NOTE: Between 1974 and 1979, Supplemental Security Income (SSI) recipients were made ineligible for food stamps in California, Massachusetts, Wisconsin and selected counties in New York and Virginia because those areas supplemented SSI payments in amounts that included the value of food stamps. As of 1983 and 1992, SSI recipients were returned to the Food Stamp program in Massachusetts and Wisconsin, respectively, when those states chose to stop including a value for food stamps in the SSI supplement.
