Naturalization Service or the Centers for Disease Control which they may have with respect to any alien who has applied for SSI benefits to the extent the information is relevant to determining eligibility.

Effective date.—October 1, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with technical amendments.

Effective date.—October 1, 1994.

*g. Annual Reports on Reviews of SSI Cases**Present law*

No provision.

House bill

SSA would be required to annually report to the Committee on Ways and Means and the Committee on Finance on the extent to which it has exercised its authority to review SSI cases and the extent to which the cases reviewed were those that involved a high likelihood or probability of fraud.

Effective date.—October 1, 1994.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill and is also expanded to apply to fraud under the OASDI programs.

Effective date.—Upon enactment.

*h. Effective Date**Present law*

No provision.

House bill

In general these provisions would take effect on October 1, 1994. The provisions dealing with civil monetary penalties in SSI cases involving fraud, with the treatment of SSI fraud as a felony, and with annual reports of reviews of SSI cases would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

In general, these provisions would take effect on October 1, 1994. The provision dealing with the annual reports of reviews of SSI and OASDI cases would be effective upon enactment.

33. DISABILITY REVIEW REQUIRED FOR SSI RECIPIENTS WHO ARE 18
YEARS OF AGE

(Sec. 232 of the House bill and sec. 207 of the conference agreement)

Present law

Under current law, all disabled Social Security beneficiaries are required to undergo periodic reviews to determine whether they

continue to be disabled. There is no comparable provision in the SSI program.

A needy child under the age of 18 years old who has an impairment of comparable severity with that of an adult may be considered, disabled and eligible for SSI benefits. To be found disabled, a child must have a medically determinable impairment that substantially reduces his or her ability to independently, appropriately, and effectively engage in age-appropriate activities. This impairment must be expected to result in death or to last for a continuous period of at least 12 months.

Under the adult disability determination process, individuals whose impairments do not "meet or equal" the listings of impairments in regulations are subjected to an assessment of residual functional capacity. SSA determines whether adults are able to do their past work or whether they are able to do any substantial gainful work. If they cannot do either one, they are disabled.

Under the disability determination process for children, individuals whose impairments do not "meet or equal" the listings of impairments in regulations are subjected to an individualized functional assessment. This assessment examines whether the children can engage in age-appropriate activities effectively. If it is found that the children's impairments are on comparable severity to an adult's without assessing past work or ability to do substantial gainful work, the children are disabled.

House bill

SSA would be required to re-evaluate under adult disability criteria the eligibility of children receiving SSI after they reach 18 years old and before they are 19 years old.

Effective date.—Applies to recipients attaining the age of 18 years old in or after the ninth month following the month of enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with an amendment requiring SSA to conduct CDRs for a minimum of one-third of the children reaching age 18 in each of fiscal years 1996, 1997, and 1998. SSA will be required to report to Congress no later than October 1, 1998 on the activities conducted under this requirement.

Effective date.—October 1, 1995.

34. CONTINUING DISABILITY REVIEWS

(Sec. 233 of the House bill and sec. 208 of the conference agreement)

Present law

Title II of the Social Security Act requires the Secretary of Health and Human Services to conduct periodic continuing disability reviews (CDRs) of disabled beneficiaries. For those beneficiaries whose impairments are not permanent, CDRs must generally be

performed every three years. Beneficiaries with permanent disabilities receive CDRs at such times as the Secretary determines appropriate.

CDRs are funded as part of the Social Security Administration's administrative budget, which is subject to annual appropriations.

House bill

The provision would require the Secretary to conduct periodic continuing disability reviews on SSI recipients in the same manner as such reviews are currently required for DI beneficiaries.

Effective date.—October 1, 1995.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with an amendment requiring SSA to conduct CDRs for a minimum of 100,000 SSI recipients per year for 3 years. SSA will be required to report to Congress no later than October 1, 1998.

Effective date.—October 1, 1995.

35. TECHNICAL AND CLERICAL AMENDMENTS

(Sec. 234 of the House bill and sec. 321 of the conference agreement)

Present law

Title II of the Social Security contains a number of typographical errors, erroneous references, circular cross references, inconsistent margination, incorrect punctuation, and references to outdated versions of the Internal Revenue Code. In addition, present law includes certain inconsistent statutory provisions.

House bill

Technical changes would be made to correct inconsistencies in provisions relating to fees for claimant representatives, rounding procedures for indexing certain program amounts, and deemed average total wages, among others. These corrections would not change the meaning of any section of the Social Security Act.

Effective date.—In general, the provision would be effective upon enactment.

Senate amendment

No provision.

Conference agreement

The conference agreement follows the House bill with an amendment to the attorney fee provision.

Effective date.—In general, the provision would be effective upon enactment.

36. EXEMPTION FROM ADJUSTMENT IN PASS-ALONG REQUIREMENTS

(Sec. 209 of the conference agreement)

Present law

Section 1618 of the Social Security Act requires that States making supplementary payments to Supplemental Security Income recipients "pass along" cost-of-living increases in the Federal benefit. There are two options for the States in meeting the "pass along" requirement: (1) the aggregate spending level option, under which States may make supplementary payments in the current 12-month period that are no less, in the aggregate, than were made in the previous 12-month period; or (2) the individual payment level option, under which a State may maintain the supplementary payment levels that were in effect for categories of individual recipients in March 1983.

House bill

No provision.

Senate amendment.

No provision.

Conference agreement

For the purpose of determining under the "aggregate spending level option," whether a State's expenditures for supplementary payments during a 12-month period are not less than its expenditures for such payments in the preceding 12-month period, retroactive SSI payments made to children qualifying under the *Zebley* court decision may, pursuant to a State's one-time option, be excluded from the computation of the State's expenditures.

Effective date.—The provision would be effective with respect to increases in the level of SSI benefits whether occurring upon, before, and after the date of enactment.

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, August 4, 1994.

Hon. SAM GIBBONS,
Acting Chairman, Committee on Ways and Means, U.S. House of Representatives, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office (CBO) has prepared the enclosed cost estimate for the conference agreement on H.R. 4277, the Social Security Administrative Reform Act of 1994. The act would establish the Social Security Administration as an independent agency and make reforms to the payment of Social Security Disability Insurance and Supplemental Security Income to persons disabled as a result of drug addiction or alcoholism.

Enactment of H.R. 4277 would affect direct spending and receipts and thus would be subject to pay-as-you-go procedures under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985.

This estimate was prepared based on draft legislative language and is subject to change pending receipt of final legislation. If you

wish further details on this estimate, we will be pleased to provide them. The CBO staff contacts are Paul Cullinan and Patrick Purcell, who can be reached at 226-2820.

Sincerely,

JAMES L. BLUM,
(For Robert D. Reischauer).

Enclosure.

Administration an independent agency. While this bill contains many important provisions, I want to address my remarks to particular reforms in the bill that will go far in correcting a major misuse of taxpayer and Social Security trust fund dollars.

I also, however, want to point out a provision in the conference report which was not included in the Senate-passed bill and which, I believe, may result in unfair consequences for some individuals who sorely need help from the disability program.

From time to time, astounding examples of absurd Federal spending policies come to light and stop us in our tracks. The findings earlier this year of an investigation by my staff on the Senate Special Committee on Aging and the GAO that drug addicts and alcoholics are being given cash disability benefits that are in turn perpetuating their addictions is just such an outrageous example of how a well-intentioned Federal program has been manipulated extensively, resulting in the misuse of millions of taxpayer dollars.

While Congress' original purpose in giving disability benefits to drug addicts and alcoholics was to encourage treatment, this goal has been turned on its head; instead of promoting treatment, the disability programs are feeding their addictions. In fact, the Social Security Administration has been criticized as being one of the easiest sources of cash for drugs and alcohol in the United States.

It is clear that Congress' original goal of rehabilitating drug addicts and alcoholics has failed and that the Social Security Administration has instead become the enabler of hundreds of thousands of drug addicts and alcoholics by providing them with unsupervised cash that they can use to buy more drugs and drink.

There are now over 250,000 addicts and alcoholics on the disability rolls, but only 78,000—or less than a third—are required to receive treatment or have a third party manage their benefits for them. The other 172,000 addicts and alcoholics on the rolls are not required by SSA to receive treatment, and receive cash benefits, which are often used to buy them more drugs or alcohol.

The taxpayer is left paying the tab of over \$1 billion a year for the 172,000 drug addicts and alcoholics who are not required to seek treatment. In addition, since most of these individuals are never reviewed by the agency to determine if they are still eligible for benefits—many of these addicts are on the disability program for life.

In addition, we found that up until this year the SSA had established agencies to refer addicts to treatment and monitor their compliance in only 18 States—leaving 26 States without any approved agency to oversee the substance abusers. For example, Maine has never had a treatment referral agency in the entire history of the SSI

SOCIAL SECURITY ADMINISTRATION
INDEPENDENT AGENCY
BILL

Mr. COHEN. Mr. President, I am pleased that the Senate is considering today the conference report on H.R. 4277, a bill making the Social Security

program and recently had its proposal turned down with no explanation.

Some clever addicts find ways to game the system even when the Social Security Administration appoints a person to manage benefits on behalf of the drug addict or alcoholic. In some cases, the local bartender was selected as a responsible third party for addicts and alcoholics to manage their monthly benefits. In most cases, a family member or friend is chosen and is inevitably pressured or threatened to give the money directly to the substance abuser.

Even more alarming is the fact that, in many cases, due to the length of time it takes to process a claim, addicts and alcoholics are eligible for cash lump sum retroactive payments that can total up to \$25,000. It is no surprise that these taxpayer dollars are often drunk away or shot into the arms of drug users.

Perhaps the most outrageous finding of our investigation was that even when drug addicts directly admit to the Social Security Administration that they are actively engaged in criminal activity, such as drug dealing and stealing, to support their addiction they are still awarded benefits. The effect of this policy is that one hand of our Federal Government is trying to crack down on crime and illegal drug use, while the other hand is supplying drugs to the dealers and addicts who commit the crimes. Fighting the war on crime is hard enough without buying supplies for the other side.

The conference report we are passing today addresses many of the major flaws we uncovered in the disability program. Most importantly, it will get cash out of the hands of many addicts and alcoholics for whom the disability check has become their main source of drugs and alcohol.

This bill will also ensure that drug addicts and alcoholics on both the SSI and Social Security disability insurance rolls receive treatment for their substance abuse as a condition of receiving benefits, and requires that SSA monitor the treatment of these persons to be sure they are complying with the law.

There are, however, concerns that I have with the final version of this legislation. The conference report adopted a House provision which limits SSI benefits to drug addicts and alcoholics to 3 years of benefits, regardless of whether they have begun to receive treatment or not. I have concerns that this provision does not adequately take into account the long waiting lists for treatment that exist in some areas of the country. Since the goal of this limitation on benefits should be an incentive to rehabilitate and then successfully remove substance abusers from the disability rolls, starting the clock on the 3 years of benefits when treatment is not even available does not reflect this goal.

In my bill, I would have treated the disability insurance recipients and the

SSI recipients the same by not counting the 36-month time limit until treatment was available. In other words, what I did in our legislation was to say that those individuals who are, addicted to drugs or to alcohol, must seek treatment and treatment must be available. And until that treatment is available, the 36-month period would not run.

At this particular time I doubt very much whether there is any sentiment on the part of either the House or Senate to change this provision. But I must say it is flawed in my opinion. To say to an individual that you must seek treatment and we will start counting the time in which you are allowed to receive these benefits but if treatment is not available, it is your tough luck, I think that is an unfair provision. I hope to amend that as we consider more legislation, if not this year then certainly next year. I hope to amend that particular provision to make sure that those individuals who qualify for these benefits will in fact be able to receive the treatment or not be taken off the program.

I also would have preferred that the requirements for representative payees and treatment be required for all drug addicts and alcoholics on the disability rolls, in order to tighten the controls even further on these programs.

Despite these two concerns, I believe that this legislation is a major step toward restoring the public's confidence and integrity in our Nation's disability programs.

Mr. President, I want to thank Senator MOYNIHAN, Senator PACKWOOD, and Senator DOLE and their staffs for their strong support and assistance in passing these reforms. I would particularly like to recognize Kathy Tobin and Margaret Malone of the Senate Finance Committee staff, Alexander Vachon of Senator DOLE's staff, and Marty Sieg-Ross and Sally Satel of the Labor Committee for their assistance with this legislation.

SOCIAL SECURITY ADMINISTRATIVE REFORM ACT OF 1994—CONFERENCE REPORT

Mr. MOYNIHAN. Mr. President, I submit a report of the committee of conference on H.R. 4277 and ask for its immediate consideration.

The PRESIDING OFFICER. The report will be stated.

The legislative clerk read as follows:

The committee on conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 4277), a bill to establish the Social Security Administration as an independent agency and to make other improvements in the old-age, survivors, and disability insurance program, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses this report, signed by all of the conferees.

(The conference report is printed in the House proceedings of the RECORD of August 4, 1994.)

Mr. MOYNIHAN. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of the conference report on H.R. 4277, a bill to establish the Social Security Administration as an independent agency; that the conference report be agreed to, the motion to reconsider be laid upon the table; and that any statements thereon appear in the RECORD at the appropriate place as though read.

The PRESIDING OFFICER. Without objection, it is so ordered.

So the conference report was agreed to.

PRIVILEGE OF THE FLOOR

Mr. MOYNIHAN. Mr. President, I also ask unanimous consent, and the courtesy of the Senate, to allow Mr. Webster Phillips, who is an employee of the Social Security Administration, to be granted privilege of the floor. He has worked heroically in this matter for the longest while, and it would be a personal favor if this might be done.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MOYNIHAN. Mr. President, today the Senate completes action on legislation of historic importance which removes the Social Security Administration from the Department of Health and Human Services and rees-

tablishes it as an independent agency in the executive branch of the Government.

We do so serendipitously on a date that falls within 4 days of the date—August 9, 1935—when the Senate voted by voice vote to pass the conference report on the original Social Security Act.

With the conference report before us today, we increase the stature of the Social Security Administration, strengthen its leadership and establish a bipartisan advisory board. These measures will strengthen the administration of Social Security and we confidently believe increase public confidence in the program.

The conference report also includes provisions proposed by Senator COHEN and Senator DOLE that require the Social Security Administration to establish procedures for more responsible payment of benefits to disabled drug addicts and alcoholics. Beginning 6 months after enactment, Social Security will be required to pay these disability benefits to a representative payee rather than directly to the individual involved.

Making the Social Security Administration an independent agency is not a new notion. It began as such in 1935, only gradually to be folded into a succession of Government agencies and, in the end, losing its identity almost entirely within the Federal Government.

In 1980, the National Commission on Social Security, which was appointed by President Carter, and in 1983, the National Commission on Social Security Reform which was appointed by President Reagan and the Congress recommended that the Social Security Administration should be established as an independent agency.

Congress, with Senator DOLE very much involved, and the Senator from New York, in 1983 commissioned a study for the best form of governance for an independent Social Security Administration.

In 1984, the following year, this panel, which was headed by the distinguished former Comptroller General of the United States, Elmer Staats, recommended that an independent Social Security Administration be led by a single executive who would be advised by a bipartisan advisory board. The conference report before us follows those recommendations.

It has taken us a decade, Mr. President, and the reasons are clear enough. In 1977, the Social Security amendments of that year put the trust funds on a partially funded basis such that an enormous surplus would be built up, anticipating the retirement of the persons born in the decades after World War II.

To give you a sense of the magnitude involved, the surplus would buy the New York Stock Exchange, a fact which the Office of Management and Budget did not fail to notice. It began in effect using Social Security trust fund surpluses as general revenue. The

specifics are that they can only be used to purchase Federal Government bonds, special bonds which cannot ever fall below the par value. But in reality had we gone to a balanced budget situation, a balanced operating budget in the 1980's, this surplus would have been used to buy down the privately held debt of the United States, and the consequences would have been an increase in private investment. We could have doubled the rate of savings in the 1980's had we done what was possible but which was not done.

Further, the ability of the Social Security Administration to carry out its functions was severely limited by budget constraints—cuts in staffing levels, cuts in the basic services.

There is a fine editorial which appeared just recently in the Rochester Times-Union on this subject, on customer service at Social Security. It reads, if I may:

Did you ever try to get a call through to the SSA? Or get a new card? Or find out how much you have paid into the system? Or get an estimate of your retirement benefits? This is pretty basic stuff, but it's easy for an organization out of the public line of fire to forget even the basics.

It goes on to note that our current Commissioner, our very able Commissioner, Shirley Chater, is the 12th Commissioner of Social Security in the last 17 years. There has been no continuity. There has been no executive energy. And the results have shown a startling decline in public confidence.

We have reached the point, Mr. President, where the Employee Benefit Research Institute, which does regular Gallup Polls on this matter, in February found only 30 percent of respondents had confidence that Social Security would be available through their retirement years.

If I can make just a small anecdote on this point, it would be about 2 months ago that Senator PACKWOOD and I were on the floor proposing the bill that passed unanimously from the Committee on Finance, and I was making a point that Social Security was in surplus, the benefits would be there in half a century; it had never been a day late or a dollar short, and it would continue so.

I noticed something, something that had never happened before to me on the Senate floor. I noticed that the very able young persons who work the desks in front of you, Mr. President, and the tables here in front of us, were listening. Now, normally they do not listen. They have better, other things and more pressing things to do. They are going about the business of the Senate, putting things together, looking up references, making arrangements, and so forth. I found them listening to what I was saying.

A quorum call was introduced, and I took the liberty of going up and saying, "Now, you were listening." They said, "Yes." I said, "Would I be wrong in thinking that this is the first time

you have ever heard anyone say that Social Security would be available to you when you reached retirement age?" And they said, "Yes." I took an informal poll of nine persons here at the front desk, seven of whom agreed that Social Security would not be there when their time came.

Well, Mr. President, this legislation today makes it very much clearer that it will be. I hope we will see in very short order the introduction of an annual statement sent to every Social Security contributor of what his or her contributions that year had been, what survivors' benefits would be, where they stood in the earning of 40 quarters of coverage which vests Social Security in the individual, and what their ultimate retirement benefits would likely be at age 65.

All these things are easily done. In the sending out of such a statement, the largest cost involved is the postage stamp. But the cost of not doing so, which we have not done, is a near complete loss of confidence in younger people that the system is working. If young people think the Government is misleading them in something as elemental as Social Security, what else do they think they are misled about?

I recently received a letter from Robert M. Ball, one of the great authorities on this subject, a Social Security Commissioner, after a lifetime in the system, who spoke of the statements as "individual reports to each stockholder."

It is long past time this was done, long past time we had a proper Social Security card in plastic with a hologram and not the paper pasteboard product of the 1930's, which said rather assertively at the bottom "Not To Be Used For Identification." It is now issued to children at birth.

Yet, when we got the law passed to say that there would be a tamper-proof card, the Social Security Administration in the 1980's took about 2 years to carry out the statute. And one day I got in the mail an announcement that there was the new tamper-proof card, the exact same card we always had, with this difference—there were invisible fibers implanted in the paper so that a counterfeit card would be instantly recognizable under a microscope in an FBI laboratory.

Well, that was not the purpose of having a tamper-proof card. It was for the purpose of having something to show so you would know who they were; you would know they were part of the work force, and legally in the country, and citizens who had responsibilities and were carrying them out.

That sort of mismanagement got to the point of genuine abuse. In the mid-1980's, the present mayor of New York City, Mr. Rudolph Giuliani, who was then the U.S. attorney for the Southern District of New York, refused to defend the U.S. Government in disability benefit cases. He thought the management in the Social Security Administration was so bad because the Govern-

ment was turning people out, turning people down, rescinding benefits, denying benefits. Appeals were made, benefits were restored or conferred, and the Government asked to go to court to contest. A U.S. attorney said, no, it is insufferable. And indeed it was.

So, Mr. President, today we write the final chapter in the effort to reestablish an independent Social Security Administration.

I ask that my colleagues join me in supporting this historic measure.

I ask unanimous consent that the editorial from the Rochester Times-Union be printed in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From the Times-Union, July 26, 1994]

CUSTOMER SERVICE AT SOCIAL SECURITY

Any day now, President Clinton is expected to sign legislation to make the Social Security Administration an independent agency, separate from the Department of Health and Human Services.

Don't yawn. This apparently innocuous change, spearheaded by New York Sen. Daniel Patrick Moynihan, offers the best opportunity for improving service, which is the key to restoring confidence in the retirement system.

Just 39 percent of non-retired adults feel "very confident" or "somewhat confident" that they will collect benefits when they retire.

Cutting Social Security loose doesn't guarantee improvements, but it should raise the public profile of the agency and the director (Quick, who heads this \$300 billion a year program?) who operate in obscurity, blissfully ignorant of even the most elementary principles of customer service.

