Announcer: This is a scam!

Thieves are misusing the Social Security Administration's authority in phone schemes to trick you into giving them money or personal information.

They state there is a problem with your Social Security number or account.

They claim there has been suspicious or fraudulent activity and you could be arrested or face other legal action.

They even spoof SSA's main customer-service telephone number on caller ID.

Don't believe them. Don't provide any information.

SSA employees will never threaten you for information or promise benefits in exchange for information.

In those cases, the call is fraudulent. Just hang up.
