obligations and managing the benefits or payments in the best interest of the beneficiary or recipient that he or she is serving.

The Strengthening Protections for Social Security Beneficiaries Act of 2018 (H.R. 4547, Pub. L. 115–165, hereafter referred to as Pub. L. 115–165) directs SSA to make annual grants to the protection and advocacy (P&A) system serving each of the States and the American Indian Consortium, for the purpose of conducting representative payee reviews for SSA. In addition, SSA will make annual grants to an eligible national association for the provision of training and technical assistance, administrative support, and data collection services to those P&A systems. Prior to the enactment of Public Law 115–165, SSA conducted representative payee oversight and monitoring activities with the support of contractors. We are proposing two new routine uses, which will permit SSA to disclose information from the systems of records listed below to additional entities, including the grantees discussed above, for the purpose of conducting representative payee reviews and providing training, administrative oversight, technical assistance, and other support for the representative payee review program.

II. Proposed New Routine Uses

The Privacy Act requires that agencies publish a notice in the Federal Register of “each routine use of the records contained in the system, including the categories of users and the purpose of such use.” 5 U.S.C. 552a(e)(4)(D). We have developed the following new routine uses that will allow us to disclose information to additional entities in support of our representative payee program:

- To agencies or entities who have a written agreement with SSA, to perform representative payee reviews for SSA and to provide training, administrative oversight, technical assistance, and other support for those reviews; and
- To state protection and advocacy systems, that have a written agreement with SSA to conduct reviews of representative payees, for the purpose of conducting additional reviews that the protection and advocacy systems have reason to believe are warranted.

We will include the new routine uses in the following systems of records:

SUPPLEMENTARY INFORMATION:

I. Background and Purpose of the Proposed New Routine Use

Social Security’s representative payee program provides financial management for Social Security beneficiaries and Supplemental Security Income (SSI) recipients (both hereafter referred to as beneficiaries) who are incapable of managing their benefits or payments. The representative payee’s primary responsibility is to use the beneficiary’s benefits or payments for current and foreseeable needs. Historically, representative payees have submitted annual accounting forms to account for the Social Security benefits or SSI payments received. In addition to the annual accounting form, we select some representative payees for additional review. This type of oversight provides a more in depth review to ensure that the representative payee is meeting his or her representative payee obligations and managing the benefits or payments in the best interest of the beneficiary that he or she is serving.

When conducting the representative payee reviews, which may include beneficiary, legal guardian, or third party interviews, the reviewer may observe a health or safety issue, or any other issue negatively affecting the beneficiary’s well-being, that requires a referral to an appropriate local, state, or federal agency or entity with responsibility for investigating or addressing these issues. We are proposing a new routine use to permit us to disclose personal information relevant and necessary to make these referrals to such agencies or entities when the reviewer determines that the beneficiary’s safety or well-being may be in jeopardy.

II. Proposed New Routine Use

The Privacy Act requires that agencies publish a notice in the Federal Register of “each routine use of the records contained in the system, including the categories of users and the purpose of such use.” 5 U.S.C. 552a(e)(4)(D). We have developed the following new routine use that will allow us to disclose information to a local, state, or federal agency, under the circumstances described above.

• To agencies or entities with responsibility for investigating or addressing possible financial exploitation of, an immediate health or safety threat to, or other serious risk to the well-being of the beneficiary, for referral, when these issues are identified during a representative payee review.

We will include the new routine use in the following systems of records:
