Old-Age (retirement), Survivors, and Disability Insurance (OASDI)—popularly referred to as Social Security—provides monthly benefits to an eligible worker and family members when the worker elects to start receiving retirement benefits or when the worker dies or becomes disabled. The amount of benefits received is based on the worker’s level of earnings in employment or self-employment covered by the Social Security program.

Supplemental Security Income (SSI) is a federal cash assistance program that provides monthly payments to low-income aged, blind, or disabled persons in the 50 states, the District of Columbia, and the Northern Mariana Islands. The SSI program does not cover American Samoa.
