

**COMPUTER MATCHING AGREEMENT
BETWEEN
THE SOCIAL SECURITY ADMINISTRATION
AND
THE OFFICE OF PERSONNEL MANAGEMENT**

**Effective: January 16, 2016
Expiration: July 15, 2017
Match #1045**

I. Purpose

This computer matching agreement sets forth the terms, conditions, and safeguards under which the Social Security Administration (SSA) will disclose wage and self-employment income available from tax return information obtained under the authority of 26 U.S.C. § 6103 to the Office of Personnel Management (OPM). OPM will use this earnings and self-employment data obtained from SSA to match against its records of disability retirees under age 60, disabled adult child survivors, certain retirees in receipt of a supplemental benefit under the Federal Employees Retirement System (FERS), and certain annuitants receiving a discontinued service retirement benefit under the Civil Service Retirement System (CSRS). The law limits the amount these retirees, survivors, and annuitants can earn while retaining benefits paid to them. Retirement benefits cease upon re-employment in Federal service for discontinued service annuitants. Therefore, OPM will use the earnings and self-employment data from SSA's file to determine continued eligibility for benefits under its program.

II. Legal Authority

This agreement is executed under the Privacy Act of 1974, 5 U.S.C. § 552a, as amended by the Computer Matching and Privacy Protection Act (CMPPA) of 1988, as amended, and the regulations and guidance promulgated thereunder.

Legal authorities for the disclosures under this agreement are 5 U.S.C. §§ 8337(d), 8341(a) (4) (B), 8344(a)(4)(b), and 8468, which establish earnings limitations for certain CSRS and FERS annuitants. The authority to terminate benefits can be found in 5 U.S.C. §§ 8341(e)(3)(B) and 8443(b)(3)(B). The Internal Revenue Code (IRC), at 26 U.S.C. § 6103 (l)(11), requires SSA to disclose tax return information to OPM upon request for purposes of the administration of chapters 83 and 84 of Title 5 U.S.C.

III. Responsibilities of the Parties

A. OPM

1. OPM will provide to SSA, on an annual basis, an electronic matching finder file to SSA in a format defined by SSA that contains the necessary identifying information on retirees, survivors, and annuitants.
2. OPM will provide the Congressional committees of jurisdiction and the Office of Management and Budget (OMB) with notice of this program; and will publish the required matching notice in the Federal Register.

B. SSA

1. SSA will initially verify the Social Security numbers (SSN) of the retirees, survivors, and annuitants in the finder files submitted by OPM.
2. SSA will then process only the verified SSNs through SSA's earnings search and return tax information on those SSNs to OPM.

IV. Justification and Anticipated Results

A. Justification

OPM is obligated to verify the earnings information submitted by CSRS and FERS retirees, survivors, and annuitants. Federal law authorizes SSA to disclose the data covered by the agreement to OPM (26 U.S.C. § 6103(l)(11)). SSA and OPM have determined that matching is the most efficient and comprehensive method of collecting and comparing this information. No other administrative activity can efficiently accomplish this purpose.

B. Anticipated Results

OPM analyzed matching activities based upon a review of 812 active disability retirement cases from January 1, 2014 through June 30, 2014. The total cost for this match was \$125,418.60 and the total savings was \$480,282.00. The cost-to-benefit ratio is 1:3.83. SSA and OPM do not expect significant changes in costs and benefits for the life of this agreement.

V. Description of Matched Records

A. Systems of Records

SSA will match the data in OPM's finder file with SSA Enumeration data, from the Master Files of Social Security Number (SSN) Holders and SSN Applications, (60-0058), published on December 29, 2010 (Enumeration) (75 FR 82121), and amended on July 5, 2013 (78 FR 40543) and February 13, 2014 (79 FR 8780).

SSA will disclose matched data to OPM from SSA's Earnings Recording and Self-Employment Income System, SSA/OEEAS, 60-0059, published on January 11, 2006 (71 FR 1819) and amended on July 5, 2013 (78 FR 40542).

OPM will provide SSA with a finder file from the OPM system of records, OPM/Central-1 (Civil Service Retirement and Insurance Records), last published on March 20, 2008 (73 FR 15013).

The Systems of Records involved in this computer matching program have routine uses permitting the disclosures needed to conduct this match.