CHECKING YOUR CONTRIBUTIONS

Eventually, the Social Security Administration should send every taxpayer an annual statement of contributions to date and an estimate of expected benefits at retirement age. That's not common practice now, but you can get a statement on request by calling 1-800-772-1213.

Did you ever try to get a call through to the SSA? Or get a new card? Or find out how much you've paid in to the system? Or get an estimate of your retirement benefits?

This is pretty basic stuff, but it's easy for an organization out of the public line of fire to forget even the basics.

The current Social Security commissioner, Shirley S. Chater, is the 12th in 17 years. You've probably never heard of her, although she presides over a budget larger than the defense budget.

If she and her successors are more visible—are actually interviewed on TV once in a while, or go before Congress—they should be more sensitive to you and your needs.

"You will get a decent Social Security card," Moynihan says. "You will get an annual statement of your contributions and expected benefits. When you call the local Social Security office, they will answer your call. And you will know someone is looking after your money."

Maybe, he's too optimistic. But not many Baby Boomers expect to get regular checks when they retire—despite the fact that Social Security payroll taxes were hiked a decade ago for the purpose of generating the huge surpluses (more than \$70 billion this year alone) that would guarantee those benefits.

The money's going to be there. If the Social Security people begin to treat taxpayers

as customers, the confidence will be there, too.

Mr. MOYNIHAN. Mr. President, with that, I conclude by noting that the majority leader would like to speak on this, which is a matter of great concern to him. Accordingly, sir, I conclude my remarks and suggest the absence of a quorum so that the majority leader might come to the floor.

I once again would like to thank Eduard Lopez for his incomparable advice for 10 years on such an enterprise, and Margaret Malone of the Finance Committee staff, and Webster Phillips of the Social Security Administration.

So, Mr. President, I suggest the absence of a quorum. I thank the Senate for its consideration.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. MITCHELL. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MITCHELL. Mr. President, today is a historic day in the history of the Social Security system. I believe that it should not go without notice or Comment.

Social Security is one of the broadest, most effective, and most widely supported of programs in our Nation's history. It has succeeded in large part because in the nearly 60 years of its history it has had champions in the Congress and in various administrations, men and women who have devoted much of their careers to gaining knowledge of the system and how it works, who have continually striven to improve and expand the system, and to enable it to better serve the American people.

Every Member of this Congress knows, and I hope that every American who is involved with the Social Security system knows, that the person most responsible for the legislation just enacted and the more than champion of the Social Security system, the man most responsible for educating other Members of Congress about the importance of the system, is the distinguished senior Senator from New York and the chairman of the Senate Finance Committee, Senator MOYNIHAN.

Senator MOYNIHAN has devoted countless hours to informing other Members of the Senate about the manner in which the system operates, about its importance in our society, and about how it can be improved. The legislation just enacted by the Senate is but the latest result of his efforts in that regard.

Senator MOYNIHAN will receive many words and much praise and tribute on this matter, all well deserved. But I think perhaps the greatest tribute he can receive is the fact that all across this country there are millions of Americans who will not say words of

tribute because they do not know of his work, and perhaps do not even know of him, but who as a result of his efforts will lead better, longer, more full and meaningful lives. And I think in the end that is the greatest tribute that can be paid.

So, Mr. President, in behalf of all my colleagues, I thank the distinguished chairman for his efforts and hope that when the history of Social Security is written, those who write it will pay proper recognition and tribute to the man who has done more than any other to make it succeed and make it better, our friend and colleague, Senator MOYNIHAN.

Mr. MOYNIHAN. Mr. President, with deepest gratitude, I am not fully confident that I ought to speak any more. The majority leader's words were so generous, and they mean very much to this Senator. I am deeply thankful.

CONFERENCE REPORT ON H.R. 4277,
SOCIAL SECURITY ADMINISTRATIVE REFORM ACT OF 1994

Mr. JACOBS. Mr. Speaker, pursuant to the order of the House of Friday, August 5, 1994, I call up the conference report to accompany the bill (H.R. 4277) to establish the Social Security Administration as an independent agency and to make other improvements in the old-age survivors and disability insurance program.

The SPEAKER pro tempore (Mr. MONTGOMERY). Pursuant to the rule, the conference report is considered as read.

(For conference report and statement, see proceedings of Thursday, August 4, 1994, at page H6843).

The SPEAKER pro tempore. The gentleman from Indiana [Mr. JACOBS] will be recognized for 30 minutes, and the gentleman from Texas [Mr. ARCHER] will be recognized for 30 minutes.

The Chair recognizes the gentleman from Indiana [Mr. JACOBS].

Mr. JACOBS. Mr. Speaker, I yield 5 minutes to the gentleman from Texas [Mr. PICKLE].

(Mr. PICKLE asked and was given permission to revise and extend his remarks.)

Mr. PICKLE. Mr. Speaker, I thank the gentleman from Indiana [Mr. JACOBS] for yielding this time to me.

Mr. Speaker, I rise today in support of H.R. 4277, the Social Security Administrative Reform Act of 1994.

Title I of this bill establishes the Social Security Administration as a separate, independent agency. This is a landmark step in the continuing effort to make sure that the Social Security System is properly and impartially administered.

For too long the Social Security Administration has been caught in the middle of political and budgetary disputes. This legislation will go a long way to protecting the agency from the

crossfire of partisan politics. In my judgment, granting SSA independent agency status will promote long-term stability in the Social Security Program. Such stability is essential in this program which provides basic retirement income security for almost every American worker.

I particularly want to commend Chairman JACOBS and Mr. BUNNING for their tenacity in advancing this legislation. The issue of independent agency status for the Social Security Administration has been the subject of many studies, reviews, and House votes over the years. In fact, yesterday marked the 10th anniversary of the day, August 10, 1984, that I, joined by Chairman DAN ROSTENKOWSKI, first introduced legislation to grant SSA independent status. The conference report before us today will finally make real the intent of that first bill which we introduced a decade ago. While it has been a long time coming, it has been worth the wait. And I think that Republicans and Democrats, who have consistently supported this reform over the past decade, and here I want to especially note the unwavering support of Mr. ARCHER, all should take great pride in the ultimate attainment of our goal.

Mr. Speaker, I would also like to call the Members attention two other provisions of the bill which address problems encountered in the SSI disability program.

The first provision deals with the granting of disability benefits in situations involving middlemen who are fraudulently causing millions of dollars in benefits to be paid to people who are feigning mental disorders. Section 206 of the conference report, which was proposed by myself, and Messrs. HAROLD FORD, HOUGHTON, and SANTORUM, will help to prevent this fraud by: insuring accurate translations of interviews conducted by SSA officials; establishing streamlined procedures for terminating fraudulently obtained SSI benefits; and increasing civil and criminal sanctions available to SSA in SSI fraud cases.

The second provision deals with the continued payment of SSI disability benefits to recipients who are no longer disabled. Under current law there is no requirement for SSA to conduct continuing disability reviews for SSI recipients, even in cases where it is anticipated that the medical condition of the beneficiary will improve. The failure to conduct these disability reviews has led to the payment of hundreds of millions of dollars each year to people who are no longer disabled. Section 208 of the conference report, which is the result of a proposal advanced by Mr. HERGER and myself, requires SSA to conduct disability reviews for at least 100,000 SSI recipients per year for the next 3 years, and to report the results of such reviews to Congress no later than October 1, 1998.

Mr. Speaker, I want to conclude by complimenting the leadership of the Committee on Ways and Means for this

very solid piece of legislation. Chairman GIBBONS and subcommittee Chairmen JACOBS and FORD, working closely with Mr. ARCHER, Mr. BUNNING, and Mr. SANTORUM, have crafted a bill which will significantly improve the operations of the Social Security Administration. Its immediate enactment will be a credit to us all, and I urge that all Members vote for these important reforms.

Mr. ARCHER. Mr. Speaker, I yield myself such time as I may consume.

(Mr. ARCHER asked and was given permission to revise and extend his remarks.)

Mr. ARCHER. Mr. Speaker, I am extremely pleased to be here today, in support of the conference agreement on H.R. 4277, which represents the culmination of congressional action I helped initiate over a decade ago.

The Social Security System has always been extremely important to me. It's one of the very few Government agencies that most Americans have direct contact with and it's likely that many of our constituents measure the way Government performs generally by the way Social Security performs when they need it.

Bringing soundness to the Social Security System has been one of my chief legislative priorities since I was elected to Congress. We owe it not just to our senior citizens, but to our children and the obligations we leave them. That is the reason that I chose to become the ranking Republican on the Social Security Subcommittee when it was first created.

It is also the reason that I sponsored the first House bill creating an independent Social Security Administration with my colleague from Texas [Mr. PICKLE], was then the subcommittee's first chairman. I commend the work of my colleagues, JIM BUNNING and ANDY JACOBS, for carrying through that earlier work. Their efforts have been invaluable.

Mr. Speaker, making Social Security independent will not solve all of its problems, but I believe that freeing it from the layers of bureaucracy imposed on it by HHS will go a long way in making it less political, more responsive, and more accountable. It is also critical to its survival as a vital public service agency which administers the most important social program ever enacted.

The 1983 Social Security Commission, on which I served, recommended a study to make Social Security an independent agency, a recommendation that became part of the 1983 Social Security Amendments. Former Comptroller General Elmer Staats headed up the study panel, which recommended that an independent Social Security Administration be run by a single administrator, backed by a bipartisan advisory board. I am very pleased that the conference approved the form of administrative leadership specified in the bill introduced by the ranking Republican on the Social Security Subcommittee,

Mr. BUNNING. His bill provided the same form of leadership as was endorsed by the experts on the Staats panel.

I believe that the seven-member bipartisan advisory board will plan a critical role making Social Security less political and in improving the public's confidence in the Social Security System.

This board will be independent of the Social Security Administration and Government in general. It will be made up of individuals who share a knowledge of the Social Security System as well as a strong desire to restore it to its former status as a premier public service agency which enjoyed the public's respect and confidence.

One of the most important jobs the Board will have is to increase the public's understanding of the Social Security System. I hope that as a result of the Board's efforts the average citizen will have more confidence in the Social Security System, and will become more aware of the need to plan and save overall.

The bipartisan, nongovernmental advisory board will play a vital role in both protecting the public's interest in Social Security and providing the public truthful information about their stake in the system.

The conference agreement contains other provisions that are important to average Americans, who strongly support Social Security, but want benefits to go to only those who are entitled to them. Thanks to the persistence of two House conferees, the gentleman from Texas [Mr. PICKLE] and the gentleman from Pennsylvania [Mr. SANTORUM], the agreement tightens up on SSI disability benefits by requiring Social Security to review cases to make sure recipients are still disabled.

It also starts to tighten up on payments to drug addicts and alcoholics by putting a 3-year limit on benefits, and by requiring that during that time recipients undergo treatment and be paid only through a responsible third party. These restrictions should provide an incentive for addicts and alcoholics to get their lives back on track. I know that average Americans and health professionals alike object to helping addicts and alcoholics fuel their addictions by giving them cash benefits, and I look forward to working with the subcommittee and committee to take further action on these issues.

Mr. Speaker, I join Chairman GIBBONS, subcommittee Chairman JACOBS, and our Republican leader on Social Security, Mr. BUNNING, in strongly supporting this conference agreement.

□ 1240

Mr. JACOBS. Mr. Speaker, I yield such time as he may consume to the gentleman from Illinois [Mr. ROSTENKOWSKI].

(Mr. ROSTENKOWSKI asked and was given permission to revise and extend his remarks.)

Mr. ROSTENKOWSKI. Mr. Speaker, for more than a decade, the Committee on Ways and Means has been seeking to give the Social Security Administration independence.

Our goal has been to restore the agency's mission of excellence, and protect SSA from short-term political pressures.

I have been a long-time proponent of this legislation. The House has passed the bill four times by overwhelming margins.

Now that the Senate has at last joined us in this effort, we are about to make our goal a reality.

Social Security is our Nation's most successful program. There is no more effective way to signify this program's importance than to give SSA independent status.

H.R. 4277 also includes a provision to restrict disability payments to drug addicts and alcoholics.

It would do this by paying through a responsible third party, requiring beneficiaries to participate in treatment, and applying time limits on benefits.

These are important reforms that would assure that Social Security and SSI benefits are used as intended—to cover the cost of basic necessities such as food, clothing, and shelter.

Mr. Speaker, this is a historic moment for Social Security and the successful end of a decade-long effort by the Committee on Ways and Means.

I commend my colleagues for their hard work, and I look forward to the improvements in service to Social Security beneficiaries that this legislation will bring.

Mr. BUNNING. Mr. Speaker, I yield myself such time as I may consume.

(Mr. BUNNING asked and was given permission to revise and extend his remarks.)

Mr. BUNNING. Mr. Speaker, I rise enthusiastically in support of H.R. 4277 and urge my colleagues to join me in once again approving this monumental piece of legislation to restore independence to the Social Security Administration.

We owe a special thanks to our Social Security Subcommittee chairman, Mr. JACOBS, who has shown great leadership and dedication in the development of this bill as has our ranking member, Mr. ARCHER, who has been unwavering in his support on this issue for over a decade.

And, of course, the acting chairman of the full committee, Mr. GIBBONS, deserves recognition for shepherding this legislation through conference.

In fact, all the conferees and staff who worked at ironing out the final bill that is now before us were great to work with. The conference was very congenial, totally bipartisan and a real pleasure.

And, most importantly, we have ended up with a good bill. It does a lot of things to improve Social Security.

This bill fixes many parts of the existing law which are broke and needed fixing. It makes disability payments to

substance abusers more accountable. It requires that substance abusers participate in treatment or lose their benefits. It insures that benefits will not be used to support an addiction.

It allows police and firefighters in all the States the option of participating in Social Security. Only 24 States now have this option.

It provides that any borrowing against the Social Security trust fund must be evidenced by physical documents—bonds, notes, or certificates. It's time we got the trust fund IOU's in writing and this bill does that.

This bill increases the Social Security exclusion for election workers to a reasonable level that will not discourage people from working at the polls.

It does a lot of things.

But, of course, the most important point of this bill is to accomplish something that members of this body have been trying to do for years—to restore independence to the Social Security Administration.

In 1935, when Social Security was established, it was freestanding and independent, run by a three member board. Over the years it was expanded to be the Federal Security Agency and then it was folded into the most legendary of all bureaucracies, the Department of Health, Education and Welfare.

Later, Education was spun off and H.E.W. became the Department of Health and Human Services.

Social Security got lost in the process.

This bill takes the Social Security Administration out of the basement of the Department of Health and Human Services where it has been lost in the bureaucratic shuffle.

It emancipates the Social Security Administration from the bonds of politics and insulates it against the gale winds of Presidential posturing, bureaucratic infighting, and budgetary games.

This bill insures that Social Security will no longer be a political football.

This bill provides much-needed stability at SSA by creating the positions of a Commissioner and a Deputy Commissioner to be appointed by the President and confirmed by the Senate, for 6-year terms.

In the past 17 years, 12 Commissioners or Acting Commissioners have come and gone. Social Security has suffered from revolving-door leadership. This bill changes that and provides the kind of stability and a clear-cut line of responsibility any organization the size of SSA needs to be efficiently managed.

To further strengthen oversight and accountability, this bill creates a bipartisan seven-member advisory board to provide advice on Social Security policy. Three members would be appointed by the President; four by the Congress. and, again, to provide continuity and insulate the agency from politics, the members would serve staggered 6-year terms.

I am particularly pleased that the conferees chose to go along with this form of leadership for Social Security that I specified in my bill on the subject—a single administrator backed by a seven-member board.

By granting Social Security its independence and backing it up with this well-balanced management structure, we will provide the stability and the nonpartisan credibility we need to restore the confidence of the American people that Social Security will indeed be there when they need it.

I strongly urge my colleagues to support this measure and give Social Security its independence.

Mr. Speaker, I reserve the balance of my time.

Mr. JACOBS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the Fourth of July has come and gone. It has been two long and eight regular-sized years now, since this effort was begun. Now on this 11th day of August, 1994, A.D., the Liberty Bill can ring for the Social Security System. The House of Representatives, by what it is about to do will take the final action in a 10-year effort. Our action realizes the perseverance and the effort of 10 years to make a declaration of independence for the Social Security System.

Many Members have made special contributions. I begin by naming my friend and my colleague, the gentleman from Kentucky [Mr. BUNNING]. Our relationship as chairman and co-chairman of the Social Security Subcommittee reminds me fondly of those greats of the U.S. Congress, William McCulloch of Ohio and Emanuel Celler of New York, and the splendid fashion in which they worked and brought credit to this institution. So I pay special tribute to the gentleman from Kentucky [Mr. BUNNING] for the cooperation we have been able to find between us.

The gentleman from Texas [Mr. PICKLE] has been through the years a strong advocate, as has the gentleman from Texas [Mr. ARCHER], as has been mentioned. The gentleman from Illinois [Mr. ROSTENKOWSKI] has been also, and the gentleman from Florida [Mr. GIBBONS] has been. In fact there are very few people on the committee who have not been strong advocates for this legislation.

But I think it is especially appropriate to mention that the legislation took 10 years because the White House was opposed and in essence the other body, the Senate, was opposed. So I take this occasion to commend our colleague, Mr. MOYNIHAN of New York, for at long last reversing the refusal of the other body. Similarly, we have had three Presidents while this effort was under way, and President Clinton has endorsed the plan at long last, reversing White House opposition.

Mr. Speaker, one hears it said that the funds of the Social Security system

are being purloined and used for the general government. With the exception of two occasions in the 1980's, this absolutely is not true. The Social Security System since its inception has been required to invest its surpluses in the most conservative, the safest securities available, and any financial adviser worth his or her salt will tell us that is U.S. securities. My wife and I have our life savings essentially in U.S. bonds.

If you put \$1,000 in the bank and some fool comes along and borrows that \$1,000 from the bank to squander on something, still as far as the bank and as far as you are concerned, the question is, Can and will that individual pay that money back and pay the interest on it? In the case of the Social Security trust fund, no doubt some of the funds borrowed, as is the case with funds borrowed from other sources by the U.S. Government, are wasted. Yet as far as the Social Security trust fund itself is concerned, it has just as legal a claim on the U.S. Treasury for the interest and repayment of the loans of the surplus as any individual who holds U.S. bonds in this country. Yet it continues to be thundered across areas of this country that the money is being taken from the Social Security System without the inconvenience of borrowing and paying interest.

I keep thinking about the story FDR told once about Uncle Jed and Ezra.

Ezra said, "Uncle Jed, aren't you getting a little hard of hearing?"

And Uncle Jed said, "Yes, I'm afeared I'm getting a mite deaf." Whereupon Jed went down to Boston to see an ear doctor, and he came back and said, "That doctor asked me if I had been drinking any, and I said, 'Yes, I drink a mite.' He said, 'Jed, I might as well tell you now that either you cut out the drinking or you're going to lose your hearing altogether.'"

"Well," said Uncle Jed, "I thought it over and I said, 'Doc, I like what I've been drinking so much better than what I've been ahearin' that I reckon I'll just keep on getting deaf.'"

So the assertion that you hear time and time again—that this money is being taken from the trust fund and that the Government is not keeping faith with the investors and the taxpayers of this country—is something to which I would advise you to turn a deaf ear.

Mr. Speaker. I reserve the balance of my time.

Mr. BUNNING. Mr. Speaker, I yield 1 minutes to the gentleman from New York [Mr. HOUGHTON].

(Mr. HOUGHTON asked and was given permission to revise and extend his remarks.)

Mr. HOUGHTON. Mr. Speaker, I rise in support of the conference report on H.R. 4277.

I will not repeat some of the wonderful things that have been said on a bipartisan basis. I respect the gentleman from Indiana [Mr. JACOBS] and the gentleman from Kentucky [Mr. BUNNING]. I

think that what my leader, the gentleman from Texas [Mr. PICKLE], has done has been absolutely extraordinary.

I would like to focus on one particular feature that I think is important here, and that is a section called section 231. That does not mean much to a lot of people. However, it happens to involve fraud.

One of the things which the Ways and Means Committee was able to detect over the years, after a year-long investigation, was that there had been tremendous fraud perpetrated upon immigrants coming into this country. People would take advantage of them, put them on the SSI rolls, steal money from the Government and the taxpayers, and do this thing illegally. That has been stopped, to the best of my knowledge. We now have better information. We have laws to protect against this thing.

Mr. Speaker, I think this is very important. The reason I mention it is because it is one of the several features that are, I think, important in establishing Social Security as an independent agency. I think the Members very much for accomplishing that.

