Provisions Affecting Coverage of Employment or Earnings

These provisions extend or reduce the categories of workers or the amount of earnings covered under the Social Security system. For each provision, we provide an estimate of the financial effect on the OASDI program over the long-range period (the next 75 years) and the 75th year. We base all estimates on the intermediate assumptions described in the 2013 Trustees Report.

Category F: Coverage of Employment (2013 Trustees Report intermediate assumptions)