B. Specified Data Elements

1. OPM will provide SSA with the following identifying information for each individual for whom OPM requests information: name, SSN, date of birth, and the tax year for the requested earnings.
2. SSA will disclose to OPM the following information for each individual for whom OPM requests information and whose SSN verifies: employer identification number(s), name(s), address(es), wage amount(s) from Form W-2(s), and earnings amount(s) from self-employment income.

C. Number of Records

1. OPM's annual finder file will contain the necessary identifying information for approximately 106,572 individuals, based on FY 2014 numbers.
2. SSA's annual matching response file will contain approximately 106,572 records corresponding to OPM's finder file.

D. Frequency of Matching

SSA and OPM Earnings will conduct this match annually.

VI. Accuracy Assessments

OPM estimates based on previous matches with the same files, that OPM's records are approximately 95 percent accurate. SSA estimates that SSA's records are approximately 99 percent accurate. OPM estimates that the matching of the identification data with SSA's tax return information to be 99 percent accurate.

VII. Procedures for Individualized Notice

A. Applicants

Both OPM and SSA will notify all applicants who apply for benefits for their respective programs that they will conduct matching programs. OPM's notice consists of appropriate language printed on its application forms or a separate handout with appropriate language when necessary.

The Internal Revenue Service (IRS) also provides standard disclosure and Privacy Act notices, which advise the taxpayer that IRS may share their tax return information with other Federal and State agencies to determine entitlement to benefits.

B. Retirees and Survivor Annuitants

Both OPM and SSA will provide subsequent notices of computer matching to their respective retirees and survivor annuitants as required. OPM's notice consists of appropriate language printed on survey questionnaires sent annually to all affected retirees and survivor annuitants. For Federal retirement annuitants subject to civil service annuity offsets, SSA provides direct notice of computer matching via annual cost of living adjustment notices.

VIII. Verification Procedure and Opportunity to Contest

A. Verification Procedure

OPM will take no adverse action regarding retirees, survivors, and annuitants identified through the matching process solely based on information that OPM obtains from the match. OPM will contact the retirees, survivors, and annuitants to verify the matching results in accordance with requirements of the Privacy Act and applicable OMB guidelines.

The affected retirees, survivors, and annuitants will have an opportunity to contest the accuracy of the information SSA provided. OPM will consider the information SSA provided as accurate if the affected retirees, survivors, and annuitants do not protest within 30 days after receiving notice of the proposed adverse action. OPM will advise the retirees, survivors, and annuitants that failure to respond within 30 days will provide a valid basis for OPM to assume that the information SSA provided is correct.

B. Opportunity to Contest

Before taking any adverse action based on the information received from the match, OPM will provide all the retirees, survivors, and annuitants for whom OPM decides such adverse action is necessary with the following information:

1. OPM will advise the individual that OPM received information from SSA that indicates an adverse action affecting the annuitant's CSRS or FERS annuity is necessary;
2. OPM will advise the individual of the effective date of any adjustment or overpayment that may result;
3. OPM will advise the individual that retirees, survivors, and annuitants have 30 days to contest any adverse decision; and that
4. Unless the retirees, survivors, and annuitants respond to contest the proposed adverse action in the required 30-day time period, OPM will conclude that the information SSA provided is correct, and will make the necessary adjustment to the retirees, survivors, and annuitants payment.

IX. Procedures for Retention and Timely Destruction of Identifiable Records

A. OPM

OPM will retain the electronic files received from SSA only for the period of time required for any processing related to the matching program and then will destroy all such data by electronic purging, unless OPM is required to retain the information in order to meet evidentiary requirements. In case of such retention for evidentiary purposes, OPM will retire the retained data in accordance with the applicable Federal Records Retention Schedule (44 U.S.C. § 3303a). OPM will not create permanent files or a separate system comprised solely of the data provided by SSA.

B. SSA

SSA will destroy OPM's identifying information after OPM acknowledges receiving the SSA matching response file. SSA will not create a permanent file or separate system containing the identifying information OPM provides to SSA.

X. Record Use, Duplication, and Rediscovery Restrictions

SSA and OPM will adhere to the following limitations on the use, duplication, and redisclosure of the electronic files and data the other agency provides under this agreement:

1. SSA and OPM will use and access the data only for the purpose described in this agreement.
2. SSA and OPM will not use the data to extract information concerning the retirees, survivors, and annuitants therein for any purpose not specified by this agreement.
3. SSA and OPM will not duplicate or disseminate the data, within or outside their respective agencies, without the written permission of the other agency to this agreement, except as required by Federal law. SSA and OPM will not give such permission unless the law requires disclosure or the disclosure is essential to the matching program. For such permission, the agency requesting permission must specify in writing what data they are requesting be duplicated or disseminated and to whom, and the reasons that justify such duplication or dissemination.