Mr. BUNNING. Mr. Speaker, I yield 6 minutes to the gentleman from Pennsylvania [Mr. SANTORUM].

Mr. SANTORUM. Mr. Speaker, I thank the gentleman for yielding time to me.

I rise in strong support of the conference report, and I also want to commend the gentleman from Indiana [Mr. JACOBS], the gentleman from Kentucky [Mr. BUNNING], and also the gentleman from Texas [Mr. PICKLE], for the fine work they have done on this legislation.

I think it is important that Social Security become an independent agency, and those arguments have been made. What I want to focus on today is a subject that I was involved with in the conference, and that is the SSI reforms that are in the bill. I believe now, having looked at the SSI Program for the 2 years I have been on the Human Resources Subcommittee, that there is no entitlement program that is more abused and more fraud-ridden than the SSI Program. What we have done today is take a first step toward entitlement reform.

We have heard a lot of talk about this and people have asked, "What are you going to do about entitlements?" Well, today we have an opportunity to do something about entitlements. We have solid reforms in this proposal that are going to make, I believe, some important gains in controlling the cost of entitlements and reducing fraud and abuse in entitlements.

But this is only a first step. There are many miles to travel before we can clean up the SSI Program from the state it is in right now or even the state it will be in after this legislation has been adopted.

Let me take the time to talk about two things that are, I think, good steps

that we have taken and then focus on the problems that I think still remain. The gentleman from New York [Mr. HOUGHTON] just talked about the middleman provision about which the gentleman from Texas [Mr. PICKLE] had hearings in his Committee on Oversight and that were, I think, addressed on target. It was a very good amendment. It addresses the issue of aliens in this country who come here to this country and get on SSI fraudulently. That is a good amendment, one that is going to cut down on fraud and abuse and save the taxpayers money.

□ 1300

Another step that was a good step that the gentleman from Texas [Mr. PICKLE] and I worked on in the conference committee and were able to get installed in this legislation had to do with mandatory disability reviews. There were no mandatory disability reviews that were going to be provided for in the conference report. We were able to strike a compromise in the House position which was going to require all mandatory disability reviews for all supplemental security recipients, to 100,000 per year for disability cases and for over a 3-year period, and one-third of all children who qualify for SSI, who when they turn 18 are re-evaluated under different criteria, that is as adults, and whether they would qualify for disability as adults rather than disability as children.

We think those are very important steps to determine the level of review that needs to be done. We are going to do a 3-year implementation of this, take a look at the results, and see if we save money. See if there is the need to continue these disability reviews and expand them.

I want to commend the gentleman from Texas [Mr. PICKLE], in particular, for the tremendous work he did in the conference committee to seek this provision and get it included in the conference report.

Unfortunately, we have only taken those few first steps. There are other areas that I think we need some more work to be done in. One is on the SSI DA&A Program, a supplemental security income drug addicts and alcoholics program.

These are people who qualify for SSI simply because they are so addicted to drugs and alcohol they cannot work. They have no other disability, other than the fact they are so drug addicted to illegal narcotics or addicted to alcohol that they can no longer perform work. So we give them money. We give them cash. We give them medical care. In many cases we give them food stamps.

In 1985, there were 3,500 people on this program. Today there are almost 80,000 people on this program. In 1989, we spent \$55 million on this program. Today we spend \$350 million on this program.

Only 8 percent of the people are in treatment. Yet every one is required to

be in treatment. But only 8 percent are in treatment. The Social Security Administration testified before our subcommittee and said that we knew very little about treatment progress of SSI recipients, and could document few, if any, recoveries in the history of the program. So this is not a program that is working.

So what we have been recommending strongly is to do something dramatic to change it. What we have done in this bill, in my opinion, is piecemeal. It is a positive step, but it does not go far enough. We have capped the amount of time you can be on SSI to 36 months, 3 years, that you can be on SSI if you are in the drug addicts and alcoholics program. That is a start. But we have to be much more dramatic in trying to get people off drug addiction and alcoholism and back into the mainstream society, and not paying people money to support their addiction and their habit.

The second thing that I think we went only a very small step on has to do with SSI for children. Ever since the decision back in 1991 in the Zebley case we have seen an explosion of children going on SSI and their parents receiving large checks from the Government. In many areas of the country, they are called crazy checks. These are checks given because now under the Zebley decision, your child qualifies for SSI if your children are exhibiting age-inappropriate behavior.

Now, for age-inappropriate behavior for your children, you get a \$450 check a month from the Federal Government. With the amendment of the gentleman from Wisconsin [Mr. KLECZKA] in the committee, we will do a study as to whether we can turn these cash payments to these parents, who we have evidence in some cases of coaching their children to get these checks, we have a study to look to whether we can go to a voucher program for treatment of children who are having problems, as opposed to cash to parents of these children.

Finally, we really do not address the issue of noncitizens receiving SSI. We have \$7 billion a year being paid to noncitizens in this country for welfare payments, and a big chunk of that is SSI. Half a million people who are noncitizens of this country receive SSI benefits today, and it is a growing problem, growing faster every day. We must do something about that.

This is a positive first step. I hope we can come back in future Congresses to take more steps.

Mr. JACOBS. Mr. Speaker, I want the record to show that Valerie Nixon, Sandy Wise, Elaine Fultz, Cathy Noe, and Phil Mosely have all contributed mightily to putting this whole revolutionary program together. They are staffers on the committee. We could not have done it at all without the help of Janice Mays, the staff director at the Committee on Ways and Means, aka, Amazing Janice.

Mr. Speaker, I yield 2 minutes to the gentleman from Ohio [Mr. FINGERHUT]. (Mr. FINGERHUT asked and was given permission to revise and extend his remarks.)

Mr. FINGERHUT. Mr. Speaker, I thank the gentleman from Indiana for yielding. I want to compliment the gentleman and each and every member of the Committee on Ways and Means, both the majority and minority side, who have led the fight for this historic legislation for so many years. I also want to add my thanks to President Clinton and the administration for endorsing this bill, which gave it critical support when it needed it.

Mr. Speaker, I rise today in strong support of the conference report on H.R. 4277, legislation that would make the Social Security Administration an independent agency with an accountable administrator supported by a bipartisan independent advisory board.

The Social Security Administration is one of the most important agencies of our Federal Government, with 64,000 employees. It is the largest division of the Department of Health and Human Services and one of the largest Federal agencies of any kind. Maintaining the integrity of the Social Security System is vital to the well-being of our seniors. The Government must keep its promises. It must not, and it does not, as the gentleman from Indiana [Mr. JACOBS] said before, use the Social Security moneys for other programs. But an independent agency will maintain the integrity of these funds and will fight for the rights of seniors.

Most importantly, an independent Social Security Agency will protect the agency from the political whims of the moment.

I believe that the final passage of this legislation will greatly benefit my constituents. As an independent agency, the Social Security Administration will be able to focus on the goal of improving service and responding more efficiently and effectively to the people it serves. Most importantly, such a move will enhance the confidence of the American people in an agency which is a vital part of their lives.

Mr. Speaker, there are many other important provisions of this bill. The gentleman from Pennsylvania [Mr. SANTORUM] and others have referred to the provisions with respect to the Social Security disability program to tighten the requirements and make sure we are not needlessly paying out money to support drug and alcohol addiction programs. I support those reforms.

There is also a small but very important reform in this bill that allows election day workers, those people who perform their civic duty, to not have to pay Social Security benefits on their poll payments, a small but very important and significant provision of this bill.

Another important provision of the bill would increase penalties against deceptive mass mailings that cheat

thousands of senior citizens by mimicking official Social Security correspondence.

Mr. Speaker, I strongly support this conference report and urge its passage.

Mr. BUNNING. Mr. Speaker, I yield 1 minute to the gentleman from Illinois [Mr. CRANE].

Mr. CRANE. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, first off, I want to congratulate the gentleman and the distinguished chairman of the Subcommittee on Social Security on which I serve, too, for the outstanding bipartisan contribution that they have made. It is long overdue, and a lot of the things that are being addressed in this bill, while perhaps there are still further improvements down the road that can be achieved, I think make a major step forward in the right direction. The most important, of course, is depoliticizing any aspect of this important new independent entity, the Social Security Administration as an independent agency.

I think in addition to that, the reforms on drug and alcohol abuse, those are critically important reforms, and the bill does indeed provide the incentives for people to get out of drug and alcohol addiction, and I think that they are two important ingredients of this that in and of themselves, aside from the other reforms that are contained therein, warrant the support on a bipartisan basis of all the Members of this Chamber. I urge every one to vote for the conference report on H.R. 4277.

Mr. Speaker, as a member of the Ways and Means Subcommittee on Social Security, I urge my colleagues to support the conference report on H.R. 4277, the Social Security Administrative Reform Act. I believe this legislation is an important step toward the efficient operation and administration of the Social Security Program.

In too many instances, political fluctuations have brought instabilities to the Social Security Administration. This legislation will remove those uncertainties and allow for continuity in the agency's operations. Starting in April of next year, Social Security will be run by a commissioner and a bipartisan board, appointed for specific terms of office and therefore somewhat more removed from the political process.

Another important provision of this legislation is the reform of disability compensation for drug and alcohol addicts. Current law allows for far too much abuse of the system, intentional or otherwise, as addicts who are not cured of their disability remain on the welfare rolls. In contrast, this legislation forces addicts to assume some measure of responsibility for their condition, not only requiring them to seek treatment but also providing an incentive for them to actively seek self-sufficiency. Requiring treatment will force addicts into beneficial programs, and cutting off benefits after 3 years will undeniably provide motivation for

addicts to put their addictions behind them and return as productive members of society.

These changes are especially relevant in a year when Congress is attempting to tackle welfare reform. No longer can we afford to dole out Federal largess without any promise of improvement. Some have criticized the cutoff of benefits as arbitrary and counterproductive for those who have not yet completed treatment, but I believe that we must provide incentives for those who rely on Federal payments to find other means of support. It is a lesson that we should all bring to the debate over welfare as well.

This legislation makes important changes to the Social Security Administration. And it marks an important change in how we approach our social spending. I hope that my colleagues on both sides of the aisle will join in support of this long overdue reform.

Mr. JACOBS. Mr. Speaker, I yield 2 minutes to the gentleman from Wisconsin [Mr. BARCA].

Mr. BARCA. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, today is another banner day for Congress. Yesterday we passed the Congressional Accountability Act, and today we pass the bill to make Social Security an independent agency and make other important changes within that area.

We want to protect Social Security from political pressures and, most important, guarantee the integrity of our Social Security funds. Since Franklin Delano Roosevelt first pushed Social Security, it has been one of the most important programs to provide for the security and dignity of Americans in retirement. It has always been a very important buffer for people in tough economic times.

□ 1310

Senior citizens throughout Wisconsin and America can rest a little easier with the passage of this bill. Also I had heard from many poll workers in my district, such as Norm Buckholtz and Eleanor Cavelli, and many others that believe that we need to exempt them from the taxes from Social Security, and I thank the gentleman from Indiana [Mr. JACOBS], for his hard work in that effort.

Finally, and equally importantly, a provision I now call on drug addicts. I had visited many treatment centers in my district and have been working on legislation in this respect. And I believe this is an important provision to limit payments to 36 months and ensure that the moneys are going to curb addiction rather than feed people's addiction. Hopefully this will be just one of a number of steps that we can take in this regard.

So today is a great achievement for the Social Security Program. It is a great achievement for the 103d Congress. I thank the chairman and his committee for their outstanding work. I believe that FDR is smiling with

great favor upon the 103d Congress today.

Mr. BUNNING. Mr. Speaker, I yield 1 minute to the gentleman from Michigan [Mr. CAMP].

(Mr. CAMP asked and was given permission to revise and extend his remarks.)

Mr. CAMP. Mr. Speaker, I thank the gentleman from Kentucky for yielding time to me.

Mr. Speaker, I rise today in support of the Social Security Administrative Reform Act Conference Report.

This bill, establishes the Social Security Administration as an independent agency. It will ensure the integrity accountability of Social Security by greatly diminishing the politics of the agency. It will remove the agency from the control of HHS and better enable the Government to keep its promise to older Americans.

As a member of the Committee on Ways and Means, I have seen evidence of Social Security disability abuse. Under the current, SSI program some drug addicts and alcoholics defraud the system, rather than get treatment for their addiction. This legislation is a first step in addressing the abuse and fraud within the SSI Program. It is our intention to continue working to reform current law and bring a balance to the disability program.

This bill will also provide Social Security tax relief to election workers which have been unfairly taxed causing added administrative burdens to local governments, charged with conducting our elections.

I urge my colleagues to restore senior citizen's trust in the Government by voting for this conference report. It is a good idea for the Social Security Administration and best of all a good idea for the American people.

Mr. JACOBS. Mr. Speaker, I yield 3 minutes to the gentleman from Wisconsin [Mr. KLECZKA], the author, I might add, of the reform on the drug addiction.

(Mr. KLECZKA asked and was given permission to revise and extend his remarks.)

Mr. KLECZKA. Mr. Speaker, I thank the gentleman for yielding time to me.

Mr. Speaker, I rise in support of the conference report and ask unanimous consent to revise and extend my remarks.

Mr. Speaker, one of the focuses of the 103d Congress has been to make the Federal Government run more efficiently and to increase the general public's confidence in its Government.

We are committed to this objective and have made strides toward achieving it.

H.R. 4277 takes a step in this direction. By making SSA an independent agency, we hope to increase the quality of service it provides.

Currently, SSA is overwhelmed: there is a tremendous backlog in disability cases waiting to be processed, agency employees are sometimes difficult to reach, and responses are often

slow in coming and errorprone upon arrival.

This is due to: an overburdened system plagued by shortages of staff and rising numbers of cases, as well as a high-rate of turnover among top agency officials.

By creating an independent, more stable, structure for the agency, we will hopefully correct some of the problems with the current system.

We will thereby increase confidence that the Social Security System will be able to provide the quality of service and benefits that is expected.

The bill also makes headway in reforming the current system by demanding accountability for disability payments to substance abusers.

My office has received numerous calls from constituents who are adamant that their hard-earned tax dollars not be used to finance the habits of drug addicts and alcoholics.

The issue is not that we should withhold assistance from substance abusers who are seeking rehabilitation. We should help them if they are committed to rehabilitating themselves and improving their lives.

The Department of Health and Human Services Inspector General recently tracked 196 substance abusers on SSI for 3 years:

Only 1 of these 196 recipients left the SSI rolls due to self-sufficiency.

This led the IG to determine that current treatment efforts appear to result in few complete rehabilitations that eliminate a recipient's need for SSI.

Clearly, this is a program that's not working.

If we're not helping substance abusers successfully rehabilitate and become capable of earning income, then the program is failing both the recipient and the taxpayer.

We cannot allow this to continue.

H.R. 4277 includes a time limitation provision I offered, along with my colleague from Oklahoma, [Mr. BREWSTER].

Under this provision, substance abusers who qualify for benefits because of their addictions will only receive cash assistance for 36 months.

Mr. Speaker, at some point, we must say enough is enough. At some point, the recipient must be asked to take ultimate responsibility for his or her life.

By enacting this bill, Congress is saying 3 years is the appropriate point.

While this bill does a good job of addressing some of the problems with the SSI and SSDI Programs, this is just a first step.

Some of the changes in H.R. 4277 are modest ones, and we must ensure that payments are used for their intended purpose.

In general, the Social Security Administrative Reform Act proposes innovative solutions to problems faced in various programs under the jurisdiction of SSA.

However, more must be done.

We must continue to scrutinize this system in search of ways to improve failing programs and recoup wasted resources.

The American people expect and deserve quality service from their government, and they want to know that their tax dollars are being used wisely.

Mr. Speaker, we have the responsibility to live up to these expectations.

Mr. BUNNING. Mr. Speaker, I yield 2 minutes to the gentleman from California [Mr. HERGER].

Mr. HERGER. Mr. Speaker, I rise in strong support of this legislation, which includes a provision I offered which will begin conducting continuing disability reviews in the SSI Disability Program—a reform which will make a significant contribution to ending fraud in this program, saving up to \$300 million in future years.

I would like to thank my colleagues, chairman GIBBONS and ranking member BILL ARCHER for their support. I also want to thank subcommittee chairman ANDY JACOBS and ranking member JIM BUNNING, and particularly the gentleman from Texas [Mr. PICKLE], who has been a strong advocate of this reform, and the gentleman from Pennsylvania [Mr. SANTORUM].

Mr. Speaker, compiling a profile of those collecting SSI disability benefits who are most likely to recover is crucial to getting a handle on spending in the SSI Disability Program, which is the fastest growing entitlement in the Federal budget. It is amazing that, until now, the Social Security Administration was not required to verify that persons receiving SSI disability benefits were still eligible for benefits, even after the passage of many years. While many people may well recover from their disability and be able to go back to work, until now we have not required any effort to find this out.

This has only fed the explosion of our disability rolls, thus jeopardizing benefits for those who remain truly disabled and have no other source of income.

Eliminating this oversight is an important feature of H.R. 4277. I urge my colleagues to support responsible reform of our disability programs.

Mr. BUNNING. Mr. Speaker, I yield 2 minutes to the gentleman from Kentucky [Mr. LEWIS].

Mr. LEWIS of Kentucky. Mr. Speaker, I thank the gentleman from Kentucky for yielding time to me.

I also want to thank him for his dedicated work toward bringing this bill to the floor today.

Mr. Speaker, I rise today in strong support of this landmark legislation, H.R. 4277, that finally gives the Social Security Administration its freedom.

By making the Social Security Administration an independent agency, H.R. 4277 gives SSA a chance to operate the way it was originally intended when this program was first created. SSA will no longer be subject to the restraints and red tape that come from

being part of the Department of Health and Human Services.

SSA will be able to concentrate on administering its programs, and provide better, cost effective, and more efficient service to the American people.

Social Security is one of the most important programs that our Government offers. Since just about every American pays into it during their lives, it is our responsibility to make sure that the Social Security system is strong and solvent for generations to come.

By passing this conference report and making SSA an independent agency, we can do just that.

This bill also makes many other improvements to the Social Security system that are badly needed. Specifically, H.R. 4277 cleans up the regulations on Social Security benefits for drug addicts and alcoholics. As it works now, these people can receive Federal benefits with virtually no supervision on how the money is used, or encouragement to get treatment.

But H.R. 4277 changes that. Under this bill we can be sure that American tax dollars are not being used to feed alcohol and drug habits. Instead, H.R. 4277 encourages these folks to get help, to be in therapy and to start getting their lives back on track.

These are needed changes for SSA. They have been a long time in the making and thanks to the hard work of the members on the Social Security Subcommittee and the Ways and Means Committee, we have the chance today to make them.

I urge my colleagues to support these improvements for Social Security and vote yes on this conference report.

Mr. JACOBS. Mr. Speaker, I yield 3 minutes to the gentleman from New Jersey [Mr. HUGHES].

(Mr. HUGHES asked and was given permission to revise and extend his remarks.)

Mr. HUGHES. Mr. Speaker, I thank the gentleman from Indiana for yielding time to me.

Mr. Speaker, I rise in strong support of H.R. 4277, legislation to establish the Social Security Administration as an independent agency. I firmly believe that we must act now to ensure strong, stable, and independent leadership for this large Federal agency which is of crucial importance to virtually every American.

As the former chairman of the Select Committee on Aging and the current Chairman of the Older Americans Caucus, I have held a number of hearings that have detailed serious and costly problems with SSA's ability to provide appropriate assistance to older and disabled Americans. It is very clear from this testimony that we are experiencing a real crisis in service delivery in a number of different areas.

With administrative costs running around 1 percent, Social Security's staffing was put through a rapid

downsizing process in the late 1980's, eliminating nearly one-fourth of its personnel. While steps were needed to streamline the agency, the evidence is overwhelmingly clear that we have gone too far. Many of these reductions were made strictly for political reasons, and they are costing the taxpayers millions of dollars in incorrect benefit payments and forcing many elderly and disabled beneficiaries to face undue hardships.

One of the most serious effects of this political jockeying can be seen in the unacceptable backlog in the Nation's disability program, which is barely treading water under a sea of unprocessed claims and paperwork. Despite completing more casework with fewer staff, the nationwide backlog of unprocessed disability cases is well over 800,000 cases, a level which is some 2½ times larger than it was just 3 years ago, and we can expect the disability caseload to be over 1 million cases by the end of the year. On the front end, the average disabled applicant must wait 5 to 6 months in many areas of the country in order to have his or her initial disability application reviewed. In many instances, people are dying before their casework is processed.

