

How to Get Help from Social Security

Social Security is here to help. We want you to know how to get the service you need and to be prepared so we can help you as quickly and safely as possible.

Go online to SSA.gov.
Our website is the best way for most people to get help.

If you cannot use our website, call our National 800 Number (1-800-772-1213) or your local Social Security office for help.

We will schedule an **appointment** for you, **if necessary**, to serve you by phone or in person.

In-office appointments are no longer required but strongly recommended.*

What to Know if You Must Visit an Office:

Masks are only required when the COVID-19 community level where the office is located is high. Signage will indicate if masks are required. We will provide a mask if you do not have one. Consider physically distancing and avoiding crowding if COVID-19 community levels are medium or high.

If you must visit an office, you can find out if the community level is high at the **CDC's COVID-19 Community Level webpage**.

We appreciate your patience and understanding.

*A small number of offices temporarily may be closed or only able to provide service by appointment due to construction, inability to permit people to wait outside the office, or other reasons.
Visit www.ssa.gov/emergency.