XI. Security Procedures

SSA and OPM will comply with the requirements of the Federal Information Security Management Act (FISMA), 44 U.S.C. §§ 3541-3549; as amended by the Federal Information Security Modernization Act of 2014 (Pub. L. 113-283); related OMB circulars and memoranda, such as Circular A-130, Management of Federal Information Resources (November 28, 2000), and Memorandum M-06-16, Protection of Sensitive Agency Information (June 23, 2006);

National Institute of Standards and Technology (NIST) directives; and the Federal Acquisition Regulations, including any applicable amendments published after the effective date of this agreement. These laws, directives, and regulations include requirements for safeguarding Federal information systems and personally identifiable information (PII) used in Federal Agency business processes, as well as related reporting requirements.

FISMA requirements apply to all Federal contractors, organizations, or entities that possess or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. Both agencies are responsible for oversight and compliance of their contractors and agents.

A. Loss Reporting

If either SSA or OPM experiences a loss of PII provided by SSA or OPM under the terms of this agreement, they will comply with the PII breach reporting and security requirements, as required by OMB M-06-19, "Reporting Incidents Involving Personally Identifiable Information and Incorporating the Cost for Security into IT Investments," as amended by OMB M-15-01, "Fiscal Year 2014-2015 Guidance on Improving Federal Information Security and Privacy Management Practices" (Oct. 3, 2014). In the event of an incident involving the confirmed loss of PII, the agency experiencing the event is responsible for following its established procedures, including notification to the proper organizations (e.g., United States Computer Emergency Readiness Team). In addition, the agency experiencing the confirmed loss of PII will notify the other agency's Systems Security Contact named in this agreement within one hour. If OPM is unable to speak with the SSA Systems Security Contact within one hour or if for some other reason notifying the SSA Systems Security Contact is not practicable (e.g., it is outside of the normal business hours), OPM will call SSA's National Network Service Center toll free at 1-877-697-4889. If SSA is unable to speak with the OPM's Systems Security Contact within one hour, SSA will contact the OPM Situation Room at 202-418-0111.

B. Breach Notification

SSA and OPM will follow PII breach notification policies and related procedures as required by OMB M-07-16 (May 22, 2007). If the agency that experienced the breach determines that the risk of harm requires notification to affected individuals or other remedies, that agency will carry out these remedies without cost to the other agency.

C. Administrative Safeguards

SSA and OPM will restrict access to the data matched and to any data created by the match to only those authorized employees and officials who need it to perform their official duties in connection with the uses of the data authorized in this agreement. Further, SSA and OPM will advise all personnel who have access to the data matched and to any data created by the

match of the confidential nature of the data, the safeguards required to protect the data, and the civil and criminal sanctions for noncompliance contained in the applicable Federal laws.

D. Physical Safeguards

SSA and OPM will store the data matched and any data created by the match in an area that is physically and technologically secure from access by unauthorized persons at all times (e.g., door locks, card keys, biometric identifiers, etc.). Only authorized personnel will transport the data matched and any data created by the match. SSA and OPM will establish appropriate safeguards for such data, as determined by a risk-based assessment of the circumstances involved.

E. Technical Safeguards

SSA and OPM will process the data matched and any data created by the match under the immediate supervision and control of authorized personnel in a manner that will protect the confidentiality of the data, so that unauthorized persons cannot retrieve any data by computer, remote terminal, or other means. Systems personnel must enter personal identification numbers when accessing data on the agencies' systems. SSA and OPM will strictly limit authorization to those electronic data areas necessary for the authorized analyst to perform his or her official duties.

F. Application of Policies and Procedures

SSA and OPM will adopt policies and procedures to ensure that each agency uses the information contained in their respective records or obtained from each other solely as provided in this agreement. SSA and OPM will comply with these policies and procedures, and any subsequent revisions.

G. Onsite Inspection

SSA and OPM have the right to monitor the other agency's compliance with FISMA and OMB M-06-16 requirements. Both agencies have the right to make onsite inspections for auditing compliance, if necessary, for the duration or any extension of this agreement.