And on the back end, we are costing the taxpayers tens of millions of dollars because we do not have sufficient personnel to review the disability rolls to determine those who have improved enough medically that they should no longer be receiving disability benefits. Consequently, the taxpayers are spending tens of millions of dollars on persons who should no longer be receiving benefits.

In short, we have hundreds of thousands of people waiting inordinate amounts of time to receive the disability insurance they have paid for at the same time that taxpayers are spending estimates of up to \$100 million per year on persons who should not be on disability. Is there any wonder why many of our constituents have the perception that their Government is not working?

In addition, a growing number of Social Security recipients in New Jersey and throughout the country are finding it increasingly difficult to get timely assistance. Busy signals at SSA's national 1-800 telephone service are running over 50 percent on some days, with many older persons telling me that they often just give up because of the busy signals.

Social Security recipients have a right to expect that when they call for questions or assistance, they will not be faced with inordinate delays, busy signals, or staff who are too busy to provide complete and accurate answers to their questions.

Many of these problems can be traced to the fact that Social Security's administrative operations are being driven by short-term political decisions.

There is also a real crisis in accountability and continuity within the agency. In a little over 15 years, there have been 10 Commissioners or Acting Com-

missioners of Social Security. We simply must have more long-term planning and accountability for this vital agency. I believe that establishing Social Security as an independent agency is the only way we can ensure some continuity within the agency and isolate it from short-term budgetary and partisan considerations.

I urge my colleagues to support this important legislation, and I commend the gentleman from Indiana [Mr. JACOBS] and the gentleman from Kentucky [Mr. BUNNING] for their leadership in bringing this bill to the floor, as well as the gentleman from Texas [Mr. PICKLE], who I saw earlier and is in the back of the Chamber, and so many others for making this day possible. It is the right decision, an important decision, I think, in the history of Social Security, and Mr. Speaker, ask my colleagues to support this particular initiative.

Mr. JACOBS. Mr. Speaker, I yield 1 minute to the gentleman from Washington [Mr. SWIFT].

(Mr. SWIFT asked and was given permission to revise and extend his remarks.)

Mr. SWIFT. Mr. Speaker, I want to thank the chairman of the subcommittee, the gentleman from Indiana [Mr. JACOBS], and I want to thank the Committee on Ways and Means for their perseverance.

There is a provision in this bill that is kind of a reverse unfunded mandate. We actually help local government with one of its important tasks.

Mr. Speaker, a few years ago Congress inadvertently caused local election officials some serious problems in recruiting and hiring election poll workers. Often these people are already retired, and some Social Security requirements dissuaded many from volunteering for that work on election day. This bill fixes that in a way that has bipartisan support, and will significantly help local election officials get their job done on election day.

Mr. Speaker, I want to thank the chairman of the subcommittee the gentleman from Indiana [Mr. JACOBS]. I want to thank the gentleman from Kentucky [Mr. BUNNING], and I want to thank all the Members of the Committee on Ways and Means for taking care of this problem for the poll workers of America.

Mr. Speaker, as chairman of the Subcommittee on Elections of the House Administration Committee. I have a special reason for being pleased with this legislation. In July 1991, three years ago—State and local election officials noted that because of an oversight in the 1990 OBRA, Omnibus Budget Reconciliation Act, they faced an enormous administrative and financial burden. In the OBRA, Congress extended social security coverage to State and local government officials without noticing that the \$100 exemption for election workers already in place would not be adequate to continue exempting those election work-

ers that no one intended to cover. They did not need the coverage—most are already on retirement, and they did not work at the polls because they needed the money—they have been leaving in droves because of the administrative hassles they now face. And running elections has been more and more difficult to do for the state and local jurisdictions.

The solution was easy, but putting it into effect has not been. The House twice placed a provision to raise the exemption to a realistic figure—\$1,000—in the budget reconciliation bills only to have the Senate object in conference.

But now, in H.R. 4277, this conference bill to make the Social Security Administration an independent agency, we find there is a small provision to raise the exemption for poll workers from \$100 to \$1,000. The provision did not appear by accident. Chairman JACOBS and the committee have worked hard to get this in and to keep it in, and I thank them for it.

Mr. BUNNING. Mr. Speaker, I yield such time as he may consume to the gentleman from Florida [Mr. YOUNG].

(Mr. YOUNG of Florida asked and was given permission to revise and extend his remarks, and to include extraneous material.)

Mr. YOUNG of Florida. Mr. Speaker, I rise in support of this all-important, long overdue legislation.

Mr. Speaker, as the representative of one of our Nation's largest populations of Social Security recipients and the chairman of the Congressional Social Security Caucus, I rise in strong support of this conference report on H.R. 4277, the Social Security Administrative Reform Act.

This legislation gives the Social Security Administration long overdue independence from the Department of Health and Human Services and, more importantly, from political pressures that can be exerted on its Commissioner. Under H.R. 4277, the agency would be headed by a single administrator, appointed by the President, but who would serve under the oversight of a seven-member bipartisan board. This board, as the voice for the almost 40 million Americans who receive Social Security benefits, would ensure that the trust funds remain sound and untouched, that payments and cost-of-living adjustment continue to be paid in full and on time, and that the agency continues to provide timely and efficient service for retirees, workers, and employers.

As a member of the House Appropriations Subcommittee on Health and Human Services, which oversees the operations of and funding for the Social Security Administration, I am well aware of the chain of command which currently requires the Commissioner of Social Security to report to the Department of Health and Human Services. Likewise, the agency's budget requests must also be reviewed and approved by the Secretary.

The legislation before us today will enable the Social Security Administration to present directly to Congress and our committee its annual budget request. This is important in that it enables us to know what the new Administrator and Social Security Board believe are

the agency's true funding requirements, not those imposed upon them by the Department of Health and Human Services.

This legislation also takes a number of important steps to further enhance public confidence in the Social Security Program. It cracks down on the payment of supplemental security income [SSI] and disability insurance [DI] benefits for alcoholics and drug abusers. It also requires the Social Security Administration to direct greater resources into preventing, detecting, and terminating fraudulent claims for SSI benefits.

Finally, the conference report retains an important House provision to give the Administrator greater powers to police the mailings and fundraising appeals of various organizations who attempt to mislead and frighten older Americans, many of whom live on small fixed incomes and depend almost solely on their monthly Social Security benefits for their financial well being.

We have become all too familiar with calls, letters, and post cards from our constituents asking if they have to contribute \$5 or \$10 to the variety of organizations that have sprung up to purportedly protect their Social Security benefits. As I tell each of these people who contact me, they do not have to contribute a single penny to any of these organizations to protect their benefits. It is the responsibility of Congress, and my job as their Representative, to ensure that the U.S. Government continues to live up to its commitment to ensure that the Social Security trust funds remain sound and that their benefits and cost of living adjustments are protected.

Mr. Speaker, this is the fourth time the House will consider this legislation and I am pleased to know that after allowing it to die three previous times, our colleagues in the other body have finally joined us in enacting this legislation. It is a reaffirmation that the Social Security trust funds are an independent and self-supporting sector of our Federal Government and that oversight for these funds should be provided for by an independent agency and board.

Mr. BUNNING. Mr. Speaker, I yield 2 minutes to the gentleman from Wisconsin [Mr. ROTH].

Mr. ROTH. Mr. Speaker, I thank the gentleman for yielding time to me.

Mr. Speaker, I want to join with so many of the other speakers who have had such complimentary remarks about the gentleman from Kentucky [Mr. BUNNING], the gentleman from Texas [Mr. PICKLE], and the gentleman from Indiana [Mr. JACOBS] for the fine work they have done on this legislation. I want to join in congratulating them.

Mr. Speaker, as the chairman of the House Republican Social Security Task Force, I rise in support of this conference report to reform our Social Security System.

Social Security is a trust between the American people and their Government. But as the members of the Social Security Task Force heard in a recent hearing, this trust has been eroded. Instead of being invested for the future, billions of Social Security dollars are being spent on programs other than Social Security.

Senior citizens are justifiably upset that political and budget battles have put their hard earned Social Security benefits in jeopardy. The Social Security System is also being abused. Drug addicts and alcoholics are spending their Supplemental Security Income and Social Security Disability Insurance benefits on more drugs and alcohol.

By passing this conference report today, the House will take a significant step to correct these problems. This action is long overdue. Today's bill will make Social Security an independent agency to protect Americans' retirement funds from political and budget battles. Every Social Security beneficiary, both current and future, must be assured that their benefits will be secure, and that the program will be administered fairly and soundly. By walling off Social Security as an independent agency, Congress will help to assure the American people that Social Security funds will be used for Social Security purposes only.

Today's bill also will tighten the rules for drug addicts and alcoholics who receive benefits. As I testified last February to Mr. Jacobs' subcommittee, the American people are outraged that our Social Security system has degenerated into a cash cow for addicts. Nearly 250,000 drug addicts and alcoholics received \$1.4 billion in Social Security Disability Insurance payments last year, with no strings attached. Addicts are cashing their checks and buying drugs the same day. And while I would prefer to see even tougher restrictions, today's bill will impose some tighter rules on SSI and SSDI recipients who are addicts. Benefits to addicts will be cut off after 3 years. Second, benefits must be paid to a responsible party who will ensure that the recipient is participating in a treatment program.

Mr. Speaker, senior citizens deserve to have an independent and depoliticized Social Security Administration to responsibly oversee their retirement benefits. And the American people are looking to Congress to stop the scandalous waste of Social Security funds by addicts. To combat both these problems, I urge my colleagues to support this conference report and help strengthen the Social Security system on behalf of all Americans.

Mr. BUNNING. Mr. Chairman, I yield 1 minute to the gentleman from Ohio [Mr. REGULA].

(Mr. REGULA asked and was given permission to revise and extend his remarks.)

Mr. REGULA. Mr. Speaker, I congratulate the sponsor and authors of this legislation. As vice chairman of the Older Americans Caucus, I know how very important it is to senior citizens to have a sense of confidence in their systems, particularly Social Security.

Mr. Speaker, as we all know, there are many groups that communicate to seniors, causing them to worry about

the integrity of the Social Security System. We get letters reaffirming such worries. By making SSA an independent agency, this bill means that the integrity of the Social Security System can be maintained. Moreover, such action will prevent Social Security benefits from being further used as both political and budgeting pawns. Enactment ensures that those who pay into the system will receive their benefits.

I also commend provisions which strengthen safeguards against the use of disability and supplement income payments to support a drug or alcohol habit.

Truly, this bill restores not only the confidence of our present retirees, but the confidence of our future retirees—guaranteeing that our Social Security System can and will be preserved.

Mr. BUNNING. Mr. Speaker, may I ask how much time we have remaining?

The SPEAKER pro tempore (Mr. SERRANO). The gentleman from Kentucky [Mr. BUNNING] has 3 minutes remaining.

Mr. BUNNING. Mr. Speaker, I yield myself such time as I may consume to close debate for our side.

Mr. Speaker, there is one more important point I would like to make in closing. Ever since I have come to Congress I have received hundreds, perhaps thousands, of letters from older citizens who are frightened. They are frightened because unscrupulous lobbying organizations have been scaring them to death with unsolicited mailings saying Congress is about to cut Social Security.

These letters usually read something like this: "Congress is about to act on Social Security cuts. We need your money to stop Congress now." That is just plain cruel, and it is inexcusable.

□ 1330

Older Americans are usually on fixed incomes and even \$5 or \$10 a month means the difference in food and medication each month. But these groups do not care. They will seize any opportunity to solicit contributions from senior citizens under the guise of lobbying Congress to stop any Social Security cuts. One of the jobs of the new bipartisan board will be to inform the public about Social Security. I am hoping the board will do such a good job of informing the public about Social Security that these unscrupulous organizations and their mailings will be put out of business.

Again, let me reiterate my strong support for this bill. It is time Social Security took its place as a non-partisan and independent agency.

Mr. Speaker, I yield back the balance of my time.

Mr. JACOBS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, first I would be pleased to incorporate by reference every word my colleague, the gentleman from Kentucky, has just said. It is pretty reprehensible to rip anybody off, but it is particularly reprehensible to rip off people who may not be adequately informed. There is a work for it, and that is conning. That is wrong.

A moment ago, I omitted mentioning Phil Moseley, a staffer at the Committee on Ways and Means who has contributed greatly to this effort as well. While I am commending, I also commend our President who within a few days, I understand, will take the final step and sign this legislation into law. So break out the firecrackers. Let freedom reign. Independence is at hand for the Social Security System. It is a fine day for the United States.

Mr. JACOBS. Mr. Speaker, I yield such time as he may consume to the gentleman from Florida [Mr. SHAW].

(Mr. SHAW asked and was given permission to revise and extend his remarks.)

Mr. SHAW. Mr. Speaker, I thank the gentleman for yielding, and I rise in strong support of this most important legislation. I compliment both sides in working together.

Mr. Speaker, I rise today to express my strong support for the conference report on H.R. 4277, the Social Security Administrative Reform Act of 1994. This important bill makes a number of changes that will help protect the Social Security system on which millions of Americans rely.

First, it makes Social Security an independent agency, which is a position I have long supported by cosponsoring and voting for bills to this effect. Passage of H.R. 4277 this year means that Social Security will become an independent agency no later than March 31, 1995. The new agency will have independent, bipartisan leadership. This will help it function more efficiently for the seniors who depend on Social Security benefits to make ends meet. And the Social Security trust fund will remain protected from political or general budgetary pressures.

Second, the bill attempts to restrict disability insurance and SSI disability payments to substance abusers. Many hardworking Americans were outraged to learn that such a program even existed, spending Social Security funds on drug addicts and alcoholics disabled by their addictions. In my view, the restrictions in H.R. 4277 do not go far enough to get addicts into treatment and back to work. But they are an admission that a problem exists in this area, which the next Congress must continue to address.

H.R. 4277 makes positive changes in 30 other areas, including raising the Social Security exclusion for election workers from \$100 to \$1,000 annually starting on January 1, 1995. Prohibitions on the misuse of Social Security and other Government symbols are strengthened. That responds to mass mailings and solicitations meant to deceive those receiving them into thinking they were sent by the Federal Government. This is a problem many seniors especially have alerted me to, and I am pleased that we are continuing to strengthen penalties against this shameless practice.

Mr. Speaker, I urge Members to support this important legislation, which will help protect the Social Security system in the years to come.

Mr. STARK. Mr. Speaker, I am happy that this conference report contains three provisions that will benefit a small number of motivated, hard-working people with disabilities. I would like to describe these provisions which I offered and which were accepted by the Ways and Means Committee.

An SSI recipient who has a disability has the opportunity to have extra resources or income in order to achieve a work goal under a plan for achieving self-support [PASS]. Currently, an individual with an approved PASS may be eligible for income and resource exclusions for 18 months, followed by two possible extensions of 18 and 12 months, respectively. The maximum of 4 years to achieve a PASS is given to persons pursuing a lengthy educational program. Often it is difficult for a person with a disability to achieve their goal within the given time period and the inflexibility with regard to the length of time allowed can produce anxiety and—in cases when the goal is not achieved in the given time—produces frustration and discouragement.

H.R. 4277 requires the Social Security Administration [SSA] to take into account the needs of the individual and the difficulty of achieving the goal in determining the time necessary for the completion of a PASS.

Presently, an SSI recipient other than a child living with a parent in military service cannot remain outside the United States for more than 30 consecutive days and retain eligibility for SSI. Also, the person must be back in the United States for 30 consecutive days before being considered to be eligible for SSI and only if the individual continues to meet all other eligibility criteria.

A provision in H.R. 4277 allows the SSA to exempt SSI recipients from the 30-day time limit for a period not to exceed 1 year if the individual is fulfilling an educational requirement through a program which is not available in the United States and which will result in improved employment potential. Though this provision will help a very small number of people, it will allow these individuals to compete on a par with other students, disabled or non-disabled, if their educational requirements can only be fulfilled by study in a foreign country. The only way for many people with disabilities to become competitive in the labor force is to become highly educated. Young people, who have the intelligence and stamina to overcome the obstacles that disabilities present and acquire an advanced degree, can look forward to many years as productive members of our society.

Mr. Speaker, the third provision I would like to highlight extends the provisions in current SSI law for protection against loss of Medicaid eligibility because of subsequent cost-of-living increases in Social Security benefits, to those persons who are working and utilizing the section 1619(b) work incentives provisions.

There were a number of other provisions that I proposed and that the Ways and Means Committee accepted but were not accepted by the conferees. One of them would have deemed approved a PASS after 60 days if the SSA had not acted in that time. The Secretary could have subsequently disapproved the PASS prospectively and the individual would have had 6 months to spend down any money that had been saved to accomplish the work goal.

I am happy that in the conference report the conferees requested the General Accounting

Office [GAO] to conduct a study of the PASS program and its procedures since they felt not enough information on the PASS program is available at this time. I look forward to the findings and recommendations that this study will give us.

I am pleased to support the conference report on H.R. 4277.

Ms. SNOWE. Mr. Speaker, I rise to express my support for the conference report on H.R. 4277.

I have been a cosponsor of legislation since the 99th Congress to make the Social Security Administration a separate, independent agency, and I am pleased to be able to cast my vote in favor of this legislation to make it happen. I support this effort because I believe that establishing the Social Security Administration, the ninth largest agency in the Federal Government, as a separate agency would further strengthen the program and ensure that it remains responsive to the millions of elderly and disabled Americans to whom it provides benefits and services.

The Social Security program represents a promise the Federal Government made to Americans. It is vitally important that this promise never be broken and that everyone knows that by paying into the system during their working years they will be assured of getting benefits for themselves and their family in their later years. Making the Social Security Administration an independent agency will help ensure that this promise remains unbroken.

I urge my colleagues to join me in support of this conference report.

Mr. MIFUME. Mr. Speaker, I rise in support of the conference report on An Independent Social Security Administration (H.R. 4277), which makes the Social Security Administration an independent agency.

The Social Security Administration is responsible for administering the Old-Age and Survivors Insurance Program, Disability Insurance [DI] Program and the Supplemental Security Income [SSI] Program. The Social Security Administration is the ninth largest agency in the Government. The conference agreement establishes the Social Security Administration [SSA] as an independent agency, effective March 31, 1995.

Like the House bill the conference agreement includes several provisions which aim to improve the administration of Social Security DI and SSI programs. For example, the measure requires SSA to conduct continuing disability reviews for all SSI recipients in the same manner as they are now conducted for DI recipients. Further provisions in the agreement will give SSA additional authority to prevent benefit fraud and increase the penalties against deceptive mass mailings that mimic official Social Security correspondence.

In my district of Baltimore, the employees of SSA have asked that I support this measure.

However, Mr. Speaker, my support comes with some reservations. Specifically, I am concerned that Congress' desire to improve and advance the productivity and services of the Social Security Administration, while well-intentioned, may not be enough. In addition to passing this legislation, Congress must give the Social Security Administration the necessary resources to successfully make the smooth transition to independent status.

An example of the transition SSA finds itself going through was recently seen when the So-

cial Security Administration announced that it would cut 1,000 management jobs through attrition. Shortly thereafter, SSA announced that it will need an additional 11,000 employees to handle its increased responsibility.

Another concern I have stems from the fact that the conference report brings SSA into a new realm of responsibility without giving it additional resources. An example of the new responsibilities is a provision in the agreement which restricts payment of disability insurance [DI] and supplemental security income [SSI] for persons with drug and alcohol addictions. Under current law, SSI recipients who have substance abuse problems are required to be paid through a designated second party. Unfortunately, there have been cases in which the alleged supplier of the drug to the abuser was the representative payee.

In a provision I support, this bill requires that where possible, organizations, rather than family or friends, be named as representative payees for Disability Insurance and Supplemental Security Income recipients, unless SSA determines that a family member is appropriate.

However, the agreement requires that the Social Security establish agencies in all 50 states that would find treatment programs for DI and SSI beneficiaries who are substance abusers, monitor their participation in the treatment program, and periodically conduct drug tests to determine if substance abuse problems are continuing. Under this provision, people with substance abuse problems who are receiving disability insurance would be required to participate in treatment, if available, in order to receive benefits. Regardless of participation in the treatment program, DI and SSI benefits to substance abusers would be cut off after 3 years unless the individual qualifies for benefits for reason other than the substance abuse problem.

This will require the Social Security Agency to become involved in a whole new activity; drug testing for DI recipients. I have a number of problems with this, but that discussion is better left for another time.

Mr. Speaker, it is my hope that this conference report will pass to allow the Social Security Administration to become an independent agency. It is my further hope that we recognize the need to give this new agency adequate resources to improve and provide better service.

Mr. MACHTLEY. Mr. Speaker, I rise today in support of the conference report on H.R. 4277, legislation which I believe will take important steps to restore public confidence in the Social Security system.