H. Tax Information

OPM will comply with all Federal Safeguards Requirements pursuant to IRC § 6103(p)(4) and as required by IRS including those described in IRS Publication 1075, Tax Information Security Guidelines for Federal, State and Local Agencies ([IRS Publication 1075, Tax Information Security Guidelines for Federal, State and Local Agencies \(http://www.irs.gov\)](http://www.irs.gov)). SSR to IRS's Office of Safeguards within 45 days of the execution of this agreement. The

SSR must contain details of how all data OPM receives from SSA is processed and protected from unauthorized disclosure.

If there are incidents of suspected unauthorized inspections or disclosures of return information, OPM must report incidents to the Treasury Inspector General for Tax Administration and the IRS Office of Safeguards.

XII. Comptroller General Access

The Government Accountability Office (Comptroller General) may have access to all OPM and SSA data, as necessary, in order to verify compliance with this agreement.

XIII. Reimbursement

SSA and OPM currently engage in several different matching programs. The programmatic savings to each agency for these matches far outweigh the costs for each agency. SSA and OPM agree that the matching programs are mutually beneficial; therefore, the expenses involved in this match are reciprocal and do not involve any reimbursable arrangements between the two agencies.

The attachment provides the cost comparison analysis for reciprocal services that SSA and OPM provide to each other. However, in the event of material changes to the matching programs between SSA and OPM, SSA and OPM agree to make cost adjustments so that neither agency bears a disproportionate share of the costs. SSA and OPM will make such adjustments by means of a reimbursable agreement.

XIV. Duration, Modification, and Termination

A. Effective Date

The effective date of this agreement is January 16, 2016, if the following notice periods have lapsed: 30 days from the date OPM publishes a Computer Matching Notice in the Federal Register; 40 days from the date of the matching program notice that OPM sends to the Congressional committees of jurisdiction under 5 U.S.C. § 552a(o)(2)(A); and 40 days from the date of the matching program notice that OPM sends to OMB.

B. Duration

This agreement will be in effect for a period of 18 months, beginning January 16, 2016.

C. Renewal

The Data Integrity Boards (DIB) of OPM and SSA may, within 3 months prior to the expiration of this agreement, renew this agreement for a period not to exceed 12 months if OPM and SSA can certify to their DIBs that:

1. The matching program will be conducted without change; and
2. OPM and SSA have conducted the matching program in compliance with the original agreement.

If either party does not want to continue this program, it must notify the other party of its intention not to continue at least 90 days before the end of the period of the agreement.

D. Modification

The parties may modify this agreement at any time by a written modification, agreed to by both parties and approved by the DIBs of each agency.

E. Termination

The parties may terminate this agreement at any time with the consent of both parties. Either party may unilaterally terminate this agreement upon written notice to the other party, in which case the termination will be effective 90 days after the date of the notice, or at a later date specified in the notice.

Either agency may immediately and unilaterally suspend the data flow under this agreement or terminate this agreement if the agency:

1. Determines that the other agency has used or disclosed the information in an unauthorized manner;
2. Determines that the other agency has violated or failed to follow the terms of this agreement; or
3. Has reason to believe that the other agency breached the terms for security of data. If SSA or OPM suspends the data flow in accordance with this subsection, the agency will suspend the data until it makes a final determination of a breach.

XV. Dispute Resolution

Disputes related to this agreement will be resolved in accordance with instructions provided in the Treasury Financial Manual (TFM) Volume 1, Part 2, Chapter 4700, Appendix 10, *Intragovernmental Transaction Guide*.

XVI. Persons to Contact

A. SSA Contacts

Computer Systems Issues

Email: Teresa.Williams2@opm.gov

XVII. Integration Clause

This agreement constitutes the entire agreement of the parties with respect to its subject matter and supersedes all other data exchange agreements between the parties that pertain to matching of the specified tax return records by SSA with OPM's records on disability retirees under age 60, disabled adult child survivors, certain retirees in receipt of a supplemental benefit under FERS, and certain annuitants receiving a discontinued service retirement benefit under CSRS. SSA and OPM have made no representations, warranties, or promises outside of this agreement. This agreement takes precedence over any other documents that may be in conflict with it.

XVIII. Authorized Signatures

The signatories below warrant and represent that they have the competent authority on behalf of their respective agencies to enter into the obligations set forth in this agreement.