Throughout my tenure in Congress, many seniors have contacted me to express their fear that the Social Security Trust Fund is being mishandled.

And a recent GAO report, which reported that an estimated 250,000 drug addicts and alcoholics collected approximately \$1.4 billion in Social Security disability insurance and supplemental security income funds last year, proves them right.

While the recipients of these payments are eligible for this Federal assistance, there is little or no evidence that these funds are being used for treatment. Instead, in many cases, these payments are being used to fuel the addictions.

Now my heart goes out to those families that have had to deal with a loved one who is

addicted to drugs or alcohol, and I feel we should continue to offer our help in getting these people treatment.

But the purpose of the Social Security Act is straightforward—to provide for the economic security of our population as it grows older or becomes disabled. It is certainly not intended to provide drug addicts and alcoholics with the financial means to perpetuate their substance abuses.

Making the Social Security Administration an independent agency would greatly enhance public confidence in the management of these funds.

The integrity of the Social Security system is important to me and to many of my constituents, and I firmly believe that this legislation will help to protect the system now and in the future.

I urge my colleagues to support this conference report.

Mr. RIDGE. Mr. Speaker, I am pleased to rise in support of H.R. 4277, the Social Security Administrative Reform Act of 1994.

This legislation makes the Social Security Administration an independent agency within the Federal Government, removing it from its current home within the Department of Health and Human Services [HHS]. H.R. 4277 also contains provisions which place limits and restrictions on Social Security benefits paid to individuals with substance abuse problems.

Mr. Speaker, a priority of mine in Congress has always been, and continues to be, to make sure that the Social Security Administration is able to function as efficiently and timely as possible. Many older citizens in my district and across Pennsylvania live on a fixed income and rely heavily on Social Security benefits.

Giving the agency its independence will free it from the political and bureaucratic problems with which it has been forced to operate for so many years. Such political and bureaucratic problems have jeopardized its ability to perform properly. Making it an independent agency will go a long way in rectifying that problem, and, for this reason, I am pleased to support this legislation.

Also, placing some restrictions and limits on Social Security benefits paid to substance abusers is a step in the right direction. While substance abuse is no longer viewed as merely a behavioral problem and is widely regarded as a medical condition, I believe this legislation accomplishes two very worthy objectives.

First, treatment exists for substance abuse. It is compassionate therefore to encourage those suffering from substance abuse to seek help. Second, it is appropriate, and fair to other Social Security beneficiaries, to make sure that benefits being paid to substance abusers are not being used to sustain their addiction. For these two reasons, I am pleased that an effort was taken to ensure that the provisions contained in H.R. 4277 were done in both a fair and compassionate manner.

Mr. Speaker, making the Social Security program a well-working, long-lasting entity has been one of my highest priorities as a public servant. Keeping Social Security taxes down, and Social Security benefits up is paramount to that effort. H.R. 4277 goes a long way toward that end and I am pleased to rise in support of it. Passage of this legislation is long overdue.

Mr. JACOBS. Mr. Speaker, I yield back the balance of my time.

GENERAL LEAVE

Mr. JACOBS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the conference report on H.R. 4277.

The SPEAKER pro tempore (Mr. SERRANO). Is there objection to the request of the gentleman from Indiana?

There was no objection.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the conference report.

There was no objection.

The SPEAKER pro tempore. The question is on the conference report.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. JACOBS. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The sergeant at arms will notify absent Members.

Remarks on Signing the Social Security Independence and Program Improvements Act of 1994

August 15, 1994

Thank you very much. Thank you, Senator Moynihan, Chairman Gibbons, Secretary Shalala. To all the distinguished Members of Congress who are here, especially Senators Mitchell and Dole and the Speaker and to one who is not here, Andy Jacobs, who worked so hard on this endeavor, let me thank you all. Let me especially thank Senator Moynihan, who identified the need to reestablish the Social Security Administration as an independent agency 11 years ago. I was sitting here thinking, when I saw him up here so full of pride that this day had finally come to pass, of two things. First of all, about 8 months ago, Senator Moynihan said to me, "We have a lot of important business to do this year. And we'll have to fight like crazy on all of it. But if you will just come out and say you're for an independent Social Security agency, I think we can do this unanimously. And that would be a very good thing for Congress to do." [Laughter] And then I was wondering whether, if we waited 11 years we could be unanimous about every issue that comes before us. [Laughter] I want to thank Senator Moynihan for his persistence and guidance and all the others who have worked so hard on this legislation.

When Franklin Roosevelt made a speech to the New York legislature in 1931, he said this: "The success or failure of any government must be measured by the well-being of its citizens." That was the goal that moved him 59 years ago yesterday. On that day, in a ceremony in the Cabinet Room, just behind us, he signed the Social Security Act into law. And that is what guides us today.

With an independent Social Security Administration, we are reinventing our Government to streamline our operations so that we

can serve the American people better. We are strengthening those things which Social Security ought to do and taking precautions to make sure it does not do things which it ought not to do. It is proving that Government can still work to improve people's lives. And now Social Security, we know, will work even better.

For millions of Americans, that signature 59 years ago transformed old age from a time of fear and want to a period of rest and reward. It empowered many American families as well, freeing them to put their children through college to enrich their own lives, knowing that their parents would not grow old in poverty. Nine years ago, thanks to that effort, for the first time in the history of the United States, the elderly had a lower poverty rate than the rest of the population.

In fighting for Social Security and for so much else, President Roosevelt knew that the American people always would have a personal stake in overcoming the status quo when the need was great enough. That is something we should all remember as we go into the next few weeks, as we delay the August recess, as we struggle to come to grips with the challenges of this age, the challenge of crime, the challenge of health care.

These kinds of changes are difficult, but they always have been. In 1935, even Social Security as we know it nearly died in a congressional committee, as Senators considered stripping away the old-age pension. Congress almost left town with this and other critical work unfinished. But they found the grit to work on through the summer of 1935, when they didn't have as much air-conditioning as we have today. And they accomplished so much in that period now known as the Second Hundred Days. President Roosevelt said then that that session of Congress would be regarded as historic for all time.

What we do here today maintains that historic commitment. If we keep focus on the work we are sent here to do, what we do here today can be but the precursor of things that we also can do to benefit the American people that will be historic for all time.

Now I'd like to ask the folks here to join me as I sign this bill. In the beginning, I will for a letter or two at least, use the pen

that President Roosevelt used 59 years ago yesterday.

Thank you very much.

NOTE: The President spoke at 10:40 a.m. in the Rose Garden at the White House. H.R. 4277, approved August 15, was assigned Public Law No. 103-296.

Statement on Signing the Social Security Independence and Program Improvements Act of 1994

August 15, 1994

Today I am pleased to sign into law H.R. 4277, the "Social Security Independence and Program Improvements Act of 1994." Fifty-nine years ago, President Franklin Delano Roosevelt signed the original Social Security Act, creating one of the most important and successful Government programs of all times. With the enactment of H.R. 4277, we are beginning a new chapter in the history of the Social Security program, one which recognizes the program's importance by elevating the stature of the agency responsible for its administration. Once combined with a genuine reform of our health care system, we will have fulfilled the vision of the original architects of the Social Security system to provide Americans protection against the vicissitudes of old age and ill health.

Establishing the Social Security Administration as an independent agency within the executive branch reflects my commitment to maintain the confidence of all Americans in the Social Security program. I sincerely hope that it will reassure those currently paying into the system that they too will receive benefits when they retire. For nearly 60 years, the Social Security Administration has done an admirable job of carrying out its principal mandate: ensuring that Americans receive the Social Security benefits to which they are entitled. The agency's new status recognizes and strengthens our commitment to this tradition of public service.

As I have stated many times, my Administration is committed to "putting people first." Consistent with this philosophy, I issued Executive Order 12862 directing public officials to "embark upon a revolution within the Federal Government . . . to provide service

to the public that matches or exceeds the best service available in the private sector." Establishing an independent Social Security Administration will enhance its ability to meet this goal and provide "world class service" to all Americans.

I also want to highlight that H.R. 4277 includes important provisions designed to strengthen the integrity of the disability programs administered by the Social Security Administration. For example, recipients disabled due to substance abuse will now only receive benefits for a limited time (generally 36 months). These recipients must also undergo appropriate, available treatment.

Finally, I must note that, in the opinion of the Department of Justice, the provision that the President can remove the single Commissioner only for neglect of duty or malfeasance in office raises a significant constitutional question. I am prepared to work with the Congress on a corrective amendment that would resolve this constitutional question so as to eliminate the risk of litigation.

Again, I am pleased to approve H.R. 4277 and to reaffirm my commitment to carrying out the Social Security program for the benefit of our Nation's citizens.

STATEMENT OF ADMINISTRATION POLICY

(THIS STATEMENT HAS BEEN COORDINATED BY OMB WITH THE CONCERNED AGENCIES.)

H.R. 4277 - Social Security Administrative Reform Act of 1994
(Rep. Jacobs' (D) TN and Ford (D) TN)

The Administration supports making the Social Security Administration (SSA) an independent agency and will work with the Conferees to address several concerns about H.R. 4277, including:

- The governance of the agency by a three-member board whose structure is unwieldy and likely to undermine the legislation's intent to make SSA more effective.
- The lack of budgetary and legislative policy authority afforded to the Executive branch.
- The prescriptive nature of the bill in its designation of required officers, and the distribution of resources between the Department of Health and Human Services and SSA.
- The diminution of the advisory and evaluation roles of the Treasury and Labor Departments in the Social Security program. By removing the Secretary of the Treasury as Chair of the Board of Trustees for the OASDI Trust Funds, H.R. 4277 would reduce Treasury's role in evaluating the financial status of the program. Similarly, by removing the Secretary of Labor as a member of that Board, H.R. 4277 would eliminate Labor's role of representing workers' and retirees' interests.

The Administration looks forward to working with the Conferees to address the above concerns and to create the most viable and efficient independent SSA possible.

The Administration supports strengthening policies that currently apply to Supplemental Security Income (SSI) beneficiaries who are drug addicts and alcoholics (DA&As) and extending those policies to title II disability beneficiaries. The Administration will work with the Conferees to address the following issues regarding DA&A provisions in H.R. 4277:

- Clarification of beneficiaries to whom the policy applies.

- Development of the most effective policy to address the dual goals of protecting expenditure of public funds, while administering programs for people with disabilities fairly and appropriately.

The Administration supports conducting Continuing Disability Reviews (CDRs) in the SSI program and will work with the Congress to ensure that SSA will be able to conduct these CDRs in the most cost-effective and efficient manner possible.

H.R. 4277 would affect direct spending and receipts; therefore, it is subject to the pay-as-you-go requirement of the Omnibus Budget Reconciliation Act (OBRA) of 1990. OMB's preliminary scoring estimates of this bill are currently under development.

THE SECRETARY OF HEALTH AND HUMAN SERVICES
WASHINGTON, D.C. 20201

JUN 22 1994

The Honorable Harold E. Ford, Chair
Subcommittee on Human Resources
Committee on Ways and Means
U.S. House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

The Administration supports legislation to make the Social Security Administration (SSA) an independent agency, to strengthen policies applicable to Supplemental Security Income (SSI) and Disability Insurance (DI) beneficiaries addicted to alcohol or other drugs, and to make additional changes in Social Security programs.

Independent Agency

We share your commitment to an independent SSA that provides quality services to individuals in all parts of the country. We want to work closely with the Conferees to establish an effective governance structure for the new agency, and to ensure appropriate presidential oversight of budget, legislative and policy matters. It is also important that the legislation establish a framework for the equitable distribution of resources between the Department of Health and Human Services (HHS) and SSA so that all essential services will be well coordinated and provided in a timely and continuous manner.

The Administration looks forward to working with the Conferees to address the issues outlined below as well as other administrative and policy concerns contained in the enclosed side-by-side. We also urge the Conferees to consider the additional administrative costs that may be associated with various provisions of the legislation.

Governance

- o The Administration supports a single executive -- a Commissioner appointed by, and responsible to, the President -- to head the new SSA. A single executive is essential to provide SSA with the strong leadership and effective management it needs, and it is consistent with the recommendations made by numerous experts and panels over the years.
- o We also support the statutory designation of a presidentially-appointed Deputy Commissioner and Inspector General, together with general authorization for additional executive level

positions. In addition, we believe SSA should be afforded the same flexibility on appointments to Senior Executive Service and other positions that is currently available to other Executive branch agencies throughout the government. This approach provides the authority and flexibility necessary for the efficient management of the agency. It is preferable to the overly prescriptive approach taken by the House in designating several additional specific positions in statute, and in reducing the executive level positions necessary to efficiently administer HHS programs.

o We also have concerns about the establishment of a new advisory board. The Quadrennial Advisory Council and the Board of Trustees have been successful and should be maintained. The Administration would be pleased to work with the Conferees to ensure that the Quadrennial Council includes similar responsibilities as the advisory board, focuses on Old-Age, Survivors and Disability Insurance and SSI issues, and provides bipartisan advice. Further, while we agree with adding the Commissioner to the Board of Trustees, we believe the Secretary of the Treasury should continue as Managing Trustee and Chairman of the Board of Trustees. The Secretaries of Labor and HHS should continue as Board members.

Presidential Oversight

o The Administration strongly urges the Conferees to ensure that the budget, legislative and policy decisions of the new SSA are subject to presidential and executive branch leadership, oversight and review. This is essential to ensure the effective and coordinated administration and funding of federal programs.

We oppose any provisions that may exempt SSA budgetary and appropriations matters -- and thus a huge portion of federal expenditures -- from presidential oversight. Senate provisions concerning the apportionment of contingency funds would also limit the President's ability to oversee executive branch responsibilities, and should be deleted.

Similarly, we oppose House provisions that may exempt SSA legislative and policy initiatives from the review and coordination currently provided to executive branch agencies.

Transition and Implementation

o The Administration firmly believes that the Secretary and the Commissioner, working together, must oversee the transition. We urge the Conferees to develop new provisions that will establish a process to allow the HHS Secretary and SSA Commissioner to carefully assess the needs of both agencies and to identify resources and personnel for transfer.

SSA, for example, now provides many functions that are vital for maintaining timely, effective and continuous services for beneficiaries of the Medicare and Medicaid programs. Final legislation must ensure that beneficiaries of these and other current HHS programs do not experience any disruption in service, and that the two agencies continue their many critical responsibilities. It must further ensure that the basic underlying functions of Medicare enrollment, Medicaid eligibility services, beneficiary information and other matters continue to be performed in the current manner unless and until the Secretary and the Commissioner agree to a different arrangement.

Many additional statutory provisions must be reviewed and revised to ensure continuity and conformity and to ensure that authorities and responsibilities are correctly assigned to the Secretary and Commissioner. For example, SSA's current authority to receive a consolidated appropriation for administrative expenses, including Medicare administrative expenses, specifically must be continued.

o The Administration hopes to work closely with the Conferees to ensure a smooth and efficient transitional period. We urge the Conferees to allow the transition to be completed at such time as the President may determine, but no later than October 1, 1995. We would be pleased to work with the Conferees to develop appropriate reporting requirements to keep Congress informed on the progress of the transition.

Restrictions on Benefits Paid to Substance Abusers

The Administration supports congressional efforts to add restrictions to federal benefits paid to those addicted to alcohol or other drugs. We believe that requirements concerning representative payees and substance abuse treatment should be strengthened and that new sanctions and penalties should be imposed on those who fail to comply. We do have serious concerns, however, about the potential impact of some provisions on the rehabilitation of veterans and other alcohol or drug-addicted beneficiaries, the availability of health care for them, and on Federal, State and local efforts to address homelessness.

o The Administration favors the House language extending SSI mandatory treatment and representative payee requirements to SSDI beneficiaries whose substance abuse is material to the finding of their disability.

We do not believe it is appropriate or cost-effective to extend these requirements to other beneficiaries who would remain disabled in spite of ancillary substance abuse problems.

We would also urge that these restrictions apply to prospective SSDI beneficiaries whose substance abuse is material to their disability, because one-time federal costs to search the records of current beneficiaries in order to identify those with substance abuse problems would range from \$75 million to \$225 million. However, we would apply the provisions to those current Title II beneficiaries who, in the course of a Continuing Disability Review (CDR), are identified as having a primary diagnosis of substance abuse.

o The Administration also agrees that steps are needed to compel these beneficiaries to obtain alcohol and substance abuse treatment for their addictions. We support the strengthened sanction provisions included in the House bill. We also support a new time limit on benefits, but we are strongly opposed to the House provisions which would terminate benefits after 36 months for beneficiaries for whom treatment has not been available.

We believe that the 36 month time limit should be applied to the period of time during which a beneficiary is receiving benefits and has treatment available. An individual must accept a treatment slot as soon as one becomes available and assignment has been made by the Referral and Monitoring Agency. Medicaid and Medicare should continue during periods in which benefits are not provided, and an individual should be able to reapply for benefits if, at any time, (s)he is disabled for reasons other than addiction.

o The Administration favors the House provision which gives preference to an expanded group of organizations to serve as representative payees for these beneficiaries. While we also agree with the House that the fee must be raised to ensure the participation of such organizations, we believe a cap of \$50, indexed for inflation, should be included to guard against excessive fees.

o The Administration supports House provisions which prorate lump sum benefits; disregard the legality of activities considered in determining an individual's ability to engage in substantial gainful activity; and provide demonstration authority.

o We oppose the Senate provision which reduces State flexibility by giving these beneficiaries priority for treatment funded under the Substance Abuse and Mental Health Block Grant. Further, to avoid inadvertently requiring that treatment be administered by an M.D. or Ph.D., we urge the Conferees to replace language referring to "medical or psychological treatment" with "appropriate substance abuse treatment."

Other Issues

We appreciate congressional efforts to make many other improvements in Social Security, Supplemental Security Income and other important federal programs. For example, we support House provisions to strengthen the deterrence of fraud and abuse in the SSI program, particularly the authorization of civil penalties for those who engage in fraudulent schemes to enroll ineligible individuals in the program. We also hope to work closely with the Conferees to determine the best way to study the important issues involved in evaluating disability among children.

We do, however, have concerns about a number of other provisions and hope to discuss the following with the Conferees.

o **Requirements for Telephone Access.** We strongly oppose the House provision that would require SSA to reestablish and maintain the same number of telephone lines and sets as were in place on September 30, 1989, in offices not served by a teleservice center on that date. SSA is conducting a number of studies designed to provide information about how best to configure SSA's telephone system so that we may achieve the goal of providing world class service. To add lines and sets without this information would not represent an efficient or prudent use of trust fund money.

o **Pre-Admission Immigrant and Refugee Medical Information.** The Administration has no objection to obtaining pre-admission immigrant and refugee medical information compiled by the Immigration and Naturalization Service (INS) and the Centers for Disease Control and Prevention (CDC) as included in House provisions, so long as SSA can adjudicate without awaiting INS/CDC response.

o **Requiring CDRs for SSI Recipients.** The Administration also strongly opposes requiring periodic CDRs for all SSI recipients in the same manner as they are required for DI beneficiaries under present law, because they have not proven cost-effective. We believe a more effective approach would be to require a study to determine how such CDRs could be undertaken in a cost-effective manner and report to the Congress on its findings and recommendations.

o **Disability Reviews for Children Reaching Age 18.** We believe it is useful to conduct CDRs for childhood disability recipients, and SSA plans to begin conducting such reviews. Nevertheless, the House provision to require all SSI childhood disability recipients to undergo CDRs between their 18th and 19th birthdays is not cost-effective, and we are strongly opposed to it. We need the administrative flexibility to decide when and under what circumstances we will conduct CDRs for disabled children, so that

Page 6 - The Honorable Harold E. Ford

we can direct our reviews to those cases which are most likely to produce program savings.

o **Deemed Approval of Plan for Achieving Self-Support.** The Administration strongly opposes the House provision that would provide that a "completed" plan for achieving self-support (PASS) would be deemed approved if not disapproved by SSA within 60 days. In some cases, SSA needs further information from plan applicants and may further require a vocational evaluation before it can approve a PASS. Therefore, it is not practical to set a time limit.

The Office of Management and Budget has advised that there is no objection from the standpoint of the Administration's program to the submission of this report to Congress.

Sincerely,

Donna E. Shalala

Miscellaneous (Cont-d)	Abolishes Quadrennial Advisory Council on Social Security and establishes an Advisory Council on Hospital and Supplementary Medical Insurance. Effective Date	180 days after the date of enactment or, if earlier, date designated by the President. Transitional rules effective on date of enactment.	In general, October 1, 1995; the change in the composition of the Board of Trustees of the OASDI Trust Funds is effective upon entry into office of all initial members of the Social Security Board; transitional rules and interim authority for the Commissioner of Social Security are effective upon enactment; and any new spending authority is effective for any fiscal year only as provided in advance in appropriation.	Strongly support House date of 10/1/95, but modify to allow President to make effective earlier. Would agree to Managers language indicating that the Secretary and the Commissioner should provide updates to Congress at reasonable intervals on the progress of the transition.

A number of other issues would be studied as well. 201(a)(1)(C)</p> <p>See discussion in CDR section regarding Herger amendment.</p>	<p>Prefer "material" language with a feasibility study regarding others because we are not sure how additional beneficiaries would be identified. See also section below on application to current Title II beneficiaries.</p> <p>Prefer the Senate language defining beneficiaries subject to these provisions which would not include disabled widows and dependents' benefits.</p> <p>Prefer to change "medical or psychological treatment" language (here and elsewhere in the bill) to "appropriate substance abuse treatment". Current language may inadvertently require that treatment be under the supervision of an M.D. or Ph.D.</p> <p>A CDR is not an effective way to measure compliance. ISSUE	S. 1560	H.R. 4277 as amended	Administration Conference Position
Referral and Monitoring	<p>The Secretary shall provide for appropriate monitoring and testing of all DA&A beneficiaries. 302(a)(1) and 302(b)</p> <p>The Secretary may retain jurisdiction of cases allowed at the hearing level to provide for appropriate monitoring and testing.</p> <p>Annual report to Congress on monitoring activities.</p> <p>Representative payees and RMAs shall report any noncompliance to the Secretary.</p> <p>No similar provision</p>	<p>Similar provision 201(a)(3)(A)</p> <p>No similar provision</p> <p>Similar provision 201(a)(3)(A)</p> <p>RMA responsibilities include reporting noncompliance. 201(a)(3)(A) and 201(b)(3)(B).</p> <p>Require regulations defining appropriate treatment, compliance and expected progress. 201(a)(3)(A) and 201(b)(3)(B)</p>	<p>Oppose Senate provision regarding maintaining jurisdiction. Monitoring is not an appropriate role for an Administrative Law Judge.</p> <p>Prefer House language but have no objection to the Senate version.</p> <p>Prefer the Senate position. While we intend to promulgate regulations, a legislative mandate to do so may interfere with our ability to establish guidelines that can be enforced prior to final regulations.</p>
Continuing Disability Reviews	<p>Beneficiary must demonstrate treatment compliance at a 12-month CDR. A 24 month CDR is required at which point benefits may be extended. At 36 months benefits are terminated unless the individual is found to be disabled by a separate condition.</p>	<p>Herger amendment requires CDRs be conducted for SSI beneficiaries as are required in SSDI (i.e. every 3 years).</p>	<p>Yearly CDRs as required in the Senate bill are not an efficient or effective way to measure compliance. Prefer to drop this and rely on the RMA for monitoring and other progress reports. CDRs should also be conducted at the recommendation of the RMA that the beneficiary has sufficiently recovered.</p>

ISSUE	S. 1560	H.R. 4277 as amended	Administration Conference Position
Time Limit	A maximum of 36 months of benefits unless at the end of the 36th month the individual is disabled without regard to substance abuse. 302(a)(1) and 302(b)	Benefits are to be terminated after 36 months of elapsed time. (Kleczka amendment)	We want to ensure the time limit provision allows sufficient opportunity for rehabilitation. We believe any time limit should include only that time in which treatment is available to the beneficiary. An individual must accept a treatment slot as soon as one becomes available and assignment is made by the RMA. Time prior to an RMA's assessment and referral should not count, nor should time on waiting lists for treatment or in which the RMA is unable to locate appropriate treatment for the individual. In addition, time spent under sanction (and thus not receiving benefits) should not count against the time limit. All time that an individual is in treatment would count against the 36 months. At or prior to the end of this time period there should also be the opportunity for the recipient to reapply for benefits if the individual is disabled by something other than addiction.

ISSUE	S. 1560	H.R. 4277 as amended	Administration Conference Position
Representative Payee	<p>Any benefit payments, including lump sum payments, must be paid through a qualified organization acting as representative payee. 302(a)(1) and 302(b)</p> <p>Qualified organization is the same as in current law (non-profit created before 1988) plus state or local government agencies.</p>	<p>Preference is given to organizations to act as representative payees. Lump sum retroactive payments are to be paid in intervals over time. 201(a)(2)(A) and 201(b)(2)(A) as amended.</p> <p>The definition of qualified organization is expanded to include non-profits created after 1988, plus state and local government agencies. 201(a)(2)(A) and 201(b)(2)(A)</p> <p>Fee is raised to 10% of the SSI, SSDI or combined benefit check. 201(a)(2)(B) and 201(b)(2)(B) as amended.</p>	<p>Favor the House provision providing preference rather than requirement for organizations.</p> <p>Favor House position regarding prorating lump sum benefits.</p> <p>Prefer House expansion of eligible organizations.</p> <p>Higher fee from House bill preferred, but would like to retain the \$50 cap (maybe indexed to address House concern). Without the cap the fees could be quite high-- over \$100 per month for some Title II beneficiaries.</p>
Effective Date and Application to Current Title II Beneficiaries	<p>Effective for determinations made beginning 90 days after enactment. 302(c)(1)</p> <p>During the 3 years after enactment current beneficiaries will be phased in. 302(c)(2)</p>	<p>180 days after enactment. 291(c)</p> <p>Current beneficiaries are included immediately. Representative payee requirements apply to those whose substance abuse is "material" to the disability finding while treatment requirements apply to those with a "primary diagnosis" of substance abuse.</p>	<p>Prefer 180 days.</p> <p>Prefer to apply these provisions prospectively to Title II beneficiaries because these individuals are not currently identified and it would be costly and time consuming to identify them. However, we would apply the provisions to those current title II beneficiaries who, in the course of a CDR, are identified as having a primary diagnosis of substance abuse. At the very least we would like both treatment and representative payee requirements to apply only to those with primary diagnoses of substance abuse.</p>

ISSUE	S. 1560	H.R. 4277 as amended	Administration Conference Position
Miscellaneous	<p>SSI and SSDI DA&As shall be given priority in treatment supported by the SAMHSA block grant. 303</p> <p>Requires the establishment of an RMA in each state within one year. 304</p> <p>"If an individual engages in a criminal activity to support substance abuse, any proceeds derived from such activity shall demonstrate such individual's ability to engage in substantial gainful activity." 305(a) and 305(b)</p> <p>No similar provision</p>	<p>No similar provision</p> <p>Similar provision 201(a)(3)(C) and 201(b)(3)(C)</p> <p>Clarifies that both legal and illegal activity are considered in determining substantial gainful activity. 201(a)(4)(A) and 201(b)(4)</p> <p>Creates demonstration authority. 201(d)</p>	<p>Oppose priority in block grant because it restricts state flexibility.</p> <p>No position. SSA expects to do this without legislative directive.</p> <p>Prefer House provision on SGA. We have due process concerns with the Senate provision.</p> <p>Favor House provision providing demonstration authority.</p>

NOTE: The Railroad Board states that enactment of the substance abuse amendments would result in the transfer of the costs of paying Tier I benefits to individuals with substance abuse problems from the Social Security Trust Funds to the Railroad Retirement Account, with no savings for the Federal Government. Amending the Railroad Retirement Act in accordance with the Social Security Act amendment would generate savings.

OASDI Issues	House	Senate	Position
Issuance of Physical Documents to Social Security Trust Funds	<p>H.R. 4277 requires that each obligation issued by the Department of the Treasury for purchase by the Social Security trust funds (including those already issued) be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness, rather than simply by a book entry.</p> <p>Requires interest payments and proceeds from the sale or redemption of trust fund holdings to be paid by checks drawn on the general fund of the Treasury.</p> <p>Effective 60 days after enactment.</p>	None.	Strongly oppose. Administratively inefficient and costly.
Requirements for Telephone Access	<p>H.R. 4277 would require that, in Social Security offices not served by a teleservice center on September 30, 1989, SSA reestablish and maintain the same number of telephone lines and telephone sets as were in place on that date. SSA could not reduce 800-number service to carry out this requirement.</p> <p>Effective 90 days after enactment.</p>	None.	Strongly oppose. SSA is conducting studies to improve telephone service; adding lines and sets before study results are available is improper use of trust funds.
Treatment of Election Workers	<p>H.R. 4277 would increase from \$100 to \$1,000 a year the amount an election worker must be paid for the earnings to be covered under Social Security or Medicare, and index the amount thereafter.</p> <p>Effective January 1, 1995.</p>	None.	Oppose, but would support a more moderate increase.
Use of SSNs for Jury Selection	<p>H.R. 4277 would allow State and local governments and Federal district courts to use Social Security numbers to eliminate duplicate names and convicted felons from jury selection lists.</p> <p>Effective upon enactment.</p>	<p>None.</p> <p>However, in the 102nd Congress, H.R. 11, as passed by the Senate, contained a similar provision. (H.R. 11 was vetoed.)</p>	Do not oppose. Expands use of SSN, but for valid Government purpose.

* These provisions need to be reviewed in the context of Independent Agency to ensure authorities are properly designated.

OASDI Issues	House	Senate	Position
Social Security Coverage of Police and Firefighters	<p>H.R. 4277 would give all States, rather than only those now specifically authorized to do so, the option to extend Social Security coverage to police officers and firefighters who are under a retirement system.</p> <p>Effective upon enactment.</p>	None.	Support. Facilitates extension of coverage.
Social Security Coverage of Certain Ministers	<p>H.R. 4277 would exempt certain ministers who were American citizens and residents of Canada from liability for unpaid Social Security taxes and related penalties for 1979 through 1984. The provision would provide relief for ministers from double taxation (taxation under both the U.S. and Canadian social insurance systems on the same work) for years just prior to the U.S. totalization agreement with Canada, which eliminated such double taxation.</p> <p>Ministers would have 180 days following publication of pertinent IRS regulations to apply for the exemption.</p>	None.	Do not oppose. Insignificant cost.
Totalize Windfall Elimination Provision (WEP)	<p>H.R. 4277 would repeal the application of the WEP (which reduces benefits to an individual who also receives a pension from work not covered by the U.S. Social Security system) in certain cases involving totalization.</p> <p>H.R. 4277 would disregard the WEP (1) in computing the regular U.S. benefit of a person who receives a foreign totalization benefit that includes U.S. employment, provided he receives no other pension based on noncovered employment and (2) in computing any U.S. totalization benefit.</p> <p>Effective for benefits for months after January 1995.</p>	None.	Support. Addresses equity issue for certain beneficiaries.

* These provisions need to be reviewed in the context of Independent Agency to ensure authorities are properly designated.

OASDI Issues	House	Senate	Position
Treatment of Certain Military Reservists Under Social Security	<p>H.R. 4277 would exclude from the application of both the government pension offset (which reduces the spouse's or surviving spouse's benefit of a person who also receives a government pension based on his or her own work in employment not covered by Social Security) and WEP military pensions that are based, at least in part, on noncovered military reserve duty after 1956 and before 1988, thus conforming treatment of reservists with that of other military retirees.</p> <p>Effective for benefits for months after January 1995.</p>	None.	Support. Addresses equity issue for certain beneficiaries.
Treatment of Certain Family Maximum Benefit Cases	<p>H.R. 4277 would guarantee the use of the maximum family benefit (MFB) (the limit on the total amount of benefits which may be paid to the worker and his or her dependents) in effect in the last month of a worker's prior entitlement to disability benefits for the purpose of determining the MFB under a subsequent period of entitlement. (The worker's basic benefit amount is already guaranteed.)</p> <p>Effective for beneficiaries who became reentitled or died (after previously having been entitled) after January 1995.</p>	None.	Support. Addresses equity issue for certain beneficiaries.

- These provisions need to be reviewed in the context of Independent Agency to ensure authorities are properly designated.

OASDI Issues	House	Senate	Position
Facility of Payment	<p>H.R. 4277 would repeal the facility-of-payment provision, under which deductions are not now imposed against the benefits of an auxiliary beneficiary to whom they otherwise would apply, if the MFB would continue to be payable to other auxiliaries living in the same household. Under the amendment, deductions would be made for the beneficiary to whom they apply, and the withheld benefits would be redistributed to other entitled auxiliaries living in the same household as the auxiliary who is subject to deductions.</p> <p>Effective for benefits payable for months after December 1995.</p>	<p>None.</p> <p>However, in the 102nd Congress, H.R. 11, as passed by the Senate, contained a similar provision. (H.R. 11 was vetoed.)</p>	<p>Support. Administrative simplification.</p>
Rounding Distortion in Contribution and Benefit Base	<p>H.R. 4277 would designate 1994 as the base year to be used in calculating increases in the OASDI contribution and benefit base and earnings test exempt amounts for all years after 1994. (Increases in these amounts would no longer be based on the rounded amounts applicable in the previous year, which can distort the base and exempt amounts over time.)</p> <p>Effective for the contribution and benefit base beginning in 1995 and for the exempt amounts for taxable years ending after 1994.</p>	<p>None.</p>	<p>Support. Results in more precise calculations of automatic increases.</p>
Use of Social Security Information for Epidemiological Research	<p>H.R. 4277 would require SSA, on a reimbursable basis, to disclose information showing whether an individual is alive or deceased, if it is needed for epidemiological or similar research that the Secretary of Health and Human Services determines has reasonable promise of contributing to national health interests. Requestors would have to agree to safeguard and limit re-release of the information.</p> <p>Effective upon enactment.</p>	<p>None.</p>	<p>Support. Provides specific authority to disclose information to facilitate health research.</p>

* These provisions need to be reviewed in the context of Independent Agency to ensure authorities are properly designated.

SOCIAL SECURITY
ADMINISTRATION

SSA Pub. No. 12-001

Number 103-8

March 9, 1994

Independent Agency Legislation

On March 2, 1994, the Senate passed, by voice vote, S.1560, which would make SSA an independent agency. Under the provisions of the bill:

- o SSA would be established as an independent agency, responsible for the administration of the old-age, survivors, and disability insurance (OASDI) and supplemental security income (SSI) programs.
- o A Commissioner, appointed by the President with the advice and consent of the Senate, would head the independent SSA for a 4-year term coincident with the term of the President. The Commissioner would exercise all powers and discharge all duties of SSA, and would have authority and control over all SSA personnel and activities. A Deputy Commissioner would be appointed by the President, with the advice and consent of the Senate. The Deputy Commissioner would have such powers as assigned by the Commissioner and would serve a term coincident with that of the Commissioner.
- o A 7-member, part-time Social Security Advisory Board would be established. The Board would meet at least 6 times a year and advise the Commissioner. Board members would be appointed as follows: 3 by the President (no more than 2 from the same political party), 2 by the Speaker of the House (with the advice of the Chairman and Ranking Minority Member of the Committee on Ways and Means), and 2 by the President pro tempore of the Senate (with the advice and consent of the Chairman and Ranking Minority Member of the Committee on Finance).
- o The changes would be effective 180 days after the bill is enacted or, if earlier, as of a date designated by the President.

The Senate also agreed by voice vote to an amendment by Senator Cohen (R., ME) concerning the payment of Social Security and SSI benefits to substance abusers. The amendment would:

- o extend the treatment and representative payee requirements now imposed on SSI recipients to disability insurance (DI) beneficiaries whose disability is based in whole or in part on drug addiction and/or alcoholism (DA&A);
- o require the Secretary to provide for monitoring and testing all DA&A beneficiaries/recipients; to suspend or terminate benefits for non-compliance; and to submit an annual report to the Congress;
- o permit administrative law judges to retain jurisdiction over DA&A cases awarded at the hearing level in order to monitor treatment compliance directly and to determine the extent to which monitoring and treatment advance program goals;
- o require that DA&A benefits be paid only to State/local government agencies or State regulated community-based nonprofit social service agencies, and require these representative payees and referral and monitoring agencies to report beneficiary non-compliance to the Secretary;
- o mandate periodic continuing disability reviews at prescribed intervals and set time limits on eligibility for benefits;
- o terminate Social Security and SSI DA&A benefits after 36 months (excluding periods of suspension for treatment noncompliance) unless the beneficiary establishes a disability unrelated to substance abuse;
- o define substantial gainful activity (SGA) to include proceeds from illegal activity undertaken to support substance abuse; and
- o make fraud under the SSI program, including fraud by a representative payee, a felony (the SSI penalty provisions would equal those for the Social Security program) and, upon imposition of a second administrative or criminal penalty for fraud, exclude the person or entity from participating in SSI, Social Security, Medicare, block grants for maternal and child health services and social services, and any other Federal program or State health care programs.

The SGA and fraud penalty provisions would take effect immediately upon enactment. Other provisions would apply to benefits payable for disability determinations made at least 90 days after enactment and, within 3 years after enactment, to individuals already on the rolls whose disability is based in whole or in part on DA&A.

Notch Commission

On March 2, 1994, President Clinton appointed the remaining four members of the Commission on the Social Security "Notch" Issue.

The Commission, which also includes eight members previously appointed by congressional leaders, will examine the causes of the notch controversy, whether there are inequities in the treatment of Social Security beneficiaries born in different years, whether any legislative action is needed, and, if so, how much it would cost. The Commission's final report is due to Congress by December 31, 1994.

A list of the Commission members is attached.

SOCIAL SECURITY
ADMINISTRATION

HOUSE WAYS AND MEANS COMMITTEE APPROVES SOCIAL SECURITY LEGISLATION

The House Committee on Ways and Means has marked up and ordered favorably reported two Social Security bills introduced by Representative Andrew Jacobs (D., IN)--H.R. 4277, "The Social Security Administrative Reform Act of 1994" and H.R. 4278, "The Social Security Act Amendments of 1994." H.R. 4278 was ordered reported on April 28 and H.R. 4277 was ordered reported on May 4. The provisions of the bills are described in the attachment.

The provisions of H.R. 4277 for establishing SSA as an independent agency differ from those of S. 1560, which the Senate passed on March 2, 1994 (see Legislative Bulletin Number 103-8). The major difference between the two bills' independent agency provisions is that H.R. 4277 provides for administration by a bipartisan 3-member board, whereas S. 1560 provides for a single administrator.

The drug addiction and alcoholism provisions of the two bills are very similar in that both would time-limit payments to substance abusers, impose sanctions for treatment noncompliance, and clarify that proceeds from illegal activities would be considered in determining substantial gainful activity.

Effective dates are not shown for several of the provisions of H.R. 4277 because they were Committee amendments for which specific legislative language was not available at the time this Bulletin was prepared.

H.R. 4277, The Social Security Administrative Reform Act of 1994

Ordered favorably reported on May 4 by the House Committee on Ways and Means.

OASDI PROVISIONS

Establishment of the Social Security Administration as an Independent Agency

Establishes SSA as an independent agency, responsible for the administration of the old-age, survivors, and disability insurance (OASDI) and Supplemental Security Income (SSI) programs. The new agency would be governed by a full-time, bipartisan 3-member Social Security Board, appointed by the President with the advice and consent of the Senate. The Board would establish broad legislative and regulatory policy and would oversee the operation of SSA. It also would appoint an Executive Director, who would be charged with day-to-day administration of the agency and who would be responsible to the Board. The Board members would serve 6-year staggered terms and the Executive Director would be appointed to a 4-year term. The changes generally would be effective October 1, 1995.

Restrictions on Benefits Based on Disability of Substance Abusers

Places new restrictions on Social Security disability insurance (DI) and SSI benefit payments to individuals disabled by drug addiction and alcoholism (DA&A) and establishes barriers against a beneficiary's using Social Security or SSI benefits to support an addiction, specifically:

- Limits the payment of DI and SSI benefits to 36 months for individuals whose substance abuse is material to their disability. The provision would be effective 180 days after enactment.
- Establishes mandatory, progressive sanctions for non-compliance with treatment for both DI and SSI substance abusers. The provision would be effective 180 days after enactment.
- Extends the treatment participation requirement, which now applies only to SSI recipients, to DI beneficiaries whose substance abuse is material to their disability determination. The provision would be effective 180 days after enactment.
- Requires the Secretary to establish Referral and Monitoring Agency (RMA) agreements with each State and to issue regulations defining appropriate treatment for substance abusers.

- Clarifies that the DI continuing disability review requirements apply to SSI recipients.
- Requires gradual payment of retroactive DI and SSI benefits to substance abusers. The provision would be effective 180 days after enactment.
- Extends the representative payee requirement, which now applies only to SSI beneficiaries, to DI beneficiaries whose drug addiction or alcoholism is material to a finding of disability.
- Requires that Social Service Agencies or State or local government agencies be selected as representative payees for DI and SSI substance abusers, unless the Secretary deemed this preference inappropriate.
- Permits organizations that serve as representative payees for substance abusers to retain, as compensation for their services, up to 10 percent of recipients' monthly benefits, without regard to a dollar cap. (Fees an organization collects for payee services to Social Security and SSI beneficiaries other than substance abusers would continue to be limited to 10 percent of benefits, not to exceed \$25.) Would make the fee for service provision permanent.
- Provides that the illegality of an activity shall be disregarded in determining whether an individual alleging disability is engaging in substantial gainful activity. The provision would be effective upon enactment.
- Requires the Secretary to study: (1) the feasibility, cost and equity of requiring representative payees for all DI and SSI beneficiaries who are DA&A, regardless of whether their addiction is material to their disability; (2) the feasibility of providing non-cash benefits; and (3) the extent of substance abuse among child recipients and their representative payees. The report on the studies is due to the House Committee on Ways and Means and the Senate Committee on Finance by April 1, 1995.

Explicit Requirements for Maintenance of Telephone Access to Local Offices of the Social Security Administration

Requires that, in Social Security offices not served by a teleservice center on September 30, 1989, SSA reestablish and maintain the same number of telephone lines and telephone sets as were in place on that date. SSA could not reduce 800-number service to carry out this requirement. The provision would be effective 90 days after enactment.

Study of Rising Cost of Disability Insurance Benefits

Requires the Secretary to conduct a study of the underlying social, economic, demographic, programmatic, and other trends responsible for recent increases in DI program costs. The report is due by December 31, 1994 to the House Committee on Ways and Means and the Senate Committee on Finance.

Extension of Disability Insurance Program Demonstration Project Authority

Extends for 3 years (through June 10, 1996) authority for the Secretary to waive Social Security or Medicare benefit requirements in connection with demonstration projects and studies designed to promote the objectives or facilitate the administration of the Social Security disability insurance program and encourage disabled beneficiaries to return to work. The provision would be effective upon enactment.

Misuse of Symbols, Emblems, or Names in Reference to Social Security Programs and Agencies

Broadens present-law deterrents against misleading mailings about Social Security and Medicare by providing that:

- Specific written authorization from SSA would be required for a person to reproduce, reprint, or distribute for a fee any SSA form, application, or other SSA publication;
- A disclaimer on a mailing would not provide a defense against misleading mailing violations;
- Each piece of mail in an illegal mass mailing would constitute a violation;
- Names, letters, symbols, and emblems of HHS would be added to the items protected by the misleading advertising prohibitions; and
- The \$100,000 annual cap on civil penalties that may be imposed for misleading advertising activities would be removed, and penalties collected would be deposited in the OASI Trust Fund.

The provision would be effective upon enactment.

Repeal of the Facility-of-Payment Provision

Repeals the facility-of-payment provision, under which deductions are not now imposed against the benefits of an auxiliary beneficiary to whom they otherwise would apply, if the maximum family benefit would continue to be payable to other

auxiliaries living in the same household. Under the amendment, deductions would be made for the beneficiary to whom they apply, and the withheld benefits would be redistributed to other entitled auxiliaries living in the same household as the auxiliary who is subject to deductions. The provision would be effective for benefits payable for months after December 1995.

Expansion of State Option to Exclude Service of Election Officials or Election Workers from Coverage

Increases from \$100 to \$1,000 a year the amount an election worker must be paid for the earnings to be covered under Social Security or Medicare. The provision would be effective January 1, 1995.

Authorization for All States to Extend Coverage to State and Local Policemen and Firemen Under Existing Coverage Agreements

Gives all States, rather than only those now specifically authorized to do so, the option to extend Social Security coverage to police officers and firefighters who are under a retirement system. The provision would be effective upon enactment.

Limited Exemption for Canadian Ministers from Certain Self-Employment Tax Liability

Exempts certain ministers who were American citizens and residents of Canada from liability for unpaid Social Security taxes and related penalties for 1979 through 1984. The provision would be effective with respect to individuals who file a certificate with the Internal Revenue Service within 180 days after it issues implementing regulations.

Exclusion of Certain Aliens from Social Security Coverage

Excludes from Social Security coverage aliens who enter the United States as part of a cultural exchange program. The provision would be effective with the calendar quarter following the date of enactment.

Exclusion of Totalization Benefits from the Application of the Windfall Elimination Provision

Disregards the windfall elimination provision (1) in computing the regular U.S. benefit of a person who receives a foreign totalization benefit that includes U.S. employment, provided he receives no other pension based on noncovered employment and (2) in computing any U.S. totalization benefit. The provision would be effective for benefits for months after January 1995.

Exclusion of Military Reservists from Application of the Government Pension Offset and the Windfall Elimination Provisions

Excludes from the application of both the government pension offset and windfall elimination provisions to military pensions that are based, at least in part, on noncovered military reserve duty after 1956 and before 1988. The provision would be effective for benefits for months after January 1995.

Maximum Family Benefits in Guarantee Cases

Uses the maximum family benefit (MFB) in effect in the last month of a worker's prior entitlement to disability benefits for the purpose of determining the MFB under a subsequent period of entitlement. The provision would be effective for beneficiaries who became reentitled or died (after previously having been entitled) after January 1995.

Use of Social Security Numbers for Jury Selection Purposes

Allows State and local governments and Federal district courts to use Social Security numbers to eliminate duplicate names and convicted felons from jury selection lists. The provision would be effective upon enactment.

Authorization for Disclosure of Information by the Secretary of Health and Human Services for Purposes of Public or Private Epidemiological and Similar Research

Requires SSA, on a reimbursable basis, to disclose information showing whether an individual is alive or deceased, if it is needed for epidemiological or similar research that the Secretary of Health and Human Services determines has reasonable promise of contributing to national health interests. Requestors would have to agree to safeguard and limit re-release of the information. The provision would be effective upon enactment.

Increased Penalties for Unauthorized Disclosure of Social Security Information

Makes unauthorized disclosure of information and fraudulent attempts to obtain personal information under the Social Security Act a felony. Each violation would be punishable by a fine of up to \$10,000, imprisonment for up to 5 years, or both. The provision would be effective upon enactment.

Cross-matching of Social Security Account Number Information and Employer Identification Number Information Maintained by the Department of Agriculture

Permits the Department of Agriculture to disclose retail operators' names, Social Security numbers, and Employer Identification numbers to other Federal agencies for

the purpose of investigating food stamp fraud and violations of other Federal laws. The provision would be effective upon enactment.

Use of Social Security Numbers in the Administration of Federal Workers' Compensation Laws

Permits the Department of Labor to use Social Security numbers as the claim identification number for workers' compensation claims. The provision would be effective upon enactment.

Increase in Authorized Period for Extension of Time to File Annual Earnings Report

Extends from 3 months to 4 months the additional time that an individual could be granted to file an annual earnings report. The provision would be effective with respect to reports of earnings for taxable years ending on or after December 31, 1994.

Retirement Eligibility for Federal Employees Transferred to International Organizations

Continues the Social Security coverage of Federal civilian employees temporarily assigned to an international organization, regardless of whether the international organization is within or outside the United States. Employees would pay their share of the Social Security tax on their earnings and the loaning agency would pay the employer's share of the tax. The provision would be effective for services performed after the calendar quarter following the date of enactment.

Issuance of Physical Documents in the Form of Bonds, Notes, or Certificates to the Social Security Trust Funds

Requires that each obligation issued by the Department of the Treasury for purchase by the Social Security trust funds (including those already issued) be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness, rather than simply by an accounting entry. Requires interest payments and proceeds from the sale or redemption of trust fund holdings to be paid by checks drawn on the general fund of the Treasury. The provision would be effective 60 days after enactment.

Elimination of Rounding Distortion in the Calculation of the Contribution and Benefit Base and Earnings Test Exempt Amounts

Designates 1994 as the base year to be used in calculating increases in the OASDI contribution and benefit base and earnings test exempt amounts for all years after 1994. (Increases in these amounts would no longer be based on the rounded amounts applicable in the previous year, which can distort the base and exempt

amounts over time.) The provision would be effective for the contribution and benefit base beginning in 1995 and for the exempt amounts for taxable years ending after 1994.

SUPPLEMENTAL SECURITY INCOME PROVISIONS

Provisions To Combat SSI Program Fraud

Strengtheners present law in deterring fraud and abuse in the SSI program by:

- Requiring that third-party translators certify under oath the accuracy of their translations, whether they are acting as the applicant's legal representative, and their relationship to the applicant.
- Authorizing civil penalties to be imposed against middlemen, medical professionals, and SSI recipients who engage in fraudulent schemes to enroll ineligible individuals in the SSI program.
- Treating SSI fraud as a felony.
- Clarifying SSA's authority to reopen SSI cases where there is reason to believe that an application or supporting documents are fraudulent, and to expeditiously terminate benefits in cases where SSA determines that there is insufficient reliable evidence of disability.
- Requiring the HHS Office of the Inspector General to immediately notify SSA about SSI cases under investigation for fraud, and requiring SSA to immediately reopen SSI cases where there is reason to believe that an application or supporting documents are fraudulent, unless the U.S. Attorney or equivalent State prosecutor determines that doing so would jeopardize criminal prosecution of the parties involved.
- Requiring SSA to obtain and utilize, to the extent it is useful, pre-admission immigrant and refugee medical information compiled by the Immigration and Naturalization Service and the Centers for Disease Control.
- Requiring an annual report to Congress on the extent to which SSA has reviewed SSI cases, including the extent to which the cases reviewed involved a high likelihood or probability of fraud.

Plans for Achieving Self-Support (PASS) Under the SSI Program

- Deems a PASS approved if SSA has not disapproved it within 60 days of submission of a completed plan. Allows a PASS that has been deemed approved to be subsequently disapproved only prospectively.
- Establishes a 5-year demonstration project to examine expanding the scope of a PASS to include housing goals, such as improving accessibility to housing.
- Requires the Secretary to revise regulations so as to take the needs of an individual into account in determining the time necessary for completion of a PASS.

Continuing Disability Reviews (CDRs) for Disabled Children

Requires that SSI childhood disability recipients undergo CDRs between their 18th and 19th birthdays and meet adult disability criteria to continue their eligibility.

Commission on Childhood Disability

Requires the Secretary to appoint, by January 1, 1995, a 15-member Commission on the "Evaluation of Disability in Children." The Commission, in consultation with the National Academy of Sciences, is to conduct a study on the effect of the current Supplemental Security Income definition of disability as it applies to children under the age of 18 and their receipt of services, including the appropriateness of an alternative definition. The Commission would also examine the feasibility of providing non-cash benefits to children; the feasibility of prorating Zebley lump sum retroactive benefits or holding them in trust; the extent to which SSA can involve private organizations to increase social services, education, and vocational instruction aimed at promoting independence and the ability to engage in substantial gainful activity (SGA); and methods to increase the extent to which benefits are used to help a child achieve independence and engage in SGA.

The Commission is required to report its results to the House Committee on Ways and Means and the Senate Committee on Finance by November 30, 1995, and the Commission would terminate December 31, 1996.

Disregard Deemed Income and Resources of Ineligible Spouse

Below specified levels, disregards an ineligible spouse's net income and resources in determining an individual's continued Medicaid eligibility under section 1619(b).

Treatment of Certain Grant, Scholarship, or Fellowship Income

Provides that portions of grants, scholarships, and fellowships not used to pay for tuition and fees would be treated as earned income under the SSI program.

SSI Eligibility for Students Temporarily Abroad

Allows individuals who leave the United States temporarily as part of an educational program designed for gainful employment to continue receiving SSI benefits if they were eligible for SSI the month they left the country.

Disregard of Cost-of-Living Increases for Continued Eligibility for Work Incentives

Continues Medicaid under section 1619(b) for an individual whose Social Security cost-of-living increase would make him otherwise ineligible because of excess unearned income.

OTHER

Certain Transfers to Railroad Retirement Account Made Permanent

Makes permanent the provision that proceeds from the income taxation of railroad retirement tier 2 benefits be deposited in the railroad retirement account, rather than the General Fund of the Treasury. The change would be effective for income taxes on tier 2 benefits received after September 30, 1992 (when the authority for depositing the proceeds from these income taxes in the railroad retirement account was last applicable).

H.R. 4278, The Social Security Act Amendments of 1994

Ordered favorably reported on April 28 by the House Committee on Ways and Means.

Simplification of Employment Taxes on Domestic Services

Increases the threshold for coverage of domestic employees' wages from \$50 in a calendar quarter to \$1,250 in calendar year 1995. For subsequent years, this amount would increase in \$50 increments as average wages increase. Would also provide that wages paid to domestic employees be reported annually, rather than quarterly, beginning in 1995, and authorize the Department of the Treasury to include domestic wage reporting in the employer's Federal income tax return. In addition, a domestic employer who failed to pay taxes on a worker's wages for 1993 or 1994 would be excused from paying the taxes (and penalties and interest) if the wages were less than \$1,150 in 1993 or less than \$1,200 in 1994.

Allocations to Federal Disability Insurance Trust Fund

To resolve the short-range deficit in DI financing, increases the portion of the OASDI tax rate allocated to the DI Trust Fund, currently 0.60 percent, to 0.94 percent for 1994 through 1999, decreasing slightly to 0.90 percent thereafter. The provision would apply to wages paid after December 31, 1993, and to self-employment income for taxable years beginning after this date.

Also requires the Secretary to conduct a comprehensive study of the reasons for rising costs in the DI program. The report on the study is due to the House Committee on Ways and Means and the Senate Committee on Finance by December 31, 1995.

Nonpayment of Benefits to Incarcerated Individuals

Extends the prisoner nonpayment provisions of present law to any Social Security beneficiary confined to a penal institution or correctional facility after having been convicted of a crime that is punishable by imprisonment for more than one year (regardless of whether the crime is classified a felony or the length of the sentence actually imposed).

Also applies the nonpayment provisions to Social Security beneficiaries confined in an institution by court order at public expense in connection with a finding that the individual is: guilty of an offense punishable by imprisonment for more than a year, but insane; not guilty of such an offense by reason of insanity or similar factors (such as a mental disease, a mental defect, or mental incompetence); or incompetent to stand trial. The provision would be effective 90 days after enactment.

H.R. 4278 includes provisions to increase the threshold for coverage of domestic employees' wages, increase the portion of Social Security taxes allocated to the Disability Insurance Trust Fund, and broaden the prisoner nonpayment provisions. The provisions are described in the attachment to Legislative Bulletin Number 103-10.

On May 17, under suspension of the rules, the House of Representatives voted 413-0 to pass H.R. 4277, the "Social Security Administrative Reform Act of 1994." SENATE APPROVES INDEPENDENT AGENCY LEGISLATION

On May 23, 1994, the Senate approved, by voice vote, H.R. 4277 (Jacobs), which includes provisions to establish the Social Security Administration as an independent agency (see Legislative Bulletin No. 103-10). The Senate struck the language of the House bill and inserted the text of S. 1560 (Moynihan), as passed by the Senate on March 2, 1994, including the amendments concerning the payment of Social Security and SSI benefits to substance abusers (see Legislative Bulletin No. 103-8). The major difference between the House and Senate independent agency provisions is that the House version provides for administration by a bipartisan 3-member board, while the Senate version provides for a single administrator.

The Senate has requested a conference with the House and has appointed the following conferees: Senator Moynihan (D., NY), Senator Baucus (D., MT), Senator Breaux (D., LA), Senator Packwood (R., OR), and Senator Dole (R., KS). House conferees have not been appointed.

House and Senate action on the conference report is expected before Congress adjourns for the August recess (scheduled for August 12).

The following reflects our preliminary understanding of the conference agreement. Complete details about the provisions will not be available until the conferees file the conference report, which is expected to occur this week.

INDEPENDENT AGENCY

Establishes SSA as an independent agency, responsible for the administration of the old-age, survivors, and disability insurance (OASDI) and supplemental security income (SSI) programs. SSA is also required to continue to perform its current functions in assisting in the administration of the Medicare program, the Black Lung program and the Coal Industry Retirees Health Benefits Act.

The independent SSA is to be headed by a Commissioner, appointed by the President within 60 days of enactment and subject to Senate confirmation, to serve a 6-year term. The Commissioner exercises all powers and discharges all duties of SSA, and has authority and control over all SSA personnel and activities. The bill also provides for presidential appointment and Senate confirmation of a Deputy Commissioner, whose duties and authority are to be prescribed by the Commissioner, to serve a 6-year term.

Establishes a 7-member, bipartisan Social Security Advisory Board, required to meet at least 4 times a year, to review and make recommendations to the Commissioner concerning matters of policy; the Board has no role with respect to SSA operations. Board members are to be appointed as follows: 3 by the President (no more than 2 from the same political party), 2 by the Speaker of the House (with the advice of the Chairman and Ranking Minority Member of the Committee on Ways and Means), and 2 by the President pro tempore of the Senate (with the advice and consent of the Chairman and Ranking Minority Member of the Committee on Finance). Eliminates the requirement of present law for the appointment of a quadrennial Advisory Council on Social Security after the current advisory council completes its work.

Establishes a position of Inspector General in the Social Security Administration and provides for the appointment of a Chief Financial Officer by the Commissioner. The establishment of other executive positions (e.g., General Counsel and Chief Administrative Law Judge) is left to the Commissioner.

Requires the Commissioner and the Secretary to develop a joint plan for the transfer of personnel and resources to the independent SSA. Full-time or part-time permanent employees who are transferred to SSA are protected against separation or reduction in grade or compensation for one year after their transfer or the date of enactment, whichever is later. Further, any employee who was not employed by SSA immediately prior to enactment will be exempt from directed reassignment for one year after enactment; the exemption is limited to 6 months in the case of directed reassignments between Baltimore and Washington, D.C., duty stations.

As an independent agency, SSA will continue to adjudicate Medicare appeals. Under this arrangement, the Secretary will maintain the ultimate authority for appeal decisions, but SSA's ALJ corps will continue to conduct Medicare hearings until such time as the Commissioner and the Secretary may agree to separate the functions.

The independent agency provision becomes effective on April 1, 1995. The Secretary and the Commissioner are required to enter into a written inter-agency arrangement by January 1, 1995 for the transfer of appropriate personnel and resources to the independent agency effective April 1, 1995, and to submit the arrangement to the House Committee on Ways and Means and the Senate Committee on Finance by January 1, 1995. The General Accounting Office is required to submit a report to the Committees evaluating the plan by February 15, 1995.

RESTRICTIONS ON BENEFITS BASED ON DISABILITY OF SUBSTANCE ABUSERS

Places new restrictions on Social Security disability insurance (DI) and SSI benefit payments to individuals disabled by drug addiction and alcoholism (DA&A) and establishes barriers against a beneficiary's using Social Security or SSI benefits to support an addiction.

Payment Limitation

Limits the payment of SSI benefits to 36 months for individuals whose substance abuse is material to their disability. Limits the payment of DI benefits to 36 months,

beginning with the first month for which treatment is available. The 36-month DA&A payment restrictions sunset October 1, 2004. Medicare, Medicaid, and dependents' benefits would continue as long as a terminated beneficiary continued to be disabled and otherwise eligible (i.e., except for the 36-month payment limit).

Suspension for Non-Compliance

Provides for suspending benefits for non-compliance with treatment for both DI and SSI substance abusers, beginning the month after SSA sends notification of non-compliance. Once benefits are suspended for non-compliance, benefits could be reinstated after demonstrated compliance with treatment requirements for specified periods--a minimum of two months, three months, and six months, respectively, for the first, second, third, and additional instances of non-compliance. Suspension of benefits for 12 consecutive months for non-compliance would result in termination of benefits.

Treatment Requirement

Extends the treatment participation requirement, which now applies only to SSI recipients, to DI beneficiaries whose substance abuse is material to their disability determination. The provision is to be implemented beginning with newly adjudicated cases and DI beneficiaries already on the rolls with a primary diagnosis of DA&A, and extending to other covered beneficiaries as quickly as possible.

Referral and Monitoring

Requires the establishment of Referral and Monitoring Agency (RMA) contracts in each State and the issuance of regulations defining appropriate treatment for substance abusers.

Retroactive Benefits

Requires gradual payment of retroactive DI and SSI benefits to substance abusers, except for beneficiaries who have incurred debts to State general assistance programs, owe attorney fees, or are at high risk of homelessness.

Representative Payment

Extends the representative payee requirement, which now applies only to SSI beneficiaries, to DI beneficiaries whose drug addiction or alcoholism is material to a finding of disability.

Requires SSA to give preference to the appointment of Social Service Agencies or State or local government agencies as representative payees for DI and SSI substance abusers, unless SSA determines that a family member would be a more appropriate payee.

Permits organizations that serve as representative payees for substance abusers to retain, as compensation for their services, the lesser of 10 percent of the monthly benefit or \$50, indexed to the CPI.

DA&A Study

Requires a study of: (1) the feasibility, cost and equity of requiring representative payees for all DI and SSI beneficiaries who suffer from drug addiction or alcoholism, regardless of whether their addiction is material to their disability; (2) the feasibility, cost and equity of providing non-cash benefits; and (3) the extent of substance abuse among child recipients and their representative payees. A report on the studies is due to the House Committee on Ways and Means and the Senate Committee on Finance by December 31, 1995.

ISSUANCE OF PHYSICAL DOCUMENTS IN THE FORM OF BONDS, NOTES, OR CERTIFICATES TO THE SOCIAL SECURITY TRUST FUNDS

Requires each obligation issued by the Department of the Treasury for purchase by the Social Security trust funds (including those already issued) to be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness, rather than simply by an accounting entry. Requires interest payments and proceeds from the sale or redemption of trust fund holdings to be paid by checks drawn on the general fund of the Treasury. The provision is effective 60 days after enactment.

MAINTENANCE OF TELEPHONE ACCESS TO LOCAL OFFICES OF THE SOCIAL SECURITY ADMINISTRATION

Requires GAO to assess SSA's use of innovative technology to increase public telephone access to local Social Security offices (both phase I and II) and to report to the House Committee on Ways and Means and the Senate Finance Committee no later than January 31, 1996.

EXPANSION OF STATE OPTION TO EXCLUDE SERVICE OF ELECTION OFFICIALS OR ELECTION WORKERS FROM COVERAGE

Increases from \$100 to \$1,000 a year the amount an election worker must be paid for the earnings to be covered under Social Security or Medicare. This amount increases automatically as wage levels rise; however, there will be no increases before January 1, 2000. The provision is effective January 1, 1995.

USE OF SOCIAL SECURITY NUMBERS FOR JURY SELECTION PURPOSES

Allows State and local governments and Federal district courts to use Social Security numbers to eliminate duplicate names and convicted felons from jury selection lists. The provision is effective upon enactment.

AUTHORIZATION FOR ALL STATES TO EXTEND COVERAGE TO STATE AND LOCAL POLICEMEN AND FIREMEN UNDER EXISTING COVERAGE AGREEMENTS

Gives all States, rather than only those now specifically authorized to do so, the option to extend Social Security coverage to police officers and firefighters who are under a retirement system. The provision is effective upon enactment.

LIMITED EXEMPTION FOR CANADIAN MINISTERS FROM CERTAIN SELF-EMPLOYMENT TAX LIABILITY

Exempts certain ministers who were American citizens and residents of Canada from liability for unpaid Social Security taxes and related penalties for 1979 through 1984. The provision is effective with respect to individuals who file a certificate with the Internal Revenue Service within 180 days after it issues implementing regulations.

EXCLUSION OF TOTALIZATION BENEFITS FROM THE APPLICATION OF THE WINDFALL ELIMINATION PROVISION

Disregards the windfall elimination provision (1) in computing the regular U.S. benefit of a person who receives a foreign totalization benefit that includes U.S. employment, provided he receives no other pension based on noncovered employment and (2) in computing any U.S. totalization benefit. The provision is effective for benefits for months after January 1995.

EXCLUSION OF MILITARY RESERVISTS FROM APPLICATION OF THE GOVERNMENT PENSION OFFSET AND THE WINDFALL ELIMINATION PROVISIONS

Excludes from the application of both the government pension offset and windfall elimination provisions military pensions that are based, at least in part, on noncovered military reserve duty after 1956 and before 1988. The provision is effective for benefits for months after January 1995.

REPEAL OF THE FACILITY-OF-PAYMENT PROVISION

Repeals the facility-of-payment provision, under which deductions are not now imposed against the benefits of an auxiliary beneficiary to whom they otherwise would apply, if the maximum family benefit would continue to be payable to other auxiliaries living in the same household. Deductions would be made for the beneficiary to whom they apply, and the withheld benefits would be redistributed to other entitled auxiliaries living in the same household as the auxiliary who is subject to deductions. The provision is effective for benefits payable for months after December 1995.

MAXIMUM FAMILY BENEFITS IN GUARANTEE CASES

Uses the maximum family benefit in effect in the last month of a worker's prior entitlement to disability benefits for the purpose of determining the maximum family benefit under a subsequent period of entitlement. The provision is effective for beneficiaries who become reentitled, and survivors of beneficiaries who die after previously having been entitled, after January 1995.

AUTHORIZATION FOR SSA DISCLOSURE OF INFORMATION FOR PURPOSES OF PUBLIC OR PRIVATE EPIDEMIOLOGICAL AND SIMILAR RESEARCH

Requires SSA, on a reimbursable basis, to disclose information showing whether an individual is alive or deceased, if it is needed for epidemiological or similar research that the Secretary of Health and Human Services determines has reasonable promise of contributing to national health interests. Requestors would have to agree to safeguard and limit re-release of the information. The provision is effective upon enactment.

MISUSE OF SYMBOLS, EMBLEMS, OR NAMES IN REFERENCE TO SOCIAL SECURITY PROGRAMS AND AGENCIES

Broadens present-law deterrents against misleading mailings about Social Security and Medicare by:

--Requiring specific written authorization from SSA for a person to reproduce, reprint, or distribute for a fee any SSA form, application, or other SSA publication;

--Providing that a disclaimer on a mailing does not provide a defense against misleading mailing violations;

--Providing that each piece of mail in an illegal mass mailing constitutes a violation;

--Adding names, letters, symbols, and emblems of SSA and HHS to the items protected by the misleading advertising prohibitions; and

--Removing the \$100,000 annual cap on civil penalties that may be imposed for misleading advertising activities, and providing that penalties SSA collects are to be deposited in the OASI Trust Fund.

The provision is effective upon enactment.

INCREASED PENALTIES FOR UNAUTHORIZED DISCLOSURE OF SOCIAL SECURITY INFORMATION

Makes unauthorized disclosure of information and fraudulent attempts to obtain personal information under the Social Security Act a felony. Each violation is punishable by a fine of up to \$10,000, imprisonment for up to 5 years, or both. The provision is effective upon enactment.

INCREASE IN AUTHORIZED PERIOD FOR EXTENSION OF TIME TO FILE ANNUAL EARNINGS REPORT

Extends from 3 months to 4 months the additional time that an individual may be granted to file an annual earnings report. The provision is effective with respect to reports of earnings for taxable years ending on or after December 31, 1994.

EXTENSION OF DISABILITY INSURANCE PROGRAM DEMONSTRATION PROJECT AUTHORITY

Extends for 3 years (through June 10, 1996) authority to waive Social Security or Medicare benefit requirements in connection with demonstration projects and studies designed to promote the objectives or facilitate the administration of the Social Security disability insurance program and encourage disabled beneficiaries to return to work.

CROSS-MATCHING OF SOCIAL SECURITY ACCOUNT NUMBER INFORMATION AND EMPLOYER IDENTIFICATION NUMBER INFORMATION MAINTAINED BY THE DEPARTMENT OF AGRICULTURE

Permits the Department of Agriculture to disclose retail operators' names, Social Security numbers, and Employer Identification numbers to other Federal agencies for the purpose of investigating food stamp fraud and violations of other Federal laws. The provision is effective upon enactment.

CERTAIN TRANSFERS TO RAILROAD RETIREMENT ACCOUNT MADE PERMANENT

Makes permanent the provision that proceeds from the income taxation of railroad retirement tier 2 benefits be deposited in the railroad retirement account, rather than the General Fund of the Treasury. The change is effective for income taxes on tier 2 benefits received after September 30, 1992 (when the authority for depositing the proceeds from these income taxes in the railroad retirement account was last applicable).

AUTHORIZE THE DEPARTMENT OF LABOR TO USE SOCIAL SECURITY NUMBERS AS CLAIM IDENTIFICATION NUMBERS

Permits the Department of Labor to use Social Security numbers as claim identification numbers for workers' compensation claims. The provision is effective upon enactment.

RETIREMENT ELIGIBILITY FOR FEDERAL EMPLOYEES TRANSFERRED TO INTERNATIONAL ORGANIZATIONS

Continues the Social Security coverage of Federal civilian employees temporarily assigned to an international organization, regardless of whether the international organization is within or outside the United States. Employees are to pay their share of the Social Security tax on their earnings and the loaning agency is to pay the employer's share of the tax. The provision is effective for services performed after the calendar quarter following the date of enactment.

EXTEND THE FICA TAX EXEMPTION AND CERTAIN TAX RULES TO INDIVIDUALS WHO ENTER THE UNITED STATES UNDER A VISA ISSUED UNDER SECTION 101(A)(15)(Q) OF THE IMMIGRATION ACT

Excludes from Social Security coverage aliens who enter the United States as part of a cultural exchange program. The provision is effective with the calendar quarter following the date of enactment.

ELIMINATION OF ROUNDING DISTORTION IN THE CALCULATION OF THE CONTRIBUTION AND BENEFIT BASE AND EARNINGS TEST EXEMPT AMOUNTS

Designates 1994 as the base year to be used in calculating increases in the OASDI contribution and benefit base and earnings test exempt amounts for all years after 1994. (Increases in these amounts would no longer be based on the rounded amounts applicable in the previous year, which can distort the base and exempt amounts over time.) The provision would be effective for the contribution and benefit base beginning in 1995 and for the exempt amounts for taxable years ending after 1994.

COMMISSION ON CHILDHOOD DISABILITY

Requires appointment, by January 1, 1995, of a 15-member Commission on the "Evaluation of Disability in Children." The Commission, in consultation with the National Academy of Sciences, is to conduct a study on the effect of the current Supplemental Security Income definition of disability as it applies to children under the age of 18 and their receipt of services, including the appropriateness of an alternative definition. The Commission also is to examine the feasibility of providing non-cash benefits to children; the feasibility of prorating Zebley lump sum retroactive

benefits or holding them in trust; the extent to which SSA can involve private organizations to increase social services, education, and vocational instruction aimed at promoting independence and the ability to engage in substantial gainful activity (SGA); and the desirability and methods of increasing the extent to which benefits are used to help a child achieve independence and engage in SGA.

The Commission is required to report its results and any recommendations to the House Committee on Ways and Means and the Senate Committee on Finance by November 30, 1995.

PLANS FOR ACHIEVING SELF-SUPPORT (PASS) UNDER THE SSI PROGRAM

Requires SSA to revise its regulations to take the needs of an individual into account in determining the time necessary for completion of a PASS.

SSI ELIGIBILITY FOR STUDENTS TEMPORARILY ABROAD

Allows individuals who leave the United States temporarily as part of an educational program that is not available in the United States and that is designed for gainful employment to continue receiving SSI benefits for up to 1 year if they were eligible for SSI the month they left the country.

DISREGARD OF COST-OF-LIVING INCREASES FOR CONTINUED ELIGIBILITY FOR WORK INCENTIVES

Continues Medicaid under section 1619(b) for an individual whose Social Security cost-of-living increase otherwise would make him ineligible because of excess unearned income.

PROVISIONS TO COMBAT DI AND SSI PROGRAM FRAUD

Strengthens present law in deterring fraud and abuse in the DI and SSI programs by:

--Requiring that third-party translators certify under oath the accuracy of their translations, whether they are acting as the applicant's legal representative, and their relationship to the applicant.

--Authorizing civil penalties to be imposed against middlemen, medical professionals, and DI beneficiaries and SSI recipients who engage in fraudulent schemes to enroll ineligible individuals in the DI and SSI programs.

--Treating SSI fraud as a felony.

--Clarifying SSA's authority to reopen DI and SSI cases where there is reason to believe that an application or supporting documents are fraudulent, and to terminate benefits expeditiously in cases where SSA determines that there is insufficient reliable evidence of disability.

--Requiring the Inspector General to immediately notify SSA about DI and SSI cases under investigation for fraud, and requiring SSA to immediately reopen such cases where there is reason to believe that an application or supporting documents are fraudulent, unless the U.S. Attorney or equivalent State prosecutor determines that doing so would jeopardize criminal prosecution of the parties involved.

--Requiring SSA to obtain and utilize, to the extent it is useful, pre-admission immigrant and refugee medical information compiled by the Immigration and Naturalization Service and the Centers for Disease Control.

--Requiring SSA to submit an annual report to Congress on the extent to which it has reviewed DI and SSI cases, including the extent to which the cases reviewed involved a high likelihood or probability of fraud.

DISABILITY REVIEWS FOR SSI RECIPIENTS

Requires SSA to perform CDRs for a minimum of 100,000 SSI recipients each year for the next 3 years and one-third of all childhood SSI recipients when they reach age 18. Requires SSA to develop an SSI CDR profile of individuals whose disabling impairment is most likely to improve and to report its findings to the Congress at the end of the 3-year period.

EXEMPTION OF RETROACTIVE ZEBLEY PAYMENTS FROM STATE PASSALONG REQUIREMENT

Allows States the option of exempting Zebley-related retroactive State supplementary payments from the annual supplementary payments expenditure amount that a State must maintain in the following year in order to meet the passalong requirement.

LEGISLATIVE Bulletin

SOCIAL SECURITY
ADMINISTRATION

Number 103-15

August 11, 1994

On Thursday, August 11, the House passed the conference report on H.R. 4277, the "Social Security Independence and Program Improvements Act of 1994." On Friday, August 5, the Senate passed the conference report by unanimous consent. The bill will next go to the President to be signed into law.

The following is an update of Legislative Bulletin No. 103-14 to reflect the conference agreement:

INDEPENDENT AGENCY

Establishes SSA as an independent agency, responsible for the administration of the old-age, survivors, and disability insurance (OASDI) and Supplemental Security Income (SSI) programs. SSA is also required to continue to perform its current functions in assisting in the administration of the Medicare program, the Black Lung program, and the Coal Industry Retirees Health Benefits Act.

The independent SSA is to be headed by a Commissioner, appointed by the President within 60 days of enactment and subject to Senate confirmation, to serve a 6-year term, with the initial term of office ending January 19, 2001. The Commissioner exercises all powers and discharges all duties of SSA, and has authority and control over all SSA personnel and activities. The bill also provides for Presidential appointment and Senate confirmation of a Deputy Commissioner, whose duties and authority are to be prescribed by the Commissioner, to serve a 6-year term, with the initial term of office ending January 19, 2001.

Establishes a position of Inspector General in the Social Security Administration (to be appointed by the President) and provides for the appointment of a Chief Financial Officer by the Commissioner.

Establishes a seven-member, bipartisan Social Security Advisory Board, required to meet at least four times a year, to review and make recommendations to the Commissioner concerning matters of policy; the Board has no role with respect to

SSA operations. Board members are to be appointed as follows: Three by the President (no more than two from the same political party), two by the Speaker of the House (with the advice of the Chairman and Ranking Minority Member of the Committee on Ways and Means), and two by the President pro tempore of the Senate (with the advice and consent of the Chairman and Ranking Minority Member of the Committee on Finance). Board members are to serve staggered 6-year terms. Eliminates the requirement of present law for the appointment of a quadrennial Advisory Council on Social Security after the current Advisory Council completes its work.

Requires the Commissioner and the Secretary to develop a joint plan for the transfer of personnel and resources to the independent SSA. For 1 year after the effective date all full-time or part-time permanent employees are protected against separation or reduction in grade or compensation if such action is caused solely as a result of transfer. Further, any employee who was not employed by SSA immediately prior to enactment will be exempt from directed reassignment for 1 year after the effective date; the exemption is limited to 6 months in the case of directed reassignments between Baltimore and Washington, D.C. duty stations.

As an independent agency, SSA will continue to adjudicate Medicare appeals. Under this arrangement, the Secretary will maintain the ultimate authority for appeal decisions, but SSA's ALJ corps will continue to conduct Medicare hearings until and unless such time as the Commissioner and the Secretary reach a different agreement.

By November 1, 1994, the Secretary and Commissioner are to transmit a report to the House Committee on Ways and Means and Senate Committee on Finance regarding the progress made in developing the inter-agency transfer arrangement. By January 1, 1995, the Secretary and the Commissioner are required to enter into a written inter-agency arrangement for the transfer of appropriate personnel and resources to the independent agency effective March 31, 1995, and to submit the arrangement to the House Committee on Ways and Means, the Senate Committee on Finance, and the General Accounting Office (GAO) by January 1, 1995. GAO is required to submit a report to the Committees evaluating the plan by February 15, 1995.

The independent agency provision becomes effective on March 31, 1995.

RESTRICTIONS ON BENEFITS BASED ON DISABILITY OF SUBSTANCE ABUSERS

Places new restrictions on Social Security disability insurance (DI) and SSI benefit payments to individuals disabled by drug addiction and alcoholism (DA&A) and establishes barriers against a beneficiary's using Social Security or SSI benefits to support an addiction. The provisions are generally effective 180 days after enactment.

Payment Limitation

Limits the payment of SSI benefits to 36 months for individuals whose substance abuse is material to their disability. Likewise limits the payment of DI benefits to 36 months but begins with the first month for which treatment is available. The 36-month DA&A payment restrictions sunset October 1, 2004. Medicare, Medicaid, and dependents' benefits will continue as long as a terminated beneficiary continues to be disabled and otherwise eligible (i.e., except for the 36-month payment limit). The payment limit will not apply to individuals who are disabled independent of their alcoholism or drug addiction at the close of the 36-month period.

Suspension for Non-Compliance

Provides for suspending benefits for non-compliance with treatment for both DI and SSI substance abusers, beginning the month after SSA sends notification of non-compliance. Once benefits are suspended for non-compliance, they may be reinstated only after demonstrated compliance with treatment requirements for specified periods-- a minimum of 2 months, 3 months, and 6 months, respectively, for the first, second, third, and additional instances of non-compliance. Suspension of benefits for 12 consecutive months for non-compliance will result in termination of benefits.

Treatment Requirement

Extends the treatment participation requirement, which now applies only to SSI recipients, to DI beneficiaries whose substance abuse is material to their disability determination. The provision is to be implemented beginning with newly adjudicated cases and DI beneficiaries already on the rolls with a primary diagnosis of DA&A, and extending to other applicable beneficiaries as quickly as possible.

Referral and Monitoring

Requires the establishment of Referral and Monitoring Agency (RMA) contracts in each State and the issuance of regulations defining appropriate treatment for substance abusers.

Retroactive Benefits

Requires gradual payment of retroactive DI and SSI benefits to substance abusers, except for beneficiaries who have outstanding debts related to housing and are at high risk of homelessness. Retroactive benefits due an individual whose entitlement terminates will continue in prorated amounts until they are fully paid. In addition, if a beneficiary dies without having received all retroactive benefits, the unpaid amount becomes an underpayment.

Representative Payment

Extends the representative payee requirement, which now applies only to SSI beneficiaries, to DI beneficiaries whose drug addiction or alcoholism is material to a finding of disability.

Requires SSA to give preference to the appointment of Social Service Agencies or to Federal, State or local government agencies as representative payees for DI and SSI substance abusers, unless SSA determines that a family member would be a more appropriate payee.

Permits organizations that serve as representative payees for substance abusers to retain, as compensation for their services, the lesser of 10 percent of the monthly benefit or \$50, indexed to the Consumer Price Index (CPI). Also, indexes to the CPI the maximum payee services fee (\$25) for other beneficiaries with a qualified organizational payee.

Studies and Reports

Requires the following DA&A studies and reports:

--A study of: (1) the feasibility, cost and equity of requiring representative payees for all DI and SSI beneficiaries who suffer from drug addiction or alcoholism, regardless of whether their addiction is material to their disability; (2) the feasibility, cost and equity of providing non-cash benefits; and (3) the extent of substance abuse among child recipients and their representative payees. A report on the studies is due to the

House Committee on Ways and Means and the Senate Committee on Finance by December 31, 1995.

--A report on the Secretary's activities relating to the monitoring and testing of Social Security and SSI DA&A beneficiaries. The report is due to the House Committee on Ways and Means and the Senate Committee on Finance by December 31, 1996.

--Demonstration projects designed to explore innovative referral, monitoring, and treatment approaches with respect to Social Security and SSI DA&A beneficiaries who are subject to a treatment requirement. A report on the demonstration projects is due to the House Committee on Ways and Means and the Senate Committee on Finance by December 31, 1997.

ISSUANCE OF PHYSICAL DOCUMENTS IN THE FORM OF BONDS, NOTES, OR CERTIFICATES TO THE SOCIAL SECURITY TRUST FUNDS

Requires each obligation issued by the Department of the Treasury for purchase by the Social Security trust funds (including those already issued) to be evidenced by a physical document in the form of a bond, note, or certificate of indebtedness, rather than simply by an accounting entry.
